RESOLUTION NO. - 2013, ADOPTING LOCAL LAW NO. -2013, A CHARTER LAW TO CLARIFY EMPLOYEE RESIDENCY REQUIREMENTS

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2013 a proposed local law entitled, "A CHARTER LAW TO CLARIFY EMPLOYEE RESIDENCY REQUIREMENTS"; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2013, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW TO CLARIFY EMPLOYEE RESIDENCY REQUIREMENTS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that with certain limited exceptions, employees of the County of Suffolk are required to be residents of the County at the time their employment begins.

This Legislature also finds that the Suffolk County Charter presently authorizes this Legislature to enact resolutions that waive the County's residency restrictions for a one-year period.

This Legislature also finds that it is unclear under the Charter's current language whether a non-resident may be employed prior to the adoption of a resolution authorizing a waiver.

This Legislature also finds that non-residents should not be placed on the County payroll until such time as the County Legislature has authorized a waiver of residency requirements.

Therefore, the purpose of this law is to amend the Suffolk County Charter and clarify that non-residents may not be employed by the County unless the County Legislature has previously authorized a waiver from residency requirements.

Section 2. Amendment.

Article VI of the SUFFOLK COUNTY CHARTER is hereby amended as follows:

Article VI. Department of Human Resources, Personnel and Civil Service

§ C6-3. Recruitment of personnel; training programs; residency requirements.
B. Residency requirements.

(4) Exemptions.

(b) Subject to Paragraph (2) of this Subdivision B, a nonresident may otherwise be employed, provided that the County Executive proposes a resolution to the Legislature setting forth precisely defined classes of persons whose services are required by the County of Suffolk for a period of employment not to exceed one year provided the County Legislature first enacts a resolution authorizing a temporary waiver of the residency requirement, and the job requirements which may require the employment of such nonresident for a period of up to one year. Within 60 days after the first regular meeting after such resolution is laid on the table, the Legislature shall act thereon; and, in the event that the Legislature fails to act within such period, the resolution shall be deemed approved. Nothing set forth in this paragraph shall be deemed to be in contradiction to the Civil Service Law requirements for probationary appointments to permanent positions in the competitive class as defined in the Civil Service Law.

Section 3. Applicability.

This law shall apply to actions occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration,
management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall not take effect until at least sixty (60) days after its adoption, nor until approved by the affirmative vote of a majority of the qualified electors of the County of Suffolk voting on a proposition for its approval if within sixty (60) days after its adoption there is filed with the Clerk of the County Legislature a petition protesting against this law in conformity with the provisions of Section 34(4) of the NEW YORK MUNICIPAL HOME RULE LAW and upon filing in the office of the Secretary of State.

[ ] Brackets denote deletion of existing language.
____ Underlining denotes addition of new language.

CONTRACTOR AGREEMENT – ATTACHMENT I

SCOPE OF WORK

SUFFOLK COUNTY DEPARTMENT OF HEALTH SERVICES
Local Health Department Implementation of Emergency Preparedness Strategies for Community-Dwelling Older Adults

One of the pilot requirements requires awardees to convene a cross-sector leadership team composed of various community partners. Please briefly clarify how and when you will convene your leadership team.

1. Grant funds will be used to expand and enhance existing cross-sectional leadership teams within Suffolk County Government, and expand and enhance public-private partnerships with key stakeholders with a vested interest in community-dwelling older adults. In addition to those agencies identified in the original grant narrative, expansion will include:

   a. Island Harvest;
   b. Salvation Army;
   c. Township senior adult/day care programs;
   d. Molloy College School of Nursing; and
   e. Dowling College School of Public Health.

Representatives from each internal and external partner will hold regular meetings to address global concerns, each responsible for their respective discipline-specific areas of expertise and responsibility. Under the general oversight of the Suffolk County Fire, Rescue, and Emergency Services Office of Emergency Management, we currently operate an Emergency Support Function 8 - Public Health and Medical Services Branch. Expansion will incorporate these new partners into our emergency response plan and will assist us in expanding into a new Emergency Support Function 6 - Mass Care, Emergency Assistance, Housing, and Human Services Branch.

Leadership teams will be convened on a regular basis by expanding our invitation lists to regular planning meetings to include new partners. Work groups will be developed to address key areas and a strategic plan will be developed to implement new practices.

Please clarify expected target audience and expected outcomes for the PSA campaign video development.
2. Target audience includes access to the general population of the County (1.4 million people) through a variety of public media. We seek to encourage all citizens to be aware of the County’s sheltering and housing plans and to enroll vulnerable citizens into our Ready Suffolk Program and Vulnerable Populations Preparedness Registry. We also seek to encourage continuity-of-family-living emergency planning with the guidelines of the federal “Are You Ready?” Program. Postulated outcomes include: increase in voluntary registration; providing community-level situational awareness to family disaster planning; community-level situational awareness to County plans for emergency sheltering, which includes sub-categories for special health care needs, pet friendly, and registered sex offender shelters.

Please name and contact information for a designated point of contact for the project.

3. The Department of Health Services designated point of contact is Mr. Robert Delagi, Director of Emergency Services. Mr. Delagi is a key partner in the County’s Emergency Management activity, and is experienced in the project areas. His contact information is as follows:
   a. Mailing Address – Suffolk County Department of Health Services, Division of Emergency Medical Services, 360 Yaphank Ave., Suite 1B, Yaphank, NY 11980.
   b. Email – robert.delagi@suffolkcountyny.gov
   c. Office telephone – 631-852-4235
   d. Cell – 631-484-1002

Mr. Delagi will attend the February 21, 2013 kick-off meeting in Washington DC.

One of the pilot requirements requires awardees to convene a cross-sector leadership team composed of various community partners. Please briefly clarify how and when you will convene your leadership team.

1. Grant funds will be used to expand and enhance existing cross-sectional leadership teams within Suffolk County Government, and expand and enhance public-private partnerships with key stakeholders with a vested interest in community-dwelling older adults. In addition to those agencies identified in the original grant narrative, expansion will include:
   a. Island Harvest;
   b. Salvation Army;
   c. Township senior adult/day care programs;
   d. Molloy College School of Nursing; and
   e. Dowling College School of Public Health.

Representatives from each internal and external partner will hold regular meetings to address global concerns, each responsible for their respective discipline-specific areas of expertise and responsibility. Under the general oversight of the Suffolk County Fire, Rescue, and Emergency Services Office of Emergency Management, we currently operate an Emergency Support Function 8 - Public Health and Medical Services Branch. Expansion will incorporate these new partners into our emergency response plan and will assist us in expanding into a new Emergency Support Function 6 - Mass Care, Emergency Assistance, Housing, and Human Services Branch.

Leadership teams will be convened on a regular basis by expanding our invitation lists to regular planning meetings to include new partners. Work groups will be developed to address key areas and a strategic plan will be developed to implement new practices.

Please clarify expected target audience and expected outcomes for the PSA campaign video development.

2. Target audience includes access to the general population of the County (1.4 million people) through a variety of public media. We seek to encourage all citizens to be aware of the County’s sheltering and housing plans and to enroll vulnerable citizens into our Ready Suffolk Program and Vulnerable Populations Preparedness Registry. We also seek to encourage continuity-of-family-living emergency planning with the guidelines of the federal “Are You Ready?” Program. Postulated outcomes include: increase in voluntary registration; providing community-level situational awareness to family disaster planning; community-level situational awareness to County plans for emergency sheltering, which includes sub-categories for special health care needs, pet friendly, and registered sex offender shelters.

Please name and contact information for a designated point of contact for the project.

3. The Department of Health Services designated point of contact is Mr. Robert Delagi, Director of Emergency Services. Mr. Delagi is a key partner in the County’s Emergency Management activity, and is experienced in the project areas. His contact information is as follows:

   a. Mailing Address – Suffolk County Department of Health Services, Division of Emergency Medical Services, 360 Yaphank Ave., Suite 1B, Yaphank, NY 11980.
   b. Email – robert.delagi@suffolkcountyny.gov
   c. Office telephone – 631-852-4235
   d. Cell – 631-484-1002

Mr. Delagi will attend the February 21, 2013 kick-off meeting in Washington DC.
**Revised Project Budget**

This proposal budgets $4,000 for the purchase of community demonstration preparedness kits; $2,000 for Portable Static Display Boards, and $9,000 for a Public Service Announcement campaign video development. The total for project implementation is budgeted at $15,000. Our initial budget was focused on developing an Internet capable PSA. The increase in funds will allow us to develop three (3) additional versions of the PSAs: smartphone video technology; executable CD memory stick; and trade show versions.

RESOLUTION NO.  - 2013, AUTHORIZING THE GRANTING OF A PERMANENT EASEMENT TO THE SUFFOLK COUNTY WATER AUTHORITY FOR PRODUCTION, DISTRIBUTION AND TRANSMISSION OF DRINKING WATER ON A PARCEL ACQUIRED BY THE COUNTY OF SUFFOLK UNDER THE OLD DRINKING WATER PROTECTION PROGRAM (ALDRICH LANE, MATTITUCK NEW YORK BEARING SCTM NO. 1000-125.00-01.00-001.000)

WHEREAS, the County has acquired parcels of property pursuant to former Article 12 of the Suffolk County Charter, commonly known as the Old Suffolk County Drinking Water Protection Program (Program); and

WHEREAS, the Program authorized and permitted the use of such parcels for the purpose of production and distribution of a public water supply, including ancillary facilities; and

WHEREAS, Resolution 983-2009 authorized and granted easements to the Suffolk County Water Authority (SCWA) for the purpose of accessing 34 identified County parcels acquired under the Program for water supply production and distribution use; and

WHEREAS, pursuant to Resolution 983-2009, an easement dated March 24, 2010 and recorded at Liber 12620 page 272 in the Office of the Suffolk County Clerk conveyed to SCWA an easement on a parcel of land located on Scout Trail in Wading River (SCTM # 0200-128-1-15), County of Suffolk, State of New York, more particularly described in the Abandonment and Extinguishment of Easement agreement attached hereto and made a part hereof; and

WHEREAS, SCWA and the County wish to abandon and extinguish the Scout Trail easement because the SCWA possesses other properties in the area of the Scout Trail parcel that can be developed as public water facilities and if so developed these facilities would adequately serve the water needs of the residents in the Scout Trail area, and in its place convey a substitute easement to SCWA for water supply production and distribution use across the premises known as the Aldrich Lane parcel in Mattituck New York bearing Suffolk County tax map no. 1000-125.00-01.00-001.000, more particularly described in the Agreement Amendment and Easement Agreement annexed hereto and made a part hereof; and

WHEREAS, the contemplated easement would permit the SCWA to specifically identify ~ 5 acres within the Aldrich Lane parcel to use for water supply production and distribution use; and

WHEREAS, when identified, and prior to use, the specific location of the 5 acre area shall be subject to the review and approval of the Commissioner of the Suffolk County Department of Parks, Recreation and Conservation (Commissioner) and the Board of Trustees of Parks Recreation and Conservation (Trustees); and

WHEREAS, if and when such ~ 5 acre area is approved by the Commissioner and the Trustees, the easement herein approved would be amended to limit access and use to said ~ 5
acre area, and that the balance of the easement would be extinguished over the remaining area of the parcel; and

WHEREAS, it is necessary to grant an easement to the SCWA now in order to give SCWA access to Aldrich Lane for planning steps for water supply production and distribution use; and

