Subject: FW: Resume for Paul Allan

Paul Allan has been the producer of the Gateway Playhouse since 1980. Each era has brought significant challenges, especially as the shows became more complicated and technically challenging. Over the years, the grounds changed, the buildings were modernized, and the facilities updated. In the more recent decades, the caliber of the artistic staff, performers, musicians, and technicians has risen to a level equaling and sometimes surpassing many Broadway shows. It has been difficult to find time to do other projects outside of Gateway seasons, but over the years Paul has been able to work in NYC on various shows in different capacities, run a touring company with shows traveling around the country and abroad, operate a sister theatre in Connecticut, act as consultant and facilitator for the restoration and reopening of the Patchogue Theatre, and maintain a set rental business - where Gateway scenery is used in theatres across the country after appearing on the Gateway stage. Paul has sat on several boards and committees including the Bellport Chamber of Commerce, and The Suffolk County Arts Advisory Board. Paul appreciates, admires and honors his family’s dedication to the arts and is proud to help continue the legacy. Paul lives in Bellport with his wife Annmarie and their 2 children—Luke 10 and Alexa 7.

RESOLUTION NO. 2015, ESTABLISHING THE SUFFOLK COUNTY CHILD CARE COMMISSION

WHEREAS, the Welfare to Work Commission ("WtW") issued a report in June 2014 which found that there are an insufficient number of child care slots available to children under the age of five in Suffolk County; and

WHEREAS, the Welfare to Work Commission’s June 2014 report, “Who’s Minding the Kids?” demonstrated that "numerous respected and validated research studies have documented, over time, that children who receive quality preschool experiences are less likely to become juvenile delinquents, more likely to graduate from high school, have jobs, families and homes in adulthood"; and

WHEREAS, the WtW Commission’s report demonstrated there are only enough child care slots for 46% of Long Island children under the age of five whose parents are working and that 76% of Long Island families cannot afford to place their children in a licensed child care center in part because Suffolk is second to New York City with the highest cost-of-living expenses in New York State; and

WHEREAS, an October 2014 Long Island Association (LIA) report documents that child care on Long Island is an $804 million industry (up from $192 million since the LIA’s 2004 report) that employs nearly 10,000 people and that Long Island’s working parents who rely on child care collectively earn $10.6 billion annually; and

WHEREAS, as the WtW Commission and LIA reports document, in addition to creating jobs and generating economic activity, child care makes it possible for thousands of parents to work, which draws federal and state dollars to the local economy and can generate for each dollar invested in child care, from $7 to $19 dollars to the County of Suffolk; and

WHEREAS, a flawed formula used by the New York State Office of Children and Family Services has resulted in chronic underfunding of Suffolk County’s child care grant; and

WHEREAS, the income eligibility for the State CCBG child care subsidy for working poor families in Suffolk is 165% of the Federal Poverty Level which is less than the income eligibility of 200% of the Federal Poverty Level ($47,870 for a family of four in 2014) recommended by the Department of Social Services (DSS) and the WtW Commission’s report; and

WHEREAS, the WtW Commission’s study demonstrated that “multiple government funding streams for child care have created competing and disconnected program related systems which prevent the creation of a coordinated child care system in Suffolk County”; and

WHEREAS, the Commission’s report called for Suffolk County to create a new Child Care Commission to recommend policies and procedures for developing a coordinated, quality child care and early-learning data based delivery system within the County; now, therefore be it
1st RESOLVED, that an independent Suffolk County Child-Care Commission ("Commission") is hereby established to evaluate and make recommendations on federal, state and County policies and procedures to coordinate, connect and improve the child care system in Suffolk County; and be it further

2nd RESOLVED, that the Commission shall consist of the following 11 members and may be expanded upon based on the needs of the Commission under the direction of its Chairperson:

10. A person familiar with the operation of a child care center, to be appointed by the County Legislature; and
11. A person familiar with the operation of group and family child care facility, to be appointed by the County Legislature;

and be it further

3rd RESOLVED, that the Commission shall hold its first meeting no later than 30 days after the oaths of office of all members have been filed for the purposes of organization and the election of a Vice-Chairperson and Secretary; and be it further

4th RESOLVED, that the members of the Commission shall serve without compensation and shall serve at the pleasure of their respective appointing authorities; and be it further

5th RESOLVED, that the Commission shall hold regular meetings, keep a record of all its proceedings, and determine the rules of its own proceedings, with special meetings to be called by the Chairperson upon his or her own initiative or upon receipt of a written request signed by at least four (4) members of the Commission. Written notice of the time and place of such special meetings shall be provided by the Secretary to each member of the Commission at least four (4) days before the date of the meeting; and be it further

6th RESOLVED, that six (6) members of the Commission shall constitute a quorum to transact the business of the Commission at both regular and special meetings; and be it further

7th RESOLVED, that clerical services involving the month to month operation of the Commission, as well as supplies and postage, as necessary, will be supplied by the Clerk’s Office of the Suffolk County Legislature; and be it further
8th RESOLVED, that the Chairperson may delegate to any member of the Commission the power and authority to conduct such hearings and meetings; and be it further

9th RESOLVED, that the Commission shall cooperate with the legislative committees of the County Legislature and make available for each committee's use, upon request, any records and other data it may accumulate or obtain; and be it further

10th RESOLVED, that the Commission is hereby authorized, empowered and directed to hold at least one public hearing throughout the County of Suffolk to assemble the data and information necessary to complete the valuation, study and report required, with all reasonable efforts to be made to ascertain the views, wishes and opinions of the residents of Suffolk County; and be it further

11th RESOLVED, that the Commission shall submit an annual report each year, for consideration, review and appropriate action, if necessary, to the County Legislature and the County Executive by March 30th; and be it further

12th RESOLVED, that the Commission will be terminated three (3) years after the effective date of this resolution unless the Commission is reauthorized by another resolution of the County of Suffolk; and be it further

13th RESOLVED, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

FROM: Gilbert Anderson, P.E. Commissioner
DATE: August 31, 2015
RE: Appropriating Funds in Connection with Improvements to CR 41, Springs/Fireplace Road (CP 5582)

Attached is a draft resolution to appropriate the sum of $750,000 for engineering in connection with the above referenced project. There are sufficient funds included in the 2015 Capital Budget and Program for this request.

This funding will provide for design services to improve conditions along CR 41, Springs/Fireplace Road from the vicinity of CR 40, Three Mile Harbor Road to the vicinity of County System Road 45, Hog Creek Road in the Town of East Hampton. The existing roadway is deteriorated and in need of safety improvements including curbing and sidewalk which currently do not meet ADA standards, as well as drainage improvements to alleviate localized flooding with the repair and/or installation of drainage systems. These improvements will serve to enhance pedestrian mobility and safety.

The Suffolk County Council on Environmental Quality has reviewed these types of projects and has determined that projects of this nature constitutes a Type II action, pursuant to Section 617.5(c) (20), (21) and (27) of Title 6 of New York Code of Rules and Regulations ("NYCRR"), therefore, the Legislature has no further responsibilities under SEQRA.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title “Reso-DPW-CP5582(CR41).doc”.

RE:        Appropriating Funds in Connection with Improvements to CR 1, County Line Road (CP 5581)

Attached is a draft resolution to appropriate the sum of $300,000 for engineering in connection with the above referenced project. There are sufficient funds included in the 2015 Capital Budget and Program for this request.

This funding will provide for design services to improve conditions along CR 1, County Line Road from the vicinity of NYS Route 27 to the vicinity of NYS Route 27A in the Town of Babylon. Originally constructed in 1942 and partially widened in 1957, CR 1 has received spot maintenance repairs as needed, with resurfacing in 1998. The roadway is deteriorated and in need of safety improvements including curbing and sidewalk which currently do not meet ADA standards, as well as drainage improvements to alleviate localized flooding with the repair and/or installation of drainage systems, along with traffic signal upgrades, new pavement markings and traffic signage. These improvements will serve to enhance pedestrian mobility and safety.

The Suffolk County Council on Environmental Quality has reviewed these types of projects and has determined that projects of this nature constitutes a Type II action, pursuant to Section 617.5(c) (20), (21) and (27) of Title 6 of New York Code of Rules and Regulations ("NYCRR"), therefore, the Legislature has no further responsibilities under SEQRA.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5581(CR1).doc".

MEMORANDUM OF SUPPORT

TITLE OF BILL: Amending the 2015 Capital Budget and Program and Appropriating Funds in Connection with Improvements to CR 35, Park Avenue (CP 5519)

PURPOSE OR GENERAL IDEA OF BILL: Funding for initial engineering was under CP 5497 (Construction of Sidewalks on Various County Roads). As the design progressed, the need for additional funding was identified and programmed into a separate CP. The funding will provide for the final design required to bring Phase 1 of the project (from CR 86, Broadway Greenlawn Road to CR 11, Pulaski Road) to construction letting.

SUMMARY OF SPECIFIC PROVISIONS: This is a current Capital Budget project, there are no offsets needed.

JUSTIFICATION: This will enable the consultant engineer to continue with design for Phase 1 of this project.

FISCAL IMPLICATIONS: Bonds will be issued to finance this project and principal and interest costs will be incurred over the life of the Bonds.
MEMORANDUM

TO: Jon Schneider, Deputy County Executive
FROM: Gilbert Anderson, P.E. Commissioner
DATE: August 27, 2015
RE: Amending the 2015 Capital Budget and Program and Appropriating Funds in Connection with Improvements to CR 35, Park Avenue (CP 5519)

Attached is a draft resolution to appropriate the sum of $150,000 for engineering in connection with the above referenced project. There are sufficient funds included in the 2015 Capital Budget and Program for this request.

The funding for initial engineering (study, planning) of this project was funded under CP 5497 (Construction of Sidewalks on Various County Roads). As the planning and design progressed, the need for additional funding was identified and programmed into a separate and distinct Capital Project for Improvements to CR 35, Park Avenue. This funding will provide for the final design required to bring Phase 1 of this project (from CR 86, Broadway-Greenlawn Road to CR 11, Pulaski Road) to construction letting.

The Suffolk County Council on Environmental Quality has reviewed these types of projects and has determined that projects of this nature constitutes a Type II action, pursuant to Section 617.5(c) (20), (21) and (27) of Title 6 of New York Code of Rules and Regulations ("NYCRR"), therefore, the Legislature has no further responsibilities under SEQRA.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title "Reso-DPW-CP5519(CR35).doc".

RE: Amending the 2015 Capital Budget and Program and Appropriating Funds in Connection with Intersection Improvements on CR 94, Nugent Drive, Towns of Riverhead and Southampton (CP 5557)

Attached is a draft resolution to appropriate the sum of $150,000 for engineering in connection with the above referenced project. There are no funds included in the 2015 Capital Budget and Program for this work and, as such, an offset must be provided. It is our intent to utilize $150,000 from CP 5519 (Improvements to CR 35, Park Avenue from CR 11, Pulaski Road to NYS Route 25A), as only a portion of the adopted 2015 budget is needed to complete the present phase of this project.

This funding is for intersection improvements on CR 94, Nugent Drive at CR 63, Old Moriches-Riverhead Road/CR 104, Quogue-Riverhead Road/SR 24, Flanders Road and CR 51, East Moriches-Riverhead Road, also known as the Riverside round-about. These funds will enable the consultant to progress to final design of the round-about.

The Suffolk County Council on Environmental Quality has reviewed these types of planning projects and has determined they constitute a Type II action, as SEQRA laws authorize information collection, including basic data collection and research, and preliminary planning processes necessary to formulate a proposal for an action, but does not commit the County to commence or approve an action.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title “Reso-DPW-CP5557(CR94).doc”.

To be completed by the Executive Budget Office
Re: Proposed Resolution to Amend the 2015 Operating Budget By Accepting and Appropriating $974,339 in 100% Funding from NYS OCFS for Youth Services

Dear Mr. Schneider:

This letter serves to request that the enclosed Resolution be submitted to the Suffolk County Legislature for their approval at their next meeting on October 6, 2015 or as soon as possible.

The purpose of this Resolution is to amend the 2015 Suffolk County Operating Budget by accepting and appropriating $974,339.00 in 100% funding from the New York State Office of Children and Family Services (OCFS) for Youth Services.

In addition, it is respectfully requested that this Resolution be expedited pursuant to Local Law 40, which allows for resolutions being submitted to accept and appropriate grant funds to be voted on without going to committee. The approval of this Resolution by the County Legislature is only the first step of an entire process of appropriating all of this State Aid to all of the various (fifteen (15)) municipalities involved, which process must be completed by December 31, 2015. Accordingly, the highly time-sensitive nature of this Resolution makes the invocation of Local Law 40 imperative.

Also enclosed herewith are the Request for Introduction (SCIN 175a), the Financial Impact Statement (SCIN 175b) and a copy of the email from NYS OFCS confirming this 2015 State Aid.

An e-mail version of this Resolution was also sent to CE RESO REVIEW and the file name is “Reso-Youth Bureau-2015 NYS OCFS Funding”. The backup documents included with that submission are within files named “Backup-Youth Bureau-2015 NYS OCFS Funding-SCIN175a”, “Backup-Youth Bureau-2015 NYS OCFS Funding-SCIN175b” and “Backup-Youth Bureau-2015 NYS OCFS Funding-2015 NYS Final Amounts”.

Thank you for your prompt attention to this matter. Should any questions arise, or should any additional information be necessary, please do not hesitate to contact me at (631) 853-8269.

Very truly yours,

Patrick Policastro,

General Description

Suffolk County Sewer District No. 11 - Selden is located in the unincorporated hamlets of North Selden, Coram, Terryville, and Mount Sinai in the Town of Brookhaven, County of Suffolk, New York. The district covers an area of approximately ten square miles and lies in the center of the Town. Exhibit 'A' depicts the district boundaries.

Historical Background

Pursuant to Section 270 of Article 5A of the County Law, Suffolk County Sewer District No. 11 - Selden was established by Suffolk County Legislative Resolution No. 1029-1977 effective November 17, 1977. After receiving the approvals from all the necessary governmental agencies, the sewage treatment plant and collection system which had been owned by a transportation corporation known as Selden Sanitary Corp. was acquired by the District on January 16, 1978.

The original treatment plant was built to treat sewage flows from 1,200 homes with a design average daily flow of 360,000 gallons per day. Four expansions have taken place in 1972, 1973, 1992, and 2005. The plant's capacity has been increased to 2.36 mgd with tertiary treatment available to meet groundwater standards in 2005.

Technical Considerations

The existing sewage conveyance system includes approximately 20 miles of gravity sewers and 23 pumping stations with force mains. The sewers range in size from 8" to 18" in diameter. The force mains are 4" to 12" in diameter. The pumping stations range in capacity from 100 gallons per minute to 1,500 gallons per minute. The majority of this system was installed 30 to 40 years ago with some of the material being asbestos cement which is more subject to deterioration than the newer materials. This project is to rehabilitate and replace portions of the gravity and force main piping that has experienced problems in the past and has led to emergency response and overtime costs. The project will have funding available in 2015. Engineering assistance is necessary for a portion of the work with a combination of bid projects with contractor assistance and in-house construction will take place.

Environmental Approval

A presentation was made to Suffolk County Council on Environmental Quality to describe the proactive approach taken to improve the conveyance system. A determination was made that the project was a Type II and a resolution was adopted by the County Legislature as lead agency and is attached as Exhibit 'B'.
**Improvement Costs**

The Adopted Capital Program and Budget has $1.25 million identified in 2015. This level of funding is anticipated to address the problems that are currently identified. Extending the useful life of the deteriorated portions of the sewage conveyance system will reduce the potential for an emergency response which often occurs in non-working hours and, therefore, on an overtime basis. A planned and proactive approach is more efficient in resolving the problem. Exhibit ‘C’ includes a project schedule.

**Proposed Financial Plan**

The district is ad valorem and has two zones of assessment. Additionally, it has a small portion of land which is tax exempt and, therefore, pays only for capital costs. The new capital improvements will affect all the lands assessed for capital costs and, therefore, the new bond issue will be paid by all lands in the district on a pro-rata basis according to the ad valorem assessments along with those connections that are outside the boundaries and under contract with the County.

The Adopted Capital Program and Budget includes $1,250,000 in 2015. A comparison of the Assessment Stabilization Reserve Fund to amortization of sewer district serial bonds is made. The actual increase in annual sewer charge will be the ASRF - 3%. In order to establish what the cost is to the district, the debt service schedule for the appropriation was evaluated. The scheduling of the project indicates that the year following the appropriation would be the year where the first payment will be paid assuming the level debt concept continues. Following this sequence for the appropriation, the maximum amount in any one year is level and during 2016 is $90,312.45. In evaluating the impact of this rate, two factors are important, that being the use of the Assessment Stabilization Reserve Fund that increases the rate by 3% per year regardless of any project that is initiated. The second element is a comparison to the mode assessed value within the district along with the total district assessed valuation. Likewise, the maximum repayment with an unsubsidized concept can be compared to these values.

As indicated above, a proactive approach will reduce overtime costs. Aside from this factor, there is no other impact on the operating budget and, therefore, it is assumed not to change because of the project.

The financing currently utilized for the County sewer district capital projects is 4% over 20 years. It is assumed that this financing concept will be utilized. As can be seen in Exhibit ‘D’ the
Financial Evaluation, the typical property is paying approximately $410 per year during 2015 and with a 3% increase per year the 2016 rate would be nearly $423 per year. If no subsidy was available, the current cost of $410 would increase to $426 during 2016. The conclusion is that regardless of any concept used, the current law stipulates that a 3% increase per year would be applied to the district and, therefore, the rate will increase by that amount reaching nearly $423 during 2016.

**Conclusions and Recommendations**

As has been indicated above, the District's sewage conveyance facilities are in need of the recommended improvements. The current condition is inefficient due to the need for an emergency response to failure and the use of overtime labor or contractor service at a premium cost. Implementation of the project will reduce the cost of emergency response to failure. The rate, however, will continue to rise by 3% per year in order to have the ASRF available to stabilize the rate.

I respectfully recommend that authorization be given to proceed immediately.

Respectfully submitted,

Dear Ms. Marano:

I am writing on behalf of Nassau and Suffolk Counties regarding your proposal for Ryan White Part A/MAI funding under the HIV/AIDS Treatment Extension Act to provide Medical Case Management Services (MCM). The RFP Review Committee and the Counties have reviewed the proposal and it has been approved for the period of August 1, 2015-February 29, 2016. The committee has approved a seven month award for your program at $50,813. Starting in FY16-17 the annualized amount for this contract is estimated at $87,108. This amount is subject to change depending on the amount that the region is awarded in FY16-17.

The re-solicitation of the MCM priority was a very competitive process and several applications were received from Nassau, Suffolk and Bi-County agencies. Eligible applications were reviewed and scored by an objective review committee in accordance with county policies for Ryan White. Each application was evaluated against the stated proposal review criteria, proposed levels of clients to be served, unit cost projections and available funding in each county. The counties are in the process of finalizing strengths and weaknesses for all of the proposals that were reviewed and will be sending comments/recommendations to you shortly.

A contract manager will be assigned to you and will contact you shortly to discuss your funding amount and to obtain the necessary information to begin the contracting process should you choose to accept this award.

Please feel free to contact Carolyn McCummings at (516)227-9437 or me at (631) 940-3711 if you require further assistance or clarification.

Sincerely,

Georgette Beal

TITLE OF BILL: Appropriating funds in connection with Computerized Reservation System (POS) in County Parks (CP 7169).

PURPOSE OR GENERAL IDEA OF BILL: To appropriate the funds adopted in the 2015 Capital Budget for this Capital project.

SUMMARY OF SPECIFIC PROVISIONS: This resolution appropriates the funds adopted in the 2015 Capital Budget in connection with equipment purchases associated with the Computerized Reservation System (POS) in County Parks (CP 7169).

JUSTIFICATION: This resolution will allow the Department to purchase equipment to maintain the existing computerized reservation (POS) system currently operating, as well as expand the system, where feasible, to locations that may not be fully served. Additionally, equipment used in the reservation system is heavily used throughout the summer season and needs to be replaced periodically, as its components wear out and fail. Equipment to be purchased may include card readers, printers, terminals, and laptops, among other items.

FISCAL IMPLICATIONS: Serial Bonds will be issued to finance this project. Principal and interest costs will be incurred by the County over the life of the bonds.

MEMORANDUM OF SUPPORT

TITLE OF BILL: Amending the 2015 Capital Program and Appropriating funds in connection with Construction of a Sea Wall at Indian Island County Park Bluff (CP 7192).

PURPOSE OR GENERAL IDEA OF BILL: To amend the 2015 Capital Program and appropriate funds for this Capital project.

SUMMARY OF SPECIFIC PROVISIONS: This resolution amends the 2015 Capital Program and appropriates funds in connection with the engineering of the preferred alternative for the Construction of a Sea Wall at Indian Island County Park Bluff (CP 7192).

JUSTIFICATION: This resolution will allow the Department of Public Works and the Parks Department to complete the engineering of the preferred design alternative for the construction of a sea wall at Indian Island County Park Bluff. This bluff protects a known Native American burial ground, as well an access road and picnic area utilized by park patrons. In addition, this bluff has been subjected to repeated erosion events caused by storm and wave activity, which compels the Parks Department to repeatedly place sand on the bluff to reinforce it and maintain its integrity. The construction of the sea wall will permanently protect the bluff against these erosive forces and remove the need for repeated nourishment of the bluff and surrounding area.

FISCAL IMPLICATIONS: Serial Bonds will be issued to finance this project. Principal and interest costs will be incurred by the County over the life of the bonds.

RE:  AMENDING THE 2015 CAPITAL PROGRAM AND APPROPRIATING FUNDS IN CONNECTION WITH CONSTRUCTION OF A SEA WALL AT INDIAN ISLAND COUNTY PARK BLUFF (CP 7192)

Enclosed please find a draft resolution and supporting documentation relative to the above-captioned. An e-mail version of this resolution was sent to CE RESO REVIEW under the file name “RESO-PKS-Appropriating Funds for Construction of a Sea Wall at Indian Island County Park Bluff (CP 7192).doc.”

The 2015 Adopted Capital Budget does not include sufficient funds for the engineering of the final design for the sea wall to be constructed at Indian Island County Park Bluff. The appropriation of these funds will allow the Department of Public Works to authorize engineering the desired alternative for the construction of this protective sea wall.

MASTER CONTRACT FOR GRANTS

This State of New York Master Contract for Grants (Master Contract) is hereby made by and between the State of New York acting by and through the applicable State Agency (State) and the public or private entity (Contractor) identified on the face page hereof. (Face Page).

WITNESSETH:

WHEREAS, the State has the authority to regulate and provide funding for the establishment and operation of program services, design or the execution and performance of construction projects, as applicable and desires to contract with skilled parties possessing the necessary resources to provide such services or work, as applicable; and

WHEREAS, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Master Contract;

Required Approvals: In accordance with Section 112 of the State Finance Law (or, if the Master Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Master Contract exceeds $50,000 (or $85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. If, by the Master Contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the AG and OSC.

Budget Changes: An amendment that would result in a transfer of funds among program activities or budget cost categories that does not affect the amount, consideration, scope or other terms of such contract may be subject to the approval of the AG and OSC where the amount of such modification is, as a portion of the total value of the contract, equal to or greater than ten percent for contracts of less than five million dollars, or five percent for contracts of more than
five million dollars; and, in addition, such amendment may be subject to prior approval by the applicable State Agency as detailed in Attachment D (Payment and Reporting Schedule).

C. Order of Precedence:

In the event of a conflict among (i) the terms of the Master Contract (including any and all attachments and amendments) or (ii) between the terms of the Master Contract and the original request for proposal, the program application or other attachment that was completed and executed by the Contractor in connection with the Master Contract, the order of precedence is as follows:

Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. N. Non-Assignment Clause: In accordance with Section 138 of the State Finance Law, the Master Contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet, or otherwise disposed of without the State's previous written consent, and attempts to do so shall be considered to be null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract, let pursuant to Article XI of the State Finance Law, may be waived at the discretion of the State Agency and with the concurrence of OSC, where the original contract was subject to OSC's approval, where the assignment is due to a reorganization, merger, or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that the merged contractor demonstrate its responsibility to do business with the State. The term “regulatory action” shall include commencing or threatening to commence a regulatory proceeding, or requesting any regulatory relief from any of the State of New York, the State Agency, or any county, or other local government entity.

P. No Arbitration: Disputes involving the Master Contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

Q. Secular Purpose: Services performed pursuant to the Master Contract are secular in nature and shall be performed in a manner that does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular religious beliefs.

R. Partisan Political Activity and Lobbying: Funds provided pursuant to the Master Contract shall not be used for any partisan political activity, or for activities that attempt to influence legislation or election or defeat of any candidate for public office.

S. Reciprocity and Sanctions Provisions: The Contractor is hereby notified that if its principal place of business is located in a country, nation, province, state, or political subdivision that penalizes New York State vendors, and if the goods or services it offers shall be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that it be denied contracts which it would otherwise obtain.³

T. Reporting Fraud and Abuse: Contractor acknowledges that it has reviewed information on how to prevent, detect, and report fraud, waste and abuse of public funds, including information about the Federal False Claims Act, the New York State False Claims Act, and whistleblower protections.

U. that the Master Contract is funded, in whole or part, with Federal funds or mandated by Federal laws, (i) the provisions of the Master Contract that conflict with Federal rules, Federal regulations, or Federal program specific requirements shall not apply and (ii) the Contractor agrees to comply with all applicable Federal rules, regulations and program specific requirements including, but not limited to, those provisions that are set forth in Attachment A-2 (Federally Funded Grants and Requirements Mandated by Federal Laws) hereto.

II. TERM, TERMINATION AND SUSPENSION

A. Term: The term of the Master Contract shall be as specified on the Face Page, unless terminated sooner as provided herein.

B. Renewal:

1. General Renewal: The Master Contract may consist of successive periods on the same terms and conditions, as specified within the Master Contract (a “Simplified Renewal Contract”). Each additional or superseding period shall be on the forms specified by the State and shall be incorporated in the Master Contract.

2. Renewal Notice to Not-for-Profit Contractors:

   a) Pursuant to State Finance Law §179-t, if the Master Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State’s intent to renew or not to renew the Master Contract no later than ninety (90) calendar days prior to the end of the term of the Master Contract, unless funding for the renewal is contingent upon enactment of an appropriation. If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State’s intent to renew or not to renew the Master Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Master Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State (“Unusual Circumstances”), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, “Unusual Circumstances” shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

   b) Notification to the not-for-profit Contractor of the State’s intent to not renew the Master Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. If the State does not provide notice to the not-for-profit Contractor of its intent not to renew the Master Contract as required in this Section and State Finance Law §179-t, the Master Contract shall be deemed continued until the date the State provides the necessary notice to the Contractor, in accordance with State Finance Law §179-t. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Master Contract.

Upon termination or reduction of the Master Contract, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to the State Agency. In any event, no liability shall be incurred by the State (including the State Agency) beyond monies available for the purposes of the Master Contract. The Contractor acknowledges that any funds due to the State Agency or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

b) The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Master Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Master Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Master Contract is terminated for cause based on Contractor’s failure to use some or all of the real property or equipment purchased pursuant to the Master Contract for the purposes set forth herein, the State may, at its option, require:

Nothing herein shall be intended to limit the State’s ability to pursue such other legal or equitable remedies as may be available.

D. Suspension: The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor’s expenses during such suspension period. 3. Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Such electronic payment shall be made in accordance with OSC’s procedures and practices to authorize electronic payments.

5. If travel expenses are an approved expenditure under the Master Contract, travel expenses shall be reimbursed at the lesser of the rates set forth in the written standard travel policy of the Contractor, the OSC guidelines, or United States General Services Administration rates. 7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, “Full Execution” shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.
B. Advance Payment and Recoupment:

1. Advance payments, which the State in its sole discretion may make to not-for-profit grant recipients, shall be made and recouped in accordance with State Finance Law Section 179(u), this Section and the provisions of Attachment D (Payment-and-Reporting-Schedule).

2. Initial advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the first day of the Contract Term or, if renewed, in the period identified on the Face Page. Subsequent advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the dates specified in Attachment D (Payment and Reporting Schedule).

3. For simplified renewals, the payment schedule (Attachment D) will be modified as part of the renewal process.

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Attachment D (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at the end of the Contract Term shall be refunded by the Contractor to the State.

5. If for any reason the amount of any claim is not sufficient to cover the proportionate advance amount to be recovered, then subsequent claims may be reduced until the advance is fully recovered.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Master Contract in accordance with this Section and the applicable claiming schedule in Attachment D (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Attachment B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

2. Consistent with the selected reimbursement claiming schedule in Attachment D (Payment and Reporting Schedule), the Contractor shall comply with the appropriate following provisions:

   a) Quarterly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Attachment C (Work Plan).

5 Fee for Service is a rate established by the Contractor for a service or services rendered.

6 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

7 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or biannually). While these payments are related to the particular services and outcomes defined in the Master Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.
3. The Contractor shall also submit supporting fiscal documentation for the expenses claimed.

4. The State reserves the right to withhold up to fifteen percent (15%) of the total amount of the Master Contract as security for the faithful completion of services or work, as applicable, under the Master Contract. This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Master Contract. In the event that such withheld funds are insufficient to satisfy Contractor's obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

5. The State shall not be liable for payments on the Master Contract if it is made pursuant to a Community Projects Fund appropriation if insufficient monies are available pursuant to Section 99-d of the State Finance Law.

6. All vouchers submitted by the Contractor pursuant to the Master Contract shall be submitted to the State Agency no later than thirty (30) calendar days after the end date of the period for which reimbursement is claimed. In no event shall the amount received by the Contractor exceed the budget amount approved by the State Agency, and, if actual expenditures by the Contractor are less than such sum, the amount payable by the State Agency to the Contractor shall not exceed the amount of actual expenditures.

7. All obligations must be incurred prior to the end date of the contract. TITLE OF BILL: Amending the 2015 Adopted Operating Budget to accept and appropriate 100% Federal grant funds from the Department of Justice, Office of Justice Programs, to the Suffolk County Office of the Medical Examiner Crime Laboratory.

PURPOSE OR GENERAL IDEA OF BILL: This legislation is needed to accept and appropriate 100% Federal grant funds from the Department of Justice, Office of Justice Programs, to the Suffolk County Medical Examiner Crime Laboratory.

FISCAL IMPLICATIONS: Accept and appropriate $158,007 in additional Federal grant funds to the 2015 Adopted Operating Budget.

I. Assurances, Administrative Requirements and Cost Principles

Recipients of DHS federal financial assistance must complete OMB Standard Form 424B Assurances – Non-Construction Programs. Certain assurances in this document may not be applicable to your program, and the awarding agency may require applicants to certify additional assurances. Please contact the program awarding office if you have any questions.

The administrative requirements and cost principles that apply to DHS award recipients originate from:

II. Acknowledgement of Federal Funding from DHS

All recipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds.

III. Activities Conducted Abroad

https://eservices.fema.gov/FemaFireGrant/firegrant/jsp/fire_admin/awards/spec/view_award... 9/2/2015
All recipients must ensure that project activities carried on outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.

IV. **Age Discrimination Act of 1975**
All recipients must comply with the requirements of the *Age Discrimination Act of 1975* (42 U.S.C. § 6101 et seq.), which prohibits discrimination on the basis of age in any program or activity receiving Federal financial assistance.

V. **Americans with Disabilities Act of 1990**
All recipients must comply with the requirements of Titles I, II, and III of the *Americans with Disabilities Act*, which prohibits recipients from discriminating on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12101–12213).

