RESOLUTION NO. -2014, ESTABLISHING COUNTY POLICY AGAINST SCHOOL-ZONE CAMERA PROGRAM

WHEREAS, the New York State Legislature enacted legislation earlier this year authorizing Nassau County and Suffolk County to establish “school-zone camera programs”; and

WHEREAS, pursuant to the State authorizing legislation, Suffolk County is authorized to install photo speed violation monitoring systems within one school speed zone per school district; and

WHEREAS, Nassau County initiated their school-zone speed camera program in September; and

WHEREAS, the rollout of the Nassau County program has served as a cautionary tale for Suffolk County; and

WHEREAS, Nassau County motorists have complained that they don’t know where school zones begin and end; that they don’t know how long they operate beyond regular school hours and they do not receive adequate notice to slow down before reaching a school zone; and

WHEREAS, numerous attempted fixes of the Nassau program have failed to stem public opposition to the program; and

WHEREAS, residents now perceive that the County governments are implementing school zone camera programs to fund general operations rather than to enhance the safety of students; and

WHEREAS, public support is necessary for the success of the school-zone camera program and it is now clear that there is little support for this type of program in Suffolk County; now, therefore be it

1st RESOLVED, that it is and shall be the public policy determination of this Legislature and the County of Suffolk that no school-zone camera program shall be implemented within the County of Suffolk; and be it further

2nd RESOLVED, that all actions and efforts of the departments and agencies of the County of Suffolk to progress and implement a school-zone camera program within the County of Suffolk shall be terminated immediately; and be it further

3rd RESOLVED, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on

To be completed by the Executive Budget Office
TITLE OF BILL: A Resolution amending the Classification and Salary Plan to add the Account Clerk Typist (Spanish Speaking) Title.

PURPOSE OR GENERAL IDEA OF BILL: To add the Account Clerk Typist (Spanish Speaking) title to the Classification and Salary Plan at the same grade (11) as the existing Account Clerk Typist title, so that a bi-lingual bookkeeper will be available to deal with Spanish-speaking vendors contracted by the Department of Labor, Licensing and Consumer Affairs as issues and questions arise pertaining to contracts and billing. Once the title becomes available, other departments may find it serves a need also. No positions are created via the Resolution because existing positions in the Account Clerk Typist title will be earmarked and reclassified as needs develop.

SUMMARY OF SPECIFIC PROVISIONS: This Resolution adds the Account Clerk typist (Spanish Speaking) title to the Classification and Salary Plan at Grade 11.

JUSTIFICATION: Labor, Licensing and Consumer Affairs contracts with vendors whose primary language is Spanish. At present it is difficult to respond to inquiries from these vendors and resolve problems because of communication barriers. Issues are associated with contracts and billing, and are within the purview of Account Clerk Typist duties, but the generic title does not include Spanish language fluency. Adding a Spanish speaking parenthetical title to the Classification and Salary Plan will serve to make available candidates who meet the present needs of the Department of Labor, Licensing and Consumer Affairs, and the needs of other departments that might find it advantageous to have a bi-lingual employee in the business office.

FISCAL IMPACT: There will be no fiscal impact because the new title will be at the same grade as the Account Clerk Typist title currently utilized in financial record-keeping units. No extra positions will be needed. In situations where Spanish fluency is advantageous, the parenthetical will be used instead of the generic title.

RE: New Title Request

A draft of a Resolution to add the new title of Account Clerk Typist (Spanish Speaking) to the Classification and Salary Plan is attached. The Department of Labor, Licensing and Consumer Affairs has submitted a Duties Statement that cites Account Clerk Typist responsibilities, but also requires an ability to converse in Spanish. No existing title would provide candidates who could meet that need. Creation of a Spanish Speaking parenthetic to the Account Clerk Typist title will meet a need and facilitate communication with the Department's Spanish-speaking vendors. There is a potential for use in other departments once the title becomes available. No positions have been requested in the Resolution, because existing same-grade Account Clerk Typist positions would be utilized via earmark or reclassification.

Please initiate this Resolution to amend the Classification and Salary Plan. A draft specification is attached for your reference, along with a copy of the Duties Statement received from the Department of Labor, Licensing and Consumer Affairs.

An e-mail version of the Resolution has been sent to CE RESO REVIEW saved under the title "Reso-LL&CA-Account Clerk Typ (SS) title 12-14."

e-cigarettes.

This Legislature further finds and determines that e-cigarettes use disposable or
refillable cartridges for liquid nicotine. Products are available that allow e-cigarette users to refill
their own cartridges with liquid nicotine.

This Legislature finds that exposure to nicotine in large doses is highly addictive,
toxic, can cause nicotine poisoning, and, in extreme cases, may be lethal.