WHEREAS, site-specific environmental review of future development at Aldrich Lane in accordance with the State Environmental Quality Review Act (SEQRA), cannot be conducted until the specific ~ 5 acre portion of the Aldrich Lane parcel is selected and specific plans are proposed; and

WHEREAS, segmentation of the SEQRA review is necessary in this situation, in order for the County to grant the easement and access to SCWA; and

WHEREAS, pursuant to SEQRA, the SCWA has agreed that Suffolk County shall be the lead agency and shall perform the environmental review of the initial phase of the proposed action (which is the granting of the easement) and that such review shall be coordinated with the SCWA, as an involved agency; and

WHEREAS, the SCWA has agreed to be the lead agency for SEQRA review of proposed site-specific actions at the Aldrich Lane parcel, and that the County will be an involved agency, and that the SCWA shall conduct such SEQRA review and shall coordinate its review with the County; and

WHEREAS, pursuant to 6 NYRCC §617.3, segmentation of the SEQRA review is permissible because for this resolution and any subsequent development, each related phase of the action shall be subject to full SEQRA review by the appropriate agencies; and

WHEREAS, a segmented review will be equally as protective, or more protective, of the environment, as consideration of all phases of the action at one time; and

WHEREAS, this Legislature has considered the Environmental Assessment Form (EAF) and associated documentation, and any other oral and written testimony submitted by interested or involved agencies and parties; now, therefore be it

1st RESOLVED, that the County Executive or his designee is hereby authorized and directed and empowered to execute the Abandonment and Extinguishment of Easement, Agreement Amendment and Easement Agreement in the form annexed hereto for the production and distribution of public water, including ancillary facilities for the people of Suffolk County; and be it

4th RESOLVED, that prior to any development, SCWA shall perform a site specific environmental review of the proposed action for the development for the Aldrich Lane parcel in accordance with SEQRA, the SCWA shall be the lead agency for such action, the County shall be an involved agency, and the SCWA shall coordinate its review of such action with the County; and be it further

5th RESOLVED, that the SCWA shall post the Aldrich Lane parcel with a construction sign not later than thirty (30) days prior to the start of construction at the site of such parcel which sign shall include a telephone number to call for information about the project and shall comply with the Public Notification Law, Chapter 183 of the Suffolk County Code, Suffolk County Parks as enacted by the Suffolk County Legislature; and be it further

§ C12-1. Creation.
There are hereby created a Suffolk County Pine Barrens Wilderness and a Suffolk County Water Protection Preserve, as defined in § C12-2 of this Article, which shall be preserved and protected in their natural states and in perpetuity.

§ C12-2. Definitions.
The following words and phrases when used in this Article, unless otherwise expressly stated, are defined as follows:

SUFFOLK COUNTY PINE BARRENS WILDERNESS — The Pine Barrens Zone described in Local Law No. 7 of 1984 and any other land as Suffolk County may in the future designate by resolution and any other area as may be designated by the County Executive with the approval of the Legislature.

SUFFOLK COUNTY WATER PROTECTION PRESERVE — The special groundwater protection areas in Suffolk County identified in the Long Island Regional Planning Commission report on special groundwater protection areas and any other land as Suffolk County may in the future designate by resolution and any other area as may be designated by the County Executive with the approval of the Legislature.

UNDEVELOPED LAND — Land that has not been improved upon in any manner whatsoever by humankind and remains intact in its natural state and land that has only been nominally disturbed by humankind and remains substantially intact in its natural state.

1 Editor's Note: Former Art. XII, Department of Fire Safety, added 10-6-63 by L.L. No. 5-1963 and amended 7-4-64 by L.L. No. 1-1964, was repealed 5-27-65 by L.L. No. 16-1965. See Art. XI of this Charter.
2 Editor's Note: This local law was approved at referendum 11-5-67.
3 Editor's Note: See Articles XXXIV of this Charter.
§ C12-3. Acquisition of property.

A. Upon resolution duly adopted and within such appropriations as may duly be made available therefore, the County of Suffolk may acquire one (1) or more parcels of undeveloped land within the Suffolk County Pine Barrens Wilderness and/or Water Protection Preserve. Land so acquired from any funds authorized under this Article shall remain in a natural state and be managed so as to perpetuate the natural ecosystem of said lands as a nature preserve under § C1-2 of this Charter, with the sole exception of those portions of said lands which the Suffolk County Legislature may determine as being necessary for use for water supply production and distribution; including ancillary facilities required specifically for such production and distribution.

B. Before any parcel shall be acquired pursuant to this Article by the County of Suffolk, it shall be reviewed by the Board of Trustees of the Department of Parks, Recreation and Conservation, minus its ex officio members, which shall, pursuant to § C28-3A of the Suffolk County Charter, recommend to the Commissioner of the Suffolk County Department of Real Estate any parcel to be acquired under this Article which has been approved by an affirmative vote of the entire membership of said Board, minus the ex-officio members thereof, taking into consideration the criteria, time considerations and priorities which said Board shall establish in order to implement the purposes of this Article.

C. The Commissioner of the Suffolk County Department of Real Estate shall not enter into any negotiations for the acquisition of, nor consummate the acquisition of, any such parcel so contemplated unless and until said parcel has been recommended by said Board for acquisition.

D. The Commissioner of the Suffolk County Department of Real Estate shall not be authorized to enter into any negotiations for the acquisition of, nor consummate the acquisition of, any such parcel which will require the expenditure of county funds in excess of the appropriations provided therefor unless and until sufficient additional appropriations are provided by this Legislature.
§ C12-4. Payment of costs.

A. In the event that the New York State Legislature enacts enabling state legislation, prior to November 30, 1989, for the explicit purpose of extending, within the territorial limits of the County of Suffolk, the additional sales and compensating use tax of one-fourth of one percent (¼ of 1%) imposed by the County of Suffolk pursuant to the provisions of § 1210 of the New York Tax Law and Suffolk County Resolution No. 823-1984,¹ and, in the event that the County of Suffolk extends, prior to November 30, 1989, by appropriate legislative action, within the territorial limits of the County of Suffolk, the additional sales and compensating use tax of one-fourth of one percent (¼ of 1%) imposed by the County of Suffolk pursuant to the provisions of § 1210 of the New York Tax Law and the Suffolk County Resolution No. 745-1988, as amended by Resolution Nos. 114-1972, 115-1972 and 823-1984, then any revenues generated by the extension of such one-fourth-of-one-percent sales and compensating use tax, so authorized by appropriate state and local action, shall be used for the payment of any and all costs associated by the program authorized by this Article for the period of December 1, 1988, to December 1, 2000. In addition, every effort shall be made to apply for any state or federal aid money that may be available to defray the costs of this program.

B. Any such sales and compensating use tax collected pursuant to this Article shall be held in a Water Quality Protection Reserve Fund ("reserve fund") which shall be created for such purpose and established as of January 1, 1989. Moneys in the reserve fund shall be expended for the purposes specified in this Article. Moneys in the reserve fund may, in the event that obligations have been issued to pay the cost of either the acquisition of land in the Pine Barrens Wilderness and the Water Protection Preserve or the cost of any capital project to be undertaken as part of the Water Quality Protection Program, be expended to pay debt service on such obligations from the reserve fund. [Amended 6-28-88 by L.L. No. 35-1988]¹

¹ Editor's Note: This resolution and those resolutions subsequently named in this section are on file in the offices of the County Legislature.

² Editor's Note: This local law was approved at referendum 11-6-88.
C. Notwithstanding any provision of this Article to the contrary, this Legislature may, pursuant to the provisions of the Local Finance Law, authorize the issuance of general obligation serial bonds and/or bond anticipation notes to pay the cost of both the acquisition of land in the Pine Barrens Wilderness and the Water Protection Preserve and the costs of any capital project to be undertaken as part of the Water Quality Protection Program. Any issue of such obligations may be additionally secured, as this Legislature shall determine, by the irrevocable pledge of such portions of the sales and compensating use tax proceeds allocated to land acquisition pursuant to § C12-5A of this Article or to the water quality protection programs pursuant to § C12-5E of this Article, respectively. [Added 6-28-98 by L.L. No. 35-1998]

NOTE: Local Law No. 30-1993 which amended § C12-5E also provided as follows
Section 1. Legislative intent.
This Legislature hereby finds and determines that management of the County Drinking Water Protection Program is virtually nonexistent at the present time because of overlapping and confusing administrative assignments of personnel, responsibilities and jurisdiction for this program.
This Legislature further finds and determines that this lack of management threatens the primary environmental protection objectives of this program which can readily be eroded by administrative manipulation and distortion.
Therefore, the purpose of this law is to prevent such abuses from occurring in the future by establishing the Division of Real Estate with the Department of Law as the entity with primary jurisdiction and responsibility for this program.
Section 2. Form of proposition.
The propositions to be submitted to the electorate at the next general election pursuant to Section 1 of this law shall be in the following form:

§ C12-5  SUFFOLK COUNTY CODE  § C12-5

"Shall Resolution No. 849-1996, Adopting a Charter Law to Provide Management of the One-quarter Per Cent (1/4%) Drinking Water Protection Program by the County Division of Real Estate, be adopted?"

Section 1. Applicability.

This law shall apply to the allocation of any sales and compensating-use tax made on or after the effective date of this law.

NOTE: Local Law No. 51-1996 also provided as follows:

Section 1. Legislative intent.

This Legislature hereby finds and determines that the preservation of environmentally sensitive land within the County of Suffolk and the protection of vital water resources are of essential significance to the promotion of the health, safety and general welfare of the people of the County of Suffolk.

This Legislature further finds that the preservation of such lands and water resources will protect, enhance and promote the county's inherent physical and aesthetic qualities which have captured the attention, fancy and imagination of the residents of this county as well as numerous visitors.

This Legislature also finds and determines that recent action by the New York State Legislature to enact the Long Island Pine Barrens Protection Act has provided a comprehensive settlement of the issues that previously divided developers and environmentalists by creating a land use planning mechanism to protect and develop the Central Pine Barrens area of Suffolk County, which program requires reliable funding by the state, local and federal government in order to be effectively implemented.

This Legislature also finds and determines that Local Law No. 48-1987 and Local Law No. 52-1986, establishing a One-Fourth-Percent County Drinking Water Protection Program, each approved by the electorate for the purpose of extending a one-fourth-percent sales and compensating-use tax through December 31, 1996, worked toward land acquisition with water quality protection and tax mitigation.

This Legislature further finds and determines that the use of $25,000,000 in such monies by the County of Suffolk to fund a portion of the county's general fund operating budget represents an act of bad faith on the part of Suffolk County that threatens to compromise the integrity, goals and objectives of the existing One-Fourth-Percent County Drinking Water Protection Program as originally contemplated.

Therefore, this purpose of this law is to ensure an orderly, rational, financially prudent, cost-effective, carefully structured program of environmental protection narrowly targeted at unique environmental resources in the Pine Barrens which are vital to watershed, ecological and aquatic protection for the residents of Suffolk County that will be coupled with protection of the One-Fourth-Percent County Drinking Water Protection Program against any diversion of funds from land acquisition via an amendment to said Drinking Water Protection Program to ensure the use of unencumbered funds, above and beyond a minimum statutory allocation of 15% for tax relief, for the acquisition of Pine Barrens land as well as parkland (inclusive of beach nourishment) by prohibiting the use of the remaining unallocated revenue funds for purposes other than land acquisition.