VI. **Best Practices for Collection and Use of Personally Identifiable Information (PII)**
All recipients who collect PII are required to have a publicly-available privacy policy that describes what PII they collect, how they use the PII, whether they share PII with third parties, and how individuals may have their PII corrected where appropriate.

Award recipients may also find as a useful resource the DHS Privacy Impact Assessments: Privacy Guidance and Privacy template respectively.

VII. **Title VI of the Civil Rights Act of 1964**
All recipients must comply with the requirements of *Title VI of the Civil Rights Act of 1964* (42 U.S.C. § 2000d et seq.), which provides that no person in the United States will, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. Implementing regulations for the Act are found at 6 C.F.R. Part 21 and 44 C.F.R. Part 7.

VIII. **Civil Rights Act of 1968**
All recipients must comply with *Title VIII of the Civil Rights Act of 1968*, which prohibits recipients from discriminating in the sale, rental, financing, and advertising of dwellings, or in the provision of services in connection therewith, on the basis of race, color, national origin, religion, disability, familial status, and sex (42 U.S.C. § 3601 et seq.), as implemented by the Department of Housing and Urban Development at 24 C.F.R. Part 100. The prohibition on disability discrimination includes the requirement that new multifamily housing with four or more dwelling units—i.e., the public and common use areas and individual apartment units (all units in buildings with elevators and ground-floor units in buildings without elevators)—be designed and constructed with certain accessible features (see 24 C.F.R. § 100.201).

IX. **Copyright**
All recipients must affix the applicable copyright notices of 17 U.S.C. §§ 401 or 402 and an acknowledgement of Government sponsorship (including award number) to any work first produced under Federal financial assistance awards, unless the work includes any information that is otherwise controlled by the Government.
X. **Debarment and Suspension**

All recipients must comply with Executive Orders 12549 and 12889, which provide protection against waste, fraud and abuse by debarring or suspending those persons deemed irresponsible in their dealings with the Federal government.

XI. **Drug-Free Workplace Regulations**

All recipients must comply with the *Drug-Free Workplace Act of 1988* (41 U.S.C. § 701 et seq.), which requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace. DHS has adopted the Act’s implementing regulations at 2 C.F.R Part 3001.

XII. **Duplication of Benefits**

Any cost allocable to a particular Federal award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the non-Federal entity from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.

XIII. **Energy Policy and Conservation Act**

All recipients must comply with the requirements of 42 U.S.C. § 6201 which contain policies relating to energy efficiency that are defined in the state energy conservation plan issues in compliance with this Act.

In order to facilitate compliance with Title VI, recipients are encouraged to consider the need for language services for LEP persons served or encountered in developing program budgets. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (August 11, 2000), requires federal agencies to issue guidance to recipients, assisting such organizations and entities in understanding their language access obligations. Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a recipient can determine the extent of its obligation to provide language services; selecting language services; and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited and additional resources on http://www.lep.gov.

XXI. Non-supplanting Requirement
All recipients who receive awards made under programs that prohibit supplanting by law must ensure that Federal funds do not replace (supplant) funds that have been budgeted for the same purpose through non-Federal sources. MEMORANDUM OF SUPPORT

TITLE OF BILL: ACCEPTING AND APPROPRIATING 100% FEDERAL FUNDS AWARDED BY THE FEDERAL BUREAU OF INVESTIGATION (FBI) TO THE SUFFOLK COUNTY DEPARTMENT OF PROBATION AND AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE RELATED AGREEMENTS.

PURPOSE OR GENERAL IDEA OF BILL: The Director of Probation has requested the acceptance of funds in connection with the FBI Long Island Gang Task Force for the funding of Overtime incurred by the Probation Officer assigned to the FBI Task Force.

SUMMARY OF SPECIFIC PROVISIONS: This Legislation requests the acceptance and allocation of $17,548.00 of annual funding for the 2015-2016 Federal fiscal period. This funding is limited to a monthly reimbursement cap of $1,462.33. This funding will facilitate reimbursement for overtime hours necessitated on the task force.

JUSTIFICATION: The Probation Department has participated in the FBI Long Island Gang Task Force for many years and receives an annual allocation of funding for the purpose of Overtime cost reimbursement to the County. For the funding period of October 1, 2015 through September 30, 2016 the participation in the Task Force has again been extended.

FISCAL IMPLICATIONS: The funding for overtime will allow for reimbursement of overtime hours incurred by the Probation Officer assigned to the Task Force. The allocated funding was not included in the adopted 2015 or proposed 2016 Operating Budget. The Legislation requests the acceptance and appropriation of the $17,548.00.
NOTICE OF LIMITS

FOR

FY 2016 STATE AND LOCAL OVERTIME REIMBURSEMENTS

Subject to the availability of funding and legislative authorization, the FBI may reimburse state and local law enforcement agencies (LEA) for the cost of overtime incurred by officers assigned full-time to FBI managed task forces provided the overtime expenses were incurred as a result of task force related activities. Consistent with regulation and policy, a separate Cost Reimbursement Agreement (CRA) must be executed between the FBI and the LEA and an underlying Memorandum of Understanding (MOU) must exist in support of the task force relationship.

For Fiscal Year 2016, the maximum limits for reimbursements under these CRAs are $1,462.33 per month and $17,548 per year for each officer assigned full-time to the task force. These limits are effective for overtime worked on or after October 1, 2015.

These reimbursements are limited to eligible officers' direct overtime salary expenses and shall not include any costs associated with the LEA’s indirect expenses or officers’ benefits such as retirement, social security, and similar related expenses.

FBI field offices and state and local law enforcement agencies may process overtime reimbursement requests under formally executed CRAs in accordance with the authority of this notice. This notice is issued unilaterally by the FBI's Head of Contracting Activity and does not require formal acceptance and signature by FBI field offices and state and local law enforcement agencies.

To be completed by the Executive Budget Office
TITLE OF BILL: Accepting and appropriating 100% Federal Grant Funds awarded by the U.S. Department of Justice to the Suffolk County Departments of Probation, Police, Sheriff, Medical Examiner, Social Services and District Attorney.

PURPOSE OR GENERAL IDEA OF BILL: To accept and appropriate $142,042 of said grant funding to support Suffolk County Departments of Probation, Police, Sheriff, Medical Examiner, Social Services, District Attorney, and community agencies.

SUMMARY OF SPECIFIC PROVISIONS: This legislation will allow the County to accept and appropriate $142,042 of federal funds awarded to the Departments of Probation, Police, Sheriff, Medical Examiner, Social Services, District Attorney and community agencies for its participation in the Edward Byrne Justice Assistance Grant ("JAG") FFY 15. Grant period for the award is October 1, 2014 through September 30, 2018. This is 100% grant funded and eligible for Local Law 40.

JUSTIFICATION: The Edward Byrne Justice Assistance Grant is the primary provider of federal criminal justice funding to state and local jurisdictions. The JAG program provides states and units of local government with critical funding necessary to support a range of program areas including law enforcement, prosecution, and court programs, prevention and education programs, corrections and community corrections, drug treatment and enforcement, crime victim and witness initiatives, and planning, evaluation and technology improvement programs.

The Criminal Justice Coordinating Council issued an email to all members on June 1, 2015 requesting submission of proposals for the 2015 JAG. The list was compiled and submitted to the County Executive’s Office for review. The application was posted on the Criminal Justice Coordinating Council’s website on June 26, 2015 for the 30-day public review.

Mr. Dennis Cohen

Dear Mr. Cohen:

Congratulations on your recent award. In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) is responsible for ensuring that recipients of financial assistance from the OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW) comply with the applicable federal civil rights laws. We at the OCR are available to help you and your organization meet the civil rights requirements that come with DOJ funding.

Ensuring Access to Federally Assisted Programs

Federal laws that apply to recipients of financial assistance from the DOJ prohibit discrimination on the basis of race, color, national origin, religion, sex, or disability in funded programs or activities, not only in employment but also in the delivery of services or benefits. A federal law also prohibits recipients from discriminating on the basis of age in the delivery of services or benefits.

In March of 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013. The statute amends the Violence Against Women Act of 1994 (VAWA) by including a nondiscrimination grant condition that prohibits discrimination based on actual or perceived race, color, national origin, religion, sex, disability, sexual orientation, or gender identity. The new nondiscrimination grant condition applies to certain programs funded after October 1, 2013. The OCR and the OVW have developed answers to some frequently asked questions about this provision to assist recipients of VAWA funds to understand their obligations. The Frequently Asked Questions are available at http://ojp.gov/about/ocr/vawafaqs.htm.

Enforcing Civil Rights Laws

All recipients of federal financial assistance, regardless of the particular funding source, the amount of the grant award, or the number of employees in the workforce, are subject to prohibitions against unlawful discrimination. Accordingly, the OCR investigates recipients that are the subject of discrimination complaints from both individuals and groups. In addition, based on regulatory criteria, the OCR selects a number of recipients each year for compliance reviews, audits that require recipients to submit data showing that they are providing services equitably to all segments of their service population and that their employment practices meet equal opportunity standards.
Providing Services to Limited English Proficiency (LEP) Individuals

In accordance with DOJ guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with limited English proficiency (LEP). See U.S. Department of Justice, Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons, 67 Fed. Reg. 41,455 (2002). For more information on the civil rights responsibilities that recipients have in providing language services to LEP individuals, please see the website http://www.lep.gov.

Ensuring Equal Treatment for Faith-Based Organizations

The DOJ regulation, Equal Treatment for Faith-Based Organizations, 28 C.F.R. pt. 38, requires State Administering Agencies (SAAs) to treat faith-based organizations the same as any other applicant or recipient. The regulation prohibits SAAs from making awards or grant administration decisions on the basis of an organization’s religious character or affiliation, religious name, or the religious composition of its board of directors.

The regulation also prohibits faith-based organizations from using financial assistance from the DOJ to fund inherently (or explicitly) religious activities. While faith-based organizations can engage in non-funded inherently religious activities, they must hold them separately from the program funded by the DOJ, and recipients cannot compel beneficiaries to participate in them. The Equal Treatment Regulation also makes clear that organizations participating in programs funded by the DOJ are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. For more information on the regulation, please see the OCR’s website at http://www.ojp.usdoj.gov/about/ocr/equal_fbo.htm.

SAAs and faith-based organizations should also note that the Omnibus Crime Control and Safe Streets Act (Safe Streets Act) of 1968, as amended, 42 U.S.C. § 3789d(c); the Victims of Crime Act of 1984, as amended, 42 U.S.C. § 10604(e); the Juvenile Justice and Delinquency Prevention Act of 1974, as amended, 42 U.S.C. § 5672(b); and VAWA, Pub. L. No. 113-4, sec. 3(b)(4), 127 Stat. 54, 61-62 (to be codified at 42 U.S.C. § 13925(b)(13)) contain prohibitions against discrimination on the basis of religion in employment. Despite these nondiscrimination provisions, the DOJ has concluded that it may construe the Religious Freedom Restoration Act (RFRA) on a case-by-case basis to permit some faith-based organizations to receive DOJ funds while taking into account religion when hiring staff, even if the statute that authorizes the funding program generally forbids recipients from considering religion in employment decisions. Please consult with the OCR if you have any questions about the regulation or the application of RFRA to the statutes that prohibit discrimination in employment.

Using Arrest and Conviction Records in Making Employment Decisions

The OCR issued an advisory document for recipients on the proper use of arrest and conviction records in making hiring decisions. See Advisory for Recipients of Financial Assistance from the U.S. Department of Justice on the U.S. Equal Employment Opportunity Commission’s Enforcement Guidance: Consideration of Arrest and Conviction Records in Employment Decisions Under Title VII of the Civil Rights Act of 1964 (June 2013), available at http://www.ojp.usdoj.gov/about/ocrpdfs/UseofConviction_Advisory.pdf. Recipients should be mindful that the misuse of arrest or conviction records to screen either applicants for employment or employees for retention or promotion may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination. In light of the Advisory, recipients should consult local counsel in reviewing their employment practices. If warranted, recipients should also incorporate an analysis of the use of arrest and conviction records in their Equal Employment Opportunity Plans (EEOPs) (see below).

Complying with the Safe Streets Act

An organization that is a recipient of financial assistance subject to the nondiscrimination provisions of the Safe Streets Act, must meet two obligations: (1) complying with the federal regulation pertaining to the development of an EEOP (see 28 C.F.R. pt. 42, subpt. E) and (2) submitting to the OCR findings of discrimination (see 28 C.F.R. §§ 42.204(e), 205(c)(5)).
Meeting the EEOP Requirement

If your organization has less than fifty employees or receives an award of less than $25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEOP requirement. To claim the exemption, your organization must complete and submit Section A of the Certification Form, which is available online at http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

If your organization is a government agency or private business and receives an award of $25,000 or more, but less than $500,000, and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEOP Short Form), but it does not have to submit the report to the OCR for review. Instead, your organization has to maintain the Utilization Report on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to the OCR. The Certification Form is available at http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

If your organization is a government agency or private business and has received an award for $500,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEOP Short Form) and submit it to the OCR for review within sixty days from the date of this letter. For assistance in developing a Utilization Report, please consult the OCR's website at http://www.ojp.usdoj.gov/about/ocr/eeop.htm. In addition, your organization has to complete Section C of the Certification Form and return it to the OCR. The Certification Form is available at http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

To comply with the EEOP requirements, you may request technical assistance from an EEOP specialist at the OCR by telephone at (202) 307-0690, by TTY at (202) 307-2027, or by e-mail at EEOsubmission@usdoj.gov.

Meeting the Requirement to Submit Findings of Discrimination

If in the three years prior to the date of the grant award, your organization has received an adverse finding of discrimination based on race, color, national origin, religion, or sex, after a due-process hearing, from a state or federal court or from a state or federal administrative agency, your organization must send a copy of the finding to the OCR.

Ensuring the Compliance of Subrecipients

SAs must have standard assurances to notify subrecipients of their civil rights obligations, written procedures to address discrimination complaints filed against subrecipients, methods to monitor subrecipients' compliance with civil rights requirements, and a program to train subrecipients on applicable civil rights laws. In addition, SAs must submit to the OCR every three years written Methods of Administration (MOA) that summarize the policies and procedures that they have implemented to ensure the civil rights compliance of subrecipients. For more information on the MOA requirement, see http://www.ojp.usdoj.gov/funding/other_requirements.htm.

If the OCR can assist you in any way in fulfilling your organization's civil rights responsibilities as a recipient of federal financial assistance, please contact us.

Sincerely,

Michael L. Alston

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

8. Recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.

9. The recipient agrees to comply with any additional requirements that may be imposed during the grant performance period if the agency determines that the recipient is a high-risk grantee. Cf. 28 C.F.R. parts 66, 70.
SPECIAL CONDITIONS

10. The recipient agrees to comply with applicable requirements regarding registration with the System for Award Management (SAM) or with a successor government-wide system officially designated by OMB and OJP. The recipient also agrees to comply with applicable restrictions on subawards to first-tier subrecipients that do not acquire and provide a Data Universal Numbering System (DUNS) number. The details of recipient obligations are posted on the Office of Justice Programs web site at http://www.ojp.gov/funding/sam.htm (Award condition: Registration with the System for Award Management and Universal Identifier Requirements), and are incorporated by reference here. This special condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

11. Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51125 (October 1, 2009), the Department encourages recipients and sub recipients to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this grant, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

12. The recipient agrees to comply with all applicable laws, regulations, policies, and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences, meetings, trainings, and other events, including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "2015 DOJ Grants Financial Guide").

13. The recipient understands and agrees that any training or training materials developed or delivered with funding provided under this award must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at http://www.ojp.usdoj.gov/funding/optrainingguidingprinciples.htm.

14. The recipient agrees that if it currently has an open award of federal funds or if it receives an award of federal funds other than this OJP award, and those award funds have been, are being, or are to be used, in whole or in part, for one or more of the identical cost items for which funds are being provided under this OJP award, the recipient will promptly notify, in writing, the grant manager for this OJP award, and, if so requested by OJP, seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

15. The recipient understands and agrees that award funds may not be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from those funds, or of the parents or legal guardians of such students.

16. The recipient understands and agrees that (a) No award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, and (b) Nothing in subsection (a) limits the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

17. A recipient that is eligible under the Part 200 Uniform Requirements to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(o), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC).

18. The recipient must collect, maintain, and provide to OJP, data that measure the performance and effectiveness of activities under this award, in the manner, and within the timeframes, specified in the program solicitation, or as otherwise specified by OJP. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act, and other applicable laws.
19. The recipient agrees to comply with OJP grant monitoring guidelines, protocols, and procedures, and to cooperate with BJA and OCFO on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide to BJA and OCFO all documentation necessary to complete monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set by BJA and OCFO for providing the requested documents. Failure to cooperate with BJA's/OCFO's grant monitoring activities may result in sanctions affecting the recipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the recipient's access to grant funds; referral to the Office of the Inspector General for audit review; designation of the recipient as a DOJ High Risk grantee; or termination of an award(s).

20. The recipient agrees to comply with applicable requirements to report first-tier subawards of $25,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients of award funds. Such data will be submitted to the FFATA Subaward Reporting System (FSRS). The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the Office of Justice Programs website at http://www.ojp.gov/funding/fsrs.htm (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here. This condition, and its reporting requirement, does not apply to grant awards made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

21. Program income (as defined in the Part 200 Uniform Requirements) must be used in accordance with the provisions of the Part 200 Uniform Requirements. Program income earnings and expenditures both must be reported on the quarterly Federal Financial Report, SF 425.

22. The recipient understands and agrees that it has a responsibility to monitor its subrecipients' compliance with applicable federal civil rights laws. The recipient agrees to submit written Methods of Administration (MOA) for ensuring subrecipients' compliance to the OJP's Office for Civil Rights at CivilRightsMOA@usdoj.gov within 90 days of receiving the grant award, and to make supporting documentation available for review upon request by OJP or any other authorized persons. The required elements of the MOA are set forth at http://www.ojp.usdoj.gov/funding/other_requirements.htm, under the heading, "Civil Rights Compliance Specific to State Administering Agencies."

23. In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at: http://www.it.ojp.gov/gap_grantcondition. Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

24. To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the grantee can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.
SPECIAL CONDITIONS

25. The recipient agrees that any information technology system funded or supported by OJP funds will comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if OJP determines this regulation to be applicable. Should OJP determine 28 C.F.R. Part 23 to be applicable, OJP may, at its discretion, perform audits of the system, as per the regulation. Should any violation of 28 C.F.R. Part 23 occur, the recipient may be fined as per 42 U.S.C. 3789g(c)-(d). Recipient may not satisfy such a fine with federal funds.

26. The grantee agrees to comply with the applicable requirements of 28 C.F.R. Part 38, the Department of Justice regulation governing "Equal Treatment for Faith Based Organizations" (the "Equal Treatment Regulation"). The Equal Treatment Regulation provides in part that Department of Justice grant awards of direct funding may not be used to fund any inherently religious activities, such as worship, religious instruction, or proselytization. Recipients of direct grants may still engage in inherently religious activities, but such activities must be separate in time or place from the Department of Justice funded program, and participation in such activities by individuals receiving services from the grantee or a sub-grantee must be voluntary. The Equal Treatment Regulation also makes clear that organizations participating in programs directly funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. Notwithstanding any other special condition of this award, faith-based organizations may, in some circumstances, consider religion as a basis for employment. See http://www.ojp.gov/about/ocr/equal_fbo.htm.

27. Grantee agrees to comply with the requirements of 28 C.F.R. Part 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtaining of Institutional Review Board approval, if appropriate, and subject informed consent.

28. Grantee agrees to comply with all confidentiality requirements of 42 U.S.C. section 3789g and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. Grantee further agrees, as a condition of grant approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, section 22.23.

29. Award recipients must verify Point of Contact (POC), Financial Point of Contact (FPOC), and Authorized Representative contact information in GMS, including telephone number and e-mail address. If any information is incorrect or has changed, a Grant Adjustment Notice (GAN) must be submitted via the Grants Management System (GMS) to document changes.

30. The grantee agrees that within 120 days of award acceptance, each current member of a law enforcement task force funded with these funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, will complete required online (internet-based) task force training. Additionally, all future task force members are required to complete this training once during the life of this award, or once every four years if multiple awards include this requirement. The training is provided free of charge online through BJA's Center for Task Force Integrity and Leadership (www.ctfl.org). This training addresses task force effectiveness as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability. When BJA funding supports a task force, a task force personnel roster should be compiled and maintained, along with course completion certificates, by the grant recipient. Additional information is available regarding this required training and access methods via BJA's web site and the Center for Task Force Integrity and Leadership (www.ctfl.org).

31. The recipient agrees to participate in BJA-sponsored training events, technical assistance events, or conferences held by BJA or its designees, upon BJA's request.
SPECIAL CONDITIONS

32. All procurement (contract) transactions under this award must be conducted in a manner that is consistent with applicable Federal and State law, and with Federal procurement standards specified in regulations governing Federal awards to non-Federal entities. Procurement (contract) transactions should be competitively awarded unless circumstances preclude competition. Noncompetitive (e.g., sole source) procurements by the award recipient in excess of the Simplified Acquisition Threshold (currently $150,000) set out in the Federal Acquisition Regulation must receive prior approval from the awarding agency, and must otherwise comply with rules governing such procurements found in the current edition of the OJP Financial Guide.

33. Approval of this award does not indicate approval of any consultant rate in excess of $650 per day. A detailed justification must be submitted to and approved by the Office of Justice Programs (OJP) program office prior to obligation or expenditure of such funds.

34. Award recipients must submit quarterly a Federal Financial Report (SF-425) and annual performance reports through GMS (https://grants.ojp.usdoj.gov). Consistent with the Department’s responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, applicants who receive funding under this solicitation must provide data that measure the results of their work. Therefore, quarterly performance metrics reports must be submitted through BJA’s Performance Measurement Tool (PMT) website (www.bjapromancetools.org). For more detailed information on reporting and other JAG requirements, refer to the JAG reporting requirements webpage. Failure to submit required JAG reports by established deadlines may result in the freezing of grant funds and future High Risk designation.

35. The recipient agrees that funds received under this award will not be used to supplant State or local funds, but will be used to increase the amounts of such funds that would, in the absence of Federal funds, be made available for law enforcement activities.

36. The recipient agrees to monitor subawards under this JAG award in accordance with all applicable statutes, regulations, OMB circulars, and guidelines, including the OJP Financial Guide, and to include the applicable conditions of this award in any subaward. The recipient is responsible for oversight of subrecipient spending and monitoring of specific outcomes and benefits attributable to use of JAG funds by subrecipients. The recipient agrees to submit, upon request, documentation of its policies and procedures for monitoring of subawards under this award.

37. The recipient agrees to submit a signed certification that that all law enforcement agencies receiving vests purchased with JAG funds have a written "mandatory wear" policy in effect. Fiscal agents and state agencies must keep signed certifications on file for any subrecipients planning to utilize JAG funds for ballistic-resistant and stab-resistant body armor purchases. This policy must be in place for at least all uniformed officers before any JAG funding can be used by the agency for body armor. There are no requirements regarding the nature of the policy other than it being a mandatory wear policy for all uniformed officers while on duty.

38. Ballistic-resistant and stab-resistant body armor purchased with JAG funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the vests have been tested and found to comply with applicable National Institute of Justice ballistic or stab standards and are listed on the NIJ Compliant Body Armor Model List (http://nij.gov). In addition, ballistic-resistant and stab-resistant body armor purchased must be American-made. The latest NIJ standard information can be found here: http://www.nij.gov/topics/technology/body-armor/safety-initiative.htm.

39. JAG funds may be used to purchase vests for an agency, but they may not be used as the 50% match for purposes of the Bulletproof Vest Partnership (BVP) program.

The recipient also agrees to obligate the grant funds in the trust fund (including any interest earned) during the period of the grant and expend within 90 days thereafter. a. Agencies may transfer or sell any controlled equipment, except riot helmets and riot shields, to a Law Enforcement Agency (LEA) after obtaining prior written approval from BJA. As a condition of that approval, the acquiring LEA will be required to submit information and certifications to BJA as if it was requesting approval to use award fund for the initial purchase of items on the Controlled Expenditure List.

b. Agencies may not transfer or sell any riot helmets or riot shields purchased under this award.

c. Agencies may not transfer or sell any Controlled Equipment purchased under this award to non-LEAs, with the exception of fixed wing aircraft, rotary wing aircraft, and command and control vehicles. Memorandum To: Official Grant File

From: Orbin Terry, NEPA Coordinator

Subject: Incorporates NEPA Compliance in Further Developmental Stages for Suffolk County

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system, some of which could have environmental impacts. All recipients of JAG funding must assist BJA in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a subgrantee or third party. Accordingly, prior to obligating funds for any of the specified activities, the grantee must first determine if any of the specified activities will be funded by the grant.

The specified activities requiring environmental analysis are:

a. New construction;
b. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
d. Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and

e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

Complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. Further, for programs relating to methamphetamine laboratory operations, the preparation of a detailed Mitigation Plan will be required. For more information about Mitigation Plan requirements, please see http://www.ojp.usdoj.gov/BJA/resource/nepa.html.

Please be sure to carefully review the grant conditions on your award document, as it may contain more specific information about environmental compliance.

WHEREAS, there was duly presented and introduced to this County Legislature
at a meeting held on , 2015, a proposed local law entitled, "A LOCAL LAW TO
REAUTHORIZE THE HOTEL AND MOTEL TAX THROUGH 2017"; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2015, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO REAUTHORIZE THE HOTEL AND MOTEL TAX
THROUGH 2017

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF
SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that beginning in 1992, the State of
New York authorized the County of Suffolk to collect a hotel and motel tax to enable Suffolk
County to better promote tourism and convention business and more fully support its cultural
programs and activities relevant to the enhancement of the tourism industry.

This Legislature also finds that the State of New York recently enacted legislation
(Chapter 348 of the 2015 Laws of the State of New York) authorizing Suffolk County to extend
the hotel and motel tax through the end of 2017.

This Legislature determines that the County of Suffolk must continue to stimulate
economic activity and job creation by supporting and promoting the County’s large and vital
tourism industry.

Therefore, the purpose of this local law is to extend the County’s hotel and motel
tax through December 31, 2017.

Section 2. Amendments.

RESOLUTION NO. -2015, ADOPTING LOCAL LAW NO. -2015, A LOCAL LAW AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AGREEMENTS FOR THE SALE OF THE JOHN J. FOLEY SKILLED NURSING FACILITY TO THE BROOKHAVEN MEMORIAL HOSPITAL MEDICAL CENTER

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on , 2015, a proposed local law entitled, “A LOCAL LAW AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AGREEMENTS FOR THE SALE OF THE JOHN J. FOLEY SKILLED NURSING FACILITY TO THE BROOKHAVEN MEMORIAL HOSPITAL MEDICAL CENTER”; and said local law in final form is the same as when presented and introduced; now, therefore be it

RESOLVED, that said local law be enacted in final form as follows:

LOCAL LAW NO. -2015, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AGREEMENTS FOR THE SALE OF THE JOHN J. FOLEY SKILLED NURSING FACILITY TO THE BROOKHAVEN MEMORIAL HOSPITAL MEDICAL CENTER

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature finds and determines that the County of Suffolk owns the facility formerly known as the John J. Foley Skilled Nursing Facility, an approximately 181,749 square foot building located on 14 acres of property in Yaphank, New York (hereinafter referred to as the “Facility”), which was previously operated as a licensed 264-bed skilled nursing facility, with 12 designated AIDS beds, and a 60-slot Adult Day Health Care Program.

This Legislature further finds that the Facility ceased its skilled nursing and adult day health care operations and surrendered its licenses in 2013 and that the Facility, the surrounding real property and its associated assets and inventory were declared surplus to the needs of the County by Suffolk County Local Law No. 54-2012.

This Legislature further finds that the Brookhaven Memorial Hospital Medical Center has indicated its willingness to acquire the Facility for $15 Million contingent upon the County applying for and receiving any zoning or other permits that may be required from local or County authorities.

This Legislature finds that the Brookhaven Memorial Hospital Medical Center intends to use the Facility to expand vitally needed outpatient services including hemodialysis, sleep testing, transitional care, primary and other care services to meet the needs of Suffolk County residents. Brookhaven Memorial Hospital Medical Center also intends to work with
other organizations to deliver Medicaid assisted living, veteran services, adult day care, chemical dependency treatment and other needed community services.

This Legislature concludes that the sale of the Facility to Brookhaven Memorial Hospital Medical Center would ensure the most productive use of the Facility for Suffolk County residents and return fair compensation to the County of Suffolk.

This Legislature further finds and determines that after exhaustively exploring options for the Facility, a direct negotiated sale of the Facility to Brookhaven Memorial Hospital Medical Center for $15 Million, subject to commercially reasonable negotiation by the County Executive and/or his designee(s), is in the best interest of the County.

Therefore, the purpose of this law is to authorize and empower the County Executive to execute a contract for sale of the Facility for $15 Million to Brookhaven Memorial Hospital Medical Center subject to commercially reasonable negotiation.

Section 2. Supersede New York County Law Section 215

Pursuant to the provisions of Section 2 (b) of the New York County Law, Section 215 of the New York County Law shall not apply, in any manner, to the substantive and/or procedural provisions of this resolution or the local law contemplated therein.

Section 3. Approval of Negotiated Sale as Within the Best Interest of the County

The County hereby approves the negotiated sale of the 181,749 square foot building formerly known as the John J. Foley Skilled Nursing Facility (the “Facility”) and approximately 14.06 acres of real property surrounding the Facility to Brookhaven Memorial Hospital Medical Center for the purchase price of $15 Million (“Contract for Sale”), subject to commercially reasonable negotiation by the County Executive and/or his designee(s).

Section 4. Declaration of Surplus Land

The Suffolk County Legislature hereby confirms and restates its determination that the Facility's 14.06 acres of real property acreage shall be subject to final survey, is surplus to County needs. The Suffolk County Legislature also reaffirms its determination that the Facility and all those assets and inventory located at the Facility is likewise declared surplus to County needs.

Section 5. Sale of the Facility

The sale by the County to Brookhaven Memorial Hospital Medical Center of the County’s right, title and interest in and to the Facility and the surrounding approximately 14.06 acres of real property, without recourse, is hereby authorized in exchange for the delivery, to or upon the order of the County, the payment of the purchase price of $15 Million as set forth in in this law and pursuant to the terms of a Contract for Sale subject to commercially reasonable negotiation by the County Executive and/or his designee(s).

Section 6. Application for Local Approvals

The County Executive, or his designee, on behalf of the County or Brookhaven Memorial Hospital Medical Center, as may be required, is hereby authorized to make all those applications
necessary to obtain approval for town and County building permits, changes to zoning, waivers, variances, certificates of occupancy and/or any other town or County approvals necessary for the use of the Facility by a private owner and operator for the purposes contemplated by this local law.

Section 7. Further Actions.

The County Executive and/or his designee(s) are further authorized to execute and deliver, on behalf of the County, such agreements, instruments or authorizations as may be contemplated by, or necessary or advisable to consummate or otherwise give full effect to this local law, and which are deemed necessary or desirable to effectuate the transactions contemplated by this local law, and to perform all acts and do all things required or contemplated to be performed by this local law or by any agreement, instrument or authorization approved, contemplated, necessary or authorized hereby.

Section 8. Applicability.

This law shall apply to all actions and transactions occurring on or after the effective date of this law.