This Legislature determines that symptoms of nicotine poisoning include, but are
not limited to, nausea, vomiting, abdominal pain, sweating, tachycardia, tremors, headache,
dizziness and seizures. Higher levels of nicotine poisoning can result in hypertension, central
nervous system depression, coma, muscle paralysis and respiratory failure.

This Legislature also finds that liquid nicotine is especially dangerous, as nicotine
is easily absorbed through the skin and some flavors may be enticing to small children and
animals. Even a small spill of liquid nicotine onto the hands or other body part of an adult, child
or household pet can cause nicotine poisoning.

This Legislature also determines that calls to poison control centers involving
liquid nicotine have increased sharply, with more than 50% of those calls involving children
under the age of 5.
This Legislature further finds that the County of Suffolk was one of the first jurisdictions in the nation to recognize the health risks posed by e-cigarettes and liquid nicotine and prohibited the sale of these products to minors by Resolution No. 717-2009 and Resolution No. 185-2014.

This Legislature finds that the County of Suffolk should ensure that potential consumers are warned of the dangers posed by liquid nicotine products.

Therefore, the purpose of this law is to require liquid nicotine retailers to post signage warning of the dangers associated with the use of liquid nicotine and need for appropriate storage of such products.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

“E-cigarette” shall mean any electronic device composed of a mouthpiece, heating element, battery and electronic circuits that provides a vapor of liquid nicotine and/or other substances mixed with propylene glycol to the user as he or she simulates smoking. This term shall include such devices whether they are manufactured as e-cigarettes, e-cigs, e-pipes or under any other product name.

“Liquid nicotine” shall mean any liquid product composed either in whole or in part of pure nicotine and propylene glycol and manufactured for use with e-cigarettes.

“Person” shall mean any natural person, individual, corporation, unincorporated association, proprietorship, firm, partnership, joint venture, joint stock association, or other entity or business or any kind.

Section 3. Signage requirements.

Any person operating a place of business which sells liquid nicotine shall post signage, obtained on the Department of Health Services website in PDF format, in a conspicuous place at the register where liquid nicotine may be purchased which states:

“Liquid Nicotine Warning:
Liquid nicotine may be poisonous if swallowed, inhaled or if it comes in contact with skin. It is not regulated so the amount of nicotine in any container is uncertain. KEEP OUT OF CHILDREN’S REACH.
The use of liquid nicotine can be addictive. It may increase heart rate and blood pressure, cause dizziness and nausea, and aggravate respiratory conditions. Women who are pregnant or breast-feeding, persons with, or at risk for heart disease, high blood pressure, diabetes, or taking medicine for depression or asthma should not use this product. INGESTION OF LIQUID NICOTINE MAY BE FATAL.”

Section 4. Enforcement.

This law shall be enforced by the Suffolk County Department of Health Services.
Section 5. Rules and Regulations.

A. The Department of Health Services is hereby authorized and empowered to promulgate rules and regulations necessary for the implementation of this law.

B. The Department of Health Services shall post the language for liquid nicotine signs and/or a downloadable template sign, as established in Section 3 of this law, on its webpage for retailers to access.

Section 6. Penalties.

A. Violation of this law shall be subject to a civil penalty of up to $250 for an initial violation, with a penalty of up to $500 for a second violation and a penalty of up to $1,000 for any subsequent violation.

B. No penalties shall be imposed by the Department of Health Services until a hearing is held by the Commissioner or his or her designee and the alleged violator is given an opportunity to be heard.

Section 7. Reverse preemption.

This law shall be null and void on the same day that statewide or federal legislation goes into effect, incorporating either the same or substantially similar provisions as are contained in this law, or in the event that a pertinent state or federal administrative agency issues and promulgates regulations preempting such action by the County of Suffolk. The County Legislature may determine, via mere resolution, whether or not identical or substantially similar statewide or federal legislation has been enacted for the purposes of triggering the provisions of this section.

Section 8. Applicability.

This law shall apply to all sales of liquid nicotine occurring on or after the effective date of this law.

Section 9. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 10. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to
Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 11. Effective Date.

This law shall take effect 90 days following its filing in the Office of the Secretary of State.

RESOLUTION NO. - 2014, ADOPTING LOCAL LAW NO. -2014, A LOCAL LAW TO PROTECT CHILDREN FROM EXPOSURE TO TOXIC CHEMICALS ("THE TOXIN FREE TOYS ACT")

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on July 23, 2014, a proposed local law entitled, "A LOCAL LAW TO PROTECT CHILDREN FROM EXPOSURE TO TOXIC CHEMICALS ("THE TOXIN FREE TOYS ACT")" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2014, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO PROTECT CHILDREN FROM EXPOSURE TO TOXIC CHEMICALS ("THE TOXIN FREE TOYS ACT")

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the County of Suffolk is a leader in protecting the health and safety of its residents, particularly children, who are the most vulnerable in our communities.