Section 2. EIR/SEA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type I Action pursuant to Section 152.6(a)(1) and (c) of Title VI of the New York State Department of Environmental Conservation, and shall have a significant impact upon the environment within the meaning of § 612.10(d) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW for the following reasons:

A. Ballotment of this law will not exceed any of the criteria in Section 612.11 of Title VI which set forth thresholds for determining significant effects on the environment.

B. This law will continue the Drinking Water Protection Program of promoting beneficial environmental impacts, including the following:

1. It will provide enhanced protection of groundwater quality and quantity through preservation of additional overlying Pine Barrens areas of the Central Pine Barrens and parklands (inclusive of beach nourishment allocations) as many as five town and

CHARTER

(2) It will ensure implementation of the Long Island Pine Barrens Protection Act and will advance a comprehensive settlement of the problems that have divided developers and environmentalists by ensuring consistent funding to protect and develop the Central Pine Barrens area of Suffolk County, which programs require funding by the state, local, and federal governments in order to be effectively implemented.

C. This law essentially constitutes a proclamation of rules and regulations for preserving the integrity of the One-Fourth Percent Drinking Water Protection Program while simultaneously providing enhanced protection of the Central Pine Barrens through a more secure funding mechanism.

D. This law affords an opportunity for the county to acquire, protect, and preserve parklands in areas of the county not receiving the full benefit of one-fourth-percent land acquisitions previously authorized under the One-Fourth Percent Drinking Water Quality Protection Program.

Furthermore, in accordance with Section 214-A(1)(c) of the SUFFOLK COUNTY CHARTER and Section 270-50(4) of the SUFFOLK COUNTY CODE, the Suffolk County Council on Environmental Quality (CCQ) is hereby directed to prepare and circulate a SEQRA notice of determination of non-significance in accordance with this resolution.

Section 5. Applicability.

This law shall apply to funds available for allocation set or after the effective date of this law.

The provision to be submitted at the next general election pursuant to Section 8 of this law shall be in the following form:

"Shall Resolution 201-10 Ante, Amending the County One-Fourth Percent Drinking Water Protection Program to Use 50% of All Surplus Funds in this Program for Countywide Land Acquisitions, Instead of General Government Purposes, Coupled with the Use of 2% of Such Funds for County Parkland Acquisition and Security, Be Approved?"

Section 6. Effective Date.

This law shall take effect immediately upon filing in the office of the Secretary of State if it is approved by an affirmative vote of the qualified electors of the County of Suffolk voting upon a proposition for its approval at the next general election in conformity with the provisions of § 44 of the New York Municipal Home Rule Law. After approval by the electors, this law, as well as any other law amended into a mandatory referendum, pursuant to § 44(4) of the New York Municipal Home Rule Law, by a vote of the County Legislature, may only be amended, modified, repealed or altered by enactment of an appropriate Charter law subject to mandatory referendum in accordance with prevailing law.

Section 7. Conflicting references.

In the event that there are other references on the ballot, pertaining to or addressing substantially the same issues as are contained in this law, then the provisions of the measure approved by the electors voting the greatest number of affirmative votes shall prevail, and the alternative measure, or measures, as the case may be, shall be deemed null and void.

A. The first priority of this program shall be the acquisition of land in the Pine Barrens Wilderness and the Water Protection Preserve. For this purpose, sufficient funds shall be set aside during the course of this program to allow for the acquisition of the maximum amount of acres which may be available in the Suffolk County Pine Barrens Wilderness and Water Protection Preserve lands. For each year of this program, pursuant to this article, not less than 40% of the total sales and compensating use tax shall be expended and/or set aside.
for the exclusive purposes set forth herein and in § C12-5B, unless funds are advanced through borrowing or financing agreements. These lands shall be acquired in accordance with the prioritization procedures and acquisition criteria set forth in Article II of Chapter 634 of the Suffolk County Code. At the end of each year, any funds set aside pursuant to this subdivision shall be put into and kept in a separate appropriation within the reserve fund. This appropriation within the reserve fund shall not be used for any other purpose until said land acquisitions are completed in accordance with this article. Over the life of this program, 52% of the total sales and compensating use tax, together with 65.34% of unallocated, uncommitted reserve funds determined by the compute model for this program prepared by the Legislative Office of Budget Review, and calculated for fiscal years 1996, 1997, 1998, 1999 and the first 11 months of the year 2000, shall be used for Pine Barrens Wilderness and Water Protection Preserve acquisitions and related administrative costs which shall be limited to underwriting and bond counsel costs associated with acquiring said land. Approximately 15% of this 52% or 7.8% for land acquisitions and related costs, over the life of the program, shall be for land acquisitions based upon the recommendation of each respective town where such lands are still extant, as such lands are defined in § C12-2A and B of this article. Such recommendations for such land acquisitions shall be subject to review and approval by the Environmental Trust Fund Review Board and the County Legislature pursuant to § C12-5D(6). These town-recommended lands which are acquired by the county shall not be subject to the provisions of § C12-5B. For the purposes of this subsection, the expenditure of sales and compensating use tax proceeds to pay debt service on obligations issued to pay the cost of the acquisition of land in the Pine Barrens Wilderness and the Water Protection Preserve shall be included in computing the percentage of the
total sales and compensating use tax proceeds expended for the purposes set forth herein.

B. Payments in lieu of taxes shall be made as follows: During the life of this program, whenever property is acquired by Suffolk County pursuant to this article and, as a consequence, is removed from the tax rolls, the County of Suffolk shall make payments in lieu of taxes to municipalities and school districts and any other eligible taxing districts, except for the County of Suffolk and any of its taxing districts, for a period of five years, except that no payments shall be made for any year after the expiration of this program. These payments shall be made, where applicable, as follows: For the first year that such property is removed from the tax rolls, payments shall be made in an amount equal to 100% of the taxes and assessments which would have been received for that year by each such jurisdiction if such acquisition had not occurred; for the second year, payments shall be 80% of the applicable amount; for the third year, 60%; for the fourth year, 40%; and for the fifth year, 20%. The payments for each year shall be based on the assessment for that year in which said property is removed from the tax rolls.

C. For each year of this program, no more than 10% of the total sales and compensating use tax collected for that year shall be used to reduce the county's general property taxes for the subsequent fiscal year by being credited to revenues in direct proportion to taxes assessed and collected by the County of Suffolk from parcels within the county. The remaining 2% of these proceeds shall be used to fund operating and security expenses on county-owned or county-leased parklands. The funds for this purpose shall be guaranteed on an annual basis. In no event shall the aggregate tax stabilization component contained in this subsection exceed 22% of the total sales and compensating use tax proceeds generated over the life of the program by implementation of this article.
§ C12-5  SUFFOLK COUNTY CODE  § C12-5

D. Suffolk County Environmental Trust Fund.

(1) Creation; purpose.

(a) A Suffolk County Environmental Trust Fund ("trust fund") is hereby created. A portion of the funds acquired under this program shall be allocated annually to this trust fund. The moneys in this trust fund shall be made available to the towns for the purposes of capping and closing municipal solid waste landfills, identifying, characterizing and remediating toxic and hazardous waste landfills and for other purposes as provided in § C12-5D(4). These funds shall be allocated annually, pursuant to the provisions contained in § C12-5D, and based upon the following formula: $10 per capita for the towns of 100,000 or more in population; $15 per capita for towns fewer than 100,000 in population; provided, however, that in no event shall the annual allocation to the trust fund exceed 40% of the total sales and compensating use tax collected for that year pursuant to this article. Payments to the towns from this trust fund shall be consistent with the above formula as applied to the respective towns. In the event that this forty-percent limitation comes into effect, then the payments to each town shall be reduced in proportion to the percentage share each town would have received if the forty-percent limitation had not been in effect. The formula for annual payments for any given year, to any given town, may be exceeded for that year if funds are advanced as described in § C12-5D(5), but the total of any advanced funds, together with any other payments made to the towns pursuant to § C12-5D and any related administrative, legal or borrowing costs, may not exceed the estimated share to any given

CHARTER

§ C12-5

town over the life of this program, based upon the formulas provided herein.

(b) For towns where lands are still extant which fit the definitions of Suffolk County Pine Barrens Preserve or Suffolk County Water Protection Preserve, as defined in § C12-2 of this article, no less than 75% of their respective allocations shall be used for acquisitions of such lands. Land acquisitions made pursuant to this requirement shall be made by the county, on the recommendation of the relevant town in accordance with the provisions contained within § C12-5A. The county shall retain such amounts from the allocations to the respective towns which are calculated pursuant to § C12-5D(1)(a) above.

(2) An Environmental Trust Fund Review Board shall be created and shall be comprised of the County Executive, each of the 10 Town Supervisors, the Commissioner of the county's Department of Health Services and the Director of the county's Planning Department, or their respective designated representatives. This Review Board shall be responsible for reviewing requests and making recommendations for the allocation of moneys to the towns, from the trust fund, for the capping and closing of municipal solid waste landfills and/or for the identifying, characterizing and remediating of toxic and hazardous waste landfills.

(3) The Environmental Trust Fund Review Board shall convene at the earliest possible time to prepare an estimate of the moneys that shall be available to the trust fund over the life of the program. The Environmental Trust Fund Review Board shall then take this estimate and apply the various formulas contained in this Article to determine the appropriate estimated annual allocations, the appropriate estimated overall allocations and the
appropriate estimated amounts which may be the subject of advanced funding, financing and borrowing. The Environmental Trust Fund Review Board, within sixty (60) days of its convening, shall issue a written plan, based upon these estimates, containing the estimated amounts and percentages, its borrowing recommendations and/or borrowing contingencies, along with a breakdown of principal, interest, time frames and the related costs. The Division of the Budget, within the office of the County Executive, shall assist the Environmental Trust Fund Review Board with its responsibilities as contained herein.

(4) In the event that a town wishes to use funds available to it pursuant to this section for other environmental and water preservation projects consistent with the provisions of § C12-5E(2), and the formula set forth in § C12-5D(1), it shall first present to the Environmental Trust Fund Review Board that there is no demonstrable need for allocating trust fund moneys for the purposes of capping and closing municipal solid waste landfills or for the identification, characterization or remediation of toxic or hazardous waste landfills. If the Review Board is then satisfied, upon the presentation of evidence, that there is no demonstrable need for funds for such purposes, the Review Board may find, by a majority of its members, that there is no such need, and may allocate funds for other allowable environmental or water preservation projects, subject to review and approval by the Suffolk County Legislature pursuant to Subsection D(6) of this section.

(5) In the event that the county enters into any borrowing or financing agreements for the purpose of advancing funds for the purposes provided in § C12-5D(1), then the trust fund shall be reduced by an amount equal to any and all costs incurred by the
county and related to such borrowing or financing agreements.

(6) Upon an affirmative recommendation of a majority of the members of the Environmental Trust Fund Review Board of a town's plan and upon approval by the Suffolk County Legislature of such a plan, funding shall be made available to the towns through the annual capital budget and/or expense budget processes. Each town's plan shall be acted upon annually, if appropriate, and individually. The towns shall report annually to the Environmental Trust Fund Review Board and to the Suffolk County Legislature, regarding expenditures made during the previous fiscal year, the status of the projects being funded and the other sources of funding for such projects.

(7) If a town has not complied with the programmatic intent of its approved program, then the Review Board or the County Legislature may withhold moneys in an amount equal to the amount affected by the noncompliance in future years.