Section 9. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 10. SEQRA Determination.

This Legislature, being the lead agency under the State Environmental Quality Review Act (SEQRA), N.Y. Environmental Conservation Law Article 8, and Chapter 450 of the Suffolk County Code, hereby determines that this local law constitutes an unlisted action, pursuant to 6 N.Y.C.R.R. §617.2(ak), and further determines that implementation of this action will not have a significant adverse impact on the environment for the following reasons:

The proposed action will not exceed any of the criteria in 6 N.Y.C.R.R. §617.7, which sets forth thresholds for determining significant adverse impacts on the environment, as demonstrated in the Environmental Assessment Form.

This Legislature hereby directs, in accordance with Section 450-5(C)(4) of the Suffolk County Code, the Suffolk County Council on Environmental Quality to prepare and circulate any appropriate notices or determinations in accordance with this local law.

Section 11. Effective Date.

This local law shall take effect immediately upon its filing in the Office of the Secretary of the State.

3. **Purpose of Legislation**
   To accept and appropriate additional contracted agency expenditures in the amount of $285,000 and projected revenues in the amount of $1,026,100 for the diversionary plan as approved by NYS OCFS. Three components of the plan are budgeted as 100% County funded contracts in the 2015 and 2016 operating budgets but will now receive 62% reimbursement and are included in the revenue calculation. The reimbursement period for this plan is the NY State fiscal period of April 1, 2015 – March 31, 2016.

6. **If the answer to item 5 is “yes”, provide Detailed Explanation of Impact**
   The Legislation appropriates an additional $1,026,100 in proposed revenue to Suffolk County as a result of Probation Department diversionary programs being eligible for 62% State Aid reimbursement. As three of the components are currently 100% County funded this plan is an overall fiscal benefit to the County.

Dear Chief Executive Officer,

Thank you for submitting Suffolk Supervision and Treatment Services for Juveniles Program (STSJP) plan for Fiscal Year (FY) 2016. Your plan has been reviewed by the Office of Children and Family Services (OCFS) and I am pleased to inform you that your county’s STSJP plan has been approved.

Suffolk is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your Suffolk will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement if such shifted funds are spent on STSJP eligible expenditures. Suffolk may make an initial detention allocation shift or increase the amount of the detention allocation shift until December 31, 2015. If Suffolk plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Cara Korn and email it to stsjp@ocfs.ny.gov outlining the amount that will be shifted and the type of programming or services the re-purpose detention funds will be used for under STSJP. An amend STSJP plan will also need to be submitted, if (Suffolk) shifts its detention allocation for STSJP eligible expenses.

All STSJP claims must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period April 1, 2015 to March 31, 2016. Questions on all aspects of claiming process should be directed to Daniel Hulihan at (518) 473-4511 or at Daniel.Hulihan@ocfs.ny.gov.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their family through innovating alternative to placement and detention programs.

If you have any questions, please email us at stsjp@ocfs.ny.gov and write “STSJP Plan Questions” in the subject line so that we may best assist you in a timely manner. You can direct all STSJP inquiries to Cara Korn at (518) 408-3999 or Cara.Korn@ocfs.ny.gov and Shawn Chin-Change at (212) 961-4110 or Shawn.Chin-Change@ocfs.ny.gov.

1. Please indicate specific zip codes that your plan targets:

   11950
   11967
   11701
   11722

2. How will the program reduce the number of youth who are detained or in residential placement?

   This program is designed as a final option for the judiciary before they place a juvenile. This program offers core education as well as career and technical education. Additional components include comprehensive referral services, intensive supervision, drug/alcohol testing, crisis intervention, and Community service. The program addresses each student's needs and prepares them for return to their district high school or affords them a high school equivalency track, while integrating life skills into each student's daily routine.

3. How will the program be family focused?

   This program encourages family involvement. Each juvenile is transported daily to and from the program by Probation staff thus allowing for daily interaction with family members. The lead officer makes routine home visits with the child and the family. Counseling is available through the program to the child and the family. Efforts are made by teachers and Probation staff to connect parents to their child's education program via phone calls and parent/family meetings. To the extent that funding is available, family events are incorporated into the program.

4. Can the program be replicated across multiple locations?

   The program can be replicated across multiple locations but those locations and the necessary staff and resources are not currently available in Suffolk County.
5. What is the projected number of youth that are served by this STSJP funded program?
   The maximum number of youth that can be in attendance at this program at any one time is 18 due to the resources and program design. This number varies on a monthly basis. A total of 33 juveniles were served in the program during the calendar year 2014.

6. If program is being used as an Alternative to Detention (ATD) and an Alternative to Placement (ATP), how will it serve both populations of youth?
   N/A

7. If the program was used during FY 2015, please assess whether the service or program achieved the projected reductions in detention utilization and/or residential placements and other performance outcomes.
   Current statistics are available for the calendar year 2014, which indicate that of the 33 students served, 26 were successfully diverted from placement. The program is assessed to be a highly successful program. A major contributor to the program’s inability to divert all youth from placement has been the students’ mental health needs. With current resources, the program is limited to one social worker (LSW) and cannot provide a full array of mental health treatment.

8. What were the barriers if not met?  The largest contributor to the program’s inability to divert all youth from placement has been the students’ mental health needs.

Did the program receive STSJP funds for FY 2015?  ☑ Yes  ☐ No  If Yes, answer the questions below:

1. When did the program start using FY 2015 STSJP Funds?  April 1, 2014

2. What was the average length of stay for youth in program or service?  1 year

3. How many youth received services in the program during FY 2015?  23 youth

2. How will the program reduce the number of youth who are detained or in residential placement?
   These services are available County-wide. The adjustment process can be used as an alternative to judicial intervention and can provide opportunity for mediation and development of a comprehensive family involved service plan less likely to result in confinement. The program focus is to assess the service needs of the youth and his or her family to assist the probation department to resolve disputes voluntarily and informally without a court intervention. The lack of court involvement will preclude detention or placement on successful cases.

3. How will the program be family focused?
   One of the Department’s most pressing priorities is to improve service delivery to at-risk children and their families to prevent the children from deeper involvement in the juvenile justice system with the potential of being placed in a detention or placement facility.
   The adjustment process can be used as an alternative to judicial intervention and can provide opportunity for mediation and development of a comprehensive family involved service plan less likely to result in confinement.
4. Can the program be replicated across multiple locations?
The program is best used in conjunction with the Family Court locations within Suffolk County.

5. If the program was used during FY 2015, were the performance outcomes met and describe the outcomes?
The program began late in 2014 and was in operation for 1 month. The program served 3 youth for that month.

6. What were the barriers if not met?
None at this time beyond the late start in implementing the program due to the contracting process which is now rectified.

7. If program was used as an ATD and an ATP, how was it used to serve both populations of youth?
N/A

8. What is the projected number of youth that will be served by this STSJP - funded program? Approximately 70 youth & families

1. Please indicate specific zip codes that your plan targets:

2. How will the program reduce the number of youth who are detained or in residential placement?
An alternative to a crisis home environment can provide opportunity for mediation and development of a service plan less likely to result in confinement. The program will serve youth, referred by the Department, between the ages of 11 and 15 who are currently the subject of court intervention or at risk for court involvement. These youths must reside in one of the target communities of Babylon, Huntington, Islip, Smithtown and Brookhaven Townships, excluding Brentwood (11717), Bay Shore (11706) and Central Islip (11722).
3. How will the program be family focused?
The contractor will provide clinical and case management services and family support services using the Multi-Dimensional Family Therapy (MDFT) model. As a multisystem model, MDFT clinicians will work individually with the adolescent and the parent, with the family as a whole to facilitate new relationships, and with family members in relation to sources of ongoing influence such as school and juvenile justice systems to address current functioning and new solutions for the adolescent. The contractor's case manager and therapist assigned to the youth and their family will each meet with them in their home on a weekly basis, and will conduct family sessions providing up to three contacts weekly in each case. Programming must include: Community based collaborations, youth and family focused services. The program will be strategically located with flexible hours of operation, and have family responsiveness. Youth development services will include work readiness and mentoring services, pregnancy prevention programs, educational advocacy and restorative practices.

4. Can the program be replicated across multiple locations?
The program can be replicated across multiple locations. The program is currently servicing the 5 Western Suffolk Townships with the exception of specific zip codes contracted directly between the Contractor and NYS.

5. If the program was used during FY 2015, were the performance outcomes met and describe the outcomes?
Yes, performance measures were met. The program served a total of 18 youth in 2014. The average Length of Stay was 136 days. All 18 youth were diverged from placement.

6. What were the barriers if not met?
none

7. If program was used as an ATD and an ATP, how was it used to serve both populations of youth?
N/A

8. What is the projected number of youth that will be served by this STSJP funded program?
17-20 youth

3. How many youth received services in the program during FY 2015?

SECTION THREE – Analysis of Communities

Provide an analysis that identifies the neighborhoods or communities from which the greatest number of juvenile delinquents, juvenile offenders and persons in need of supervision (PINS) are remanded to detention or residentially placed. Are these the communities and neighborhoods served in the previous years’ approved plan, if not, what has changed?

In 2014, Suffolk County had a total of 157 detention placements and 104 residential placements. Juvenile delinquents, juvenile offenders, and persons in need of supervision are referred from all towns and communities within Suffolk County with a few towns having a higher number of cases. In 2014, the residential placement data indicated the top five communities for placement referrals were Brentwood, Riverhead, Mastic/Mastic Beach/Shirley, Bayshore, Central Islip, and Coram. The detention data reported in 2014 did not include the towns but will in the future.

The Long Island Regional Youth and Justice Team (LIRYJT) includes juvenile justice representatives from Nassau and Suffolk Counties who come together quarterly to share best practices, identify areas for practice improvement and provide input to state policymakers. For 2015 and 2016, the LIRYJT is working to make data collection and reporting improvements for juvenile planning and is expected to have a comprehensive data reporting plan in place by the summer of 2016. The STSJP programs approved last year, and proposed for this year, do serve all youth from all towns in in Suffolk County.
SECTION FOUR – Disparity

In this section, please provide information indicating whether the use of detention or residential placement in your service area exhibits a significant racial or ethnic disparity or disproportionality. Please note that when looking for disparity, highlight, with the use of accurate data, youth who given comparable levels of need, do not receive equal utilization of services. Seek out all decision points to illustrate usage. When looking for disproportionality, identify any population groups who are underrepresented in a larger population and then overrepresented in a subset population. For example, population group A represents 15 percent of the general population but represents 75 percent of the detention population. If you currently do not measure these variables, please include your plan for data collection for Racial and Ethnic Disparities across your system. If no disparities or disproportionality exist in your system simply state that in the space below.

According to the US Census, the racial ethnic composition for Suffolk County’s is 81% White, 7.4% Black, 3.4% Asian, and 5.6% other. The Hispanic population (any race) is 16.5%. For Suffolk County, the detention population is overrepresented by Black (32%) and Hispanic (31%) youth and underrepresented by White (34%) youth. Between 2010 and 2014, we have seen a very slight decrease for Black youth (from 34% to 32%) in detention and an increase for Hispanic youth (from 26% to 31%) in detention.

The County has not engaged in any in-depth analysis of the data regarding racial and ethnic disparities at various system points or in the utilization of services and outcomes.

If such disproportionality exists, describe how the service/program proposed for funding will address this disparity. Suffolk County has recognized the existence of disproportionate Black and Hispanic youth in the juvenile justice system. The LIRYJT has made it a priority to develop a comprehensive juvenile justice data collection plan which can be used to look more deeply into the county and town data for juveniles and include demographic characteristics as well as service utilization and outcomes. This will allow for the counties to better understand the racial and ethnic disparities at the various system points and also to make comparisons between counties.

SECTION FIVE – Strategy

Justification and Overall Strategy – The purpose of STSJP funds is to establish supports and services for youth who, absent these services, are likely to be detained or placed. Funds should therefore be clearly targeted to meet the needs of those youth who are at risk of entering the juvenile justice system. With this purpose in mind, describe the strategy devised by your collaborative partners (list your collaborative partners) to address the STSJP Funding objective through the programs chosen in Section Two.

For many years, Suffolk County has engaged in developing and supporting a range of programs and services which address risk factors for detention and placement of juveniles. Suffolk County Probation along with the County Executive’s Office, the Long Island Regional Youth and Justice Team, and service providers included in this plan have worked together to identify gaps in services and to develop programs which target those gaps. The Long Island Regional Youth and Justice Team membership includes Nassau and Suffolk County juvenile justice stakeholders including probation, county attorneys, Juvenile Justice service providers, the judiciary, community organizations, and schools. The Team also includes representatives from NYS OCFS and OCJS. The LIRYJT has helped to identify programs showing success in reducing placement and detention which have been enhanced or expanded through these funds.

The Juvenile Day Reporting Center targets youth at high risk of placement and serves as a final option for the judiciary before placement. The program addresses individual needs and offers on-site education services, intensive supervision, drug/alcohol testing, crisis intervention, community service, and life skills.

The Pre-PINS adjustment process was identified as an alternative to judicial intervention which can provide an opportunity for mediation and family intervention with the intent of resolving disputes voluntarily and informally. This can reduce the likelihood of a petition being filed with the court and further entry into the system by the youth and families.

The Community Reinvestment Expansion Program is funded through OCFS for several high risk communities in Suffolk County. For this STSJP plan, Suffolk County has expanded the program to include most other towns in the county. This program was developed as an alternative to a home crisis situation which can lead to further entry into the juvenile justice system and potential placement.

The respite program was selected to provide respite bed access for juveniles who are arrested and are determined ineligible for placement yet cannot return to their home. The program offers the juvenile and their families’ time to seek out resources to address the problems which can lead to further court involvement and higher risk of placement.

The Home Based Service program provides a variety of intensive services and referrals for juveniles and their families throughout the county to help reduce further court involvement and potential risk of placement.

Lastly, the education advocacy program is available Countywide and provides educational advocacy, assessment and support...
services to the juvenile delinquent population. The program helps juveniles to rectify educational issues and reduce school-related problems which can lead to probation violations and higher risk of court involvement and potential placement.

**SECTION SIX — Outcomes**

**Performance Outcomes** — For FY 2016, provide the projected performance outcomes for your proposed services and programs, being sure to include: An estimate of the anticipated reductions in detention utilization and residential placements:

**Program 1 JDRC** — Based upon the outcomes from last year, the program expects to serve 18 juveniles at any one time with a total of 33 served in a one-year period. The program expects 26 youth to successfully complete the program and thus be diverted from detention and placement.

**Program 2 Pre-Petition/Adjustment Services** — The program expects to serve up to 70 juveniles per year. The anticipated number of youth diverted from detention would be approximately 70 youth per year.

**Program 3 Community Reinvestment/Expansion Program** — The program expects to serve between 17-20 juveniles per year. The anticipated number of youth diverted from detention and/or placement would be 18 which is based upon the number diverted in 2014.

**Program 4 Respite** — The program expects to serve approximately 20 juveniles per year. The number diverted from detention and/or placement would be 20 per year.

**Program 5 Home Based** — The program expects to serve approximately 200 juveniles per year. Due to the success of the home-based services program, the department is expanding the area for this program to County-wide and expects the program to divert 95% of the juveniles served from detention and/or placement per year.

**Program 6 Education Advocacy** — The program expects to provide educational advocacy to at least 35 juveniles per year. The program will divert all 35 of those juveniles from placement.
Other projected positive outcomes for youth who participate in the services and programs:
The youth who participate in these programs not only benefit from not being detained or placed but benefit from the corrective actions resulting from services both individually and within the family setting. JDRC has enabled juveniles to return to school on a comprehensive track to finishing high school or afforded the youths alternatives to high school and life skills. The successful completion of any of the proposed components affords participants additional skills or lessons through program support.

Are there any changes in allocations or practices planned for FY 2016 based on experiences in FY 2015, please list those changes:
Additional funding is being allocated to several programs as the services provided have seen positive results and further support of these programs is anticipated to result in continued success. Additional funding has been proposed for Programs 1, 2, 5 and 6. Program 1 is anticipated to have additional curriculum infused and programs 2, 5 and 6 are being looked at for the provision of additional services with an emphasis on East End services.

SECTION SEVEN—Comments
The biggest barrier to these programs is the geographic expanse of Suffolk County and the needs of the juveniles throughout the County. Serving the East End of the County has always proven to be challenging as the population is not as dense and the East End is divided into two separate land masses (forks). The demographics and needs are different and resources are lacking due to the lesser populations. Mobile services such as Home Base and Educational Advocacy are better suited for this population but will also admit that accessibility is difficult.

2. How will the program reduce the number of youth who are detained or in residential placement?
   These services are available Countywide. Some juveniles who are arrested and, pursuant to a risk assessment, are determined ineligible for placement in Detention cannot be returned to their home because of the circumstances surrounding the arrest or unrest within the family setting. Respite is an important component in diffusing tense circumstances and allowing for a cooling off period. This also enables the juvenile and their families time to seek out resources to address the problems to avoid escalation and court intervention.

3. How will the program be family focused?
   Respite bed access is available for juveniles who cannot be returned to their home because of the circumstances surrounding the arrest or unrest within the family setting. Although Respite is voluntary, the facility offers a safe haven for the juvenile and a period of separation for the family to allow all parties the opportunity to seek resources to aid in the reunion of all parties. A plan is developed for the juvenile and the family to address the presenting issues inclusive of arrangements for home based services to assist the family unit as a whole.

4. Can the program be replicated across multiple locations?
   This program is contracted currently with only one vendor. That vendor has a physical location in western Suffolk County. Respite services can be accomplished in multiple locations throughout the County if the availability was there. This is a problem that the department is looking to rectify through contractual agreements with other agencies but there are procurement procedures that must be followed to expand these services.

5. If the program was used last SFY, were the performance outcomes met and describe the outcomes?
   Yes, 4 youth were referred to the program for an average length of stay of 12.5 days.

6. What were the barriers if not met?
   none
7. If program was used as an ATD and an ATP, how was it used to serve both populations of youth?

Respite bed access for juveniles who are arrested is an important component in diffusing tense circumstances and allowing for a cooling off period. This also enables the juvenile and their families time to seek out resources to address the presenting problems to avoid escalation and court intervention.

8. What is the projected number of youth that will be served by this STSJP-funded program? 17-20 youth

Did the program receive STSJP funds FY 2015? ☒ Yes ☐ No If Yes, answer the questions below:

1. When did the program start using FY 2015 STSJP funds? April 1, 2014

2. What was the average length of stay for youth in program or service? 12.5

3. How many youth received services in the program during FY 2015? 4

2. How will the program reduce the number of youth who are detained or in residential placement?

These services are available Countywide. Home Based workers afford a variety of services and referrals to additional services while working with the juveniles and their families in the home setting. The availability of home based resources to mitigate or correct family issues will reduce court involvement as the source of the issues can be addressed at the basic level.

3. How will the program be family focused?

The Home Base approach is characterized by custom designed case planning and is child centered, family focused, community-based and culturally competent. Home Based workers afford a variety of services and referrals to additional services while working with the juveniles and their families in the home setting. The availability of home based resources to mitigate or correct family issues will reduce court involvement as the source of the issues can be addressed at the basic level. Social Workers in the juveniles home are more likely to engage the entire family and are certainly afforded the opportunity to observe and assess the family dynamic resulting in all inclusive services.

4. Can the program be replicated across multiple locations?

This program is based in the home of the juveniles and is available throughout the County.

5. If the program was used last SFY, were the performance outcomes met and describe the outcomes?

Yes, a total of 33 cases were opened and the average length of stay was 6 months. The Home Base team is specifically designed to prevent congregate residential care and has been successful in doing so. This home base program has successfully provided intensive services to youth at imminent risk of placement. Due to the continued success in diverting PINS & JD youth from residential placement, the Department has continued the Home Base services with Family Service League and increased funding to expand the available services.
6. What were the barriers if not met?
N/A

7. If program was used as an ATD and an ATP, how was it used to serve both populations of youth?
Home Based workers afford a variety of services and referrals to additional services while working with the juveniles and their families in the home setting. The availability of home based resources to mitigate or correct family issues reduces court involvement as the source of the issues can be addressed at the basic level. Social Workers in the juveniles' home are more likely to engage the entire family and are afforded the opportunity to observe and assess the family dynamic. These services thereby afford all juveniles the opportunity to have diversionary resources resulting in shortened detention stays and intervention before violations arise with potential placement.

8. What is the projected number of youth that will be served by this STSJP – funded program? 20 youth
Did the program receive STSJP funds for FY 2015? ☑ Yes ☐ No If Yes, answer the questions below:
1. When did the program start using FY 2015 STSJP Funds? April 1, 2014
2. What was the average length of stay for youth in program or service? 6 months

2. How will the program reduce the number of youth who are detained or in residential placement?
These services are available Countywide. There is a contracted agency to provide educational advocacy, assessment and support services to participants in the Department’s Juvenile Delinquent Advocacy Program. These services help juveniles to rectify educational issues that create school related problems. Juveniles with Probation supervision could, consequently, have educational issues resulting in Violations and court interaction and the potential for placement.

3. How will the program be family focused?
The contractor provides educational advocacy, assessment and support services to juveniles through meetings with the juveniles, parents and school district administrators. The parents have to participate and thereby learn what services their youth is entitled to and what additional resources are required to have the juvenile succeed.

4. Can the program be replicated across multiple locations?
The advocates in this program offer services County-wide and have no restrictions on geographic areas.
5. If the program was used last SFY, were the performance outcomes met and describe the outcomes?
14 Superintendent Hearings were successfully resolved with appropriate programs and/or services. Additionally 37
parents received brief services (advice & brief intervention on an education matter, resolved without a school meeting). LIAC initiated 89 CSE or informal meetings & successfully had 17 students reclassified with appropriate services found within the school setting. 35 students received additional and independent evaluations (including neuropsychological and psychiatric evaluations). As a result none of the youths served were placed in a residential facility.

6. What were the barriers if not met?
None of the youths served were placed in a residential facility. Thus, LIAC was 100% successful in maintaining students in appropriate school settings.

7. If program was used as an ATD and an ATP, how was it used to serve both populations of youth?
N/A

8. What is the projected number of youth that will be served by this STSJP – funded program? 35

2015 INTERGOVERNMENTAL RELATIONS
MEMORANDUM OF SUPPORT

TITLE OF BILL: ACCEPTING AND APPROPRIATING 62% STATE AID REIMBURSEMENT FUNDS AWARDED BY THE NEW YORK STATE OFFICE OF CHILDREN AND FAMILY SERVICES TO THE SUFFOLK COUNTY DEPARTMENT OF PROBATION AND AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE RELATED AGREEMENTS.

PURPOSE OR GENERAL IDEA OF BILL: The Director of Probation has requested the acceptance of reimbursement funds in connection with the NYS OCFS Supervision and Treatment Service for Youth Program (STSJP) for the State Fiscal Year 2015-16. These funds will be used to offset the cost of the six contracted components of the NYS OCFS STSJP mandated program activities in Suffolk County for diversionary services from Detention and Placement.

SUMMARY OF SPECIFIC PROVISIONS: This Legislation requests the acceptance and allocation of $1,026,100 of revenues for the 2015-2016 State fiscal period. This funding will facilitate 62% reimbursement of projected program costs in the amount of $1,655,000. $1,370,000 in contracted costs is already a part of the 2015 and 2016 budgets at 100% county funding. The additional $285,000 in contracted expenses is requested to be allocated to contract agencies under Appropriation 3182.

JUSTIFICATION: Suffolk County has been allocated reimbursement funding for participation in the NYS STSJP program for the last four fiscal years and again for the 2015-16 State fiscal year. This funding is for counties to develop and enact diversionary programs for juveniles in an effort to reduce Detention and Placement costs and admissions. The plan submitted by the Probation Department was accepted including three current contracted programs and three alternative programs to be contracted for. The three existing Probation programs are eligible for reimbursement as alternatives to placement and detention and will no longer be 100% funded by the County.

FISCAL IMPLICATIONS: The funding will allow for reimbursement, at 62%, of the cost of Detention and Placement diversionary programs. The County will benefit from reimbursement on current contracts valued at $1,370,000 which had previously been 100% County funded. These programs are also an offset to the costs of detaining and placing juveniles for which the County incurs 51% fiscal responsibility. Despite adding projected contractual costs of $285,000, the projected reimbursement funding will result in a net gain of $741,100. Due to the
lengthy process of submitting and receiving approval for the Probation plan, these proposed expenditures and revenues were not included in the adopted 2015 or proposed 2016 Operating Budget. The Legislation requests the appropriation of the additional $285,000 to contractual expenses and recognition of the projected total of $1,026,100 in revenue.
September 2, 2015

Jon Schneider, Deputy County Executive

Enclosed please find a copy of the resolution packet prepared by the Suffolk County Dept. of Probation.

This resolution is to accept and appropriate a maximum of $1,026,100 State Aid funding from NYS Office of Children and Family Services. The resolution is for the funding period effective April 1, 2015 through March 30, 2016. This State funding is pursuant to the NYS Office of Children and Family Services Supervision and Treatment Services for Juveniles Program Plan to divert juveniles from expensive Detention and Placement facilities. The grant is for reimbursement of diversionary program costs associated with the Suffolk County Probation Department participation in the State mandated program. The County plan was submitted July 31, 2015 (as directed by OCFS), with the County Executives approval. The resolution is reflective of the six actual program components that will be contracted for and reimbursable during the 2015/2016 State fiscal cycle.

Components one (1), five (5) and six (6) are currently 100% County funded contracts. These contracts, Juvenile Day Reporting Program BOCES contract, Home Based Services Family Service League contract and Educational Advocacy Long Island Advocacy Center Inc. contract respectively, are all eligible for funding as an alternative to placement program. Claims for reimbursement will be prepared for these programs.

The NYS OCFS approval letter for the STSJP plan is attached.

Please feel free to contact Anne Abel at 2-5032 if you have any questions. I thank you in advance for any attention that can be given to this resolution.

WHEREAS, federal grant funding exists and is available to the Suffolk County Department of Fire, Rescue and Emergency Services in the amount of $77,820 for the period October, 2015 through September 30, 2018, to pay for shared deployment, maintenance and use of new tidal warning gauges to be placed in Moriches Bay and the eastern Great South Bay, through a Joint Financing Agreement with the U.S. Geological Survey; now, therefore be it

1st RESOLVED, that the Suffolk County Executive, or his designee, be and hereby is authorized to enter into a joint financing agreement with the U.S. Geological Survey for operation and maintenance of said tidal warning gauges during the aforementioned time period, for an amount of $77,820 paid in annual installments through the agreement period; and be it further

MEMORANDUM OF SUPPORT

TITLE OF BILL: Authorizing the County Executive to Enter into a Joint Financing Agreement with the U.S. Geological Survey.

PURPOSE OR GENERAL IDEA OF BILL: To permit the County Executive to enter into a partnership with USGS on operation and maintenance of two tidal warning gauges, in Moriches Bay and the eastern Great South Bay, as an early warning system against damaging and potentially deadly storm surges.

SUMMARY OF SPECIFIC PROVISIONS: This permit the County Executive to enter into an agreement with USGS and permit payment of a total of $77,820, divided into annual payments, for operation and maintenance costs of abovementioned tidal warning gauges. The funding would come in full or in part from federal grants provided by the 2014 and 2015 Urban Area Security Initiative.

JUSTIFICATION: Storm surge, as happens during hurricanes and tropical storms, can cause tens or hundreds of millions of dollars in damages and threaten lives in coastal areas. It has been identified as a threat in the Suffolk County Hazard Mitigation Plan, and caused massive damage to Suffolk County during Superstorm Sandy. These tidal warning gauges would provide real-time data, and specific data in advance of landfall, that would better enable emergency managers to protect residents and property during future storm events.

FISCAL IMPLICATIONS: $77,820, paid in annual installments, from federal grant funding under the Urban Area Security Initiative (UASI).

Honorable Steven Bellone  
Suffolk County Executive  
H. Lee Dennison Building  
100 Veterans Memorial Highway  
P.O. Box 6100  
Hauppauge, New York 11788

Dear Mr. Bellone:

I am pleased to announce that the NYS Division of Homeland Security and Emergency Services (DHSES) is awarding Suffolk County $219,176 under the FY2015 Bomb Squad Initiative Grant Program. Funding for this initiative is provided by the federal Department of Homeland Security’s State Homeland Security Program (SHSP). The performance period for this award is September 1, 2015 through August 31, 2018.

A representative from DHSES’s Grants Program Administration Unit will be reaching out to your grant point of contact shortly. If you have any questions regarding this program, please contact my Director of Grants, Ms. Shelley Wahrlich, at 518-402-2123.

This marks the tenth consecutive year that DHSES has awarded direct funding to local Bomb Squads across New York State. This sustained commitment of funding, in addition to annual Symposia and Capability Assessments, and the collection of call data, are the hallmarks of DHSES’s nationally-recognized Bomb Squad Program.

Congratulations on your award. We look forward to working with you and your local Bomb Squad on this program.

Sincerely,

John P. Melville  
Commissioner

APPENDIX C

PAYMENT AND REPORTING SCHEDULE

For All Contractors:

I. PAYMENT PROVISIONS

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page hereof. All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director’s sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller’s procedures to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller’s electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:

• Signed Voucher and Fiscal Cost Report
• Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
• Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9). Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract period and submitted to DHSES upon request.

2. If at the end of this contract there remain any monies (advanced or interest earned over $500 on the advanced funds) associated with this contract in the possession of the Contractor, the Contractor shall submit a
check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

NYS Division of Homeland Security and Emergency Services
Federal Fiscal Unit
State Campus - Building 7A
1220 Washington Avenue
Albany, NY 12242

3. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the Contract Unit of DHSES. Payment of grant vouchers shall be made in accordance with the provisions of Article XI-A of the State Finance Law. Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

4. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

NYS Division of Homeland Security and Emergency Services
Attention: Contracts Unit
State Office Building Campus – Bldg. 7A
1220 Washington Avenue, Suite 610
Albany, NY 12242

II. REPORTING PROVISIONS

A. Required Reports:

Narrative/Qualitative Report (Progress Report)

The Contractor will submit, on a quarterly basis, not later than 30 days from the end of the quarter, the report described in Section III(G)(2)(a)(i) of Appendix A-1 of the Contract.

Expenditure Report (Fiscal Cost Report)

The Contractor will submit, on a quarterly basis, not later than 30 days after the end date for which reimbursement is being claimed, the report described in Section III, Paragraph G(2)(a)(iii) of the Appendix A-1 of the Contract.

Final Report

The Contractor will submit the final report as described in Section III, Paragraph G(2)(a)(iv) of Appendix A-1 of the Contract, no later than 30 days after the end of the contract period.

1. Fiscal cost reports must be submitted showing grant expenditures. They must also show the amount of interest earned to date on any advanced funds.

All submitted vouchers will reflect the Contractor's actual expenditures and will be accompanied by supporting detailed itemization forms or a form deemed acceptable to DHSES for personal service, fringe benefit and non-personal service expenditures or other documentation as required, and by a fiscal cost report for the reporting period. In the event that any expenditure for which the Contractor has been reimbursed by grant funds is subsequently disallowed, DHSES, in its sole discretion, may reduce the voucher payment by the amount disallowed. If necessary, the Contractor may be required to submit a final budget reallocation.

DHSES reserves the right not to release subsequent grant awards pending Contractor compliance with this Agreement.
2. The Contractor will submit program progress reports and one final report to DHSES on a prescribed form provided by DHSES as well as any additional information or amended data as required.