This Legislature also finds and determines that there are chemicals of high concern for the environment and human health that can be found in every day products, as has been determined by many authoritative government bodies, including the state of Maine, Article 38 MRSA Chapter 16-D, Toxic Chemicals in Children’s Products.

This Legislature further finds and determines that several of the chemicals of high concern listed in Maine’s law are known to be toxic and carcinogenic, including benzene, lead, mercury, antimony, arsenic, cadmium, and cobalt.

This Legislature finds that many common children’s products contain these toxic and carcinogenic chemicals.

This Legislature determines that exposure to benzene can cause harmful effects to the blood, decrease the number of red blood cells an individual has, and can cause cancer.

This Legislature also finds that lead can contaminate drinking water supplies and may cause conditions such as brain damage, hyperactivity, anemia, liver and kidney damage, developmental delays, lowered IQ, poor impulse control, and, in some cases, even death.

This Legislature further finds that mercury can contaminate fish and other wildlife and can cause damage to brain development, impairments in cognitive thinking, a decrease in fine motor and visual special skills, and muscle weakness.
This Legislature also determines that antimony can cause respiratory and cardiovascular damage, skin disorders, and gastrointestinal disorders.

This Legislature further determines that arsenic is known to cause skin lesions, developmental delays, neurotoxicity, diabetes, and cardiovascular disease, as well as lung and other cancers.

This Legislature finds and determines that cobalt, while an essential element as a constituent of vitamin B12, can cause cardiomyopathy and gastrointestinal effects from chronic exposure.

This Legislature also finds and determines that cadmium exposure can result in kidney disease, bronchiolitis, emphysema, and damage to the liver, lungs, bone, immune system, blood, and nervous system.

This Legislature further finds and determines that several states, localities and the federal government are considering a ban on these seven chemicals in children's products.

This Legislature finds that Suffolk County is committed to protecting the environment and the public health and welfare of our County's infants and children whose growing bodies are vulnerable to the health hazards caused by these seven chemicals, particularly given the absence of State or federal regulation on this subject.

Therefore, the purpose of this law is to ban the sale of children's apparel or products which contain benzene, lead, mercury, antimony, arsenic, cadmium, or cobalt in the County of Suffolk.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

CHILDREN - any person or persons aged twelve and under.

CHILDREN’S APPAREL - any item of clothing that consists of fabric or related material intended or promoted for use in children's clothing.

CHILDREN’S PRODUCT - any product primarily intended for, made for, or marketed for use by children. Children’s product does not mean batteries, consumer electronics or electronic components, paper products, or a drug, biologic, medical device, food, or food additive regulated by the US Food and Drug Administration.

PERSON - any natural person, individual, corporation, unincorporated association, proprietorship, firm, partnership, joint venture, joint stock association, or other entity of business of any kind.
Section 3. Prohibition.

No person shall sell, offer for sale or give away any children's apparel or children's product which contains any of the following materials: benzene, lead, mercury, antimony, arsenic, cadmium or cobalt.

Section 4. Exemption.

A. This law shall not apply to used children's products or apparel that are sold or distributed for free at secondhand stores, yard sales, or donated to charities, nor shall it apply to children's products or apparel obtained on the internet.

B. This law shall not apply to protective sporting equipment designed to prevent injury, including, but not limited to, helmets, athletic supporters, knee pads or elbow pads.

Section 5. Enforcement.

This law shall be enforced by the Department of Health Services.

Section 6. Rules and Regulations.

A. The Commissioner of the Department of Health Services is hereby authorized, empowered and directed to promulgate such rules and regulations as he or she deems necessary to implement this law.

B. The Commissioner of the Department of Health Services may, in his or her discretion, exempt a children's product from this law if, in the Commissioner's judgment, the lack of availability of such product could pose an unreasonable risk to public health, safety or welfare.

Section 7. Penalties.

Any person who knowingly violates the provisions of this law shall be subject to an initial civil penalty of five hundred dollars ($500.00) per violation, with all subsequent violations subject to a civil penalty of one thousand dollars ($1,000.00) per violation.

Section 8. Applicability.

This law shall apply to all actions occurring on or after the effective date of this law.

Section 9. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.
Section 10. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 11. Effective Date.

This law shall take effect on one hundred eighty (180) days immediately subsequent to filing in the Office of the Secretary of State.