E. Water Quality Protection Program and enforcement.

(1) Any surplus funds which exist under this program on an annual basis, after first meeting the obligations under § C12-5A through D and C12-6, shall be allocated to the acquisition as determined by the County Executive and the County Legislature via duly enacted resolution of the County of Suffolk, through the annual budget appropriations process, as follows:

(a) One-third of any such surplus funds (32.66% of unallocated, uncommitted reserve funds determined by the computer model for this program prepared by the Legislative Office of Budget Review and calculated for fiscal years 1996, 1997, 1998, 1999 and the first 11 months of the year 2000) shall be allocated to the

acquisition of land in accordance with § C12-5A
of this article, as determined via duly enacted

supervision of this program shall be provided by the
Division of Real Estate in the County Department of
Law, which Division shall be responsible for
maintaining the official records of land acquisitions
consummated and moneys expended pursuant to
each of the funding components of this Article.

DEPARTMENT OF INFORMATION TECHNOLOGY

TITLE OF BILL: CP 1814 – SUFFOLK COUNTY TELEPHONY STRUCTURAL IMPROVEMENTS

PURPOSE OR GENERAL IDEA OF BILL:
The County currently is using Centrex telephone service that is provided by Verizon. Centrex service allows the County to utilize features of a PBX phone system without the need to purchase the hardware that goes with it. All County lines are able to communicate with each other by dialing a 5 digit number to reach another employee regardless of where they are located in the County. We are presently paying $12.44 per line and we have approximately 15,000 lines. The service has been offered by Verizon for about 40 years and we run the risk of not having the service supported if Verizon decides that it wants to abolish the service for a newer technology. The Suffolk County Department of Information Technology (DoIT) would like implement a Voice over Internet Protocol (VoIP) telephone system at various locations throughout the County to lessen our dependence on Centrex and to utilize our existing Data network infrastructure to handle voice services at a minimal cost. Other possible VoIP solutions could include a VoIP Private Branch Exchange (PBX), a hosted solution by a network provider, or other products that we may not be aware are available. DoIT would like to hire a telecommunications consultant is help us review the county’s voice network and recommend to us what product or solution would provide the most benefit to the county.

SUMMARY OF SPECIFIC PROVISIONS:
The first phase would be to hire a consultant through the Request for Proposal process to review the county’s voice network and recommend to us what product or solution would provide the most benefit to the county. The second phase is for DoIT personnel to review findings of the consultant and formulate a plan to roll out and install the final design of the new voice network. Based on these findings, we will develop an RFP to solicit bids from Telecommunication service providers. The third phase would be to have the selected vendor from the RFP process to begin installation of the new voice network design over a three year period. DoIT will determine how the installation will be rolled out based on the departments that will benefit the most from the upgrade.

JUSTIFICATION:
The Suffolk County Department of Social Services has 6 locations where they utilize a Call Center environment to sort incoming calls based on the services needed by the constituent that is placing the call. The calls currently remain in the DSS center that the constituent calls into. A VoIP environment would allow the caller to access their case information through data mining. This will lessen the need for a constituent to talk to a DSS employee to get that information. The DSS employee will then be available to address the needs of constituents that are in need of personal assistance depending on their circumstance. Wait times for incoming callers should dramatically decrease by utilizing this technology. Automatic updates that departments need to send to constituents can be handled in-house rather than using a service at a cost to the County. These updates include Health Center appointment scheduling and verification and the notification of county employees in the event of an emergency. The installation of a VoIP system would eliminate the need for several thousand Centrex lines. The economic impact of the removal of these lines will be determined during the consultant’s review of our voice network.

FISCAL IMPLICATIONS:
Appropriation of funding $250,000

Our current Verizon Centrex contact will be expiring in May 2015. There is a risk that the technology will not be supported after the current contract expiration date. We are trying to be proactive in the event that Centrex will no longer be supported and we will be prepared to move on with the latest technology going forward.

SUBJECT: Capital Project # 1814 – SUFFOLK COUNTY TELEPHONY STRUCTURAL IMPROVEMENTS

We are forwarding a draft resolution requesting appropriation of $250,000 for the year 2013. The resolution amount represents the monies that will be provided by CP-1814 for Capital Project # 1814. An email version of the resolution was sent to CE RESO saved under the title “Reso-ITS-CP1814-VOIP.”

Operating Budget Impact: The installation of a VoIP system would eliminate the need for several thousand Centrex lines. The economic impact of the removal of these lines will be determined during the consultant’s review of our voice network. We feel that in the long run, this request will have a positive operating budget impact as it will upgrade the county voice network allowing us to manage and administer our telephone system without having to use Verizon services.

TITLE OF BILL: CP 1782 – IFMS RELEASE 3.9

PURPOSE OR GENERAL IDEA OF BILL:
This project is for the Integrated Financial Management System Maintains compliance with the application provider, our own County and IRS Standards. The funding is used to implement major modification and/or enhancements to the application. The upgrade to 3.9 would allow us to migrate from an expensive Oracle database to a SQL server platform. This project remains open to address major modifications and enhancements required by IRS as well as Suffolk County financial standards.

SUMMARY OF SPECIFIC PROVISIONS:
Funding was utilized in 2011 for the analysis by CGI to upgrade to the next release – 3.9 including recommendations for hardware and software requirements. Due to aging hardware and Oracle 9i software which is two releases behind an upgrade is needed in 2013. The upgrade to 3.9 would allow us to migrate from an expensive Oracle database platform to a Microsoft SQL platform at a considerable saving. Also, we will be able to utilize VMware to virtualize the application for increased efficiency. The 3.9 release will also include the IRS regulation changes for Section Code 3402, which would be a major modification if implemented in our current release.

JUSTIFICATION:
The upgrade is required in order to obtain support on our IFMS Systems. The current Oracle database is three releases behind and has limited support. The application does not contain the new IRS regulation changes for Section Code 3402. The newer release will address many of the issues and limitations that the IFMS users face with the current application. The upgrade will provide a more efficient financial management system.

An email version of the resolution was sent to CE RESO saved under the title “Reso-ITS-CP1782-IFMS Release3.9”.

Program Description: This project’s funding was utilized in 2011 for the analysis by CGI to upgrade to the next release – 3.9 including recommendations for hardware and software requirements. Due to aging hardware and Oracle 9i software which is two releases behind an upgrade is needed in 2013. The upgrade to 3.9 would allow us to migrate from an expensive Oracle database platform to a Microsoft SQL platform at a considerable saving. Additionally, we will be able to utilize VMware to virtualize the application for increased efficiency. The 3.9 release will also include the IRS regulation changes for Section Code 3402, which would be a major modification if implemented in our current release.

Operating Budget Impact: The upgrade will require a substantial commitment of County employee time and training. The initial cost of the project will be in terms of the County’s financial staff, whose time will be committed to training on the new system. Additionally, some productivity will be lost during the transition to the newly upgraded Financial Management System. However, the upgrade in technology will provide a more efficient financial management system.

DEPARTMENT OF INFORMATION TECHNOLOGY

TITLE OF BILL: CP 1729 – DISASTER RECOVERY PROJECT (CP 1729)

PURPOSE OR GENERAL IDEA OF BILL:
Funding for this project will provide for planning and implementation of a comprehensive countywide Disaster Recovery Program. The plan will provide restoration of critical applications services and data for all county departments in event of an emergency.

SUMMARY OF SPECIFIC PROVISIONS:
This project will be used to purchase the Phase I hardware and software to protect the critical applications currently running at the DoIT Building 50 location in an architecture that supports Disaster Recovery. This consists of server consolidation and virtualization to more efficiently use the system resources, Storage Area Network (SAN) expansion to accommodate real-time data replication to a remote location, consolidated management and monitoring of all systems, and hardware support to access remote systems. This datacenter infrastructure supports the transfer of critical system processing to a remote location in the event of an emergency where Building 50 was rendered unusable.

Additional equipment will have to be purchased for the upgrade of the Riverhead D/R Power Room, the additional moves of other Agencies into our Hauppauge and Riverhead Disaster Recovery Data Centers, software licenses, upgrades of UPS units, replacement of UPS batteries, and additional electric for other County agencies. Equipment needed for WAN electric power, WAN UPS, CWDM SFP, redesign of WAN switches. Additional Netscaler's, Netscaler Load Hardware, Blade Server/databases & Server Virtualization, SAN migrate to new platform and expansions, Backup Appliances Hardware and Software Licenses, Oracle Licenses and Redundant GBIC Dark Fiber.

Additional phase will populate other additional departments into the disaster recovery centers. In addition to the DR Centers this will include the disaster recovery and business continuity for the County Clerk's Office in the event of an emergency or disaster occurrence for key systems.

JUSTIFICATION:
The ability for the datacenter infrastructure supports the critical legacy systems that support the County's operation in the event of an emergency.

FISCAL IMPLICATIONS:
Appropriation of funding $500,000

SUBJECT: Capital Project # 1729 - DISASTER RECOVERY

We are forwarding a draft resolution requesting appropriation of $ 500,000 for the year 2013. The resolution amount represents the monies that will be provided by Capital Project # 1729. An email version of the resolution was sent to CE RESO REVIEW saved under the title “Reso-ITS-CP-1729-DisasterRecovery”.

Program Description: Funding for this project will be used to purchase additional equipment for the upgrade of the Riverhead DR Power Room and additional moves to the Riverhead DR for other County department agencies to utilize. As well as server consolidation and virtualization to efficiently use the system resources, Storage Area Network (SAN) expansion to accommodate real time data replication at a remote location, consolidated management and monitoring of all systems, and hardware support to access remote systems. This phase will populate other additional departments into the disaster recovery centers. In addition to the DR Centers this will include the disaster recovery and business continuity for the County Clerk’s Office in the event of an emergency or disaster occurrence for key systems.

Operating Budget Impact: Savings will be realized by both the elimination of duplicative services, and through a coordination of systems based on the County’s overall priorities, not those of individual departments.

TITLE OF BILL: CP 1726 – FIBER CABLEING NETWORK and WAN TECHNOLOGY UPGRADE

PURPOSE OR GENERAL IDEA OF BILL:
The scope of this project will primarily concern the Hauppauge north complex, H. Lee Dennison Bldg., Riverhead County Center, Yaphank County Center and Cohalan Court complex locations but will also involve every county location with WAN or fiber equipment

SUMMARY OF SPECIFIC PROVISIONS:
The current County WAN infrastructure is nearing the end of its useful life. There are significant numbers of county switches and routers that are already at the end of their useful life. Over the course of the next three years all of the equipment will be either be at the end of its lease or at the end of its useful life. A phased approach to equipment replacement and refresh is required in order to ensure the integrity of the County’s WAN network. WAN equipment will be replaced with current technology and equipment that will provide the County with the ability to have a managed approach to growth and improve existing county services.

JUSTIFICATION:
Phase I – Redesign of Core Switches of County’s Main Data Center in Hauppauge at Building 50. This upgrade will provide redundancy for the Core switches where County Wide data resides.
Phase II – Redesign of Core Switches at Yaphank Police Headquarters that will also provide better reliability for Public Safety Departments (Probation, Sheriff, and FRES). This upgrade will provide redundancy to the Core switches for departments who utilize PD data. Continuous upgrades will be provided to other buildings within the County on an as needed basis.
Phase III – On Demand basis – upgrades and improvements will be provided to meet the various County departments changing and growing needs for additional bandwidth and redundant routes over the Wide Area Network.