Progress reports will be due within 30 days of the last day of each calendar quarter or on an alternate schedule as prescribed in Appendix D. Progress reports will be due within 30 days of the last day of the calendar quarter from the start date of the program and the final report will be due upon completion of the project or termination of this Agreement. If, by the Contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the AG and OSC.

Budget Changes: An amendment that would result in a transfer of funds among program activities or budget categories that does not affect the amount, consideration, scope or other terms of such contract may be subject to the approval of the Offices of the State Comptroller and Attorney General where the amount of such modification is, as a portion of the total value of the contract, equal to or greater than ten percent for contracts of less than five million dollars, or five percent for contracts of more than five million dollars; and, in addition, such amendment may be subject to prior approval by the applicable State Agency as detailed in Appendix C (Payment and Reporting Schedule).
C. Contract Parts: This Contract incorporates the face pages attached, this Appendix and all of the marked Appendices identified on the face page hereof.

D. Order of Precedence: In the event of a conflict among (i) the terms of the Contract (including any and all Appendices and amendments) or (ii) between the terms of the Contract and the original request for proposal, the program application or other Appendix that was completed and executed by the Contractor in connection with the Contract, the order of precedence is as follows:

B. Renewal:

1. General Renewal: The Contract may consist of successive periods on the same terms and conditions, as specified within the Contract (a 'Simplified Renewal Contract'). Each additional or superseding period shall be on the forms specified by the State and shall be incorporated in the Contract.

2. Renewal Notice to Not-for-Profit Contractors:

a. Pursuant to State Finance Law §179-t, if the Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract no later than ninety (90) calendar days prior to the end of the term of the Contract, unless funding for the renewal is contingent upon enactment of an appropriation. If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State ('Unusual Circumstances'), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, 'Unusual Circumstances' shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

b. Notification to the not-for-profit Contractor of the State's intent to not renew the Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Contract.

C. Termination:

1. Grounds:

a. Mutual Consent: The Contract may be terminated at any time upon mutual written consent of the State and the Contractor.

b. Cause: The State may terminate the Contract immediately, upon written notice of termination to the Contractor, if the Contractor fails to comply with any of the terms and conditions of the Contract and/or with any laws, rules, regulations, policies, or procedures that are applicable to the Contract.

c. Non-Responsibility: In accordance with the provisions of this Contract, the State may make a final determination that the Contractor is non-responsible (Determination of Non-Responsibility). In such event, the State may terminate the Contract at the Contractor's expense, complete the contractual requirements in any manner the State deems advisable and pursue available legal or equitable remedies for breach.

d. Convenience: The State may terminate the Contract in its sole discretion upon thirty (30) calendar days prior written notice.

e. Lack of Funds: If for any reason the State or the Federal government terminates or reduces its appropriation to the applicable State Agency entering into the Contract or fails to pay the full amount of the allocation for the operation of one or more programs funded under this Contract, the Contract may be terminated or reduced at DHSES's discretion, provided that no such reduction or termination shall apply to allowable costs already incurred by the Contractor where funds are available to DHSES for payment of such costs. Upon termination or reduction of the Contract, all remaining funds paid to the Contractor that are not subject to allowable costs.
already incurred by the Contractor shall be returned to DHSES. In any event, no liability shall be incurred by the State (including DHSES) beyond monies available for the purposes of the Contract. The Contractor acknowledges that any funds due to DHSES or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

f. Force Majeure: The State may terminate or suspend its performance under the Contract immediately upon the occurrence of a 'force majeure'. For purposes of the Contract, 'Force majeure' shall include, but not be limited to, natural disasters, war, rebellion, insurrection, riot, strikes, lockout and any unforeseen circumstances and acts beyond the control of the State which render the performance of its obligations impossible.

2. Notice of Termination:

a. Service of notice: Written notice of termination shall be sent by:

i. personal messenger service; or

ii. certified mail, return receipt requested and first class mail.

b. Effective date of termination: The effective date of the termination shall be the later of (i) the date indicated in the notice and (ii) the date the notice is received by the Contractor, and shall be established as follows:

ii. if the notice is delivered by registered or certified mail, by the receipt returned from the United States Postal Service, or if no receipt is returned, five (5) business days from the date of mailing of the first class letter, postage prepaid, in a depository under the care and control of the United States Postal Service.

3. Effect of Notice and Termination on State's Payment Obligations:

a. Upon receipt of notice of termination, the Contractor agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the State.

b. The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Contract for the purposes set forth herein, the State may, at its option, require:

a. the repayment to the State of any monies previously paid to the Contractor; or

b. the return of any real property or equipment purchased under the terms of the Contract; or

c. an appropriate combination of clauses (a) and (b) of Section II(C)(4) herein.

Nothing herein shall be intended to limit the State's ability to pursue such other legal or equitable remedies as may be available.

D. Suspension: The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Contract.
III. PAYMENT AND REPORTING

A. Terms and Conditions:

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC's procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Contract if it does not comply with the State Comptroller's electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

5. If travel expenses are an approved expenditure under this Contract, travel expenses shall be reimbursed at the lesser of the rates set forth in the written standard travel policy of the Contractor, the OSC guidelines, or United States General Services Administration rates. No out-of-state travel costs shall be permitted unless specifically detailed and pre-approved by the State.

6. Timeliness of advance payments or other claims for reimbursement, and any interest to be paid to Contractor for late payment, shall be governed by Article 11-A of the State Finance Law to the extent required by law.

7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, 'Full Execution' shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

1. Advance payments, which the State in its sole discretion may make to not-for-profit grant recipients, shall be made and recouped in accordance with State Finance Law Section 179(u), this Section and the provisions of Appendix C (Payment and Reporting Schedule).

2. Advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the first day of the Contract Term or, if renewed, in the period identified on the Face Page.

3. For subsequent contract years in multi-year contracts, Contractor will be notified of the scheduled advance payments for the upcoming contract year no later than 90 days prior to the commencement of the contract year. For simplified renewals, the payment schedule (Appendix C) will be modified as part of the renewal process.

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Appendix C (Payment and Reporting Schedule) and Section III(C) herein and such claims shall
be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at the end of the Contract Term shall be refunded by the Contractor to the State.

5. If for any reason the amount of any claim is not sufficient to cover the proportionate advance amount to be recovered, then subsequent claims may be reduced until the advance is fully recovered.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Contract in accordance with this Section and the applicable claiming schedule in Appendix C (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Appendix B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

2. Consistent with the selected reimbursement claiming schedule in Appendix C (Payment and Reporting Schedule), the Contractor shall comply with the appropriate following provisions:

a. Quarterly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Appendix D (Work Plan and Special Conditions). The Contractor shall submit vouchers to DHSES in accordance with the procedures set forth in Section III(A)(3) herein.

d. Milestone/Performance Reimbursement: Requests for payment based upon an event or milestone may be either severable or cumulative. A severable event/milestone is independent of accomplishment of any other event. If the event is cumulative, the successful completion of an event or milestone is dependent on the previous completion of another event. Milestone payments shall be made to the Contractor when requested in a form approved by the State, and at frequencies and in amounts stated in Appendix C (Payment and Reporting Schedule). DHSES shall make milestone payments subject to the Contractor's satisfactory performance.

e. Fee for Service Reimbursement: Payment shall be limited to only those fees specifically agreed upon in the Contract and shall be payable no more frequently than monthly upon submission of a voucher by the contractor.

f. Rate Based Reimbursement: Payment shall be limited to rate(s) established in the Contract. Payment may be requested no more frequently than monthly.

g. Scheduled Reimbursement: DHSES shall generate vouchers at the frequencies and amounts as set forth in Appendix C (Payment and Reporting Schedule).

i. Fifth Quarter Payments: Fifth quarter payment shall be paid to the Contractor at the conclusion of the final
scheduled payment period of the preceding contract period. DHSES shall use a written directive for fifth quarter financing. DHSES shall generate a voucher in the fourth quarter of the current contract year to pay the scheduled payment for the next contract year.

3. The Contractor shall also submit supporting fiscal documentation for the expenses claimed.

4. The State reserves the right to withhold up to fifteen percent (15%) of the total amount of the Contract as security for the faithful completion of services or work, as applicable, under the Contract. This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Contract. In the event that such withheld funds are insufficient to satisfy Contractor's obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

5. The State shall not be liable for payments on the Contract if it is made pursuant to a Community Projects Fund appropriation if insufficient monies are available pursuant to Section 99-d of the State Finance Law.

6. All vouchers submitted by the Contractor pursuant to the Contract shall be submitted to DHSES no later than thirty (30) calendar days after the end date of the period for which reimbursement is claimed. In no event shall the amount received by the Contractor exceed the budget amount approved by DHSES, and, if actual expenditures by the Contractor are less than such sum, the amount payable by DHSES to the Contractor shall not exceed the amount of actual expenditures.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Contract is funded in whole or in part with federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

D. Identifying Information and Privacy Notification:

1. Every voucher or New York State Claim for Payment submitted to a State Agency by the Contractor, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property, must include the Contractor's Vendor Identification Number assigned by the Statewide Financial System, and any or all of the following identification numbers: (i) the Contractor's Federal employer identification number, (ii) the Contractor's Federal social security number, and/or (iii) DUNS number. Failure to include such identification number or numbers may delay payment by the State to the Contractor. Where the Contractor does not have such number or numbers, the Contractor, on its voucher or Claim for Payment, must provide the reason or reasons for why the Contractor does not have such number or numbers.

2. The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principle purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. The personal information is requested by the purchasing unit of DHSES contracting to purchase the goods or services or lease the real or personal property covered by the Contract. This information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York, 12236.

E. Refunds:

1. In the event that the Contractor must make a refund to the State for Contract-related activities, including repayment of an advance or an audit disallowance, payment must be made payable as set forth in this Appendix. The Contractor must reference the contract number with its payment and include a brief explanation of why the refund is being made. Refund payments must be submitted to the Office address listed in Appendix C.
2. If at the end or termination of the Contract, there remains any unexpended balance of the monies advanced under the Contract in the possession of the Contractor, the Contractor shall make payment within forty-five (45) calendar days of the end or termination of the Contract. In the event that the Contractor fails to refund such balance the State may pursue all available remedies.

F. Outstanding Amounts Owed to the State: Prior period overpayments (including, but not limited to, contract advances in excess of actual expenditures) and/or audit recoveries associated with the Contractor may be recouped against future payments made under this Contract to Contractor. The recoupment generally begins with the first payment made to the Contractor following identification of the overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

G. Program and Fiscal Reporting Requirements:

1. The Contractor shall submit required periodic reports in accordance with the applicable schedule provided in Appendix C (Payment and Reporting Schedule). All required reports or other work products developed pursuant to the Contract must be completed as provided by the agreed upon work schedule in a manner satisfactory and acceptable to DHSES in order for the Contractor to be eligible for payment.

2. Consistent with the selected reporting options in Appendix C (Payment and Reporting Schedule), the Contractor shall comply with the following applicable provisions:

   a. If the Expenditure Based Reports option is indicated in Appendix C (Payment and Reporting Schedule), the Contractor shall provide DHSES with one or more of the following reports as required by the following provisions and Appendix C (Payment and Reporting Schedule) as applicable:

      i. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.

5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

- Activities to be performed;
- Time schedule;
- Project policies;
- Other policies and procedures to be followed;
- Dollar limitation of the Contract;
- Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
- Applicable federal and/or State cost principles to be used in determining allowable costs; and
- Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programatically consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency's share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor's organization's activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated
renewal or new contract.

A. Permissible Use of Funding

1. HSGP funds must be used in accordance with the guidelines set forth in the HSGP Notice of Funding Opportunity, which can be located at http://www.fema.gov/preparedness-non-disaster-grants.

3. Designated Urban Areas under the Urban Areas Security Initiative (UASI) must have a charter document on file with the Federal Emergency Management Agency (FEMA) prior to drawing down UASI funding. The charter must address critical issues such as membership, governance structure, voting rights, grant management and administration responsibilities, and funding allocation methodologies.

B. Record Requirements

1. Subrecipients shall keep an agenda and meeting minutes on file for all meetings conducted regarding HSGP funded activities.

2. Any documents produced as a result of these meetings such as plans, schedules, or procedures, will also be kept on file and be made available to DHSES, upon request.

C. Equipment Purchases

1. Equipment purchased with grant funds must fall within the allowable equipment categories for HSGP as listed on the Authorized Equipment List (AEL) (http://www.fema.gov/media-library/assets/documents/101566).

2. Subrecipients are responsible to request a determination of eligibility from the U.S. Department of Homeland Security (DHS), through DHSES, for any equipment item in question. Unless otherwise stated in the program guidance, equipment must meet all mandatory regulatory and/or DHS adopted standards to be eligible for purchase using HSGP funds.

3. The New York State Communication Interoperability Plan (SCIP), as well as DHS Grant Guidance for grant funding, requires that all interoperable communications equipment must be on the Authorized Equipment List (AEL) and that the use of APCO P 25 compliant equipment is a recommended technology to achieve emergency interoperable communications.

D. Training & Exercise Related Activities

1. Any non DHS training course to be supported by this award must be submitted in advance to DHSES for written approval.

2. All exercises conducted must be managed and executed in accordance with the Homeland Security Exercise
and Evaluation Program (HSEEP). An After Action Report/Improvement Plan (AAR/IP) must be prepared and submitted to DHSES following every exercise, regardless of type or scope. AAR/IPs must conform to the HSEEP format and must be submitted within 60 days of completion of the exercise.

3. Subrecipients are required to be NIMS compliant. DHSES requires that subrecipients contact their county point of contact to determine how the particular county requires reporting. Subrecipients are expected to provide DHSES upon request any data required for annual NIMS certification purposes.

E. Law Enforcement Requirements

1. Subrecipients that are law enforcement agencies agree that such funding shall be utilized for prevention, preparedness, and response initiatives consistent with the New York State Homeland Security Strategy, and with Counter Terrorism Zone (CTZ) efforts at the State and local level. This will ensure that fiscal resources are used for seamless and effective counter terrorism planning, training, information sharing, investigation, equipment acquisition, and response functions.

2. Particular attention must be paid to equipment and technology acquisitions, and, where similar technology already exists in the State's law enforcement communities, subrecipients will ensure that interoperability between and among existing law enforcement systems, and the New York State Intelligence Center (NYSIC), is accomplished.

3. Subrecipients further agree to consult with the NYSIC to ensure agency participation and inclusion in New York State's Field Intelligence Officer (FIO) Program.

F. EHP Requirements

1. Subrecipients shall comply with all applicable federal, State, and local environmental and historic preservation (EHP) requirements and shall provide any information requested by FEMA to ensure compliance with applicable laws including: National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, and Executive Orders on Floodplains (11988), Wetlands (11990) and Environmental Justice (12898).

2. Failure of subrecipients to meet federal, State, and local EHP requirements and obtain applicable permits may jeopardize federal funding. Subrecipients shall not undertake any project having the potential to impact EHP resources without the prior approval of FEMA, including but not limited to communications towers, physical security enhancements, new construction, and modifications to buildings. Subrecipients must comply with all conditions placed on the project as the result of the EHP review.

3. Any change to the approved project scope of work will require re evaluation for compliance with these EHP requirements.

4. If ground disturbing activities occur during project implementation, subrecipients must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, such subrecipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office.

5. Any construction activities that have been initiated prior to the full environmental and historic preservation review could result in non compliance finding. For your convenience, the screening form is available at: http://www.dhses.ny.gov/grants/eph.cfm.

G. Equipment Maintenance Requirements

1. Subrecipients must track grant funds used for maintenance contracts, warranties, repair or replacement costs and upgrades, and report such expenditures in fiscal and program reports.

H. New York State Emergency Management Certification and Training Program

1. Participation in and successful completion of the New York State Emergency Management Certification and
Training Program (EMC Training Program) is a mandatory requirement under this Contract and a condition of funding. The EMC Training Program will be made available to, and required for, DHSES specified county and city government officials in order to ensure a consistent emergency management preparedness and response strategy across the State. Attendee substitutions, except as expressly approved by DHSES, shall not be permitted or deemed to be in compliance with this requirement.

2. To fulfill the EMC Training Program requirement of the Contract and in order to be eligible for funding under this Contract, subrecipients must arrange for DHSES specified subrecipient employees to receive and acknowledge receipt of EMC Training no later than 180 days after execution of this Contract. Copies of the training certificates for each required participant must be submitted to DHSES upon execution of the Contract, or, in the event that training is scheduled, but not yet complete, the subrecipient will be required to submit a signed statement indicating the scheduled future dates of attendance, and no later than thirty (30) days after the training is complete, forward such training certificates to DHSES. Continued compliance with the EMC Training Program also requires an annual refresher training of one day per 365 day cycle from the date of initial training for previously trained individuals if such person remains employed by the subrecipient and fulfilling the same functions as he or she fulfilled during the initial training. Should a new employee be designated to serve in the DHSES specified positions, then he or she must come into compliance with the EMC Training Program requirements not later than 180 days after taking office.

3. Subrecipient must commit to active participation in a DHSES Annual Capabilities Assessment as a condition of funding. Active participation includes making reasonable staff, records, information, and time resources available to DHSES to perform the Annual Capabilities Assessment and meet the objectives and goals of the program. Subrecipients must be aware that the process of conducting a DHSES Annual Risk Assessment is an ongoing process and requires a continued commitment on the part of the subrecipient to ensure that it is effective.

4. All subrecipients funded through this program agree to provide DHSES, upon request at any time during the life of the grant contract, such cooperation and information deemed necessary by DHSES to ascertain: (1) the nature and extent of any threats or hazards that may pose a risk to the subrecipient; and (2) the status of any corresponding subrecipient plans, capabilities, or other resources for preventing, protecting against, mitigating, responding to, and recovering from such threats or hazards.

5. Additionally, pursuant to Article 26 of the NYS Executive law, DHSES is authorized to undertake periodic drills and simulations designed to assess and prepare responses to terrorist acts or threats and other natural and man made disasters. Funded subrecipients agree to attend and participate in any DHSES sponsored conferences, training, workshops or meetings (excluding those identified by DHSES as voluntary) that may be conducted, by and at the request of DHSES, during the life of the grant contract.

P.O. Box 6100

Dear Mr. Bellone:

I am pleased to announce that Suffolk County has been awarded $19,711 in federal funding under the FY2015 Explosive Detection Canine Team Grant Program. Funding for this initiative is provided by the U.S. Department of Homeland Security’s (DHS) State Homeland Security Grant Program (SHSP). The performance period for this award is September 16, 2015 through August 31, 2018.

As outlined in your application, this funding is provided for the sustainment, maintenance and enhancement of your explosive detection canine team assets, through equipment, training, exercise, and planning projects that support terrorism prevention activities in your jurisdiction. All funding is subject to both New York State and federal guidelines and regulations.

We encourage you to review the objectives of this targeted grant opportunity as we reach out to you to execute your contract. One of the primary objectives requires grantees to continually update their DHS Office for Bombing Prevention Explosive Detection Canine Capability Assessment Reports, specifically when they have completed a significant project that demonstrates capability growth, and we strongly recommend that you update your assessment report annually. Additionally, all grantees are required to be registered users of the Bomb Arson Tracking System (BATS), administered by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), to document the incidents their team responds to and the activities they perform.

All capabilities developed through Federal FY2015 SHSP funding are required to be deployable regionally and nationally per the Federal Funding Opportunity Announcement.

A representative from DHSES’s Grant Program Administration Unit will be reaching out to your grant point of contact shortly. If you have any questions about this program, please contact Heather Pruden at (518) 242-5058.

Congratulations on your award and I look forward to working with you to administer this program.

Sincerely,

John P. Melville

For All Contractors:

I. PAYMENT PROVISIONS

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page hereof. All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director’s sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller’s procedures to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/pay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller’s electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:
• Signed Voucher and Fiscal Cost Report
• Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
• Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9). Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract period and submitted to DHSES upon request.

2. If at the end of this contract there remain any monies (advanced or interest earned over $500 on the advanced funds) associated with this contract in the possession of the Contractor, the Contractor shall submit a
check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

NYS Division of Homeland Security and Emergency Services
Federal Fiscal Unit
State Campus - Building 7A
1220 Washington Avenue
Albany, NY 12242

3. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the Contract Unit of DHSES. Payment of grant vouchers shall be made in accordance with the provisions of Article XI-A of the State Finance Law. Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

4. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

NYS Division of Homeland Security and Emergency Services
Attention: Contracts Unit
State Office Building Campus – Blgd. 7A
1220 Washington Avenue, Suite 610
Albany, NY 12242

II. REPORTING PROVISIONS

A. Required Reports:

Narrative/Qualitative Report (Progress Report)

The Contractor will submit, on a quarterly basis, not later than 30 days from the end of the quarter, the report described in Section III(G)(2)(a)(i) of Appendix A-1 of the Contract.

Expenditure Report (Fiscal Cost Report)

The Contractor will submit, on a quarterly basis, not later than 30 days after the end date for which reimbursement is being claimed, the report described in Section III, Paragraph G(2)(a)(iii) of the Appendix A-1 of the Contract.

Final Report

The Contractor will submit the final report as described in Section III, Paragraph G(2)(a)(iv) of Appendix A-1 of the Contract, no later than 30 days after the end of the contract period.

1. Fiscal cost reports must be submitted showing grant expenditures. They must also show the amount of interest earned to date on any advanced funds.

All submitted vouchers will reflect the Contractor's actual expenditures and will be accompanied by supporting detailed itemization forms or a form deemed acceptable to DHSES for personal service, fringe benefit and non-personal service expenditures or other documentation as required, and by a fiscal cost report for the reporting period. In the event that any expenditure for which the Contractor has been reimbursed by grant funds is subsequently disallowed, DHSES, in its sole discretion, may reduce the voucher payment by the amount disallowed. If necessary, the Contractor may be required to submit a final budget reallocation.

DHSES reserves the right not to release subsequent grant awards pending Contractor compliance with this Agreement.

2. The Contractor will submit program progress reports and one final report to DHSES on a prescribed form provided by DHSES as well as any additional information or amended data as required.

Progress reports will be due within 30 days of the last day of each calendar quarter or on an alternate schedule as prescribed in Appendix D. Progress reports will be due within 30 days of the last day of the calendar quarter from the start date of the program and the final report will be due upon completion of the project or termination of this Agreement. Calendar quarters, for the purposes of making program progress reports, shall be as follows:

- Calendar Quarter: January 1 - March 31 -- Report Due: April 30
- Calendar Quarter: April 1 - June 30 -- Report Due: July 30
- Calendar Quarter: July 1 - September 30 -- Report Due: October 30
- Calendar Quarter: October 1 - December 31 -- Report Due: January 30

The final report, or where applicable interim progress reports, will summarize the project's achievements as well as describe activities for that quarter.

APPENDIX A-1

The Contract is hereby made by and between the State of New York, acting by and through the New York State Division of Homeland Security and Emergency Services (DHSES or State Agency) and the public or private entity ('Contractor' or 'Subrecipient') identified on the face page hereof (Face Page).

WITNESSETH:

WHEREAS, the State has the authority to regulate and provide funding for the establishment and operation of program services, design or the execution and performance of construction projects, as applicable and desires to contract with skilled parties possessing the necessary resources to provide such services or work, as applicable; and

WHEREAS, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Contract;

NOW THEREFORE, in consideration of the promises, responsibilities, and covenants herein, the State and the Contractor agree as follows:

STANDARD TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS

A. Executory Clause: In accordance with Section 41 of the State Finance Law, the State shall have no liability under the Contract to the Contractor, or to anyone else, beyond funds appropriated and available for the Contract.

B. Required Approvals: In accordance with Section 112 of the State Finance Law (or, if the Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Contract exceeds $50,000 (or $85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. If, by the Contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the AG and OSC.

Budget Changes: An amendment that would result in a transfer of funds among program activities or budget categories that does not affect the amount, consideration, scope or other terms of such contract may be subject to the approval of the Offices of the State Comptroller and Attorney General where the amount of such modification is, as a portion of the total value of the contract, equal to or greater than ten percent for contracts of less than five million dollars, or five percent for contracts of more than five million dollars; and, in addition, such amendment may be subject to prior approval by the applicable State Agency as detailed in Appendix C (Payment and Reporting Schedule).
C. Contract Parts: This Contract incorporates the face pages attached, this Appendix and all of the marked Appendices identified on the face page hereof.

D. Order of Precedence: In the event of a conflict among (i) the terms of the Contract (including any and all Appendices and amendments) or (ii) between the terms of the Contract and the original request for proposal, the program application or other Appendix that was completed and executed by the Contractor in connection with the Contract, the order of precedence is as follows:

E. Governing Law: This Contract shall be governed by the laws of the State of New York except where the Federal Supremacy Clause requires otherwise.

F. Funding: Funding for the entire Contract Period shall not exceed the funding amount specified as 'Funding Amount for the Initial Period' on the Face Page hereof or as subsequently revised to reflect an approved renewal or cost amendment. Funding for the initial and subsequent periods of the Contract shall not exceed the applicable amounts specified in the applicable Appendix B form (Budget).

For federally-funded grants, DHSES will conduct an evaluation to determine risks posted by Contractors in managing federal awards. Consistent with 2 CFR §200.331, the results of the evaluation may result in the imposition of special conditions to this Contract including but not limited to increased monitoring, suspension of reimbursements and cancellation of the Contract.

I. Modifications: To modify the Contract, the parties shall revise or complete the appropriate appendix form(s). Any change in the amount of consideration to be paid, change in scope, or change in the term, is subject to the approval of the NYS Office of the State Comptroller. Any other modifications shall be processed in accordance with DHSES guidelines as stated in this Contract.

J. Severability: Any provision of the Contract that is held to be invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, shall be ineffective only to the extent of such invalidity, illegality or unenforceability, without affecting in any way the remaining provisions hereof; provided, however, that the parties to the Contract shall attempt in good faith to reform the Contract in a manner consistent with the intent of any such ineffective provision for the purpose of carrying out such intent. Notwithstanding the foregoing, such prior written consent of an assignment of a contract, let pursuant to Article XI of the State Finance Law, may be waived at the discretion of DHSES and with the concurrence of OSC, where the original contract was subject to OSC's approval, where the assignment is due
to a reorganization, merger, or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that the merged contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless the Contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

W. Non-Collusive Bidding: By submission of this bid, the Contractor and each person signing on behalf of the Contractor certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his or her knowledge and belief that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive binding certification on the Contractor's behalf.

2. Renewal Notice to Not-for-Profit Contractors:

a. Pursuant to State Finance Law §179-t, if the Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract no later than ninety (90) calendar days prior to the end of the term of the Contract, unless funding for the renewal is contingent upon enactment of an appropriation. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State ('Unusual Circumstances'), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, 'Unusual Circumstances' shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

b. Notification to the not-for-profit Contractor of the State's intent not to renew the Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. If the State does not provide notice to the not-for-profit Contractor of its intent not to renew the Contract as required in this Section and State Finance Law §179-t, the Contract shall be deemed continued until the date the State provides the necessary notice to the Contractor, in accordance with State Finance Law §179-t. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Contract.

Upon termination or reduction of the Contract, all remaining funds paid to the Contractor that are not subject to allowable costs.
already incurred by the Contractor shall be returned to DHSES. In any event, no liability shall be incurred by the State (including DHSES) beyond monies available for the purposes of the Contract. The Contractor acknowledges that any funds due to DHSES or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

For purposes of the Contract, ‘Force majeure’ shall include, but not be limited to, natural disasters, war, rebellion, insurrection, riot, strikes, lockout and any unforeseen circumstances and acts beyond the control of the State which render the performance of its obligations impossible.

2. Notice of Termination:

b. The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Contract for the purposes set forth herein, the State, at its option, may require:

a. the repayment to the State of any monies previously paid to the Contractor; or

b. the return of any real property or equipment purchased under the terms of the Contract; or

Nothing herein shall be intended to limit the State's ability to pursue such other legal or equitable remedies as may be available.

D. Suspension: The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Contract.

1. In full consideration of contract services to be performed, DHSES agrees to pay the Contractor and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC's procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. recovered, then subsequent claims may be reduced until the advance is fully recovered.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under
the Contract in accordance with this Section and the applicable claiming schedule in Appendix C (Payment and
Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for

(Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to
certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii)
the funds provided herein do not replace funds that, in the absence of this grant, would have been made
available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a
Community Projects Fund appropriation.

form approved by the State, and at frequencies and in amounts stated in Appendix C (Payment and Reporting
Schedule). DHSES shall make milestone payments subject to the Contractor's satisfactory performance.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Contract is funded in whole or in part with federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

2. The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principle purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. The personal information is requested by the purchasing unit of DHSES contracting to purchase the goods or services or lease the real or personal property covered by the Contract. The recoupment generally begins with the first payment made to the Contractor following identification of the overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

G. Program and Fiscal Reporting Requirements:

1. The Contractor shall submit required periodic reports in accordance with the applicable schedule provided in Appendix C (Payment and Reporting Schedule). All required reports or other work products developed pursuant to the Contract must be completed as provided by the agreed upon work schedule in a manner satisfactory and acceptable to DHSES in order for the Contractor to be eligible for payment.

In addition, subcontracts shall contain any other provisions which are required to be included in subcontracts pursuant to the terms herein.

3. If requested by the State, prior to executing a subcontract, the Contractor agrees to require the subcontractor to provide to the State the information the State needs to determine whether a proposed subcontractor is a responsible vendor.

In such event, the Commissioner, or his or her designee, may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

3. A consultant is defined as an individual or organization hired by the Contractor for the stated purpose of accomplishing a specific task relative to the funded project. All consultant services must be obtained in a manner that provides for fair and open competition. The Contractor shall retain copies of all solicitations seeking a consultant, written Contracts and documentation justifying the cost and selection of the consultant, and make them available to DHSES upon request. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of the consultant as if it were its own. Failure to follow these guidelines may result in a disallowance of costs.

7. Additionally, Contractor must adhere to the following guidelines at a minimum when making all procurements, including consultant services. Failure to follow these guidelines may result in a disallowance of costs.

a. A Contractor who proposes to purchase goods or services from a particular vendor without competitive bidding must obtain the prior written approval of DHSES. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. All procurements must be made in a fair and open manner and in accordance with the pre-determined methodology established for evaluating bids (e.g., lowest responsible bidder or best value).

d. A Contractor that is a State entity must make all procurements in accordance with State Finance Law Article 11 and any other applicable regulations.

e. A Contractor that is a local government must make all procurements in accordance with General Municipal Law Article 5-A, and any other applicable regulations.

i. If the Contractor is eligible to purchase an item or service from a government contract or is able to purchase such item or service elsewhere at a lower than or equal price, then such purchase may be made immediately.

ii. A Contractor may purchase any single piece of equipment, single service or multiples of each that cost up to $999 at its discretion.