FISCAL IMPLICATIONS:
Appropriation of funding $600,000
2013

Capital Project 1726 - Fiber Cabling Network and WAN Technology Upgrade – Requested $600,000

Redesign of Core Switches of County’s Main Data Center in Hauppauge at Building 50. This upgrade will provide redundancy for the Core switches where County Wide data resides. The current Core switch is over-taxed by the WAN upgrades and a new design is needed to take advantage of our current design as well as future growth.

Continue replacements of Countywide Security Equipment within the WAN as capacity is reaching its limit with the equipment we have in place. This was identified as a limiting factor to our growth as we began necessary WAN improvements and upgrades forecasted in previous year’s capital projects.

Continue the implementation of Countywide wireless access with wireless controllers, access points and Switches. This will enable us to take advantage of newer technologies and add to the functionality of workers devices both County-owned and personal to increase productivity.

Continue the upgrades to the County’s fiber optic cabling infrastructure. We have two notable major projects on the table for 2013 to include the old infirmary building being migrated to single mode fiber and re-routing fiber out of the old consumer affairs building were fiber currently resides that services other buildings on the campus. Both conduit and fiber cabling are required for both projects. As well as continuing routine break-fix and upgrades to fiber cable plants.

We are forwarding a draft resolution requesting appropriation of $ 600,000 for the year 2013. The resolution amount represents the monies that will be provided by CP-1726 for Capital Project # 1726. An email version of the resolution was sent to CE RESO saved under the title “Reso-ITS-CP1726-FiberWAN.”

Program Description: The current County WAN infrastructure is nearing the end of its useful life. There are significant numbers of county switches and routers that are already at the end of their useful life and over the course of the next three years; all of the equipment will be either be at the end of its term or at the end of its useful life. A phased approach to equipment replacement and refresh is required in order to ensure the integrity of the County’s WAN network throughout the County. This phase is for the redesign of core switches of county’s main data center in Hauppauge at Building 50. This upgrade will provide redundancy for the core switches where County Wide data resides in Hauppauge, Yaphank, and Riverhead.

Operating Budget Impact: This program will have a positive operating budget impact as it will proactively upgrade the county WAN allowing us to add sites/users in managed approach rather than an ad-hoc fashion.

MEMORANDUM OF SUPPORT

TITLE OF BILL: APPROPRIATING FUNDS IN CONNECTION WITH THE REPLACEMENT OF EXISTING SHOWER FACILITIES IN THE POLICE EMERGENCY SERVICES SECTION BUILDING (C.P. 3232)

PURPOSE OF GENERAL IDEA OF BILL: Provides funding to replace the showers in the Emergency Services Section Building.

SUMMARY OF SPECIFIC PROVISIONS: Capital Project requesting $50,000 construction funds.

JUSTIFICATION: Tiles are falling off the walls, the wallboard has become saturated with water, and water is leaking out into other areas of the building, thereby creating the risk of mold and slip and fall injuries. The Police Department’s Emergency Service Section functions as the County’s hazardous materials team. They also perform other duties including heavy rescue. During the normal course of their duties, they are exposed to, and often become contaminated with hazardous substances, including gasoline, oil, hydraulic fluid, sewage and toxic chemicals. Prompt removal of these products is necessary to ensure the health and safety of these officers. Having access to showers also allows them to decontaminate and return to duty in an efficient fashion, which is vitally important given the small size of the command and their vital role in public safety through the County. OSHA requires that hazardous material technicians have access to showers for safety reasons.

RE: Request for Two Clerk Typist Positions

A draft of a Resolution to amend the Operating Budget of the Department of Civil Service/Human Resources to add two Clerk Typist positions in our Employee Benefits Unit is attached. These positions are needed to augment the existing staff, which is already working at or beyond capacity. The Employee Benefits Unit handles the day-to-day administration of the Employee Medical Health Plan and continues to experience one workload crisis after another. The return to County-on-County coverage has added to the already full workload, and the impending change to mandatory mail order prescriptions will be more than the current staff will be able to handle.

Please initiate this resolution to add two new Clerk Typist positions to the Employee Benefits unit in the Employee Medical Health Plan section of our Operating Budget.

An e-mail version of the Resolution has been sent to CE RESO REVIEW saved under the title "Reso-CS-2 CT Pos for EMHP 3-13."

TITLE OF BILL: A Resolution amending the Operating Budget of the Department of Civil Service/Human Resources to add two Clerk Typist Positions.

PURPOSE OR GENERAL IDEA OF BILL: To provide the staffing necessary to maintain the administration and processing of Employee Medical Health Plan records in the face of time-consuming on-going changes to the Plan.

SUMMARY OF SPECIFIC PROVISIONS: This Resolution adds two Clerk Typist positions to the Employee Benefits Unit in the Employee Medical Health Plan section of the Operating Budget of the Department of Civil Service/Human Resources.

JUSTIFICATION: The Employee Benefits Unit is always extremely busy and routinely works at or beyond capacity. This year has been especially challenging with the updating of records and responding to participant questions arising from the return to County-on-County health insurance coverage. The coming imposition of mandatory mail order prescriptions and all that this additional change will entail will be more than the unit can handle. Two additional Clerk Typist positions would provide the extra staff necessary to maintain the records efficiently and to respond to the sometimes overwhelming number of inquiries concerning the impact on both active employees and many thousands of retirees.

FISCAL IMPACT: Funding will come from Employee Medical Health Plan funds.

Jon Schneider, Deputy County Executive

Enclosed please find 2 copies of the resolution packet prepared by the Suffolk County Department of Probation to accept a total of $16,000.00 grant funding from the U.S. Department of Justice Marshalls Service. The resolution for the award of $16,000 is for the funding period effective October 9, 2012 through September 30, 2013. The grant is for reimbursement of Overtime costs associated with the Suffolk County Probation Department participation in the U.S. Marshalls Fugitive Task Force.

A copy of the award letter is attached. Currently and for a number of years, the Probation Department participates in the efforts of the Long Island Division of the U.S. Marshalls Fugitive Task Force. This joint effort is in order to identify and target for prosecution, the most dangerous federal, state and local fugitives on the eastern seaboard, specifically within the Long Island Region.

It is requested at this time that priority consideration be given to this resolution due to the fact that the grant period was effective for the 2012 budget year. The resolution establishes funds for overtime incurred beginning with October 9, 2012.

Please feel free to contact Anne Abel, Principal Accountant at 2-5032 if you have any questions. I thank you in advance for any assistance that can be given to this matter.

RE: Contract Number C523696

Dear Ms. Calcaterra:

I am pleased to inform you that your locality has been awarded a Governor’s Traffic Safety Committee (GTSC) Ignition Interlock Device Monitoring project award in the amount of $356,749 to support probation supervision and monitoring services. This year’s allocations are based on 2010 conviction data where previous awards had been based on 2008, and so local awards may differ somewhat from prior years. The award allocations have been adjusted to reflect the needs in each county based on the changes in arrest and conviction rates. Also, New York State is experiencing a steady decline in DWI arrests and consequently, there are fewer convictions in some localities. We are confident this reflects New York State’s comprehensive strategy in addressing highway fatalities and the problem of DWI.

In order to facilitate the development of the new contract, please go into the Grants Management System (GMS) under your new contract number and ensure that the Budget correctly reflects the award amount cited above for October 1, 2012 – September 30, 2013. Also please check and verify that all contact information for your program is accurate under the Participant tab of your GMS record.

Please note the following information with regard to vouchers for Ignition Interlock contracts for SY FY 2012-13:

- **Vouchers/Claims** - Please refrain from submitting claims/vouchers to the Division of Criminal Justice Services’ (DCJS) Finance Office until you receive executed contracts. Fiscal claims and vouchers should be submitted quarterly (see dates below under Progress Reports) to:

  NYS Division of Criminal Justice Services
  Finance Office, 10th Floor
  4 Tower Place
  Albany, New York 12203

  An Equal Opportunity/Affirmative Action Employer
• *Progress Reports* - All programs are required to submit quarterly Progress Reports via GMS. Once your Application/Contract in GMS is in “Under Review” status, these Progress Reports can be completed on GMS and are due as follows:

<table>
<thead>
<tr>
<th>Calendar Quarter</th>
<th>Report Due</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>

</tr>
<tr>
<td>July 1 - September 30</td>
<td>November 15</td>
</tr>
<tr>
<td>October 1 - December 31</td>
<td>February 15</td>
</tr>
</tbody>
</table>

• *Office of Probation and Correctional Alternatives (OPCA) Quarterly Reports* - In addition to the four (4) work plan based progress reports referenced in contract Appendix A-1 which are required to be submitted in GMS, for purposes of this grant award, the grantee is also required to submit quarterly reports with program data involving receiving logs on the form: *County Monitors' Report of Ignition Interlock Device Sentencing Orders Received and Installation Status*. This form and instructions are attached to this letter. This form must be sent to OPCA at dcjsopcaiidreports@dcjs.ny.gov and is due 30 days after the close of the quarter.

Please be aware that in these times of serious fiscal crisis, there is no guarantee of future funding for this program. All grantees should make every effort to manage funds efficiently and seek ways to sustain their program with other resources wherever possible.

Congratulations on your award! We are looking forward to continuing our work with you on this important initiative.

Very truly yours,

Michael C. Green

STATE OF NEW YORK
AGREEMENT
This AGREEMENT is hereby made by and between the State of New York agency (STATE) and the public or private agency (CONTRACTOR) identified on the face page hereof.

WITNESSETH:
WHEREAS, the STATE has the authority to regulate and provide funding for the establishment and operation of program services and desires to contract with skilled parties possessing the necessary resources to provide such services; and
WHEREAS, the CONTRACTOR is ready, willing and able to provide such program services and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services required pursuant to the terms of this AGREEMENT;
NOW THEREFORE, in consideration of the promises, responsibilities and covenants herein, the STATE and the CONTRACTOR agree as follows:
I. Conditions of Agreement
A. This AGREEMENT may consist of successive periods (PERIOD), as specified within the AGREEMENT or within a subsequent Modification Agreement(s) (Appendix X) Amendment. Each additional or superseding PERIOD shall be on the forms specified by the particular State agency, and shall be incorporated into this AGREEMENT.
B. Funding for the first PERIOD shall not exceed the funding amount specified on the face page hereof. Funding for each subsequent PERIOD, if any, shall not exceed the amount specified in the appropriate appendix amendment for that PERIOD.
C. This AGREEMENT incorporates the face page attached as presented in the Grants Management System (GMS) AWARD online printable report, and all of the marked appendices identified on the face page hereof.
D. For each succeeding PERIOD of this AGREEMENT, the parties shall prepare new appendices, to the extent that any require modification, and a Modification Agreement. Any terms of this AGREEMENT not modified shall remain in effect for each PERIOD of the AGREEMENT.
To modify the AGREEMENT within an existing PERIOD, the parties shall revise or complete the appropriate appendix form(s). Any change in the amount of consideration to be paid, change in scope, or change in term is subject to the approval of the Office of the State Comptroller. Any other modifications shall be processed in accordance with agency guidelines as stated in Appendix A-1.
E. The CONTRACTOR shall perform all services to the satisfaction of the STATE. The CONTRACTOR shall provide services and meet the program objectives summarized in the Program Workplan (Appendix D) in accordance with: provisions of the AGREEMENT; relevant laws, rules and regulations, administrative and fiscal guidelines; and where applicable, operating certificates for facilities or licenses for an activity or program.
F. If the CONTRACTOR enters into subcontracts for the performance of work pursuant to this AGREEMENT, the CONTRACTOR shall take full responsibility for the acts and omissions of its subcontractors. Nothing in the subcontract shall impair the rights of the STATE under this AGREEMENT. No contractual relationship shall be deemed to exist between the subcontractor and the STATE.
G. Appendix A (Standard Clauses as required by the Attorney General for all State contracts) takes precedence over all other parts of the AGREEMENT.
II. Payment and Reporting
A. The CONTRACTOR, to be eligible for payment, shall submit to the STATE’s designated payment office (identified in Appendix C) any appropriate documentation as required by the Payment and Reporting Schedule (Appendix C) and by agency fiscal guidelines, in a manner acceptable to the STATE.
B. The STATE shall make payments and any reconciliations in accordance with the Payment and Reporting Schedule (Appendix C). The STATE shall pay the CONTRACTOR, in consideration of contract services for a given PERIOD, a sum not to exceed the amount noted on the face page hereof or in the respective Appendix designating the payment amount for that given PERIOD. This sum shall not duplicate reimbursement from other sources for CONTRACTOR costs and services provided pursuant to this AGREEMENT.
C. The CONTRACTOR shall meet the audit requirements specified by the STATE.
III. Terminations
A. This AGREEMENT may be terminated at any time upon mutual written consent of the STATE and the CONTRACTOR.
B. The STATE may terminate the AGREEMENT immediately, upon written notice of termination to the

C. The STATE may also terminate this AGREEMENT for any reason in accordance with provisions set forth in Appendix A-1.
D. Written notice of termination, where required, shall be sent by personal messenger service or by certified mail, return receipt requested. The termination shall be effective in accordance with the terms of the notice.
E. Upon receipt of notice of termination, the CONTRACTOR agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the STATE.
F. The STATE shall be responsible for payment on claims pursuant to services provided and costs incurred pursuant to terms of the AGREEMENT. In no event shall the STATE be liable for expenses and obligations arising from the program(s) in this AGREEMENT after the termination date.
IV. Indemnification
A. The CONTRACTOR shall be solely responsible and answerable in damages for any and all accidents and/or injuries to persons (including death) or property arising out of or related to the services to be rendered by the CONTRACTOR or its subcontractors pursuant to this AGREEMENT. The CONTRACTOR shall indemnify and hold harmless the STATE and its officers and employees from claims, suits, actions, damages and costs of every nature arising out of the provision of services pursuant to this AGREEMENT.

V. Property
Any equipment, furniture, supplies or other property purchased pursuant to this AGREEMENT is deemed to be the property of the STATE except as may otherwise be governed by Federal or State laws, rules or regulations, or as stated in Appendix A-1.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter ‘the contract’ or ‘this contract’) agree to be bound by the following clauses which are hereby made a part of the contract (the word ‘Contractor’ herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appro priated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6.a).

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of

all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 29, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusive action aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every Invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such

number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of 'a', 'b', and 'c' above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the 'Work') except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereof.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A
shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIEDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

(d) The Contractor acknowledges that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS. To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

NOTE: Additional payment provisions associated with the schedule(s) below are detailed in Appendix A-1.

For All Grantees:

1. The Grantee agrees that this is a reimbursement-based contract; an advance may be provided through Appendix D (Special Conditions). All requests for reimbursement must reflect actual costs that have been disbursed or items received by the Grantee. A purchase order issued without receipt of the items or service is not eligible for reimbursement.

2. Grantees must submit all required fiscal reports, supporting documentation and program progress reports. Failure to meet these requirements will result in the rejection of associated vouchers. Failure to submit the final program report, or interim progress report designated as the final report, may result in a disallowance of 25 percent (25%) of the grant amount. The Grantee must also refund all unexpended advances (see item three below.) Final vouchers, reimbursement payment and reports must be submitted within 45 days of the end of the grant contract period. Failure to voucher within this period may result in the loss of grant funds.

3. If at the end of this grant contract there remains any unexpended balance of the monies advanced under this contract in the possession of the Grantee, the Grantee shall submit a certified check or money order for the unexpended balance payable to the order of the State of New York and return it to the DCJS Office of Finance with its final fiscal cost report within 45 days of termination of this grant contract.

4. Vouchers shall be submitted in a format acceptable to DCJS and the Office of the State Comptroller (see http://www.criminaljustice.state.ny.us/ofpe/forms.htm). Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the Project Budget (Appendix B) and during the contract period. When submitting a voucher, such voucher shall also be deemed to certify that: a) the payments requested do not duplicate reimbursement from other sources of funding; and b) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Grantee for this program. Requirement b) does not apply to Legislative sponsored State grants.

5. For purposes of prompt payment provisions, the Designated Payment Office for the processing of all vouchers is the DCJS Office of Financial Services. Payment of grant vouchers shall be made in accordance with the provisions of Article XI-A of the State Finance Law (http://caselaw.lp.findlaw.com/nycodes/c113/a19.html). Payment shall be preceded by an inspection period of 15 business days which shall be excluded from calculations of the payment due date for purposes of determining eligibility for Interest payments. The Grantee must notify the Office of Finance in writing of a change of address in order to benefit from the prompt payment provision of the State Finance Law. When progress reports are overdue, vouchers will not be eligible for prompt payment.

6. Timely and properly completed New York State vouchers, with supporting documentation when required, shall be submitted to:

NYS Division of Criminal Justice Services
Office of Finance

APPENDIX D - Work Plan

Goal
To enhance public safety by engaging in Breath Alcohol Ignition Interlock Device (BAIID) monitoring activities for adult DWI offenders who have been sentenced, pursuant to Chapter 496 of the 2009 Laws of New York State, and whose sentence requires the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender.

Objective #1
To engage in Breath Alcohol Ignition Interlock Device monitoring activities in Suffolk County for an estimated 3,237 DWI-related offenders sentenced to probation or Conditional Discharge on or after October 1, 2012, and having conditions requiring the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender.

Task #1 for Objective #1
Designated oversight agencies in Suffolk County will receive sentencing orders from the criminal courts pertaining to adult DWI-related offenders who, as a condition of their sentence, must install and maintain a BAIID in each vehicle owned or operated by the offender and initiate monitoring activities.

# Performance Measure
1 The number of Probation and/or Conditional Discharge sentencing orders having BAIID-related conditions received by the county's designated BAIID monitor(s) from all criminal courts within Suffolk County.

Task #2 for Objective #1
To coordinate the reimbursement for Breath Alcohol Ignition Interlock Device (BAIID) court orders received for designated oversight agencies within Suffolk County.

# Performance Measure
The grantee will receive the quarterly reporting form entitled MONITORS REPORT OF IGNITION INTERLOCK DEVICE SENTENCES RECEIVED AND INSTALLATION STATUS which should be submitted in spreadsheet format. This form will provide the DCJS Office of Probation and Correctional Alternatives with basic data as to the monitoring services provided and will also be the basis upon which reimbursement claims are made. Offenders should only be entered in one quarterly report - cases which receive monitoring services subsequent to that initial entry should NOT be entered on subsequent quarterly reports.

During the reporting period for each quarter of the contract year, Suffolk County will submit the required fiscal paperwork including vouchers and supporting documentation to the Finance Office of the Division of Criminal Justice Services and upon receipt of reimbursement funds distribute them to the designated agencies.

Award Conditions
Upon approval of this grant by the Office of the State Comptroller, or DCJS for "T" contract only, the Grantee is authorized to initially voucher for advance payment of those prospective expenses previously approved by DCJS not to exceed $0.00 from the total contracted amount. Consistent with paragraph 15 of Appendix A-1 of this grant contract, vouchers for advance payments for the purchase of equipment and supplies must be supported by a copy of the purchase order.

APPENDIX D - Special Conditions

OPCA Special Conditions

Notwithstanding any other provisions of the AGREEMENT, the following Special Conditions are incorporated into the AGREEMENT between the parties as though set forth in its entirety therein and shall, with the exception of the provision of Appendix A, STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS, be controlling.

A not for profit organization operating on a multi-year contract may, at the sole discretion of the STATE, be issued a fifth quarter advance against the succeeding year's appropriation, pursuant to State Finance Law, Section 179 u.

For performance based contracts, Appendix B 1, Program Performance Milestones and Costs, is included herein via the GMS Attachment Module, and is incorporated into the AGREEMENT.

A. PROGRAM SERVICES

1. The CONTRACTOR agrees to promptly notify the STATE of any critical incidents involving the respective PROGRAM, its clients/participants or staff, as well as negative media reports, as required by the STATE.

2. The CONTRACTOR shall provide, on STATE supplied case monitoring forms, client/participant specific data as called for and delineated within those forms. Identification of client/participant names and disclosure of other PROGRAM records to the STATE shall be pertinent to performance under this AGREEMENT.

B. TERMINATION

1. The STATE shall have the right to terminate this AGREEMENT early for: (i) unavailability of funds; (ii) cause; (iii) without cause; or (iv) upon mutual consent.

2. The STATE may terminate this AGREEMENT if federal/state appropriation authorizations lapse and are not renewed, continued or reenacted or if funds are no longer made available pursuant to the laws controlling such authorizations and availabilities. However, if such authorizations or availabilities lapse and are not renewed, continued or reenacted, as to funds encumbered or available and to the extent of such encumbrances or availabilities, this AGREEMENT shall remain in effect for the duration of such encumbrances or availabilities unless this AGREEMENT is otherwise terminated by the STATE. Although the liquidity of encumbrances or availability of funds may be affected by budgetary hiatuses, a STATE budgetary hiatus will not by itself be construed to lapse this AGREEMENT, provided any necessary STATE appropriations or other funding authorizations therefore are eventually enacted.

3. The STATE may terminate the AGREEMENT immediately for cause upon written notice of termination to the CONTRACTOR; (i) if the STATE determines that the CONTRACTOR and/or any other identified SERVICE PROVIDER(S) fails to comply with the terms and conditions of this agreement and/or with any laws, rules, regulations, policies or procedures affecting this AGREEMENT, including but not limited for reason of vendor responsibility or failure to accurately disclose or (ii) upon a disapproved Service Plan.

2/8/2013
4. The STATE reserves the right to terminate this AGREEMENT in the event it is found that the certification filed by the CONTRACTOR in accordance with New York State Finance Law §139 k was intentionally false or intentionally incomplete. Upon such finding, the STATE may exercise its termination right by providing written notification to the CONTRACTOR in accordance with the written notification terms of this AGREEMENT.

5. The STATE may only invoke its right to terminate without cause provided the STATE has given 90 days or more written notice to the CONTRACTOR, except with respect to contractual language contained herein that gives the STATE the general right to terminate at any time.

6. This AGREEMENT may be terminated at any time upon mutual written consent of the STATE and the CONTRACTOR or by the DIVISION serving thirty (30) calendar days written notice upon the other party, as specified by the STATE.

C. SAFEGUARDS FOR SERVICES AND CONFIDENTIALITY

1. The CONTRACTOR agrees that all records on this PROGRAM shall be safeguarded and not be open to indiscriminate public review. Towards this end, the CONTRACTOR shall establish written policies and procedures as to maintenance, security, retention and disposition of such records. The CONTRACTOR shall agree to maintain complete confidentiality of all information concerning applicants, employees, PROGRAM clients/participants, and their families which it may obtain during the course of performing the services of this AGREEMENT unless required in the performance of this AGREEMENT or otherwise authorized by law. Except as authorized by law and for audit purposes as noted above and for provision of PROGRAM services, the CONTRACTOR will not release any of said information, including names and addresses, without prior written permission from the STATE. Records retention and disposition shall be in accordance with this AGREEMENT and any applicable Federal or State laws, rules or regulations. The STATE shall have access to all CONTRACTOR records relating to the PROGRAM. Information relating to individuals who may receive services pursuant to this CONTRACTOR shall be maintained and safeguarded in conformity with the applicable provisions of laws, regulations and policies and directives of the STATE.