This access for other agencies must be permitted to support operational and interoperable goals, and without restriction as to specific manufacturers' subscriber equipment. All reasonably compatible subscriber equipment must be permitted to be operated on your system by outside agencies, thus allowing coordinated efforts between local and state public safety/public service agencies and maximizing resources and capabilities.

h. DHSES reserves the right to suspend program funds if the Contractor is found to be in noncompliance with the provisions of this Contract or other grant Contracts between the Contractor and DHSES or, if the Contractor or principals of the Contractor are under investigation by a New York State or local law enforcement agency for noncompliance with State or federal laws or regulatory provisions or, if in DHSES' judgment, the services provided by the Contractor under the Contract are unsatisfactory or untimely.

i. DHSES shall provide the Contractor with written notice of noncompliance.

ii. Upon the Contractor's failure to correct or comply with the written notice by DHSES, DHSES reserves the right to terminate this Contract, recoup funds and recover any assets purchased with the proceeds of this Contract.

i. DHSES reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon appropriate notification to the Contractor, or upon reasonable assurance that the Contractor is not in compliance with these terms.

j. As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of 'persons' who are engaged in 'investment activities in Iran' (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

i. By entering into this Contract, Contractor (or any assignee) certifies in accordance with State Finance Law §165-a that it is not on the 'Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012' ('Prohibited Entities List') posted at:
ii. Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

iii. During the term of the Contract, should DHSES receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

iv. DHSES reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

V. FEDERALLY FUNDED GRANT REQUIREMENTS

B. Requirement for System of Award Management: Unless you are exempted from this requirement under 2 CFR 25.110, you as the subrecipient must maintain the currency of your information in the System of Award Management (SAM) until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Pursuant to section 2 CFR §200.210(a)(2), Contractors must maintain a current unique entity identifier prior to and during the life of the Contract.

C. In accordance with 2 CFR §§200.112 and 200.113, Contractor understands and agrees that it must: (1) disclose in writing any potential conflict of interest to DHSES; and (2) disclose, in a timely manner, in writing to DHSES all violations of federal and state criminal law involving fraud, bribery, or gratuity violations potentially affecting the grant award. Failure to make required disclosures can result in any remedy available to DHSES for Contractor's noncompliance, including suspension or debarment.

D. The Contractor must ensure that, for all contracts entered into by the Contractor, the contract provisions required by 2 CFR §200.326 (and Appendix II to 2 CFR Part 200) are included in such contracts. The Contractor further agrees to impose and enforce this requirement for any Contractor subaward agreements.

E. Where advance payments are approved by DHSES, the Contractor agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B. The advanced funds must be placed in an interest-bearing account and are subject to the rules outlined in 2 CFR Part 200, (Uniform Administrative Requirements for Grants and Cooperative Contracts to State and Local Governments) which require Contractors to promptly remit back to the federal government, through New York State Division of Homeland Security and Emergency Services, any interest earned on these advanced funds. The Contractor may keep interest earned up to $500 per federal fiscal year for administrative expenses. This maximum limit is not per award; it is inclusive of all interest earned as the result of all federal grant program funds received per year. Interest must be reported on Fiscal Cost Reports and remitted to DHSES quarterly.

F. Audit Requirements. This Contract, and any sub-awards resulting from this Contract, may be subject to fiscal and program audits by DHSES, NYS Office of State Comptroller, pertinent federal agencies, and other designated entities to ascertain financial compliance with federal and/or State laws, regulations, and guidelines applicable to this Contract. The Contractor shall meet all audit requirements of the federal government and State of New York. Such audits may include review of the Contractor's accounting, financial, and reporting
practices to determine compliance with the Contract and reporting requirements; maintenance of accurate and reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable federal, State, and DHSES guidelines.

G. Equipment Markings. The Contractor further agrees that, when practicable, any equipment purchased with grant-funding shall be prominently marked as follows: 'Purchased with funds provided by the U.S. Department of Homeland Security.'

H. Administrative, Cost and Audit Requirements: The Contractor must comply with the most recent version of the Administrative Requirements, Cost Principles, and Audit requirements. Failure to do so may result in disallowance of costs upon audit. A list of regulations and guidance applicable to United States Department of Homeland Security (DHS) grants are listed below:

1. General Administrative Requirements:
   a. 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

2. Affirmative steps must include:
   a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
   b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
   c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
   d. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
   e. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
   f. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in subsections (2)(a) through (e) of this section.

J. Compliance with Laws, Regulations and Program Guidance. The Contractor shall ensure it is aware of and complies with all applicable laws, regulations and program guidance. It is the responsibility of the Contractor to become familiar with and comply with all terms and conditions associated with acceptance of funds.

K. Adequate Documentation: The Contractor must ensure full compliance with all cost documentation requirements, including specific personal service documentation, as applicable directly to the Contractor, subrecipient or collaborative agency/organization. The Contractor must maintain specific documentation as support for project related personal service expenditures as this Contract is supported by federal funds. Depending upon the nature or extent of personal service provided under this Contract, the Contractor shall maintain semiannual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with all applicable laws, regulations and program guidance. Failure to do so may result in disallowance of costs.

L. Single Audit Requirements: For audits of fiscal years beginning on or after December 26, 2014, recipients that expend $750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAO’s Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and the requirements of Subpart F of 2 C.F.R. Part 200, located at http://www.ecfr.gov/cgi-bin/text-idx?SID=63811dc3410c008e2f6e28c5dc9e09a&mc=true&node=sp2.1.200.1&rgn=div6.

For audits of fiscal years beginning prior to December 26, 2014, recipients that expend $500,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with GAO’s Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, located at https://www.whitehouse.gov/sites/default/files/omb/assets/a133/a133_revised_2007.pdf.

The final report for such audit must be completed within nine months of the end of the Contractor’s fiscal year. The Contractor must provide one copy of such audit report to DHSES within nine (9) months of the end of its fiscal year, or communicate in writing to DHSES that Contractor is exempt from such requirement.

M. Program Income: Program income earned by the Contractor during the grant funding Period must be reported in writing to DHSES, in addition to any other statutory reporting requirements. Program income consists of income earned by the grant recipient that is directly generated by a supported activity or earned as a result of the grant program. Program income includes, but is not limited to, income from fees for services performed, the use of rental or real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights and interest on loans made with federal award funds. For example, if the purpose of a grant is to conduct conferences, any training fees that are generated would be considered program income. Interest earned on grant funds is not considered program income unless specified in Appendix D. The Contractor agrees to report the receipt and expenditures of grant program income to DHSES. Program income (not to include interest earned), generated by the use of these grant funds will be used to enhance the grant project.

N. Intellectual Property: Any creative or literary work developed or commissioned by the Contractor with grant support provided by DHSES shall become the property of DHSES, entitling DHSES to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

1. If DHSES shares its right to copyright such work with the Contractor, DHSES reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with grant support.

2. If the grant support provided by DHSES is federally-sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with such grant support.

3. The Contractor shall submit one copy of all reports and publications resulting from this Contract to DHSES within thirty (30) calendar days of completion. Any document generated pursuant to this grant must contain the following language:

'This project was supported by a grant administered by the New York State Division of Homeland Security and Emergency Services and the U.S. Department of Homeland Security. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the New York State Division of Homeland Security and Emergency Services or the U.S. Department of Homeland Security.'

O. Accounting for Grant Expenditures:

1. Grant funds may be expended only for purposes and activities set forth in this Contract. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of...
grant expenditures. If the Contractor receives funding from two or more sources, all necessary steps must be taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.).

2. Contractor agrees that it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

3. None of the goals, objectives or tasks, as set forth in Appendix D, shall be sub-awarded to another organization without specific prior written approval by DHSES. Where the intention to make sub-awards is clearly indicated in the application, DHSES approval is deemed given, if these activities are funded, as proposed.

4. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.

5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

   • Activities to be performed;
   • Time schedule;
   • Project policies;
   • Other policies and procedures to be followed;
   • Dollar limitation of the Contract;
   • Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
   • Applicable federal and/or State cost principles to be used in determining allowable costs; and
   • Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programmatically consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continuing use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency's share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor's organization's activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated
renewal or new contract.

E. Law Enforcement Requirements

1. Subrecipients that are law enforcement agencies agree that such funding shall be utilized for prevention, preparedness, and response initiatives consistent with the New York State Homeland Security Strategy, and with Counter Terrorism Zone (CTZ) efforts at the State and local level. This will ensure that fiscal resources are used for seamless and effective counter terrorism planning, training, information sharing, investigation, equipment acquisition, and response functions.

2. Particular attention must be paid to equipment and technology acquisitions, and, where similar technology already exists in the State's law enforcement communities, subrecipients will ensure that interoperability between and among existing law enforcement systems, and the New York State Intelligence Center (NYSIC), is accomplished.

3. Subrecipients further agree to consult with the NYSIC to ensure agency participation and inclusion in New York State's Field Intelligence Officer (FIO) Program.

F. EHP Requirements

1. Subrecipients shall comply with all applicable federal, State, and local environmental and historic preservation (EHP) requirements and shall provide any information requested by FEMA to ensure compliance with applicable laws including: National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, and Executive Orders on Floodplains (11988), Wetlands (11990) and Environmental Justice (12898).

2. Failure of subrecipients to meet federal, State, and local EHP requirements and obtain applicable permits may jeopardize federal funding. Subrecipients shall not undertake any project having the potential to impact EHP resources without the prior approval of FEMA, including but not limited to communications towers, physical security enhancements, new construction, and modifications to buildings. Subrecipients must comply with all conditions placed on the project as the result of the EHP review.

3. Any change to the approved project scope of work will require reevaluation for compliance with these EHP requirements.

4. If ground disturbing activities occur during project implementation, subrecipients must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, such subrecipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office.

5. Any construction activities that have been initiated prior to the full environmental and historic preservation review could result in noncompliance finding. For your convenience, the screening form is available at: http://www.dhses.ny.gov/grants/eph.cfm.

G. Equipment Maintenance Requirements

1. Subrecipients must track grant funds used for maintenance contracts, warranties, repair or replacement costs and upgrades, and report such expenditures in fiscal and program reports.

H. New York State Emergency Management Certification and Training Program

1. Participation in and successful completion of the New York State Emergency Management Certification and
Training Program (EMC Training Program) is a mandatory requirement under this Contract and a condition of funding. The EMC Training Program will be made available to, and required for, DHSES specified county and city government officials in order to ensure a consistent emergency management preparedness and response strategy across the State. Attendee substitutions, except as expressly approved by DHSES, shall not be permitted or deemed to be in compliance with this requirement.

2. To fulfill the EMC Training Program requirement of the Contract and in order to be eligible for funding under this Contract, subrecipients must arrange for DHSES specified subrecipient employees to receive and acknowledge receipt of EMC Training no later than 180 days after execution of this Contract. Copies of the training certificates for each required participant must be submitted to DHSES upon execution of the Contract, or, in the event that training is scheduled, but not yet complete, the subrecipient will be required to submit a signed statement indicating the scheduled future dates of attendance, and no later than thirty (30) days after the training is complete, forward such training certificates to DHSES. Continued compliance with the EMC Training Program also requires an annual refresher training of one day per 365 day cycle from the date of initial training for previously trained individuals if such person remains employed by the subrecipient and fulfilling the same functions as he or she fulfilled during the initial training. Should a new employee be designated to serve in the DHSES specified positions, then he or she must come into compliance with the EMC Training Program requirements not later than 180 days after taking office.

3. Subrecipient must commit to active participation in a DHSES Annual Capabilities Assessment as a condition of funding. Active participation includes making reasonable staff, records, information, and time resources available to DHSES to perform the Annual Capabilities Assessment and meet the objectives and goals of the program. Subrecipients must be aware that the process of conducting a DHSES Annual Risk Assessment is an ongoing process and requires a continued commitment on the part of the subrecipient to ensure that it is effective.

4. All subrecipients funded through this program agree to provide DHSES, upon request at any time during the life of the grant contract, such cooperation and information deemed necessary by DHSES to ascertain: (1) the nature and extent of any threats or hazards that may pose a risk to the subrecipient; and (2) the status of any corresponding subrecipient plans, capabilities, or other resources for preventing, protecting against, mitigating, responding to, and recovering from such threats or hazards.

5. Additionally, pursuant to Article 26 of the NYS Executive law, DHSES is authorized to undertake periodic drills and simulations designed to assess and prepare responses to terrorist acts or threats and other natural and man made disasters. Funded subrecipients agree to attend and participate in any DHSES sponsored conferences, training, workshops or meetings (excluding those identified by DHSES as voluntary) that may be conducted, by and at the request of DHSES, during the life of the grant contract.

6. Failure to comply with any of the requirements, as listed above, may result in sanctions up to and including the immediate suspension and/or revocation of the grant award.

II. ADDITIONAL REQUIREMENTS FOR TARGETED GRANT PROGRAMS:
A. Explosive Detection Canine Team Grant Program
1. Grantees are required to follow New York State Division of Criminal Justice Services (DCJS) or New York State Police (NYS) guidelines for maintenance training in order to meet the annual recertification requirements for canines purchased with these grant funds.
2. This requirement includes attending training in which a DCJS certified canine explosives trainer is present and completes the proper documentation of such training for recertification, or attending NYSP regional explosives detection canine training as per their protocol.
3. Grantees must make these records available to DHSES, upon request, for review to ensure compliance with these conditions.
5. Grantees must register and participate in the Bureau of Alcohol, Tobacco, Firearms and Explosives' (ATF) Bomb Arson Tracking System (BATS).

The Honorable Steven Bellone  
Suffolk County Executive

P.O. Box 6100  
Hauppauge, NY 11788

Dear Mr. Bellone:

I am pleased to inform you that Suffolk County is tentatively awarded $1,200,000 under the FY2015 State Homeland Security Program (SHSP). Funding for this grant is provided by the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA). The New York State Division of Homeland Security and Emergency Services (DHSES) will administer this funding on behalf of FEMA. It is important to note that this award is contingent upon the State’s receipt of the official grant award from FEMA.

This funding is provided to your County to support regional preparedness efforts. Your SHSP projects must comply with Federal grant guidelines and they must support the 2014-2016 New York State Homeland Security Strategy, which is available online at http://www.dhses.ny.gov/planning/. Please refer to the enclosed FY2015 SHSP Program Guidance and Application worksheet for further details on this grant program. DHSES’s Grants Program Administration Office will work with your designated SHSP Points of Contact to provide additional administrative guidance, as needed.

Federal guidelines require that 25 percent ($300,000) of your total award be directed to law enforcement terrorism prevention activities. These activities should be consistent with the efforts of your local Counter Terrorism Zone (CTZ).

Based on the State’s risk profile and the results of the County Emergency Preparedness Assessment (CEPA) program, DHSES has identified the following priorities for the FY2015 SHSP:

- Advancement of regional partnerships to build capabilities in a coordinated and cost-effective way  
- Maturation of citizen preparedness efforts, building on the Governor’s Citizen Preparedness Program  
- Development of effective cyber security programs and policies  
- Enhancement of law enforcement information-sharing capabilities in coordination with the New York State Intelligence Center (NYSIC) and your local CTZ
- Continued coordination of Emergency Management planning efforts, focusing on identified gap areas in your jurisdiction
- Sustainment of effective programs and existing capabilities

In terms of the CEPA program, to date, over 30 counties across the State have worked collaboratively with DHSES to complete a CEPA. If your county has completed this process already, you should consider leveraging your CEPA report, in addition to the priorities outlined above, to inform your FY2015 SHSP application.

As you develop your application for funding, I ask that you carefully consider which projects you prioritize this year. DHS has dramatically increased the level of project detail required from grantees and it is becoming increasingly difficult to change projects during the grant period.

The performance period for the FY2015 grant will be 36 months from the official grant award date (projected period is September 1, 2015-August 31, 2018). Grant extensions beyond this date are highly unlikely. In order for DHSES to provide these critical funds to you as quickly as possible, your application must be submitted to DHSES no later than May 1, 2015.

Thank you for your continued support of New York State’s homeland security efforts. DHSES remains committed to providing you with outstanding support in the administration of your homeland security programs. If you have any questions, please contact me at (518) 242-5000 or my Director of Grants, Shelley Wahrlich, at (518) 402-2123.

WITNESSETH:

WHEREAS, the State has the authority to regulate and provide funding for the establishment and operation of program services, design or the execution and performance of construction projects, as applicable and desires to contract with skilled parties possessing the necessary resources to provide such services or work, as applicable; and

WHEREAS, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Contract;

NOW THEREFORE, in consideration of the promises, responsibilities, and covenants herein, the State and the Contractor agree as follows:

STANDARD TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS

A. Executory Clause: In accordance with Section 41 of the State Finance Law, the State shall have no liability under the Contract to the Contractor, or to anyone else, beyond funds appropriated and available for the Contract.

B. Required Approvals: In accordance with Section 112 of the State Finance Law (or, if the Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Contract exceeds $50,000 (or $85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. The Contractor shall indemnify and hold harmless the State and its officers and employees from claims, suits, actions, damages and cost of every nature arising out of the provision of services pursuant to the Contract.

P. Non-Assignment Clause: In accordance with Section 138 of the State Finance Law, the Contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet, or otherwise disposed of without the State's previous written consent, and attempts to do so shall be considered to be null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract, let pursuant to Article XI of the State Finance Law, may be waived at the discretion of DHSES and with the concurrence of OSC, where the original contract was subject to OSC's approval, where the assignment is due to a reorganization, merger, or consolidation of the Contractor's business entity or enterprise. The State retains
its right to approve an assignment and to require that the merged contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless the Contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

Q. Legal Action: No litigation or regulatory action shall be brought against the federal government, the State of New York, DHSES or against any county or other local government entity with the funds provided under the Contract. The term ‘regulatory action’ shall include commencing or threatening to commence a regulatory proceeding, or requesting any regulatory relief from any of the State of New York, the State Agency, or any county, or other local government entity.

R. No Arbitration: Disputes involving the Contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

S. Secular Purpose: Services performed pursuant to the Contract are secular in nature and shall be performed in a manner that does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular religious beliefs.

T. Partisan Political Activity and Lobbying: Funds provided pursuant to the Contract shall not be used for any partisan political activity, or for activities that attempt to influence legislation or election or defeat of any candidate for public office.

U. Reciprocity and Sanctions Provisions: The Contractor is hereby notified that if its principal place of business is located in a country, nation, province, state, or political subdivision that penalizes New York State vendors, and if the goods or services it offers shall be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that it be denied contracts which it would otherwise obtain.2

V. Reporting Fraud and Abuse: Contractor acknowledges that it has reviewed information on how to prevent, detect, and report fraud, waste and abuse of public funds, including information about the federal False Claims Act, the New York State False Claims Act and whistleblower protections.

W. Non-Collusive Bidding: By submission of this bid, the Contractor and each person signing on behalf of the Contractor certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his or her knowledge and belief that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive binding certification on the Contractor's behalf.

X. Federally Funded Grants: All of the specific federal requirements that are applicable to the Contract are identified in Section V (FEDERALLY FUNDED GRANT REQUIREMENTS) of this Appendix. To the extent that the Contract is funded in whole or part with federal funds, (i) the provisions of the Contract that conflict with federal rules, federal regulations, or federal program specific requirements shall not apply and (ii) the Contractor agrees to comply with all applicable federal rules, regulations and program specific requirements including, but not limited to, those provisions that are set forth in Section V (FEDERALLY FUNDED GRANT REQUIREMENTS) of this Appendix. To the extent that section V (FEDERALLY FUNDED GRANT REQUIREMENTS) conflict with any other provisions of the Contract, the federal requirements of Section V shall supersede all other provisions of the Contract where required.

Y. The Contractor must meet the program objectives summarized in the Program Work Plan and Special Conditions (Appendix D) to the satisfaction of DHSES in accordance with provisions of the Contract, relevant laws, regulations, administrative and fiscal guidelines and, where applicable, operating certificates for facilities or license for an activity or program.

II. TERM, TERMINATION AND SUSPENSION
A. Term: The term of the Contract shall be as specified on the Face Page, unless terminated sooner as provided herein.

B. Renewal:

1. General Renewal: The Contract may consist of successive periods on the same terms and conditions, as specified within the Contract (a 'Simplified Renewal Contract'). Each additional or superseding period shall be on the forms specified by the State and shall be incorporated in the Contract.

2. Renewal Notice to Not-for-Profit Contractors:

a. Pursuant to State Finance Law §179-t, if the Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract no later than ninety (90) calendar days prior to the end of the term of the Contract, unless funding for the renewal is contingent upon enactment of an appropriation. If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State ('Unusual Circumstances'), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, 'Unusual Circumstances' shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

b. Notification to the not-for-profit Contractor of the State's intent to not renew the Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. If the State does not provide notice to the not-for-profit Contractor of its intent not to renew the Contract as required in this Section and State Finance Law §179-4, the Contract shall be deemed continued until the date the State provides the necessary notice to the Contractor, in accordance with State Finance Law §179-t. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Contract.

C. Termination:

1. Grounds:

a. Mutual Consent: The Contract may be terminated at any time upon mutual written consent of the State and the Contractor.

b. Cause: The State may terminate the Contract immediately, upon written notice of termination to the Contractor, if the Contractor fails to comply with any of the terms and conditions of the Contract and/or with any laws, regulations, policies, or procedures that are applicable to the Contract.

c. Non-Responsibility: In accordance with the provisions of this Contract, the State may make a final determination that the Contractor is non-responsible (Determination of Non-Responsibility). In such event, the State may terminate the Contract at the Contractor's expense, complete the contractual requirements in any manner the State deems advisable and pursue available legal or equitable remedies for breach.

d. Convenience: The State may terminate the Contract in its sole discretion upon thirty (30) calendar days prior written notice.

e. Lack of Funds: If for any reason the State or the Federal government terminates or reduces its appropriation to the applicable State Agency entering into the Contract or fails to pay the full amount of the allocation for the operation of one or more programs funded under this Contract, the Contract may be terminated or reduced at DHSES's discretion, provided that no such reduction or termination shall apply to allowable costs already incurred by the Contractor where funds are available to DHSES for payment of such costs. Upon termination or reduction of the Contract, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to DHSES. In any event, no liability shall be incurred by the
State (including DHSES) beyond monies available for the purposes of the Contract. The Contractor acknowledges that any funds due to DHSES or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

f. Force Majeure: The State may terminate or suspend its performance under the Contract immediately upon the occurrence of a 'force majeure'. For purposes of the Contract, 'Force majeure' shall include, but not be limited to, natural disasters, war, rebellion, insurrection, riot, strikes, lockout and any unforeseen circumstances and acts beyond the control of the State which render the performance of its obligations impossible.

2. Notice of Termination:

a. Service of notice: Written notice of termination shall be sent by:

i. personal messenger service; or

ii. certified mail, return receipt requested and first class mail.

b. Effective date of termination: The effective date of the termination shall be the later of (i) the date indicated in the notice and (ii) the date the notice is received by the Contractor, and shall be established as follows:

i. if the notice is delivered by hand, the date of receipt shall be established by the receipt given to the Contractor or by affidavit of the individual making such hand delivery attesting to the date of delivery; or

ii. if the notice is delivered by registered or certified mail, by the receipt returned from the United States Postal Service, or if no receipt is returned, five (5) business days from the date of mailing of the first class letter, postage prepaid, in a depository under the care and control of the United States Postal Service.

3. Effect of Notice and Termination on State's Payment Obligations:

a. Upon receipt of notice of termination, the Contractor agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the State.

b. The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Contract for the purposes set forth herein, the State may, at its option, require:

a. the repayment to the State of any monies previously paid to the Contractor; or

b. the return of any real property or equipment purchased under the terms of the Contract; or

c. an appropriate combination of clauses (a) and (b) of Section II(C)(4) herein.

Nothing herein shall be intended to limit the State's ability to pursue such other legal or equitable remedies as may be available.

D. Suspension: The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Contract.
III. PAYMENT AND REPORTING

A. Terms and Conditions:

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC’s procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4332. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Contract if it does not comply with the State Comptroller’s electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

5. If travel expenses are an approved expenditure under this Contract, travel expenses shall be reimbursed at the lesser of the rates set forth in the written standard travel policy of the Contractor, the OSC guidelines, or United States General Services Administration rates. No out-of-state travel costs shall be permitted unless specifically detailed and pre-approved by the State.

6. Timeliness of advance payments or other claims for reimbursement, and any interest to be paid to Contractor for late payment, shall be governed by Article 11-A of the State Finance Law to the extent required by law.

7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, 'Full Execution' shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

1. Advance payments, which the State in its sole discretion may make to not-for-profit grant recipients, shall be made and recouped in accordance with State Finance Law Section 179(u), this Section and the provisions of Appendix C (Payment and Reporting Schedule).

2. Advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the first day of the Contract Term or, if renewed, in the period identified on the Face Page.

3. For subsequent contract years in multi-year contracts, Contractor will be notified of the scheduled advance payments for the upcoming contract year no later than 90 days prior to the commencement of the contract year. For simplified renewals, the payment schedule (Appendix C) will be modified as part of the renewal process.

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Appendix C (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at
the end of the Contract Term shall be refunded by the Contractor to the State.

5. If for any reason the amount of any claim is not sufficient to cover the proportionate advance amount to be recovered, then subsequent claims may be reduced until the advance is fully recovered.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Contract in accordance with this Section and the applicable claiming schedule in Appendix C (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Appendix B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

2. Consistent with the selected reimbursement claiming schedule in Appendix C (Payment and Reporting Schedule), the Contractor shall comply with the appropriate following provisions:

   a. Quarterly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Appendix D (Work Plan and Special Conditions). The Contractor shall submit to DHSES biannually voucher claims and supporting documentation. The Contractor shall submit vouchers to DHSES in accordance with the procedures set forth in Section III(A)(3) herein.

   d. Milestone/Performance Reimbursement: Requests for payment based upon an event or milestone may be either severable or cumulative. A severable event/milestone is independent of accomplishment of any other event. If the event is cumulative, the successful completion of an event or milestone is dependent on the previous completion of another event. Milestone payments shall be made to the Contractor when requested in a form approved by the State, and at frequencies and in amounts stated in Appendix C (Payment and Reporting Schedule). DHSES shall make milestone payments subject to the Contractor's satisfactory performance.

   e. Fee for Service Reimbursement: Payment shall be limited to only those fees specifically agreed upon in the Contract and shall be payable no more frequently than monthly upon submission of a voucher by the contractor.

   f. Rate Based Reimbursement: Payment shall be limited to rate(s) established in the Contract. Payment may be requested no more frequently than monthly.

   g. Scheduled Reimbursement: DHSES shall generate vouchers at the frequencies and amounts as set forth in Appendix C (Payment and Reporting Schedule).

   i. Fifth Quarter Payments: Fifth quarter payment shall be paid to the Contractor at the conclusion of the final scheduled payment period of the preceding contract period. DHSES shall use a written directive for fifth quarter
financing. DHSES shall generate a voucher in the fourth quarter of the current contract year to pay the scheduled payment for the next contract year.

3. The Contractor shall also submit supporting fiscal documentation for the expenses claimed.

4. The State reserves the right to withhold up to fifteen percent (15%) of the total amount of the Contract as security for the faithful completion of services or work, as applicable, under the Contract. This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Contract. In the event that such withheld funds are insufficient to satisfy Contractor's obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

5. The State shall not be liable for payments on the Contract if it is made pursuant to a Community Projects Fund appropriation if insufficient monies are available pursuant to Section 99-d of the State Finance Law.

6. All vouchers submitted by the Contractor pursuant to the Contract shall be submitted to DHSES no later than thirty (30) calendar days after the end date of the period for which reimbursement is claimed. In no event shall the amount received by the Contractor exceed the budget amount approved by DHSES, and, if actual expenditures by the Contractor are less than such sum, the amount payable by DHSES to the Contractor shall not exceed the amount of actual expenditures.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Contract is funded in whole or in part with federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

D. Identifying Information and Privacy Notification:

1. Every voucher or New York State Claim for Payment submitted to a State Agency by the Contractor, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property, must include the Contractor's Vendor Identification Number assigned by the Statewide Financial System, and any or all of the following identification numbers: (i) the Contractor's Federal employer identification number, (ii) the Contractor's Federal social security number, and/or (iii) DUNS number. Failure to include such identification number or numbers may delay payment by the State to the Contractor. Where the Contractor does not have such number or numbers, the Contractor, on its voucher or Claim for Payment, must provide the reason or reasons for why the Contractor does not have such number or numbers.

2. The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principle purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. The personal information is requested by the purchasing unit of DHSES contracting to purchase the goods or services or lease the real or personal property covered by the Contract. This information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York, 12236.

E. Refunds:

1. The Contractor must reference the contract number with its payment and include a brief explanation of why the refund is being made. Refund payments must be submitted to the Office address listed in Appendix C.

2. If at the end or termination of the Contract, there remains any unexpended balance of the monies advanced
under the Contract in the possession of the Contractor, the Contractor shall make payment within forty-five (45) calendar days of the end or termination of the Contract. In the event that the Contractor fails to refund such balance the State may pursue all available remedies.

F. Outstanding Amounts Owed to the State: Prior period overpayments (including, but not limited to, contract advances in excess of actual expenditures) and/or audit recoveries associated with the Contractor may be recouped against future payments made under this Contract to Contractor. The recoupment generally begins with the first payment made to the Contractor following identification of the overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

G. Program and Fiscal Reporting Requirements:

1. The Contractor shall submit required periodic reports in accordance with the applicable schedule provided in Appendix C (Payment and Reporting Schedule). All required reports or other work products developed pursuant to the Contract must be completed as provided by the agreed upon work schedule in a manner satisfactory and acceptable to DHSES in order for the Contractor to be eligible for payment.

2. Consistent with the selected reporting options in Appendix C (Payment and Reporting Schedule), the Contractor shall comply with the following applicable provisions:

i. Progress Report: The Contractor shall provide DHSES with a written progress report using the forms and formats as provided by DHSES, summarizing the work performed during the period. These reports shall detail the Contractor's progress toward attaining the specific goals enumerated in Appendix D (Work Plan and Special Conditions). Progress reports shall be submitted in a format prescribed in the Contract.

ii. Final Progress Report: Final scheduled payment is due during the time period set forth in Appendix C...
(Payment and Reporting Schedule). The deadline for submission of the final report shall be the date set forth in Appendix C (Payment and Reporting Schedule). DHSES shall complete its audit and notify the Contractor of the results no later than the date set forth in Appendix C (Payment and Reporting Schedule). Payment shall be adjusted by DHSES to reflect only those services/expenditures that were made in accordance with the Contract. The Contractor shall submit a detailed comprehensive final progress report not later than the date set forth in Appendix C (Payment and Reporting Schedule), summarizing the work performed during the entire Contract Term (i.e., a cumulative report), in the forms and formats required.

3. In addition to the periodic reports stated above, the Contractor may be required (a) to submit such other reports as are required in Table 1 of Appendix C (Payment and Reporting Schedule), and (b) prior to receipt of final payment under the Contract, to submit one or more final reports in accordance with the form, content, and schedule stated in Table 1 of Appendix C (Payment and Reporting Schedule).

H. Notification of Significant Occurrences:

1. If any specific event or conjunction of circumstances threatens the successful completion of this project, in whole or in part, including where relevant, timely completion of milestones or other program requirements, the Contractor agrees to submit to DHSES within three (3) calendar days of becoming aware of the occurrence or of such problem, a written description thereof together with a recommended solution thereto.

IV. ADDITIONAL CONTRACTOR OBLIGATIONS, REPRESENTATIONS AND WARRANTIES

A. Contractor as an Independent Contractor/Employees:

1. The State and the Contractor agree that the Contractor is an independent contractor and not an employee of the State and may neither hold itself out nor claim to be an officer, employee, or subdivision of the State nor make any claim, demand, or application to or for any right based upon any different status. The Contractor shall be solely responsible for the recruitment, hiring, provision of employment benefits, payment of salaries and management of its project personnel. These functions shall be carried out in accordance with the provisions of the Contract, and all applicable Federal and State laws and regulations.

2. The Contractor warrants that it, its staff, and any and all subcontractors have all the necessary licenses, approvals, and certifications currently required by the laws of any applicable local, state, or Federal government to perform the services or work, as applicable, pursuant to the Contract and/or any subcontract entered into under the Contract. The Contractor further agrees that such required licenses, approvals, and certificates shall be kept in full force and effect during the term of the Contract, or any extension thereof, and to secure any new licenses, approvals, or certificates within the required time frames and/or to require its staff and subcontractors to obtain the requisite licenses, approvals, or certificates. In the event the Contractor, its staff, and/or subcontractors are notified of a denial or revocation of any license, approval, or certification to perform the services or work, as applicable, under the Contract, Contractor shall immediately notify the State.

B. Subcontractors:

1. If the Contractor enters into subcontracts for the performance of work pursuant to the Contract, the Contractor shall take full responsibility for the acts and omissions of its subcontractors. Nothing in the subcontract shall impair the rights of the State under the Contract. No contractual relationship shall be deemed to exist between the subcontractor and the State.

2. If requested by the State, the Contractor agrees not to enter into any subcontracts, or revisions to subcontracts, that are in excess of $100,000 for the performance of the obligations contained herein until it has received the prior written permission of the State, which shall have the right to review and approve each and
every subcontract in excess of $100,000 prior to giving written permission to the Contractor to enter into the subcontract. All agreements between the Contractor and subcontractors shall be by written contract, signed by individuals authorized to bind the parties. All such subcontracts shall contain provisions for specifying (1) that the work performed by the subcontractor must be in accordance with the terms of the Contract, (2) that nothing contained in the subcontract shall impair the rights of the State under the Contract, and (3) that nothing contained in the subcontract, nor under the Contract, shall be deemed to create any contractual relationship between the subcontractor and the State. In addition, subcontracts shall contain any other provisions which are required to be included in subcontracts pursuant to the terms herein.

3. If requested by the State, prior to executing a subcontract, the Contractor agrees to require the subcontractor to provide to the State the information the State needs to determine whether a proposed subcontractor is a responsible vendor.

4. If requested by the State, when a subcontract equals or exceeds $100,000, the subcontractor must submit a Vendor Responsibility Questionnaire (Questionnaire).

5. If requested by the State, when a subcontract is executed, the Contractor must provide detailed subcontract information (a copy of subcontract will suffice) to the State within fifteen (15) calendar days after execution. The State may request from the Contractor copies of subcontracts between a subcontractor and its subcontractor.

6. The Contractor shall require any and all subcontractors to submit to the Contractor all financial claims for Services or work to DHSES, as applicable, rendered and required supporting documentation and reports as necessary to permit Contractor to meet claim deadlines and documentation requirements as established in Appendix C (Payment and Reporting Schedule) and Section III. Subcontractors shall be paid by the Contractor on a timely basis after submitting the required reports and vouchers for reimbursement of services or work, as applicable. Subcontractors shall be informed by the Contractor of the possibility of non-payment or rejection by the Contractor of claims that do not contain the required information, and/or are not received by the Contractor by said due date.

C. Use of Material, Equipment, or Personnel:

1. The Contractor shall not use materials, equipment, or personnel paid for under the Contract for any activity other than those provided for under the Contract, except with the State's prior written permission.

2. Any interest accrued on funds paid to the Contractor by the State shall be deemed to be the property of the State and shall either be credited to the State at the close-out of the Contract or, upon the written permission of the State, shall be expended on additional services or work, as applicable, provided for under the Contract.

D. Property:

1. Property is real property, equipment, or tangible personal property having a useful life of more than one year and an acquisition cost of $1,000 or more per unit.

   a. If an item of Property required by the Contractor is available as surplus to the State, the State at its sole discretion, may arrange to provide such Property to the Contractor in lieu of the purchase of such Property.

   b. If the State consents in writing, the Contractor may retain possession of Property owned by the State, as provided herein, after the termination of the Contract to use for similar purposes. Otherwise, the Contractor shall return such Property to the State at the Contractor's cost and expense upon the expiration of the Contract.

   c. In addition, the Contractor agrees to permit the State to inspect the Property and to monitor its use at reasonable intervals during the Contractor's regular business hours.

   d. The Contractor shall be responsible for maintaining and repairing Property purchased or procured under the Contract at its own cost and expense. S. Additional Terms

1. The Contractor agrees that if the project is not operational within 60 days of the execution date of the Contract, it will report by letter to DHSES the steps taken to initiate the project, the reasons for delay, and the expected starting date. If the project is not operational within 90 days of the execution date of the Contract, the Contractor will submit a second statement to DHSES explaining the delay. DHSES may either cancel the project and redistribute the funds or extend the implementation date of the project beyond the 90-day period when warranted by extenuating circumstances.

The Contractor agrees, if requested by the Commissioner of DHSES, or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability prior performance, and financial capacity.

a. The DHSES Commissioner, or his or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when DHSES discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of the notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of DHSES, or his or her designee, issues a written notice authorizing a resumption of performance under the Contract.

b. Upon written notice to the Contractor, and a reasonable opportunity to be heard with the appropriate DHSES officials or staff, the Contract may be terminated by the DHSES Commissioner, or his or her designee at the Contractor's expense where the Contractor is determined by the DHSES Commissioner, or his or her designee,
to be non-responsible. In such event, the Commissioner, or his or her designee, may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

3. DHSES shall make payments and any reconciliation in accordance with the Payment and Reporting Schedule (Appendix C). DHSES shall pay the Contractor for completed, approved projects, a sum not to exceed the amount noted on the Face Page hereof. The Contractor must not request payments or reimbursements that duplicate funding or reimbursement from any other source for Contractor costs and services pursuant to this Contract.

4. The Contractor shall submit detailed itemization forms or a form deemed acceptable to DHSES for personal service, fringe benefit and non-personal service expenditures with any voucher and fiscal cost report requesting reimbursement. Grant-related expenditures shall be reported on Fiscal Cost Reports approved by DHSES. Rates may be viewed online at: http://www.osc.state.ny.us/agencies/travel/travel.htm.

6. The Contractor's employment of a consultant must be supported by a written contract executed by the Contractor and the consultant. A consultant is defined as an individual or organization hired by the Contractor for the stated purpose of accomplishing a specific task relative to the funded project. All consultant services must be obtained in a manner that provides for fair and open competition. The Contractor shall retain copies of all solicitations seeking a consultant, written contracts and documentation justifying the cost and selection of the consultant, and make them available to DHSES upon request. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of the consultant as if it were its own. Failure to follow these guidelines may result in a disallowance of costs.

7. Additionally, Contractor must adhere to the following guidelines at a minimum when making all procurements, including consultant services. Failure to follow these guidelines may result in a disallowance of costs.

   a. A Contractor who proposes to purchase goods or services from a particular vendor without competitive bidding must obtain the prior written approval of DHSES. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. Further, such procurement must be in accordance with the guidelines, bulletins and regulations of the Office of the State Comptroller, State Procurement Council, and the U.S. Department of Homeland Security. A copy of DHSES' approval must also be submitted with the voucher for payment.

   b. The rate for consultant services, and cost of equipment or goods, shall be reasonable and consistent with the amount paid for similar services or goods and equipment in the marketplace. Time and effort reports are required for consultants.

   c. Written justification and documentation for all procurements must be maintained on file, and made available to DHSES upon request. All procurements must be made in a fair and open manner and in accordance with the pre-determined methodology established for evaluating bids (e.g., lowest responsible bidder or best value).

   d. A Contractor that is a State entity must make all procurements in accordance with State Finance Law Article 11 and any other applicable regulations.

   e. A Contractor that is a local government must make all procurements in accordance with General Municipal Law Article 5-A, and any other applicable regulations.

   f. A Contractor that is a not-for-profit and all other entities that do not meet the descriptions in Section III(S)(7) (d) or (e) herein must make all procurements as noted below:
i. If the Contractor is eligible to purchase an item or service from a government contract or is able to purchase such item or service elsewhere at a lower than or equal price, then such purchase may be made immediately.

ii. A Contractor may purchase any single piece of equipment, single service or multiples of each that cost up to $999 at its discretion.

iii. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between $1,000 and $4,999, a Contractor must secure at least three telephone quotes and create a record for audit of such quotes.

iv. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost of between $5,000 and $9,999, the Contractor must secure at least three written quotes on a vendor’s stationery and maintain a record of the competitive procurement process for audit purposes.

v. A Contractor spending in aggregate of $10,000 and above must use a competitive bidding process. Guidance may be obtained from DHSES. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

g. Acceptance of State support for interoperable and emergency communications projects, including funding through the Interoperable Emergency Communication Grant Program, requires that Contractors must use open-standard/vendor-neutral technologies to allow for other public safety/public service agencies (including State agencies and authorities) and jurisdictions in your region to operate on your radio system(s) when required, regardless of the total percentage of system funding from the State. This access for other agencies must be permitted to support operational and interoperable goals, and without restriction as to specific manufacturers’ subscriber equipment. All reasonably compatible subscriber equipment must be permitted to be operated on your system by outside agencies, thus allowing coordinated efforts between local and state public safety/public service agencies and maximizing resources and capabilities.

h. DHSES reserves the right to suspend program funds if the Contractor is found to be in noncompliance with the provisions of this Contract or other grant Contracts between the Contractor and DHSES or, if the Contractor or principals of the Contractor are under investigation by a New York State or local law enforcement agency for noncompliance with State or federal laws or regulatory provisions or, if in DHSES’ judgment, the services provided by the Contractor under the Contract are unsatisfactory or untimely.

i. DHSES shall provide the Contractor with written notice of noncompliance.

ii. Upon the Contractor’s failure to correct or comply with the written notice by DHSES, DHSES reserves the right to terminate this Contract, recoup funds and recover any assets purchased with the proceeds of this Contract.

iii. DHSES reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon appropriate notification to the Contractor, or upon reasonable assurance that the Contractor is not in compliance with these terms.

j. As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of ‘persons' who are engaged in 'investment activities in Iran' (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

i. By entering into this Contract, Contractor (or any assignee) certifies in accordance with State Finance Law §165-a that it is not on the 'Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012' ('Prohibited Entities List') posted at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf.
ii. Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

iii. During the term of the Contract, should DHSES receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

iv. DHSES reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

V. FEDERALLY FUNDED GRANT REQUIREMENTS

B. Requirement for System of Award Management: Unless you are exempted from this requirement under 2 CFR 25.110, you as the subrecipient must maintain the currency of your information in the System of Award Management (SAM) until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Pursuant to section 2 CFR §200.210(a)(2), Contractors must maintain a current unique entity identifier prior to and during the life of the Contract.

C. In accordance with 2 CFR §§200.112 and 200.113, Contractor understands and agrees that it must: (1) disclose in writing any potential conflict of interest to DHSES; and (2) disclose, in a timely manner, in writing to DHSES all violations of federal and state criminal law involving fraud, bribery, or gratuity violations potentially affecting the grant award. Failure to make required disclosures can result in any remedy available to DHSES for Contractor's noncompliance, including suspension or debarment.

D. The Contractor must ensure that, for all contracts entered into by the Contractor, the contract provisions required by 2 CFR §200.326 (and Appendix II to 2 CFR Part 200) are included in such contracts. The Contractor further agrees to impose and enforce this requirement for any Contractor subaward agreements.

E. Where advance payments are approved by DHSES, the Contractor agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B. The advanced funds must be placed in an interest-bearing account and are subject to the rules outlined in 2 CFR Part 200, (Uniform Administrative Requirements for Grants and Cooperative Contracts to State and Local Governments) which require Contractors to promptly remit back to the federal government, through New York State Division of Homeland Security and Emergency Services, any interest earned on these advanced funds. The Contractor may keep interest earned up to $500 per federal fiscal year for administrative expenses. This maximum limit is not per award; it is inclusive of all interest earned as the result of all federal grant program funds received per year. Interest must be reported on Fiscal Cost Reports and remitted to DHSES quarterly.

F. Audit Requirements. This Contract, and any sub-awards resulting from this Contract, may be subject to fiscal and program audits by DHSES, NYS Office of State Comptroller, pertinent federal agencies, and other designated entities to ascertain financial compliance with federal and/or State laws, regulations, and guidelines applicable to this Contract. The Contractor shall meet all audit requirements of the federal government and State of New York. Such audits may include review of the Contractor's accounting, financial, and reporting practices to determine compliance with the Contract and reporting requirements; maintenance of accurate and
reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable federal, State, and DHSES guidelines.

G. Equipment Markings. The Contractor further agrees that, when practicable, any equipment purchased with grant funding shall be prominently marked as follows: 'Purchased with funds provided by the U.S. Department of Homeland Security.'

H. Administrative, Cost and Audit Requirements: The Contractor must comply with the most recent version of the Administrative Requirements, Cost Principles, and Audit requirements. Failure to do so may result in disallowance of costs upon audit. A list of regulations and guidance applicable to United States Department of Homeland Security (DHS) grants are listed below:

1. General Administrative Requirements:

   a. 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

2. Cost Principles:

   a. 2 CFR Part 200, Subpart E

3. Audit Requirements:

   a. 2 CFR Part 200, Subpart F

I. Contracting with small and minority firms, women's business enterprise and labor surplus area firms.

1. Consistent with 2 CFR §200.321, the grantee and any subgrantees will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

2. Affirmative steps must include:

   a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
   b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
   c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
   d. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
   e. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
   f. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in subsections (2)(a) through (e) of this section.

J. Compliance with Laws, Regulations and Program Guidance. The Contractor shall ensure it is aware of and complies with all applicable laws, regulations and program guidance. It is the responsibility of the Contractor to become familiar with and comply with all terms and conditions associated with acceptance of funds.

K. Adequate Documentation: The Contractor must ensure full compliance with all cost documentation requirements, including specific personal service documentation, as applicable directly to the Contractor, sub-recipient or collaborative agency/organization. The Contractor must maintain specific documentation as support for project related personal service expenditures as this Contract is supported by federal funds. Depending upon the nature or extent of personal service provided under this Contract, the Contractor shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with all applicable laws, regulations and program guidance. Failure to do so may result in disallowance of costs.

L. Single Audit Requirements: For audits of fiscal years beginning on or after December 26, 2014, recipients
that expend $750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAO's Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and the requirements of Subpart F of 2 C.F.R. Part 200, located at http://www.ecfr.gov/cgi-bin/text-idx?SID=63811dc3410c008e2f8e28c325c2d09e&mc=true&node=sp2.1:200.5&rgn=div6.

For audits of fiscal years beginning prior to December 26, 2014, recipients that expend $500,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with GAO's Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, located at https://www.whitehouse.gov/sites/default/files/omb/assets/a133/a133_revised_2007.pdf.

The final report for such audit must be completed within nine months of the end of the Contractor's fiscal year. The Contractor must provide one copy of such audit report to DHSES within nine (9) months of the end of its fiscal year, or communicate in writing to DHSES that Contractor is exempt from such requirement.

M. Program Income: Program income earned by the Contractor during the grant funding Period must be reported in writing to DHSES, in addition to any other statutory reporting requirements. Program income consists of income earned by the grant recipient that is directly generated by a supported activity or earned as a result of the grant program. Program income includes, but is not limited to, income from fees for services performed, the use of rental or real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights and interest on loans made with federal award funds. For example, if the purpose of a grant is to conduct conferences, any training fees that are generated would be considered program income. Interest earned on grant funds is not considered program income unless specified in Appendix D. The Contractor agrees to report the receipt and expenditures of grant program income to DHSES. Program income (not to include interest earned), generated by the use of these grant funds will be used to enhance the grant project.

N. Intellectual Property: Any creative or literary work developed or commissioned by the Contractor with grant support provided by DHSES shall become the property of DHSES, entitling DHSES to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

1. If DHSES shares its right to copyright such work with the Contractor, DHSES reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with grant support.

2. If the grant support provided by DHSES is federally-sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with such grant support.

3. The Contractor shall submit one copy of all reports and publications resulting from this Contract to DHSES within thirty (30) calendar days of completion. Any document generated pursuant to this grant must contain the following language:

'This project was supported by a grant administered by the New York State Division of Homeland Security and Emergency Services and the U.S. Department of Homeland Security. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the New York State Division of Homeland Security and Emergency Services or the U.S. Department of Homeland Security.'

O. Accounting for Grant Expenditures:

1. Grant funds may be expended only for purposes and activities set forth in this Contract. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Contractor receives funding from two or more sources, all necessary steps must be
taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.).

2. Contractor agrees that it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

3. None of the goals, objectives or tasks, as set forth in Appendix D, shall be sub-awarded to another organization without specific prior written approval by DHSES. Where the intention to make sub-awards is clearly indicated in the application, DHSES approval is deemed given, if these activities are funded, as proposed.

4. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.

5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

- Activities to be performed;
- Time schedule;
- Project policies;
- Other policies and procedures to be followed;
- Dollar limitation of the Contract;
- Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
- Applicable federal and/or State cost principles to be used in determining allowable costs; and
- Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programmatically consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency’s share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor’s organization’s activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated renewal or new contract.

APPENDIX C
PAYMENT AND REPORTING SCHEDULE

For All Contractors:

I. PAYMENT PROVISIONS

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page hereof. All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at apunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller's electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:
• Signed Voucher and Fiscal Cost Report
• Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
• Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9). Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract period and submitted to DHSES upon request.

2. If at the end of this contract there remain any monies (advanced or interest earned over $500 on the advanced funds) associated with this contract in the possession of the Contractor, the Contractor shall submit a
check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

Special Conditions

1. ALL GRANT FUNDS:
Federal grant funds provided are a subaward of Homeland Security Grant Program (HSGP) funds awarded to
the New York State Division of Homeland Security and Emergency Services (DHSES) from the U.S.

A. Permissible Use of Funding

1. HSGP funds must be used in accordance with the guidelines set forth in the HSGP Notice of Funding
Opportunity, which can be located at http://www.fema.gov/preparedness-non-disaster-grants.

2. All expenditures under this grant must support the Goals and Objectives outlined in the 2014-2016 NYS
Homeland Security Strategy and approved investment justifications. New York State's Homeland Security
Strategy can be located on the DHSES website at http://www.dhses.ny.gov/planning/#strat.

3. Designated Urban Areas under the Urban Areas Security Initiative (UASI) must have a charter document on
file with the Federal Emergency Management Agency (FEMA) prior to drawing down UASI funding. The charter
must address critical issues such as membership, governance structure, voting rights, grant management and
administration responsibilities, and funding allocation methodologies.

B. Record Requirements

1. Subrecipients shall keep an agenda and meeting minutes on file for all meetings conducted regarding HSGP
funded activities.

2. Any documents produced as a result of these meetings such as plans, schedules, or procedures, will also be
kept on file and be made available to DHSES, upon request.

C. Equipment Purchases

1. Equipment purchased with grant funds must fall within the allowable equipment categories for HSGP as listed

2. Subrecipients are responsible to request a determination of eligibility from the U.S. Department of Homeland
Security (DHS), through DHSES, for any equipment item in question. Unless otherwise stated in the program
guidance, equipment must meet all mandatory regulatory and/or DHS adopted standards to be eligible for
purchase using HSGP funds.

3. The New York State Communication Interoperability Plan (SCIP), as well as DHS Grant Guidance for grant
funding, requires that all interoperable communications equipment must be on the Authorized Equipment List
(AEL) and that the use of APCO P 25 compliant equipment is a recommended technology to achieve
emergency interoperable communications.

D. Training & Exercise Related Activities

1. Any non DHS training course to be supported by this award must be submitted in advance to DHSES for
written approval.

2. All exercises conducted must be managed and executed in accordance with the Homeland Security Exercise
and Evaluation Program (HSEEP). An After Action Report/Improvement Plan (AAR/IP) must be prepared and
submitted to DHSES following every exercise, regardless of type or scope. AAR/IPs must conform to the
HSEEP format and must be submitted within 60 days of completion of the exercise.

3. Subrecipients are required to be NIMS compliant. DHSES requires that subrecipients contact their county point of contact to determine how the particular county requires reporting. Subrecipients are expected to provide DHSES upon request any data required for annual NIMS certification purposes.

E. Law Enforcement Requirements

1. Subrecipients that are law enforcement agencies agree that such funding shall be utilized for prevention, preparedness, and response initiatives consistent with the New York State Homeland Security Strategy, and with Counter Terrorism Zone (CTZ) efforts at the State and local level. This will ensure that fiscal resources are used for seamless and effective counter terrorism planning, training, information sharing, investigation, equipment acquisition, and response functions.

2. Particular attention must be paid to equipment and technology acquisitions, and, where similar technology already exists in the State's law enforcement communities, subrecipients will ensure that interoperability between and among existing law enforcement systems, and the New York State Intelligence Center (NYSIC), is accomplished.

3. Subrecipients further agree to consult with the NYSIC to ensure agency participation and inclusion in New York State's Field Intelligence Officer (FIO) Program.

F. EHP Requirements

1. Subrecipients shall comply with all applicable federal, State, and local environmental and historic preservation (EHP) requirements and shall provide any information requested by FEMA to ensure compliance with applicable laws including: National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, and Executive Orders on Floodplains (11988), Wetlands (11990) and Environmental Justice (12898).

2. Failure of subrecipients to meet federal, State, and local EHP requirements and obtain applicable permits may jeopardize federal funding. Subrecipients shall not undertake any project having the potential to impact EHP resources without the prior approval of FEMA, including but not limited to communications towers, physical security enhancements, new construction, and modifications to buildings. Subrecipients must comply with all conditions placed on the project as the result of the EHP review.

3. Any change to the approved project scope of work will require reevaluation for compliance with these EHP requirements.

4. If ground disturbing activities occur during project implementation, subrecipients must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, such subrecipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office.

5. Any construction activities that have been initiated prior to the full environmental and historic preservation review could result in non-compliance finding. For your convenience, the screening form is available at: http://www.dhses.ny.gov/grants/eph.cfm.

G. Equipment Maintenance Requirements

1. Subrecipients must track grant funds used for maintenance contracts, warranties, repair or replacement costs and upgrades, and report such expenditures in fiscal and program reports.

H. New York State Emergency Management Certification and Training Program

1. Participation in and successful completion of the New York State Emergency Management Certification and Training Program (EMC Training Program) is a mandatory requirement under this Contract and a condition of funding. The EMC Training Program will be made available to, and required for, DHSES specified county and
city government officials in order to ensure a consistent emergency management preparedness and response strategy across the State. Attendee substitutions, except as expressly approved by DHSES, shall not be permitted or deemed to be in compliance with this requirement.

2. To fulfill the EMC Training Program requirement of the Contract and in order to be eligible for funding under this Contract, subrecipients must arrange for DHSES specified subrecipient employees to receive and acknowledge receipt of EMC Training no later than 180 days after execution of this Contract. Copies of the training certificates for each required participant must be submitted to DHSES upon execution of the Contract, or, in the event that training is scheduled, but not yet complete, the subrecipient will be required to submit a signed statement indicating the scheduled future dates of attendance, and no later than thirty (30) days after the training is complete, forward such training certificates to DHSES. Continued compliance with the EMC Training Program also requires an annual refresher training of one day per 365 day cycle from the date of initial training for previously trained individuals if such person remains employed by the subrecipient and fulfilling the same functions as he or she fulfilled during the initial training. Should a new employee be designated to serve in the DHSES specified positions, then he or she must come into compliance with the EMC Training Program requirements not later than 180 days after taking office.

3. Subrecipient must commit to active participation in a DHSES Annual Capabilities Assessment as a condition of funding. Active participation includes making reasonable staff, records, information, and time resources available to DHSES to perform the Annual Capabilities Assessment and meet the objectives and goals of the program. Subrecipients must be aware that the process of conducting a DHSES Annual Risk Assessment is an ongoing process and requires a continued commitment on the part of the subrecipient to ensure that it is effective.

4. All subrecipients funded through this program agree to provide DHSES, upon request at any time during the life of the grant contract, such cooperation and information deemed necessary by DHSES to ascertain: (1) the nature and extent of any threats or hazards that may pose a risk to the subrecipient; and (2) the status of any corresponding subrecipient plans, capabilities, or other resources for preventing, protecting against, mitigating, responding to, and recovering from such threats or hazards.

5. Additionally, pursuant to Article 26 of the NYS Executive law, DHSES is authorized to undertake periodic drills and simulations designed to assess and prepare responses to terrorist acts or threats and other natural and man made disasters. Funded subrecipients agree to attend and participate in any DHSES sponsored conferences, training, workshops or meetings (excluding those identified by DHSES as voluntary) that may be conducted, by and at the request of DHSES, during the life of the grant contract.

6. Failure to comply with any of the requirements, as listed above, may result in sanctions up to and including the immediate suspension and/or revocation of the grant award.

The Honorable Steven Bellone  
Suffolk County Executive  
100 Veterans Memorial Highway  
P.O. Box 6100  
Hauppauge, NY  11788

Dear Mr. Bellone:

I am pleased to inform you that Suffolk County is tentatively awarded $1,200,000 under the FY2015 State Homeland Security Program (SHSP). Funding for this grant is provided by the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA). The New York State Division of Homeland Security and Emergency Services (DHSES) will administer this funding on behalf of FEMA. It is important to note that this award is contingent upon the State’s receipt of the official grant award from FEMA.

This funding is provided to your County to support regional preparedness efforts. Your SHSP projects must comply with Federal grant guidelines and they must support the 2014-2016 New York State Homeland Security Strategy, which is available online at http://www.dhses.ny.gov/planning/. Please refer to the enclosed FY2015 SHSP Program Guidance and Application worksheet for further details on this grant program. DHSES’s Grants Program Administration Office will work with your designated SHSP Points of Contact to provide additional administrative guidance, as needed.

Federal guidelines require that 25 percent ($300,000) of your total award be directed to law enforcement terrorism prevention activities. These activities should be consistent with the efforts of your local Counter Terrorism Zone (CTZ).

Based on the State’s risk profile and the results of the County Emergency Preparedness Assessment (CEPA) program, DHSES has identified the following priorities for the FY2015 SHSP:

- Advancement of regional partnerships to build capabilities in a coordinated and cost-effective way
- Maturation of citizen preparedness efforts, building on the Governor’s Citizen Preparedness Program
- Development of effective cyber security programs and policies
- Enhancement of law enforcement information-sharing capabilities in coordination with the New York State Intelligence Center (NYSIC) and your local CTZ
- Continued coordination of Emergency Management planning efforts, focusing on identified gap areas in your jurisdiction
- Sustainment of effective programs and existing capabilities

In terms of the CEPA program, to date, over 30 counties across the State have worked collaboratively with DHSES to complete a CEPA. If your county has completed this process already, you should consider leveraging your CEPA report, in addition to the priorities outlined above, to inform your FY2015 SHSP application.

As you develop your application for funding, I ask that you carefully consider which projects you prioritize this year. DHS has dramatically increased the level of project detail required from grantees and it is becoming increasingly difficult to change projects during the grant period.

The performance period for the FY2015 grant will be 36 months from the official grant award date (projected period is September 1, 2015-August 31, 2018). Grant extensions beyond this date are highly unlikely. In order for DHSES to provide these critical funds to you as quickly as possible, your application must be submitted to DHSES no later than May 1, 2015.

Thank you for your continued support of New York State’s homeland security efforts. DHSES remains committed to providing you with outstanding support in the administration of your homeland security programs. If you have any questions, please contact me at (518) 242-5000 or my Director of Grants, Shelley Wahrlich, at (518) 402-2123.

Sincerely,

John P. Melville
Commissioner

It will also allow FRES to complete regional construction that will aid in the on-going and reoccurring training of specialty teams. In addition, it will allow FRES to complete construction and site work geared toward the hardening of the Fire Rescue Primary Communication and Emergency Management Center. FRES will also continue to cover the cost of Tidal Gauge Monitors through a Joint Funding Agreement with the US Geological Survey (USCG). SCPD will purchase outboard engines and propellers, FLIR Thermal Imaging Units and high definition sonar imaging units for their vessels. Also, they will be able to fund video conferencing for their headquarters and precincts, SCBA bottles, ballistic eye protection and portable forensic laser latent evidence system. It will also allow SCPD to provide overtime for training/exercises/CIP. It will allow Health Services to sustain First Watch Biosurveillance Software, CarePoint Control Console, Mass Oxygen System, ISTAT, Zoll and MetiMan maintenance contracts. The Honorable Steven Bellone
Suffolk County Executive
100 Veterans Memorial Highway
P.O. Box 6100
Hauppauge, NY 11788

Dear Mr. Bellone:

I am pleased to inform you that Suffolk County is tentatively awarded $2,681,913 under the FY2015 Urban Areas Security Initiative (UASI), per the consensus agreement decided by the New York City Urban Area Working Group (UAWG). As per Federal guidelines, 25 percent ($670,478) of your award must be directed towards law enforcement terrorism prevention activities. These activities should be consistent with the efforts of your local Counter Terrorism Zone (CTZ). It is important to note that this award is contingent upon the State’s receipt of the official grant award from FEMA.

For all Homeland Security Grant Program (HSGP) funds, to include UASI funding, I have outlined the following State priorities these grant funds are intended to sustain or enhance: Sustainment and Advancement of Regional Partnerships; Maturation of Citizen Preparedness Efforts; Development of Cyber Security Programs; Enhancement of Law Enforcement Information-sharing Capabilities; Continued Coordination of Emergency Management Planning Efforts; and Sustainment of Effective Programs and Existing Capabilities. Given that your county has already completed the County Emergency Preparedness Assessment (CEPA) process in coordination with the NYS Division of Homeland Security and Emergency Services (DHSES), I strongly recommend that you consider leveraging your CEPA report as well to inform your FY2015 UASI priorities.

The performance period for this grant is expected to be from September 1, 2015 through August 31, 2018. My grants management staff will be preparing the contract for these funds which will be transmitted to you electronically via our E-Grants System. I ask that you expedite your local administrative process to be able to accept the funds and request that the contract is electronically signed in a timely manner.

DHSES remains committed to providing you with outstanding support in the administration of your homeland security programs. If you have any questions, please contact me at (518) 242-5000 or my Director of Grants, Shelley Wahrlich, at (518) 402-2123.

Thank you for your continued support of New York State’s homeland security efforts.

Sincerely,

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC's procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epuni@osc.state.ny.us, or by telephone at (518) 474-4032. No out-of-state travel costs shall be permitted unless specifically detailed and pre-approved by the State.

7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, 'Full Execution' shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Appendix C (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at

When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. A severable event/milestone is independent of accomplishment of any other event. If the event is cumulative, the successful completion of an event or milestone is dependent on the previous completion of another event. Milestone payments shall be made to the Contractor when requested in a form approved by the State, and at frequencies and in amounts stated in Appendix C (Payment and Reporting Schedule). DHSES shall make milestone payments subject to the Contractor's satisfactory performance.

e. Fee for Service Reimbursement: 4 Payment shall be limited to only those fees specifically agreed upon in the Contract and shall be payable no more frequently than monthly upon submission of a voucher by the contractor.