2. The CONTRACTOR specifically agrees to comply with New York State’s INFORMATION SECURITY BREACH AND NOTIFICATION ACT as set forth in State Technology Law Section 208 and General Business Law Section 899 aa. The CONTRACTOR shall promptly notify the STATE where there is reasonable belief of breach of security, unauthorized access or unauthorized release of personal computer data containing personal information and take appropriate action with respect to notification of affected individuals and to other required state agencies consistent with such Act. CONTRACTOR shall be liable for the costs associated with such breach if caused by CONTRACTOR’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of CONTRACTOR’S agents, officers, employees or subcontractors.

D. FUNDING

1. For performance based CONTRACTS, the CONTRACTOR shall promptly provide written notice to the STATE, via a separate letter, of special circumstances experienced by the PROGRAM in achieving its milestones and outcomes. Notwithstanding any fiscal provisions relative to reimbursement for milestones and outcomes, the CONTRACTOR may request written approval of the STATE to adjust a milestone and/or outcome to compensate for over achievement of PROGRAM participants. The reimbursement will be at the agreed upon participant cost for the milestone and/or outcome and in no event exceed the total maximum costs delineated in Appendix B or B1, where applicable.

2. Reimbursement to the CONTRACTOR will be made after the CONTRACTOR submits vouchers and supporting documents as established by the STATE and the CONTRACTOR is otherwise adhering to the AGREEMENT, including submission of necessary reporting documentation in a timely manner. Programmatic data shall be completed and submitted in accordance with timeframes and procedures established by the STATE. Failure to timely report may result in termination of contractual services. The CONTRACTOR agrees to provide detailed fiscal and other programmatic information in keeping with STATE instructions.

In addition to the four (4) progress reports referenced in Appendix A-1 which are required, for purposes of this grant award, the CONTRACTOR shall also submit quarterly reports and PROGRAM data involving receiving logs on the form: COUNTY MONITORS REPORT OF IGNITION INTERLOCK DEVICE SENTENCING ORDERS

APPENDIX A1
AGENCY-SPECIFIC CLAUSES

1. For grant solicitations or direct grant awards announced before April 10, 2006, if this Agreement exceeds $15,000, it shall not take effect until it is executed by the parties hereto and approved by the Attorney General and the Comptroller of the State of New York. If this Agreement is for $15,000 or less, it shall not take effect until it is executed by both parties.

For grant solicitations or direct grant awards announced on or after April 10, 2006, if this Agreement exceeds $50,000, it shall not take effect until it is executed by the parties hereto and approved by the Attorney General and the Comptroller of the State of New York. If this Agreement is for $50,000 or less, it shall not take effect until it is executed by both parties.

2. This Agreement sets forth the entire understanding of the parties and may not be altered or amended except in writing and signed by the parties hereto.

3. The failure of a party to enforce a contractual obligation shall not eliminate the other party's obligation to perform such contractual obligation.

4. In the event that any provision of this Agreement is determined to be null and void, all remaining provisions shall continue to be in full force and effect.

5. The Grantee must notify DCJS in writing of any change in the number, title, job duties or rate of remuneration of project staff which changes the Personal Service Project Budget line by 10 percent or under. Any change in the number, title, job duties or rate of remuneration of project staff which changes the Project Budget line more than 10 percent must be approved in writing by DCJS prior to implementation. The Grantee agrees to provide DCJS with resumes and supporting documentation upon request.

6. The Grantee shall submit detailed itemization forms for personal service and fringe benefit expenditures, in a format determined by DCJS, with any voucher and Fiscal Cost Reports requesting payment for expenditures.

7. The Grantee must maintain specific documentation as support for project related personal service expenditures, depending upon whether this grant contract project is supported by State or Federal funds:

A. For State funded grants:

For all Grantee's staff whose salaries are paid in whole or in part from grant funds provided under this Agreement, the Grantee shall maintain a time recording system which shows the time devoted to the grant project. The system shall consist of time sheets, computerized workload distribution reports, or equivalent systems. The time devoted to grant activities must be determinable and verifiable by DCJS. If time sheets are used, each must be signed by the individual and certified by the individual's supervisor in a higher level position at the end of each time reporting period.

B. For Federally funded grants:

Depending upon the nature or extent of personal service provided under this Agreement, the Grantee shall maintain semi-annual (or more frequent) personal service certifications and/or an after-the-fact personnel activity reporting system (or equivalent) which complies with the requirements of the Federal Office of Management and Budget (OMB) Circulars A-21, A-87 or A-122, as applicable:

1. OMB Circular A-21 [Item J, General provisions for selected items of cost] identifies documentation required for educational institutions as support for grant project personnel costs.
2. OMB Circular A-87 [Attachment B, Selected Items of Cost] identifies the documentation required for local government agencies as support for grant project personnel costs.
3. OMB Circular A-122 [Attachment B, Selected Items of Cost] identifies the documentation required for non-

profit organizations as support for grant project personnel costs.

The most current version of these Federal OMB Circulars may be viewed on-line at:
www.whitehouse.gov/omb/circulars.

The Grantee is to ensure full compliance with specific personal service documentation requirements of these OMB Circulars as applicable directly to the Grant recipient and to any sub-recipient (or collaborative agency/organization). Failure to do so may result in disallowance of costs upon audit.

8. Budget amendments are governed as follows:

A. Any proposed modification to the contract must be submitted for prior approval by DCJS and the NYS Office of the State Comptroller (OSC) when:

1. The amount of the modification is equal to or greater than ten percent of the total value of the contract for contracts of less than five million dollars; or

2. The amount of the modification is equal to or greater than five percent of the total value of the contract for contracts of five million dollars or more.

An Appendix X setting forth the proposed amendment must be electronically signed via the Grants Management System by the Grantee for approval by DCJS and the NYS Office of the State Comptroller before the next voucher and/or fiscal cost report will be approved.

B. For proposed modifications to the contract below the DCJS/OSC approval thresholds as set forth in 8 (A), the following shall apply:

1. The Grantee is not permitted to reallocate funds between Personal Service and Non-Personal Service budget categories without the prior approval of DCJS. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.

2. The Grantee is not permitted to reallocate funds between Non-Personal Service budget categories without the prior approval of DCJS when the amount of the modification is equal to or greater than ten percent of the category. A grant amendment setting forth the proposed reallocation must be approved by DCJS via the Grants Management System before the next voucher and/or fiscal cost report will be approved.

3. Prior approval by DCJS is not required for Non-Personal Service budget changes which are less than 10 percent. These changes, however, must be submitted to DCJS with the next voucher or fiscal cost report submission.

Requests for modifications must be made in writing by an authorized representative of the Grantee.

9. Space rental provided by this Agreement must be supported by a written lease, maintained on file and made available by the Grantee upon request.

10. The Grantee’s request for travel, meals or lodging reimbursement shall be in accordance with Appendix B, Budget, and, unless prior written authorization has been received from DCJS, shall not exceed rates authorized by the NYS Office of the State Comptroller.

11. The Grantee’s employment of a consultant must be supported by a written agreement executed by the Grantee and the consultant. A consultant is defined as an individual or organization hired by the Grantee for the stated purpose of accomplishing a specific task relative to the funded project. A copy of the agreement must be submitted to DCJS with the appropriate voucher for payment. All consultant services must be obtained in a manner that provides for fair and open competition. The Grantee shall retain copies of all solicitations seeking a consultant, written agreements and documentation justifying the cost and selection of the consultant. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Agreement and the Grantee must guarantee the work of the consultant as if it were its own.

A. The rate for a consultant should not exceed $450 for an eight-hour day (not including travel and subsistence costs). A rate exceeding $450 per eight-hour day requires prior written approval from DCJS and may be

approved on a case-by-case basis where adequate justification is provided and expenses are reasonable and allowable.

B. In addition to the above requirements, a Grantee that is a local government or a not-for-profit must adhere to the following guidelines at a minimum when obtaining consultant services:

1. Consultant services that cost up to $999 under this grant agreement can be obtained at the Grantee's discretion.
2. Consultant services that cost between $1,000 and $4,999 under this grant agreement must be supported by at least three telephone quotes and a record created of such quotes.
3. Consultant services that cost between $5,000 and $9,999 under this grant agreement must be supported by at least three written quotes on a vendor's stationery and a record created of competitive procurement process utilized.
4. A Grantee obtaining consultant services that cost in excess of $10,000 must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following: open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

C. A Grantee who proposes to obtain consultant services from a particular vendor without competitive bidding, must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and basis upon which the price was determined to be reasonable. Further, such consultant services must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS' approval must also be submitted with the voucher for payment.

D. Notwithstanding the provisions of this paragraph, the Parties agree that DCJS' prior written approval is not required for the employment of a consultant when such employment is secured in relationship to a criminal matter as an expert witness, consultant or investigator. The Parties agree that the employment shall be supported by a written agreement and that all requests for reimbursement shall be supported by documentation identifying the criminal matter involved, services provided, time commitment and schedule. Such agreement and documentation shall be submitted to DCJS with the appropriate voucher for payment.

12. All procurements, other than consultant services, shall be conducted in the following manner. Written justification and documentation for all procurements must be maintained on file and made available upon request. Detailed itemization forms for non-personal service expenditures, in a format determined by DCJS, shall accompany each voucher and Fiscal Cost Report requesting payment. All procurements must be made in a fair and open manner and in accordance with the pre-determined methodology established for evaluating bids (e.g., lowest responsive bidder or best value).

A. A Grantee that is a state entity must make all procurements in accordance with State Finance Law Article 11, and any other applicable regulations.

B. A Grantee that is a local government must make procurements in accordance with General Municipal Law Article 5-A and any other applicable regulations.

C. In addition, a Grantee that is a not-for-profit must also make all procurements as noted below:

1. If the Grantee is eligible to purchase an item or service from a government contract or is able to purchase such item or service elsewhere at a lower than or equal price, then such purchase may be made immediately.
2. A Grantee may purchase any single piece of equipment, single service or multiples of each that cost up to $999 at its discretion.
3. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between $1,000 and $4,999, a Grantee must secure at least three telephone quotes and create a record for audit of such quotes.
4. Before purchasing any piece of equipment, service or multiples of each that have an aggregate cost between $5,000 and $9,999, the Grantee must secure at least three written quotes on a vendor's stationery and maintain a record of the competitive procurement process for audit purposes.
5. A Grantee spending in aggregate of $10,000 and above must use a competitive bidding process. Guidance may be obtained from DCJS. At a minimum, the competitive bidding process must incorporate the following:

https://grants.criminaljustice.ny.gov/Project/ReportContractAward.jsp

2/8/2013
open, fair advertisement of the opportunity to provide services; equal provision of information to all interested parties; reasonable deadlines; sealed bids opened at one time before a committee who will certify the process; establishment of the methodology for evaluating bids before the bids are opened; and maintenance of a record of competitive procurement process.

6. A Grantee who proposes to purchase from a particular vendor without competitive bidding must obtain the prior written approval of DCJS. The request for approval must be in writing and set forth, at a minimum, a detailed justification for selection and the basis upon which the price was determined to be reasonable. Further, such procurement must be in accordance with the guidelines, bulletins and regulations of the NYS Office of the State Comptroller, State Procurement Council, and the U.S. Department of Justice. A copy of DCJS’ approval must also be submitted with the voucher for payment.

13. Applicable equipment purchased with funds provided by this Agreement as listed in Appendix B, Budget, shall be assigned a unique inventory number. The Grantee shall list all applicable equipment purchased with such funds in the GMS Property Module and print and submit such reports to DCJS/ODPF program representatives with the final program progress report or sooner. Alternatively, the Grantee may use the Equipment Inventory reports prescribed by DCJS to list equipment purchases and submit them to DCJS via postal service. Items of equipment costing less than $500 do not need to be reported on the Equipment Inventory Reports although the Grantee is encouraged to maintain an internal inventory for audit purposes. Upon completion of all contractual requirements by the Grantee, DCJS will consider a request for continued use and possession of the equipment purchased with grant funds provided the equipment continues to be used in conducting a criminal justice program.

14. Grant funds may be expended only for purposes and activities set forth in this Agreement. Accordingly, the most important single requirement of accounting for this grant is the complete and accurate documentation of grant expenditures. If the Grantee receives funding from two or more sources, all necessary steps must be taken to ensure that grant-related transactions are not commingled. This includes, but is not limited to, the establishment of unique budget codes, a separate cost center, or a separate chart of accounts. Expenditures must be cross-referenced to supporting source documents (purchase orders, contracts, real estate leases, invoices, vouchers, timesheets, mileage logs, etc.). Grantee agrees it shall maintain adequate internal controls and adhere to Generally Accepted Accounting Principles for Government or Generally Accepted Accounting Principles for Not-for-Profit Organizations.

This Agreement may be subject to a fiscal audit by DCJS to ascertain financial compliance with Federal and/or State laws, regulations, and guidelines applicable to this Agreement. Such audits may include review of the Grantee’s accounting, financial, and reporting practices to determine compliance with the Agreement and reporting requirements; maintenance of accurate and reliable original accounting records in accordance with governmental accounting standards as well as generally accepted accounting principles; and specific compliance with allowable cost and expenditure documentation standards prescribed by applicable Federal, State, and DCJS guidelines.

15. Where advance payments are approved by DCJS, the Grantee agrees to expend the advance payments in accordance with the purposes set forth in Appendix D and consistent with Appendix B.

16. DCJS reserves the right to suspend program funds if the Grantee is found to be in noncompliance with the provisions of this Agreement or other grant agreements between the Grantee and DCJS or, if the Grantee or principals of the Grantee are under investigation by a New York State or local law enforcement agency for noncompliance with State or Federal laws or regulatory provisions or, if in DCJS’ judgment, the services provided by the Grantee under the Agreement are unsatisfactory or untimely. DCJS shall provide the Grantee with written notice of noncompliance. Upon the Grantee’s failure to correct or comply with the written notice by DCJS, DCJS reserves the right to terminate this Agreement, recoup funds and recover any assets purchased with the proceeds of this Agreement. DCJS reserves the right to use approved grant related expenditures to offset disallowed expenditures from any grant funded through its offices upon issuance of a final audit report and appropriate notification to the Grantee, or upon reasonable assurance that the Grantee is not in compliance with Agreement terms.

17. The Grantee agrees, as a material condition of the Agreement, to comply with all applicable provisions of the Hatch Act (5 U.S.C. "$1501 et seq."") as amended.

18. Program income earned by the Grantee during the funding period as a direct result of the grant award must be reported in writing to DCJS, in addition to any other statutory reporting requirements. This includes income received from seized and forfeited assets and cash, as well as: sale of grant purchased property; royalties; fees

for services; and registration/tuition fees. Interest earned on grant funds is not program income unless specified in Appendix D. The Grantee agrees to report the receipt and expenditures of grant program income to DCJS. All income, including interest, generated by the use of these grant funds will be used to enhance the grant project.

19. If applicable, the Grantee agrees to obtain not-for-profit status, a federal identification number, and a charitable registration number (or a declaration of exemption) and to furnish DCJS with this information as soon as it is available.

20. Unless otherwise specified, in accordance with the State Finance Law, the availability of all State funds for liabilities already incurred thereunder shall cease on September 15th of the year following the fiscal year in which the funds were appropriated, unless such funds are reappropriated by the New York State Legislature. To ensure payment, vouchers must be received by DCJS by August 1st of the year following the fiscal year in which the funds were appropriated.

21. The Grantee will submit program progress reports and one final report to DCJS via the GMS system and additional information or amended data as required.

A. Program progress reports will be due within 45 days of the last day of each calendar quarter or on an alternate schedule as prescribed in Appendix D. The first program progress report will be due within 45 days of the last day of the calendar quarter from the start date of the program.

Program progress reports thereafter will continue to be made until such time as the funds subject to this Agreement are no longer available, have been accounted for, and/or throughout the Agreement period or project duration.

Calendar quarters, for the purposes of making program progress reports, shall be as follows:

Calendar Quarter Report Due January 1 - March 31 May 15 April 1 - June 30 August 15 July 1 - September 30
November 15 October 1 - December 31 February 15

B. The final report, or where applicable interim progress reports, will summarize the project’s achievements as well as describe activities for that quarter.

22. If for any reason the State of New York or the federal government terminates its appropriation through DCJS or fails to pay the full amount of the allocation for the operation of this program, this Agreement may be terminated or reduced at the discretion of DCJS, provided that no such reduction or termination shall apply to allowable costs already incurred by the Grantee where funds are available to DCJS for payment of such costs. Upon termination or reduction of the Agreement, all remaining funds paid to the Grantee that are not subject to allowable costs already incurred by the Grantee shall be returned to DCJS. In any event, no liability shall be incurred by DCJS or by the State of New York beyond monies available for the purposes of this Agreement. The Grantee acknowledges that any funds due to DCJS because of disallowed expenditures after audit shall be its responsibility.

23. If Appendix B, Program Budget, makes provisions for overtime payment, the Grantee agrees to submit vouchers for such payment of overtime charges within 45 days after the last day of the quarter for the reporting period. The Grantee further agrees to limit overtime earnings to no more than 25 percent (25%) of the employee’s annual personnel cost (salary plus fringe benefits) during the term of this Agreement. No reimbursements for overtime charges in excess of this 25 percent (25%) limit will be made unless prior written approval has been obtained from DCJS.

24. None of the goals, objectives or tasks set forth in Appendix D shall be subawarded to another organization without specific prior written approval by DCJS. Where the intention to make subawards is clearly indicated in the application, DCJS’ approval is deemed given, if these activities are funded as proposed.

If this Agreement makes provisions for the Grantee to subgrant funds to other recipients, the Grantee agrees that all subgrantees shall be held accountable by the Grantee for all terms and conditions set forth in this Agreement. The Grantee further agrees that it shall assume sole and complete responsibility for fulfilling all the obligations set forth in the Agreement and the Grantee must guarantee the work of any subgrantee as if it were its own.

The Grantee agrees that all subgrantee arrangements shall be formalized in writing between the parties involved. The writing must, at a minimum, include the following information:

Activities to be performed;

Time schedule;

Project policies;

Other policies and procedures to be followed;

Dollar limitation of the Agreement;

Appendix A, Appendix A-1, Appendix C, Certified Assurances for Federally Supported Projects, Certification Regarding Lobbying, Debarment and Suspension and any special conditions set forth in the Agreement; and

Applicable Federal and/or State cost principles to be used in determining allowable costs.

The Grantee will not be reimbursed for subgranted funds unless all expenditures by a subgrantee are listed on certification forms. Backup documentation for such expenditures must be made available upon request. All expenditures must be programmatically consistent with the goals and objectives of this Agreement and with the financial plan set forth in Appendix B.

25. Federal Funds

A. In accordance with Federal requirements, a Grantee which receives during its fiscal year $500,000 or more of Federal funds (including pass-through and direct) from all sources, including this Agreement, must agree to have an independent audit of such Federal funds conducted in accordance with the Federal Office of Management and Budget (OMB) Circular A-133. OMB Circular A-133 further requires that the final report for such audit be completed within nine months of the end of the Grantee's fiscal year. The Grantee further agrees to provide one copy of such audit report(s) to DCJS within nine months of the end of its fiscal year(s).

B. In accordance with Federal requirements, a Grantee receiving Federal pass-through funds must also agree to comply with the terms and conditions of any and all applicable Federal OMB Circulars. For the convenience of the Grantee, the following OMB circulars are noted as the most common applicable to federal funds passed through DCJS:

OMB Circular A 21, Cost Principles for Educational Institutions;

OMB Circular A 87, Cost Principles for State, Local and Indian Tribal Governments;

OMB Circular A 102, Grants and Cooperative Agreements With State and Local Governments;

OMB Circular A 110, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Non Profit Organizations; and

OMB Circular A 122, Cost Principles for Non Profit Organizations.

The Parties agree that, dependent upon the status of the Grantee, additional circulars may also be applicable. The most current version of all Federal OMB Circulars may be viewed on-line at: www.whitehouse.gov/omb/circulars.

The Grantee is to ensure full compliance with all cost documentation requirements of OMB Circulars as applicable directly to the Grant recipient and to any sub-recipient (or collaborative agency/organization). Failure to do so may result in disallowance of costs upon audit.

26. Any creative or literary work developed or commissioned by the Grantee with grant support provided by DCJS shall become the property of DCJS, entitling DCJS to assert a copyright therein, unless the parties have expressly agreed otherwise in a written instrument signed by them.

A. If DCJS shares its right to copyright such work with the Grantee, DCJS reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright
in any work developed under a grant, subgrant, or contract under a grant or subgrant; and (b) any rights of copyright to which a Grantee, Subgrantee, or a Contractor purchases ownership with grant support.

B. If the grant support provided by DCJS is federally sponsored, the federal awarding agency also reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use: (a) the copyright in any work developed under a grant, subgrant or contract under a grant or subgrant; and (b) any rights of copyright to which a Grantee, Subgrantee, or a Contractor purchases ownership with such grant support.

C. The Grantee shall submit one copy of all reports and publications resulting from this Agreement to DCJS. Any publications must contain the following statement, in visible print, of any document generated pursuant to a grant administered by DCJS:

This project was supported by a grant administered by the New York State Division of Criminal Justice Services. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the Division of Criminal Justice Services.

27. Original records must be retained for six years following the submission of the final claim against this Agreement. In the event of a fiscal audit, the project manager or a designated responsible party must be prepared to produce source documents that substantiate claimed expenditures. DCJS requires that all documentation materials be organized, readily accessible, and cross-referenced to the Fiscal Cost Reports previously submitted. If fiscal records, such as purchase orders, vouchers, payroll registers, payroll tax records, etc., are to be kept in a fiscal office which is separate and apart from the program office, the project manager must have access to these original records. Such fiscal records must readily identify the associated project. In addition, a separate set of records must be retained for each project year.

28. Grant-related expenditures shall be reported on Fiscal Cost Reports and detailed itemization forms provided by DCJS. These reports must be prepared periodically as defined in Appendix C of this Agreement. All reported expenditures must reconcile to the program accounting records. Prior period adjustments shall be reported in the same accounting period that the correction was made.