This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Contract. In the event that such withheld funds are insufficient to satisfy Contractor’s obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

6. All vouchers submitted by the Contractor pursuant to the Contract shall be submitted to DHSES no later than thirty (30) calendar days after the end date of the period for which reimbursement is claimed. In no event shall the amount received by the Contractor exceed the budget amount approved by DHSES, and, if actual expenditures by the Contractor are less than such sum, the amount payable by DHSES to the Contractor shall not exceed the amount of actual expenditures.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Contract is funded in whole or in part with federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

2. The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principle purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. The personal information is requested by the purchasing unit of DHSES contracting to purchase the goods or services or lease the real or personal property covered by the Contract. F. Outstanding Amounts Owed to the State: Prior period overpayments (including, but not limited to, contract advances in excess of actual expenditures) and/or audit recoveries associated with the Contractor may be recouped against future payments made under this Contract to Contractor. The recoupment generally begins with the first payment made to the Contractor following identification of the overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

G. Program and Fiscal Reporting Requirements:

ii. Upon the Contractor’s failure to correct or comply with the written notice by DHSES, DHSES reserves the right to terminate this Contract, recoup funds and recover any assets purchased with the proceeds of this Contract.

iii. DHSES reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon appropriate notification to the Contractor, or upon reasonable assurance that the Contractor is not in compliance with these terms.

j. As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of ‘persons’ who are engaged in ‘investment activities in Iran’ (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act’s effective date, at which time it will be posted on the OGS website.

i. By entering into this Contract, Contractor (or any assignee) certifies in accordance with State Finance Law §165-a that it is not on the ‘Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012’ (Prohibited Entities List) posted at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf.
ii. Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

iii. During the term of the Contract, should DHSES receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

iv. DHSES reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

V. FEDERALLY FUNDED GRANT REQUIREMENTS

B. Requirement for System of Award Management: Unless you are exempted from this requirement under 2 CFR 25.110, you as the subrecipient must maintain the currency of your information in the System of Award Management (SAM) until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Pursuant to section 2 CFR §200.210(a)(2), Contractors must maintain a current unique entity identifier prior to and during the life of the Contract.

C. In accordance with 2 CFR §§200.112 and 200.113, Contractor understands and agrees that it must: (1) disclose in writing any potential conflict of interest to DHSES; and (2) disclose, in a timely manner, in writing to DHSES all violations of federal and state criminal law involving fraud, bribery, or gratuity violations potentially affecting the grant award. Failure to make required disclosures can result in any remedy available to DHSES for Contractor's noncompliance, including suspension or debarment.

D. The Contractor must ensure that, for all contracts entered into by the Contractor, the contract provisions required by 2 CFR §200.326 (and Appendix II to 2 CFR Part 200) are included in such contracts. The Contractor further agrees to impose and enforce this requirement for any Contractor subaward agreements.

E. Where advance payments are approved by DHSES, the Contractor agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B. The advanced funds must be placed in an interest-bearing account and are subject to the rules outlined in 2 CFR Part 200, (Uniform Administrative Requirements for Grants and Cooperative Contracts to State and Local Governments) which require Contractors to promptly remit back to the federal government, through New York State Division of Homeland Security and Emergency Services, any interest earned on these advanced funds. The Contractor may keep interest earned up to $500 per federal fiscal year for administrative expenses. This maximum limit is not per award; it is inclusive of all interest earned as the result of all federal grant program funds received per year. Interest must be reported on Fiscal Cost Reports and remitted to DHSES quarterly.

F. Audit Requirements. This Contract, and any sub-awards resulting from this Contract, may be subject to fiscal and program audits by DHSES, NYS Office of State Comptroller, pertinent federal agencies, and other designated entities to ascertain financial compliance with federal and/or State laws, regulations, and guidelines applicable to this Contract. The Contractor shall meet all audit requirements of the federal government and State of New York. Such audits may include review of the Contractor's accounting, financial, and reporting practices to determine compliance with the Contract and reporting requirements; maintenance of accurate and
reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable federal, State, and DHSES guidelines.

G. Equipment Markings. The Contractor further agrees that, when practicable, any equipment purchased with grant funding shall be prominently marked as follows: ‘Purchased with funds provided by the U.S. Department of Homeland Security.’

H. Administrative, Cost and Audit Requirements: The Contractor must comply with the most recent version of the Administrative Requirements, Cost Principles, and Audit requirements. Failure to do so may result in disallowance of costs upon audit. A list of regulations and guidance applicable to United States Department of Homeland Security (DHS) grants are listed below:

1. General Administrative Requirements:
   a. 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

2. Cost Principles:
   a. 2 CFR Part 200, Subpart E

3. Audit Requirements:
   a. 2 CFR Part 200, Subpart F

I. Contracting with small and minority firms, women's business enterprise and labor surplus area firms.

1. Consistent with 2 CFR §200.321, the grantee and any subgrantees will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

2. Affirmative steps must include:
   a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
   b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
   c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
   d. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
   e. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
   f. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in subsections (2)(a) through (e) of this section.

J. Compliance with Laws, Regulations and Program Guidance. The Contractor shall ensure it is aware of and complies with all applicable laws, regulations and program guidance. It is the responsibility of the Contractor to become familiar with and comply with all terms and conditions associated with acceptance of funds.

K. Adequate Documentation: The Contractor must ensure full compliance with all cost documentation requirements, including specific personal service documentation, as applicable directly to the Contractor, sub-recipient or collaborative agency/organization. The Contractor must maintain specific documentation as support for project related personal service expenditures as this Contract is supported by federal funds. Depending upon the nature or extent of personal service provided under this Contract, the Contractor shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with all applicable laws, regulations and program guidance. Failure to do so may result in disallowance of costs.

L. Single Audit Requirements: For audits of fiscal years beginning on or after December 26, 2014, recipients
that expend $750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAO's Government Auditing Standards, located at http://www.gao.gov/govaudit/vbk01.htm, and the requirements of Subpart F of 2 C.F.R. Part 200, located at http://www.ecfr.gov/cgi-bin/text-idx?SID=53b11dc3410c008e2f8e28c325c0c09e&mc=true&node=sp2.1.200.&&rgn=div6.

For audits of fiscal years beginning prior to December 26, 2014, recipients that expend $500,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with GAO's Government Auditing Standards, located at http://www.gao.gov/govaudit/vbk01.htm, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, located at https://www.whitehouse.gov/sites/default/files/omb/assets/a133/a133_revised_2007.pdf.

The final report for such audit must be completed within nine months of the end of the Contractor's fiscal year. The Contractor must provide one copy of such audit report to DHSES within nine (9) months of the end of its fiscal year, or communicate in writing to DHSES that Contractor is exempt from such requirement.

M. Program Income: Program income earned by the Contractor during the grant funding Period must be reported in writing to DHSES, in addition to any other statutory reporting requirements. Program income consists of income earned by the grant recipient that is directly generated by a supported activity or earned as a result of the grant program. Program income includes, but is not limited to, income from fees for services performed, the use of rental or real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights and interest on loans made with federal award funds. For example, if the purpose of a grant is to conduct conferences, any training fees that are generated would be considered program income. Interest earned on grant funds is not considered program income unless specified in Appendix D. The Contractor agrees to report the receipt and expenditures of grant program income to DHSES. Program income (not including interest earned), generated by the use of these grant funds will be used to enhance the grant project.

N. Intellectual Property: Any creative or literary work developed or commissioned by the Contractor with grant support provided by DHSES shall become the property of DHSES, entitling DHSES to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

1. If DHSES shares its right to copyright such work with the Contractor, DHSES reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with grant support.

2. If the grant support provided by DHSES is federally-sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with such grant support.

3. The Contractor shall submit one copy of all reports and publications resulting from this Contract to DHSES within thirty (30) calendar days of completion. Any document generated pursuant to this grant must contain the following language:

'This project was supported by a grant administered by the New York State Division of Homeland Security and Emergency Services and the U.S. Department of Homeland Security. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the New York State Division of Homeland Security and Emergency Services or the U.S. Department of Homeland Security.'

O. Accounting for Grant Expenditures:

1. Grant funds may be expended only for purposes and activities set forth in this Contract. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Contractor receives funding from two or more sources, all necessary steps must be
taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.).

2. Contractor agrees that it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

3. None of the goals, objectives or tasks, as set forth in Appendix D, shall be sub-awarded to another organization without specific prior written approval by DHSES. Where the intention to make sub-awards is clearly indicated in the application, DHSES approval is deemed given, if these activities are funded, as proposed.

4. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.

5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

- Activities to be performed;
- Time schedule;
- Project policies;
- Other policies and procedures to be followed;
- Dollar limitation of the Contract;
- Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
- Applicable federal and/or State cost principles to be used in determining allowable costs; and
- Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programatically consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency's share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor's organization's activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated renewal or new contract.
Not applicable to not-for-profit entities
APPENDIX C

For All Contractors:

I. PAYMENT PROVISIONS

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page hereof. All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller's electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:
- Signed Voucher and Fiscal Cost Report
- Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
- Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9), Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract period and submitted to DHSES upon request.

check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

NYS Division of Homeland Security and Emergency Services
Federal Fiscal Unit
State Campus - Building 7A
1220 Washington Avenue
Albany, NY 12242

3. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the Contract Unit of DHSES. Payment of grant vouchers shall be made in accordance with the provisions of Article XI-A of the State Finance Law. Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

4. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

G. Equipment Maintenance Requirements

1. Subrecipients must track grant funds used for maintenance contracts, warranties, repair or replacement costs and upgrades, and report such expenditures in fiscal and program reports.

H. New York State Emergency Management Certification and Training Program

1. Participation in and successful completion of the New York State Emergency Management Certification and Training Program (EMC Training Program) is a mandatory requirement under this Contract and a condition of funding. The EMC Training Program will be made available to, and required for, DHSES specified county and
city government officials in order to ensure a consistent emergency management preparedness and response strategy across the State. Attendee substitutions, except as expressly approved by DHSES, shall not be permitted or deemed to be in compliance with this requirement.

2. To fulfill the EMC Training Program requirement of the Contract and in order to be eligible for funding under this Contract, subrecipients must arrange for DHSES specified subrecipient employees to receive and acknowledge receipt of EMC Training no later than 180 days after execution of this Contract. Copies of the training certificates for each required participant must be submitted to DHSES upon execution of the Contract, or, in the event that training is scheduled, but not yet complete, the subrecipient will be required to submit a signed statement indicating the scheduled future dates of attendance, and no later than thirty (30) days after the training is complete, forward such training certificates to DHSES. Continued compliance with the EMC Training Program also requires an annual refresher training of one day per 365 day cycle from the date of initial training for previously trained individuals if such person remains employed by the subrecipient and fulfilling the same functions as he or she fulfilled during the initial training. Should a new employee be designated to serve in the DHSES specified positions, then he or she must come into compliance with the EMC Training Program requirements not later than 180 days after taking office.

3. Subrecipient must commit to active participation in a DHSES Annual Capabilities Assessment as a condition of funding. Active participation includes making reasonable staff, records, information, and time resources available to DHSES to perform the Annual Capabilities Assessment and meet the objectives and goals of the program. Subrecipients must be aware that the process of conducting a DHSES Annual Risk Assessment is an ongoing process and requires a continued commitment on the part of the subrecipient to ensure that it is effective.

4. All subrecipients funded through this program agree to provide DHSES, upon request at any time during the life of the grant contract, such cooperation and information deemed necessary by DHSES to ascertain: (1) the nature and extent of any threats or hazards that may pose a risk to the subrecipient; and (2) the status of any corresponding subrecipient plans, capabilities, or other resources for preventing, protecting against, mitigating, responding to, and recovering from such threats or hazards.

5. Additionally, pursuant to Article 26 of the NYS Executive law, DHSES is authorized to undertake periodic drills and simulations designed to assess and prepare responses to terrorist acts or threats and other natural and man made disasters. Funded subrecipients agree to attend and participate in any DHSES sponsored conferences, training, workshops or meetings (excluding those identified by DHSES as voluntary) that may be conducted, by and at the request of DHSES, during the life of the grant contract.

6. Failure to comply with any of the requirements, as listed above, may result in sanctions up to and including the immediate suspension and/or revocation of the grant award.

MEMORANDUM OF SUPPORT
2014 HAZMAT GRANT

TITLE OF BILL: An act to accept and appropriate 100% Federal pass-through grant funds from the NYS Division of Homeland Security and Emergency Services in the amount of $102,000 for the 2015 HazMat Grant Program administered by the Suffolk County Department of Fire, Rescue & Emergency Services and to execute grant-related agreements.

PURPOSE OR GENERAL IDEA OF BILL: To provide funds to the Department of Fire, Rescue & Emergency Services to promote the development of regional partnerships among the State HazMat community; to build sustainable CBRNE Detection, Response, and Decontamination Capabilities; and to enhance the standing of the State’s HazMat teams within FEMA’s typing system.

SUMMARY OF SPECIFIC PROVISIONS: This legislation will allow Suffolk County FRES to work within the local, state and federal levels to develop a collaborative regional Type II level hazmat response for all of Suffolk County. It allows us to maintain robust partnerships for education, training and true capacity-building for our team. HazMat 2015 funds will be utilized to sustain our capabilities to detect, respond to, and decontaminate areas affected by CBRNE.

JUSTIFICATION: The acceptance of the HazMat 2015 grant funds is vital for the Suffolk County Department of Fire, Rescue & Emergency Services to protect our residents from Chemical, Biological, Radiological, Nuclear, and high-yield Explosives (CBRNE). Fostering collaboration between levels of government is critical to ensuring a most successful defense from and reaction to such crises. It is our intention, for example, to incorporate our current decontamination strike team, suit rescue teams and radiation surveillance capacity within the initial automatic response in comparison to past practice of awaiting local request. With the HazMat 2015 funds, we will purchase HazMat detection and mitigation equipment. Funds will also be used to maintain and calibrate HazMat equipment. We will continually work to refine our response efforts based on hazardous assessments and review of deficiencies of current procedure and/or equipment after planned exercises or spontaneous events.

DUE TO TIGHTER RESTRICTIONS BY THE US DEPT OF HOMELAND SECURITY ON THE STATES TO DISBURSE FUNDING, THE STATES ARE REQUIRED TO HAVE THE GRANT CONTRACTS FULLY EXECUTED WITHIN 45 DAYS OF ESTABLISHING THE CONTRACT. THEREFORE SUFFOLK COUNTY IS REQUIRED TO SIGN THE SHSP 2015 GRANT CONTRACT NO LATER THAN OCTOBER 9, 2015. THEREFORE, IT IS REQUESTED THIS RESOLUTION BE PROCESSED PURSUANT TO LOCAL LAW 40 REGULATIONS.

FISCAL IMPLICATIONS: None

WHEREAS, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Contract;

NOW THEREFORE, in consideration of the promises, responsibilities, and covenants herein, the State and the Contractor agree as follows:

STANDARD TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS

A. Executory Clause: In accordance with Section 41 of the State Finance Law, the State shall have no liability under the Contract to the Contractor, or to anyone else, beyond funds appropriated and available for the Contract.

B. Required Approvals: In accordance with Section 112 of the State Finance Law (or, if the Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Contract exceeds $50,000 (or $85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. Upon termination or reduction of the Contract, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to DHSES. In any event, no liability shall be incurred by the State (including DHSES) beyond monies available for the purposes of the Contract. The Contractor acknowledges that any funds due to DHSES or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Contract for the purposes set forth herein, the State may, at its option, require:
a. the repayment to the State of any monies previously paid to the Contractor; or

b. the return of any real property or equipment purchased under the terms of the Contract; or

In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor’s expenses during such suspension period. 1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC’s procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/pay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. 6. Timeliness of advance payments or other claims for reimbursement, and any interest to be paid to Contractor for late payment, shall be governed by Article 11-A of the State Finance Law to the extent required by law.

7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, ‘Full Execution’ shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest
to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

For simplified renewals, the payment schedule (Appendix C) will be modified as part of the renewal process.

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Appendix C (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at the end of the Contract Term shall be refunded by the Contractor to the State.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Contract in accordance with this Section and the applicable claiming schedule in Appendix C (Payment and Reporting Schedule).

When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

A severable event/milestone is independent of accomplishment of any other event; if the event is cumulative, the successful completion of an event or milestone is dependent on the previous completion of another event. Milestone payments shall be made to the Contractor when requested in a form approved by the State, and at frequencies and in amounts stated in Appendix C (Payment and Reporting Schedule). DHSES shall make milestone payments subject to the Contractor’s satisfactory performance.

e. Fee for Service Reimbursement: Payment shall be limited to only those fees specifically agreed upon in the Contract and shall be payable no more frequently than monthly upon submission of a voucher by the contractor.

3. The Contractor shall also submit supporting fiscal documentation for the expenses claimed.

4. The State reserves the right to withhold up to fifteen percent (15%) of the total amount of the Contract as security for the faithful completion of services or work, as applicable, under the Contract. This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Contract. In the event that such withheld funds are insufficient to satisfy Contractor’s obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

5. The State shall not be liable for payments on the Contract if it is made pursuant to a Community Projects Fund appropriation if insufficient monies are available pursuant to Section 99-d of the State Finance Law.

6. All vouchers submitted by the Contractor pursuant to the Contract shall be submitted to DHSES no later than thirty (30) calendar days after the end date of the period for which reimbursement is claimed. In no event shall the amount received by the Contractor exceed the budget amount approved by DHSES, and, if actual expenditures by the Contractor are less than such sum, the amount payable by DHSES to the Contractor shall not exceed the amount of actual expenditures.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Contract is funded in whole or in part with federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

the Contractor, on its voucher or Claim for Payment, must provide the reason or reasons for why the
Contractor does not have such number or numbers.

2. The authority to request the above personal information from a seller of goods or services or a lessor
of real or personal property, and the authority to maintain such information, is found in Section 5 of the
State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The
principle purpose for which the information is collected is to enable the State to identify individuals,
businesses and others who have been delinquent in filing tax returns or may have understated their tax
liabilities and to generally identify persons affected by the taxes administered by the Commissioner of
Taxation and Finance. The information will be used for tax administration purposes and for any other
purpose authorized by law. The personal information is requested by the purchasing unit of DHSES
contracting to purchase the goods or services or lease the real or personal property covered by the
Contract. This information is maintained in the Statewide Financial System by the Vendor Management

Contractor fails to refund such balance the State may pursue all available remedies.

F. Outstanding Amounts Owed to the State: Prior period overpayments (including, but not limited to,
contract advances in excess of actual expenditures) and/or audit recoveries associated with the
Contractor may be recouped against future payments made under this Contract to Contractor. The
recoupment generally begins with the first payment made to the Contractor following identification of the
overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries
against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

G. Program and Fiscal Reporting Requirements:

1. The Contractor shall submit required periodic reports in accordance with the applicable schedule
provided in Appendix C (Payment and Reporting Schedule). All required reports or other work products

When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Local Assistance MWBE Workforce Employment Utilization Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the contract.

e. Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

Upon the occurrence of such a material breach, DHSES shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

5. Waivers

If the DHSES, upon review of the Local Assistance MWBE Subcontractor/Supplier Utilization Proposal Plan, the Detailed Itemization Forms or the Local Assistance MWBE Workforce Employment Utilization Report determines that a Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the DHSES may issue a notice of deficiency to the Contractor. a. Where DHSES determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, such finding constitutes a breach of Contract and DHSES may withhold payment from the Contractor as liquidated damages and/or provide for other appropriate remedies.

b. Such liquidated damages shall be calculated as an amount equaling the difference between:

1) All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and

Upon issuance of the notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of DHSES, or his or her designee, issues a written notice authorizing a resumption of performance under the Contract.

b. Upon written notice to the Contractor, and a reasonable opportunity to be heard with the appropriate DHSES officials or staff, the Contract may be terminated by the DHSES Commissioner, or his or her designee at the Contractor’s expense where the Contractor is determined by the DHSES Commissioner, or his or her designee, to be non-responsible. In such event, the Commissioner, or his or her designee, may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

3. DHSES shall make payments and any reconciliation in accordance with the Payment and Reporting Schedule (Appendix C). 6. The Contractor’s employment of a consultant must be supported by a written Contract executed by the Contractor and the consultant. A consultant is defined as an individual or organization hired by the Contractor for the stated purpose of accomplishing a specific task relative to the funded project. All consultant services must be obtained in a manner that provides for fair and open competition. The Contractor shall retain copies of all solicitations seeking a consultant, written Contracts and documentation justifying the cost and selection of the consultant, and make them available to DHSES upon request. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of the consultant as if it were its own. Failure to follow these guidelines may result in a disallowance of costs.

7. Additionally, Contractor must adhere to the following guidelines at a minimum when making all procurements, including consultant services. Failure to follow these guidelines may result in a disallowance of costs.
a. A Contractor who proposes to purchase goods or services from a particular vendor without competitive bidding must obtain the prior written approval of DHSES. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. ii. A Contractor may purchase any single piece of equipment, single service or multiples of each that cost up to $999 at its discretion.

This access for other agencies must be permitted to support operational and interoperable goals, and without restriction as to specific manufacturers’ subscriber equipment. All reasonably compatible subscriber equipment must be permitted to be operated on your system by outside agencies, thus allowing coordinated efforts between local and state public safety/public service agencies and maximizing resources and capabilities.
h. DHSES reserves the right to suspend program funds if the Contractor is found to be in noncompliance with the provisions of this Contract or other grant Contracts between the Contractor and DHSES or, if the Contractor or principals of the Contractor are under investigation by a New York State or local law enforcement agency for noncompliance with State or federal laws or regulatory provisions or, if in DHSES' judgment, the services provided by the Contractor under the Contract are unsatisfactory or untimely.

i. DHSES shall provide the Contractor with written notice of noncompliance.

ii. Upon the Contractor's failure to correct or comply with the written notice by DHSES, DHSES reserves the right to terminate this Contract, recoup funds and recover any assets purchased with the proceeds of this Contract.

i. DHSES reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon appropriate notification to the Contractor, or upon reasonable assurance that the Contractor is not in compliance with these terms.

j. As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of 'persons' who are engaged in 'investment activities in Iran' (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

i. By entering into this Contract, Contractor (or any assignee) certifies in accordance with State Finance Law §165-a that it is not on the 'Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012' ('Prohibited Entities List') posted at: http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf.

ii. Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

iii. During the term of the Contract, should DHSES receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

iv. DHSES reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

V. FEDERALLY FUNDED GRANT REQUIREMENTS

B. Requirement for System of Award Management: Unless you are exempted from this requirement under 2 CFR 25.110, you as the subrecipient must maintain the currency of your information in the System of Award Management (SAM) until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Pursuant to section 2 CFR §200.210(a)(2), Contractors must
maintain a current unique entity identifier prior to and during the life of the Contract.

(1) disclose in writing any potential conflict of interest to DHSES; and (2) disclose, in a timely manner, in writing to DHSES all violations of federal and state criminal law involving fraud, bribery, or gratuity violations potentially affecting the grant award. Failure to make required disclosures can result in any remedy available to DHSES for Contractor’s noncompliance, including suspension or debarment.

D. The Contractor must ensure that, for all contracts entered into by the Contractor, the contract provisions required by 2 CFR §200.326 (and Appendix II to 2 CFR Part 200) are included in such contracts. The Contractor further agrees to impose and enforce this requirement for any Contractor subaward agreements.

E. Where advance payments are approved by DHSES, the Contractor agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B. The advanced funds must be placed in an interest-bearing account and are subject to the rules outlined in 2 CFR Part 200, (Uniform Administrative Requirements for Grants and Cooperative Contracts to State and Local Governments) which require Contractors to promptly remit back to the federal government, through New York State Division of Homeland Security and Emergency Services, any interest earned on these advanced funds. The Contractor may keep interest earned up to $500 per federal fiscal year for administrative expenses. This maximum limit is not per award; it is inclusive of all interest earned as the result of all federal grant program funds received per year. Interest must be reported on Fiscal Cost Reports and remitted to DHSES quarterly.

F. Audit Requirements. This Contract, and any sub-awards resulting from this Contract, may be subject to fiscal and program audits by DHSES, NYS Office of State Comptroller, pertinent federal agencies, and other designated entities to ascertain financial compliance with federal and/or State laws, regulations, and guidelines applicable to this Contract. The Contractor shall meet all audit requirements of the federal government and State of New York. Such audits may include review of the Contractor’s accounting, financial, and reporting practices to determine compliance with the Contract and reporting requirements; maintenance of accurate and reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable federal, State, and DHSES guidelines.

2. Affirmative steps must include:

a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

J. Compliance with Laws, Regulations and Program Guidance. The Contractor shall ensure it is aware of and complies with all applicable laws, regulations and program guidance. It is the responsibility of the Contractor to become familiar with and comply with all terms and conditions associated with acceptance of funds.

K. Adequate Documentation: The Contractor must ensure full compliance with all cost documentation requirements, including specific personal service documentation, as applicable directly to the Contractor, sub-recipient or collaborative agency/organization. The Contractor must maintain specific documentation as support for project related personal service expenditures as this Contract is supported by federal funds. Depending upon the nature or extent of personal service provided under this Contract, the Contractor shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with all applicable laws, regulations and program guidance. Failure to do so may result in disallowance of costs.

L. Single Audit Requirements: For audits of fiscal years beginning on or after December 26, 2014, recipients that expend $750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. For audits of fiscal years beginning prior to December 26, 2014, recipients that expend $500,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The final report for such audit must be completed within nine months of the end of the Contractor's fiscal year. The Contractor must provide one copy of such audit report to DHSES within nine (9) months of the end of its fiscal year, or communicate in writing to DHSES that Contractor is exempt from such requirement.

M. Program Income: Program income earned by the Contractor during the grant funding Period must be reported in writing to DHSES, in addition to any other statutory reporting requirements. Program income consists of income earned by the grant recipient that is directly generated by a supported activity or earned as a result of the grant program. Program income includes, but is not limited to, income from fees for services performed, the use of rental or real or personal property acquired under federally-
funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights and interest on loans made with federal award funds. For example, if the purpose of a grant is to conduct conferences, any training fees that are generated would be considered program income. Interest earned on grant funds is not considered program income unless specified in Appendix D. The Contractor agrees to report the receipt and expenditures of grant program income to DHSES. Program income (not to include interest earned); generated by the use of these grant funds will be used to enhance the grant project.

N. Intellectual Property: Any creative or literary work developed or commissioned by the Contractor with grant support provided by DHSES shall become the property of DHSES, entitling DHSES to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

1. If DHSES shares its right to copyright such work with the Contractor, DHSES reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with grant support.

2. If the grant support provided by DHSES is federally-sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with such grant support.

'This project was supported by a grant administered by the New York State Division of Homeland Security and Emergency Services and the U.S. Department of Homeland Security. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the New York State Division of Homeland Security and Emergency Services or the U.S. Department of Homeland Security.'

O. Accounting for Grant Expenditures:

1. Grant funds may be expended only for purposes and activities set forth in this Contract. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Contractor receives funding from two or more sources, all necessary steps must be taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.).

2. Contractor agrees that it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

3. None of the goals, objectives or tasks, as set forth in Appendix D, shall be sub-awarded to another organization without specific prior written approval by DHSES. Where the intention to make sub-awards is clearly indicated in the application, DHSES approval is deemed given, if these activities are funded, as proposed.

4. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.
5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

- Activities to be performed;
- Time schedule;
- Project policies;
- Other policies and procedures to be followed;
- Dollar limitation of the Contract;
- Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
- Applicable federal and/or State cost principles to be used in determining allowable costs; and
- Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programmatically consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.

3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

   a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

   b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency's share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall
accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor's organization's activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated renewal or new contract.

For All Contractors:

I. PAYMENT PROVISIONS

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page hereof. All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunix@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller's electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:

- Signed Voucher and Fiscal Cost Report
- Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
- Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that:
   a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9). Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract.
period and submitted to DHSES upon request.

2. If at the end of this contract there remain any monies (advanced or interest earned over $500 on the advanced funds) associated with this contract in the possession of the Contractor, the Contractor shall submit a check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

NYS Division of Homeland Security and Emergency Services
Federal Fiscal Unit
State Campus - Building 7A
1220 Washington Avenue
Albany, NY 12242

3. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the Contract Unit of DHSES. Payment of grant vouchers shall be made in accordance with
the provisions of Article XI-A of the State Finance Law. Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

4. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

NYS Division of Homeland Security and Emergency Services
Attention: Contracts Unit
State Office Building Campus – Bldg. 7A
1220 Washington Avenue, Suite 610
Albany, NY 12242

II. REPORTING PROVISIONS

A. Required Reports:

The Contractor will submit, on a quarterly basis, not later than 30 days after the end date for which reimbursement is being claimed, the report described in Section III, Paragraph G(2)(a)(iii) of the Appendix A-1 of the Contract.

Final Report

The Contractor will submit the final report as described in Section III, Paragraph G(2)(a)(iv) of Appendix A-1 of the Contract, no later than 30 days after the end of the contract period.

1. Fiscal cost reports must be submitted showing grant expenditures. They must also show the amount of interest earned to date on any advanced funds.

All submitted vouchers will reflect the Contractor's actual expenditures and will be accompanied by supporting detailed itemization forms or a form deemed acceptable to DHSES for personal service, fringe benefit and non-personal service expenditures or other documentation as required, and by a fiscal cost report for the reporting period. In the event that any expenditure for which the Contractor has been reimbursed by grant funds is subsequently disallowed, DHSES, in its sole discretion, may reduce
the voucher payment by the amount disallowed. If necessary, the Contractor may be required to submit a final budget reallocation.

DHSES reserves the right not to release subsequent grant awards pending Contractor compliance with this Agreement.

2. The Contractor will submit program progress reports and one final report to DHSES on a prescribed form provided by DHSES as well as any additional information or amended data as required.

Progress reports will be due within 30 days of the last day of each calendar quarter or on an alternate schedule as prescribed in Appendix D. Progress reports will be due within 30 days of the last day of the calendar quarter from the start date of the program and the final report will be due upon completion of the project or termination of this Agreement. Calendar quarters, for the purposes of making program progress reports, shall be as follows:

Federal grant funds provided are a subaward of Homeland Security Grant Program (HSGP) funds awarded to the New York State Division of Homeland Security and Emergency Services (DHSES) from the U.S. Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA).

A. Permissible Use of Funding

1. HSGP funds must be used in accordance with the guidelines set forth in the HSGP Notice of Funding Opportunity, which can be located at http://www.fema.gov/preparedness-non-disaster-grants.

3. Designated Urban Areas under the Urban Areas Security Initiative (UASI) must have a charter document on file with the Federal Emergency Management Agency (FEMA) prior to drawing down UASI funding. The charter must address critical issues such as membership, governance structure, voting rights, grant management and administration responsibilities, and funding allocation methodologies.

B. Record Requirements

1. Subrecipients shall keep an agenda and meeting minutes on file for all meetings conducted regarding HSGP funded activities.

2. Any documents produced as a result of these meetings such as plans, schedules, or procedures, will also be kept on file and be made available to DHSES, upon request.

C. Equipment Purchases

1. Equipment purchased with grant funds must fall within the allowable equipment categories for HSGP as listed on the Authorized Equipment List (AEL) (http://www.fema.gov/mediabase/documents/101566).

2. Subrecipients are responsible to request a determination of eligibility from the U.S. Department of Homeland Security (DHS), through DHSES, for any equipment item in question. Unless otherwise stated in the program guidance, equipment must meet all mandatory regulatory and/or DHS adopted standards to be eligible for purchase using HSGP funds.

3. The New York State Communication Interoperability Plan (SCIP), as well as DHS Grant Guidance for grant funding, requires that all interoperable communications equipment be on the Authorized Equipment List (AEL) and that the use of APCO P 25 compliant equipment is a recommended technology to achieve emergency interoperable communications.

D. Training & Exercise Related Activities

1. Any non-DHS training course to be supported by this award must be submitted in advance to DHSES for written approval.

2. All exercises conducted must be managed and executed in accordance with the Homeland Security

https://grants.security.state.ny.us/Project/ReportContractAward.jsp 9/29/2015
Exercise and Evaluation Program (HSEEP). An After Action Report/Improvement Plan (AAR/IP) must be prepared and submitted to DHSES following every exercise, regardless of type or scope. AAR/IPs must conform to the HSEEP format and must be submitted within 60 days of completion of the exercise.

3. Subrecipients are required to be NIMS compliant. DHSES requires that subrecipients contact their county point-of-contact to determine how the particular county requires reporting. Subrecipients are expected to provide DHSES upon request any data required for annual NIMS certification purposes.

E. Law Enforcement Requirements

1. Subrecipients that are law enforcement agencies agree that such funding shall be utilized for prevention, preparedness, and response initiatives consistent with the New York State Homeland Security Strategy, and with Counter Terrorism Zone (CTZ) efforts at the State and local level. This will ensure that fiscal resources are used for seamless and effective counter terrorism planning, training, information sharing, investigation, equipment acquisition, and response functions.

2. Particular attention must be paid to equipment and technology acquisitions, and, where similar technology already exists in the State's law enforcement communities, subrecipients will ensure that interoperability between and among existing law enforcement systems, and the New York State Intelligence Center (NYSIC), is accomplished.

3. Subrecipients further agree to consult with the NYSIC to ensure agency participation and inclusion in New York State's Field Intelligence Officer (FIO) Program.

F. EHP Requirements

1. Subrecipients shall comply with all applicable federal, State, and local environmental and historic preservation (EHP) requirements and shall provide any information requested by FEMA to ensure compliance with applicable laws including: National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, and Executive Orders on Floodplains (11988), Wetlands (11990) and Environmental Justice (12898).

2. Failure of subrecipients to meet federal, State, and local EHP requirements and obtain applicable permits may jeopardize federal funding. Subrecipients shall not undertake any project having the potential to impact EHP resources without the prior approval of FEMA, including but not limited to communications towers, physical security enhancements, new construction, and modifications to buildings. Subrecipients must comply with all conditions placed on the project as the result of the EHP review.

3. Any change to the approved project scope of work will require re-evaluation for compliance with these EHP requirements.

4. If ground disturbing activities occur during project implementation, subrecipients must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, such subrecipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office.

5. Any construction activities that have been initiated prior to the full environmental and historic preservation review could result in non-compliance finding. For your convenience, the screening form is available at: http://www.dhsses.ny.gov/grants/eph.cfm.

G. Equipment Maintenance Requirements

1. Subrecipients must track grant funds used for maintenance contracts, warranties, repair or replacement costs and upgrades, and report such expenditures in fiscal and program reports.

H. New York State Emergency Management Certification and Training Program
1. Participation in and successful completion of the New York State Emergency Management Certification and Training Program (EMC Training Program) is a mandatory requirement under this Contract and a condition of funding. The EMC Training Program will be made available to, and required for, DHSES specified county and city government officials in order to ensure a consistent emergency management preparedness and response strategy across the State. Attendee substitutions, except as expressly approved by DHSES, shall not be permitted or deemed to be in compliance with this requirement.

2. To fulfill the EMC Training Program requirement of the Contract and in order to be eligible for funding under this Contract, subrecipients must arrange for DHSES specified subrecipient employees to receive and acknowledge receipt of EMC Training no later than 180 days after execution of this Contract. Copies of the training certificates for each required participant must be submitted to DHSES upon execution of the Contract, or, in the event that training is scheduled, but not yet complete, the subrecipient will be required to submit a signed statement indicating the scheduled future dates of attendance, and no later than thirty (30) days after the training is complete, forward such training certificates to DHSES. Continued compliance with the EMC Training Program also requires an annual refresher training of one day per 365 day cycle from the date of initial training for previously trained individuals if such person remains employed by the subrecipient and fulfilling the same functions as he or she fulfilled during the initial training. Should a new employee be designated to serve in the DHSES specified positions, then he or she must come into compliance with the EMC Training Program requirements not later than 180 days after taking office.

3. Subrecipient must commit to active participation in a DHSES Annual Capabilities Assessment as a condition of funding. Active participation includes making reasonable staff, records, information, and time resources available to DHSES to perform the Annual Capabilities Assessment and meet the objectives and goals of the program. Subrecipients must be aware that the process of conducting a DHSES Annual Risk Assessment is an ongoing process and requires a continued commitment on the part of the subrecipient to ensure that it is effective.

4. All subrecipients funded through this program agree to provide DHSES, upon request at any time during the life of the grant contract, such cooperation and information deemed necessary by DHSES to ascertain: (1) the nature and extent of any threats or hazards that may pose a risk to the subrecipient; and (2) the status of any corresponding subrecipient plans, capabilities, or other resources for preventing, protecting against, mitigating, responding to, and recovering from such threats or hazards.

5. Additionally, pursuant to Article 26 of the NYS Executive law, DHSES is authorized to undertake periodic drills and simulations designed to assess and prepare responses to terrorist acts or threats and other natural and man made disasters. Funded subrecipients agree to attend and participate in any DHSES sponsored conferences, training, workshops or meetings (excluding those identified by DHSES as voluntary) that may be conducted, by and at the request of DHSES, during the life of the grant contract.

6. Failure to comply with any of the requirements, as listed above, may result in sanctions up to and including the immediate suspension and/or revocation of the grant award.

TITLE OF BILL: An act to accept 50% Federal pass-through grant funds from the NYS Division of Homeland Security and Emergency Services in the amount of $566,893 for the 2015 Local Emergency Management Performance Grant (LEMPG) Program administered by the Suffolk County Department of Fire, Rescue & Emergency Services and to execute grant-related agreements.

PURPOSE OR GENERAL IDEA OF BILL: The LEMPG FY2015 will provide funds to the Department of Fire, Rescue & Emergency Services to support existing personnel costs for planning, training and exercise needs associated with preparedness and prevention activities for all hazards.

SUMMARY OF SPECIFIC PROVISIONS: N/A

JUSTIFICATION: LEMPG funds will be allocated towards local emergency management personnel. This is an annual recurring grant that the Department of Fire, Rescue and Emergency Services has received for many years. As a result, county legislation accepting the funds has been initiated at the request of the County Executive’s Budget Office. The grant reimburses the county for a maximum of 50% of planning, training and exercise needs associated with preparedness and prevention activities for all hazards. The department chooses to use it towards existing personnel costs. The required local match is met with the remainder of the personnel costs.

DUE TO TIGHTER RESTRICTIONS BY THE US DEPT OF HOMELAND SECURITY ON THE STATES TO DISBURSE FUNDING, THE STATES ARE REQUIRED TO HAVE THE GRANT CONTRACTS FULLY EXECUTED WITHIN 45 DAYS OF ESTABLISHING THE CONTRACT. THEREFORE SUFFOLK COUNTY IS REQUIRED TO SIGN THE SHSP 2015 GRANT CONTRACT NO LATER THAN OCTOBER 9, 2015. THEREFORE, IT IS REQUESTED THIS RESOLUTION BE PROCESSED PURSUANT TO LOCAL LAW 40 REGULATIONS.

FISCAL IMPLICATIONS: There is a cost matching requirement for this grant that is met with existing salary costs.

APPENDIX A-1

The Contract is hereby made by and between the State of New York, acting by and through the New York State Division of Homeland Security and Emergency Services (DHSES or State Agency) and the public or private entity ('Contractor' or 'Subrecipient') identified on the face page hereof (Face Page).

WITNESSETH:

WHEREAS, the State has the authority to regulate and provide funding for the establishment and operation of program services, design or the execution and performance of construction projects, as applicable and desires to contract with skilled parties possessing the necessary resources to provide such services or work, as applicable; and

WHEREAS, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Contract;

NOW THEREFORE, in consideration of the promises, responsibilities, and covenants herein, the State and the Contractor agree as follows:

STANDARD TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS

A. Executory Clause: In accordance with Section 41 of the State Finance Law, the State shall have no liability under the Contract to the Contractor, or to anyone else, beyond funds appropriated and available for the Contract.

B. Required Approvals: In accordance with Section 112 of the State Finance Law (or, if the Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Contract exceeds $50,000 (or $85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. If, by the Contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the AG and OSC.

Budget Changes: An amendment that would result in a transfer of funds among program activities or budget categories that does not affect the amount, consideration, scope or other terms of such contract may be subject to the approval of the Offices of the State Comptroller and Attorney General where the amount of such modification is, as a portion of the total value of the contract, equal to or greater than ten percent for contracts of less than five million dollars, or five percent for contracts of more than five million dollars; and, in addition, such amendment may be subject to prior approval by the applicable State Agency as detailed in Appendix C (Payment and Reporting Schedule).
C. Contract Parts: This Contract incorporates the face pages attached, this Appendix and all of the marked Appendices identified on the face page hereof.

D. Order of Precedence: In the event of a conflict among (i) the terms of the Contract (including any and all Appendices and amendments) or (ii) between the terms of the Contract and the original request for proposal, the program application or other Appendix that was completed and executed by the Contractor in connection with the Contract, the order of precedence is as follows:

1. Appendix A-1

2. Modifications to the Face Page

3. Modifications to Appendices B, C and D

4. The Face Page

5. Appendices B, C and D

6. Other attachments, including, but not limited to, the request for proposal or program application

E. Governing Law: This Contract shall be governed by the laws of the State of New York except where the Federal Supremacy Clause requires otherwise.

F. Funding: Funding for the entire Contract Period shall not exceed the funding amount specified as 'Funding Amount for the Initial Period' on the Face Page hereof or as subsequently revised to reflect an approved renewal or cost amendment. Funding for the initial and subsequent periods of the Contract shall not exceed the applicable amounts specified in the applicable Appendix B form (Budget).

I. Modifications: To modify the Contract, the parties shall revise or complete the appropriate appendix form(s). Any change in the amount of consideration to be paid, change in scope, or change in the term, is subject to the approval of the NYS Office of the State Comptroller. Any other modifications shall be processed in accordance with DHSES guidelines as stated in this Contract.

J. Severability: Any provision of the Contract that is held to be invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, shall be ineffective only to the extent of such invalidity, illegality or unenforceability, without affecting in any way the remaining provisions hereof; provided, however, that the parties to the Contract shall attempt in good faith to reform the Contract in a manner consistent with the intent of any such ineffective provision for the purpose of carrying out such intent. If any provision is held void, invalid or unenforceable with respect to particular circumstances, it shall nevertheless remain in full force and effect in all other circumstances.

K. Interpretation: The headings in the Contract are inserted for convenience and reference only and do not modify or restrict any of the provisions herein. All personal pronouns used herein shall be considered to be gender neutral. The Contract has been made under the laws of the State of New York, and the venue for resolving any disputes hereunder shall be in a court of competent jurisdiction of the State of New York.

5. The parties may, from time to time, specify any new or different e-mail address, facsimile number or address in the United States as their address for purpose of receiving notice under the Contract by giving fifteen (15) calendar days prior written notice to the other party sent in accordance herewith. The parties agree to mutually designate individuals as their respective representatives for the purposes of receiving notices under the Master Contract. Additional individuals may be designated in writing by the parties for purposes of implementation, administration, billing and resolving issues and/or disputes.

M. Service of Process: In addition to the methods of service allowed by the State Civil Practice Law & Rules (CPLR), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. The Contractor shall have thirty (30) calendar days after service hereunder is complete in which to respond.

N. Set-Off Rights: The State shall have all of its common law, equitable, and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold, for the purposes of set-off, any moneys due to the Contractor under the Contract up to any amounts due and owing to the State with regard to the Contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of the Contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies, or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of setoff pursuant to an audit, the finalization of such audit by DHSES, its representatives, or OSC.

O. Indemnification: The Contractor shall be solely responsible and answerable in damages for any and all accidents and/or injuries to persons (including death) or property arising out of or related to the services to be rendered by the Contractor or its subcontractors pursuant to this Contract. The Contractor shall indemnify and hold harmless the State and its officers and employees from claims, suits, actions, damages and cost of every nature arising out of the provision of services pursuant to the Contract.

P. Non-Assignment Clause: In accordance with Section 138 of the State Finance Law, the Contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet, or otherwise disposed of without the State's previous written consent, and attempts to do so shall be considered to be null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract, let pursuant to Article XI of the State Finance Law, may be waived at the discretion of DHSES and with the concurrence of OSC, where the original contract was subject to OSC's approval, where the assignment is due to a reorganization, merger, or consolidation of the Contractor's business entity or enterprise. The State retains
its right to approve an assignment and to require that the merged contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless the Contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

Q. Legal Action: No litigation or regulatory action shall be brought against the federal government, the State of New York, DHSES or against any county or other local government entity with the funds provided under the Contract. The term 'litigation' shall include commencing or threatening to commence a lawsuit, joining or threatening to join as a party to ongoing litigation, or requesting any relief from any of the federal government, the State of New York, DHSES or any county or other local government entity. The term 'regulatory action' shall include commencing or threatening to commence a regulatory proceeding, or requesting any regulatory relief from any of the State of New York, the State Agency, or any county, or other local government entity.

R. No Arbitration: Disputes involving the Contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

S. Secular Purpose: Services performed pursuant to the Contract are secular in nature and shall be performed in a manner that does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular religious beliefs.

T. Partisan Political Activity and Lobbying: Funds provided pursuant to the Contract shall not be used for any partisan political activity, or for activities that attempt to influence legislation or election or defeat of any candidate for public office.

U. Reciprocity and Sanctions Provisions: The Contractor is hereby notified that if its principal place of business is located in a country, nation, province, state, or political subdivision that penalizes New York State vendors, and if the goods or services it offers shall be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that it be denied contracts which it would otherwise obtain.²

V. Reporting Fraud and Abuse: Contractor acknowledges that it has reviewed information on how to prevent, detect, and report fraud, waste and abuse of public funds, including information about the federal False Claims Act, the New York State False Claims Act and whistleblower protections.

W. Non-Collusive Bidding: By submission of this bid, the Contractor and each person signing on behalf of the Contractor certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his or her knowledge and belief that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive binding certification on the Contractor's behalf.

X. Federally Funded Grants: All of the specific federal requirements that are applicable to the Contract are identified in Section V (FEDERALLY FUNDED GRANT REQUIREMENTS) of this Appendix. To the extent that the Contract is funded in whole or part with federal funds, (i) the provisions of the Contract that conflict with federal rules, federal regulations, or federal program specific requirements shall not apply and (ii) the Contractor agrees to comply with all applicable federal rules, regulations and program specific requirements including, but not limited to, those provisions that are set forth in Section V (FEDERALLY FUNDED GRANT REQUIREMENTS) of this Appendix. To the extent that section V (FEDERALLY FUNDED GRANT REQUIREMENTS) conflict with any other provisions of the Contract, the federal requirements of Section V shall supersede all other provisions of the Contract where required.

Y. The Contractor must meet the program objectives summarized in the Program Work Plan and Special Conditions (Appendix D) to the satisfaction of DHSES in accordance with provisions of the Contract, relevant laws, rules and regulations, administrative and fiscal guidelines and, where applicable, operating certificates for facilities or license for an activity or program.

II. TERM, TERMINATION AND SUSPENSION

https://grants.security.state.ny.us/Project/ReportContractAward.jsp 9/29/2015
A. Term: The term of the Contract shall be as specified on the Face Page, unless terminated sooner as provided herein.

B. Renewal:

1. General Renewal: The Contract may consist of successive periods on the same terms and conditions, as specified within the Contract (a 'Simplified Renewal Contract'). Each additional or superseding period shall be on the terms specified by the State and shall be incorporated in the Contract.

2. Renewal Notice to Not-for-Profit Contractors:

a. Pursuant to State Finance Law §179-t, if the Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract no later than ninety (90) calendar days prior to the end of the term of the Contract, unless funding for the renewal is contingent upon enactment of an appropriation. If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State's intent to renew or not to renew the Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State ('Unusual Circumstances'), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, 'Unusual Circumstances' shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

b. Notification to the not-for-profit Contractor of the State's intent to not renew the Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. If the State does not provide notice to the not-for-profit Contractor of its intent not to renew the Contract as required in this Section and State Finance Law §179-t, the Contract shall be deemed continued until the date the State provides the necessary notice to the Contractor, in accordance with State Finance Law §179-t. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Contract.

C. Termination:

1. Grounds:

a. Mutual Consent: The Contract may be terminated at any time upon mutual written consent of the State and the Contractor.

b. Cause: The State may terminate the Contract immediately, upon written notice of termination to the Contractor, if the Contractor fails to comply with any of the terms and conditions of the Contract and/or with any laws, rules, regulations, policies, or procedures that are applicable to the Contract.

c. Non-Responsibility: In accordance with the provisions of this Contract, the State may make a final determination that the Contractor is non-responsible (Determination of Non-Responsibility). In such event, the State may terminate the Contract at the Contractor's expense, complete the contractual requirements in any manner the State deems advisable and pursue available legal or equitable remedies for breach.

d. Convenience: The State may terminate the Contract in its sole discretion upon thirty (30) calendar days prior written notice.

e. Lack of Funds: If for any reason the State or the Federal government terminates or reduces its appropriation to the applicable State Agency entering into the Contract or fails to pay the full amount of the allocation for the operation of one or more programs funded under this Contract, the Contract may be terminated or reduced at DHSES's discretion, provided that no such reduction or termination shall apply to allowable costs already incurred by the Contractor where funds are available to DHSES for payment of such costs. Upon termination or reduction of the Contract, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to DHSES. In any event, no liability shall be incurred by the
State (including DHSES) beyond monies available for the purposes of the Contract. The Contractor acknowledges that any funds due to DHSES or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.

f. Force Majeure: The State may terminate or suspend its performance under the Contract immediately upon the occurrence of a 'force majeure'. For purposes of the Contract, 'force majeure' shall include, but not be limited to, natural disasters, war, rebellion, insurrection, riot, strikes, lockout and any unforeseen circumstances and acts beyond the control of the State which render the performance of its obligations impossible.

2. Notice of Termination:

a. Service of notice: Written notice of termination shall be sent by:

i. personal messenger service; or

ii. certified mail, return receipt requested and first class mail.

b. Effective date of termination: The effective date of the termination shall be the later of (i) the date indicated in the notice and (ii) the date the notice is received by the Contractor, and shall be established as follows:

i. if the notice is delivered by hand, the date of receipt shall be established by the receipt given to the Contractor or by affidavit of the individual making such hand delivery attesting to the date of delivery; or

ii. if the notice is delivered by registered or certified mail, by the receipt returned from the United States Postal Service, or if no receipt is returned, five (5) business days from the date of mailing of the first class letter, postage prepaid, in a depository under the care and control of the United States Postal Service.

3. Effect of Notice and Termination on State's Payment Obligations:

a. Upon receipt of notice of termination, the Contractor agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the State.

b. The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Contract for the purposes set forth herein, the State may, at its option, require:

a. the repayment to the State of any monies previously paid to the Contractor; or

b. the return of any real property or equipment purchased under the terms of the Contract; or

c. an appropriate combination of clauses (a) and (b) of Section II(C)(4) herein.

Nothing herein shall be intended to limit the State's ability to pursue other legal or equitable remedies as may be available.

D. Suspension: The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Contract.
III. PAYMENT AND REPORTING

A. Terms and Conditions:

1. In full consideration of contract services to be performed, DHSES agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.

2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Contract shall not be reimbursed.

3. The Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Appendix C (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.

4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of DHSES, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC’s procedures and practices to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Contract if it does not comply with the State Comptroller’s electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

5. If travel expenses are an approved expenditure under this Contract, travel expenses shall be reimbursed at the lesser of the rates set forth in the written standard travel policy of the Contractor, the OSC guidelines, or United States General Services Administration rates. No out-of-state travel costs shall be permitted unless specifically detailed and pre-approved by the State.

6. Timeliness of advance payments or other claims for reimbursement, and any interest to be paid to Contractor for late payment, shall be governed by Article 11-A of the State Finance Law to the extent required by law.

7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, ‘Full Execution’ shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

1. Advance payments, which the State in its sole discretion may make to not-for-profit grant recipients, shall be made and recouped in accordance with State Finance Law Section 179(u), this Section and the provisions of Appendix C (Payment and Reporting Schedule).

2. Advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the first day of the Contract Term or, if renewed, in the period identified on the Face Page.

3. For subsequent contract years in multi-year contracts, Contractor will be notified of the scheduled advance payments for the upcoming contract year no later than 90 days prior to the commencement of the contract year. For simplified renewals, the payment schedule (Appendix C) will be modified as part of the renewal process.

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Appendix C (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at
the end of the Contract Term shall be refunded by the Contractor to the State.

5. If for any reason the amount of any claim is not sufficient to cover the proportionate advance amount to be recovered, then subsequent claims may be reduced until the advance is fully recovered.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Contract in accordance with this Section and the applicable claiming schedule in Appendix C (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Appendix B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

2. Consistent with the selected reimbursement claiming schedule in Appendix C (Payment and Reporting Schedule), the Contractor shall comply with the appropriate following provisions:

a. Quarterly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Appendix D (Work Plan and Special Conditions). The Contractor shall submit to DHSES quarterly voucher claims and supporting documentation. The Contractor shall submit vouchers to DHSES in accordance with the procedures set forth in Section III(A)(3) herein.

b. Monthly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Appendix D (Work Plan and Special Conditions). The Contractor shall submit to DHSES monthly voucher claims and supporting documentation. The Contractor shall submit vouchers to DHSES in accordance with the procedures set forth in Section III(A)(3) herein.

   a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
   b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
   c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
   d. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
   e. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
   f. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in subsections (2)(a) through (e) of this section.

J. Compliance with Laws, Regulations and Program Guidance. The Contractor shall ensure it is aware of and complies with all applicable laws, regulations and program guidance. It is the responsibility of the Contractor to become familiar with and comply with all terms and conditions associated with acceptance of funds.

K. Adequate Documentation: The Contractor must ensure full compliance with all cost documentation requirements, including specific personal service documentation, as applicable directly to the Contractor, sub-recipient or collaborative agency/organization. The Contractor must maintain specific documentation as support for project related personal service expenditures as this Contract is supported by federal funds. Depending upon the nature or extent of personal service provided under this Contract, the Contractor shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with all applicable laws, regulations and program guidance. Failure to do so may result in disallowance of costs.

L. Single Audit Requirements: For audits of fiscal years beginning on or after December 26, 2014, recipients
that expend $750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAO's Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and the requirements of Subpart F of 2 C.F.R. Part 200, located at http://www.ecfr.gov/cgi-bin/text-idx?SID=63811dc3410c008e2f6e28c325c2c09e&mc=true&node=sp2.1.200.ftil&rgn=div6.

For audits of fiscal years beginning prior to December 26, 2014, recipients that expend $500,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with GAO's Government Auditing Standards, located at http://www.gao.gov/govaud/ybk01.htm, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, located at https://www.whitehouse.gov/sites/default/files/omb/assets/a133/a133_revised_2007.pdf.

The final report for such audit must be completed within nine months of the end of the Contractor's fiscal year. The Contractor must provide one copy of such audit report to DHSES within nine (9) months of the end of its fiscal year, or communicate in writing to DHSES that Contractor is exempt from such requirement.

M. Program Income: Program income earned by the Contractor during the grant funding Period must be reported in writing to DHSES, in addition to any other statutory reporting requirements. Program income consists of income earned by the grant recipient that is directly generated by a supported activity or earned as a result of the grant program. Program income includes, but is not limited to, income from fees for services performed, the use of rental or real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights and interest on loans made with federal award funds. For example, if the purpose of a grant is to conduct conferences, any training fees that are generated would be considered program income. Interest earned on grant funds is not considered program income unless specified in Appendix D. The Contractor agrees to report the receipt and expenditures of grant program income to DHSES. Program income (not to include interest earned), generated by the use of these grant funds will be used to enhance the grant project.

N. Intellectual Property: Any creative or literary work developed or commissioned by the Contractor with grant support provided by DHSES shall become the property of DHSES, entitling DHSES to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

1. If DHSES shares its right to copyright such work with the Contractor, DHSES reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with grant support.

2. If the grant support provided by DHSES is federally-sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, sub-grant or contract under a grant or sub-grant; and (b) any rights of copyright to which a Contractor, sub-Contractor, or a contractor purchases ownership with such grant support.

3. The Contractor shall submit one copy of all reports and publications resulting from this Contract to DHSES within thirty (30) calendar days of completion. Any document generated pursuant to this grant must contain the following language:

'This project was supported by a grant administered by the New York State Division of Homeland Security and Emergency Services and the U.S. Department of Homeland Security. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the New York State Division of Homeland Security and Emergency Services or the U.S. Department of Homeland Security.'

O. Accounting for Grant Expenditures:

1. Grant funds may be expended only for purposes and activities set forth in this Contract. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Contractor receives funding from two or more sources, all necessary steps must be

https://grants.security.state.ny.us/Project/ReportContractAward.jsp 9/29/2015
taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.).

2. Contractor agrees that it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

3. None of the goals, objectives or tasks, as set forth in Appendix D, shall be sub-awarded to another organization without specific prior written approval by DHSES. Where the intention to make sub-awards is clearly indicated in the application, DHSES approval is deemed given, if these activities are funded, as proposed.

4. If this Contract makes provisions for the Contractor to sub-grant funds to other recipients, the Contractor agrees that all sub-Contractors shall be held accountable by the Contractor for all terms and conditions set forth in this Contract in its entirety. The Contractor further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Contract and the Contractor must guarantee the work of any sub-Contractor as if it were its own.

5. The Contractor agrees that all sub-Contractor arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

- Activities to be performed;
- Time schedule;
- Project policies;
- Other policies and procedures to be followed;
- Dollar limitation of the Contract;
- Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Contract;
- Applicable federal and/or State cost principles to be used in determining allowable costs; and
- Property Records or Equipment Inventory Reports.

P. The Contractor will not be reimbursed for sub-granted funds unless all expenditures by a sub-Contractor are listed on detailed itemization forms or a form deemed acceptable to DHSES. Backup documentation for such expenditures must be made available to DHSES upon request. All expenditures must be programmatical consistent with the goals and objectives of this Contract and with the Budget set forth in Appendix B.

Q. Space rental provided by this Contract must be supported by a written lease, maintained on file and made available by the Contractor upon request.

R. Equipment and Property:

1. Any equipment, furniture or supplies or other property purchased pursuant to this Contract is deemed to be the property of the State, except as may otherwise be governed by federal or State laws, rules or regulations or stated in this Contract.

2. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A Contractor may use its own definition of equipment provided that such definition would at least include all equipment defined above. A copy of the property record(s) or equipment inventory report(s) with relevant purchasing and supporting documentation must be made available to DHSES upon request. Property records or equipment inventory reports must be maintained, by award, that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. The Contractor must document receipt of all applicable equipment purchased with grant funds. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
3. Upon completion of all contractual requirements by the Contractor, DHSES will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in connection with a public security program. When disposing of equipment purchased with homeland security grant funding, a State agency must dispose of equipment in accordance with State Laws and procedures. All other Contractors shall dispose of equipment as follows:

a. Items of equipment with a current per unit market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

b. Items of equipment with a current per unit fair market value of $5,000 or more may be retained or sold. If sold, the awarding agency shall have a right to an amount calculated by multiplying the proceeds from the sale by the awarding agency's share of the equipment. If retained, the current market value is to be used in the calculation. To remit payments, award recipients should contact DHSES at 1-866-837-9133 for guidance.

4. Upon completion of all contractual requirements by the Contractor under this Contract, DHSES shall accept a request for continued use and possession of the equipment purchased with grant funds providing the equipment continues to be used in accordance with the contracted activities and guidelines in this Contract.

5. The Contractor must conduct a physical inventory of property records at least once every two years to verify the existence, current utilization and continued need for the property. In the event the property is no longer required by the Contractor, this fact should be reported to DHSES as soon as possible and appropriate guidelines followed, as specified in this Appendix.

6. If Contractor disposes of any equipment purchased under this Contract during the active lifespan of said equipment, Contractor must reinvest any proceeds from the disposal into additional equipment items to continue Contractor's organization's activities subject to the guidelines of this Contract. If the Contractor does not reinvest proceeds to continue activities subject to this Contract, the percentage of the proceeds equal to the proportion of the original purchase price paid by funds for the Contract must be repaid to the State of New York.

ENDNOTES:

1 To the extent that Section V-Federally Funding Grant Requirements conflict with any other provisions of the Contract, the Federal requirements of Section V shall supersede all other provisions of the Contract.

2 As of October 9, 2012, the list of discriminatory jurisdictions subject to this provision includes the states of Alaska, Hawaii, Louisiana, South Carolina, West Virginia and Wyoming. Contact NYS Department of Economic Development for the most current list of jurisdictions subject to this provision.

3 A milestone/performance payment schedule identifies mutually agreed-to payment amounts based on meeting contract events or milestones. Events or milestones must represent integral and meaningful aspects of contract performance and should signify true progress in completing the Contract effort.

4 Fee for Service is a rate established by the Contractor for a service or services rendered.

5 Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

6 Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

7 Fifth Quarter Payments occur where there are scheduled payments and where there is an expectation that services will be continued through renewals or subsequent contracts. Fifth Quarter Payments allow for the continuation of scheduled payments to a Contractor for the first payment period quarter of an anticipated renewal or new contract.
8 Not applicable to not-for-profit entities

All payments shall be in accordance with the budget contained in the applicable Attachment B form (Budget), which is attached hereto.

A. Payment and Recoupment Language

1. Contractor shall provide complete and accurate vouchers to DHSES in order to receive payment. Vouchers submitted to DHSES must contain all information and supporting documentation required by the Agreement, DHSES and the State Comptroller. Payment for vouchers submitted by the Contractor shall only be rendered electronically, unless a paper check is expressly authorized by the Director of DHSES, at the Director’s sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with the ordinary State procedures and practices. The Contractor shall comply with the State Comptroller’s procedures to authorize electronic payments. Authorization forms are available at the State Comptroller’s website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us, or by telephone at (518) 474-4032. Contractor acknowledges that it will not receive payment on any vouchers submitted under this Agreement if it does not comply with the State Comptroller’s electronic payment procedures, except where the Director has expressly authorized payment by paper check as set forth above.

2. The Contractor agrees that this is a reimbursement-based contract; an advance may be provided as specified in Appendix D. All requests for reimbursement must reflect actual costs that have been disbursed by the Contractor. Items or services not received are not eligible for reimbursement.

Reimbursement requests need to include the following documents:
• Signed Voucher and Fiscal Cost Report
• Detailed Itemization Forms or other forms deemed acceptable by DHSES of any budgeted category for which reimbursement is requested
• Written documentation of all required DHSES approvals, as appropriate

3. Vouchers shall be submitted in a format acceptable to DHSES and the Office of the State Comptroller. Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. Such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program.

B. Interim and/or Final Claims for Reimbursement

1. Contractors must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Final vouchers, reimbursement requests and reports must be submitted within 30 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds. The Contractor must also refund all unexpended advances and interest earned over $500 on the advanced funds pursuant to 2 CFR Part 200, §200.305(b)(9). Property Records or Equipment Inventory Reports as defined in Appendix A-1, Section V, Paragraph R, must be available at the conclusion of the contract period and submitted to DHSES upon request.

2. If at the end of this contract there remain any monies (advanced or interest earned over $500 on the advanced funds) associated with this contract in the possession of the Contractor, the Contractor shall submit a
check or money order for that amount payable to the order of the New York State Division of Homeland Security and Emergency Services. Remit the check along with the final fiscal cost report within 30 days of termination of this grant contract to:

Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for interest payments. The Contractor must notify the Federal Fiscal Unit in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

4. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:
