APPROVED BY:

County Executive of Suffolk County

Date:
RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW TO ADDRESS THE PENALTIES FOR UNSAFE HELICOPTER OPERATION IN SUFFOLK COUNTY

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on ____, 2010, a proposed local law entitled, "A LOCAL LAW TO ADDRESS THE PENALTIES FOR UNSAFE HELICOPTER OPERATION IN SUFFOLK COUNTY" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO ADDRESS THE PENALTIES FOR UNSAFE HELICOPTER OPERATION IN SUFFOLK COUNTY

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that this Legislature enacted Local Law No. 23-2009 to ensure the safe operation of helicopters flying over Suffolk County.

This Legislature also finds and determines that concerns have been raised regarding the criminal penalty for violating Local Law No. 23-2009, which includes up to one year in prison per offense.

This Legislature further finds and determines that very few violations of the SUFFOLK COUNTY CODE are subject to a criminal penalty of up to one year in prison.

This Legislature finds that a civil penalty would be a more appropriate way to punish violations of the helicopter law.

Therefore, the purpose of this law is to amend Chapter 212 of the SUFFOLK COUNTY CODE to remove the criminal penalties and establish a civil penalty for violations of Suffolk County’s helicopter safety regulations.

Section 2. Amendments.

Chapter 212 of the SUFFOLK COUNTY CODE is hereby amended to read as follows:

Chapter 212. AIRCRAFT.

Article I. Helicopters.

****
§212-5. Penalties for Offenses

Any person who violates the provisions of this article shall be [guilty of an unclassified misdemeanor, punishable by a fine of up to $1,000 and/or one year in prison per offense] subject to a civil penalty in an amount not to exceed $1,000 for each violation, to be recovered by Suffolk County in a civil action.

****

Section 3. Applicability.

This law shall apply to all actions occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

Quogue Cemetery Association, Inc., by its attorneys, Esseks, Hefter & Angel, LLP, hereby requests that the Suffolk County Legislature consent to the Association’s use and acquisition of certain lands for cemetery purposes, pursuant to Paragraph (c) of Section 1506 of Not-for-Profit Corporation Law and Section 451 of Real Property Law, and in support of its request, respectfully shows:

1. Petitioner is a cemetery corporation incorporated on August 2, 1955, under the Laws of the State of New York, with offices located at Lamb Avenue, Village of Quogue, Town of Southampton, County of Suffolk, State of New York.

4. Petitioner additionally desires to acquire and take by condemnation other land for cemetery purposes consisting of a parcel of land of 20,102 square feet immediately adjoining its cemetery on the west and south side, located between the present cemetery lands and the property petitioner took by deed as set forth in paragraph 3 above, more particularly described as follows:

Beginning at a point said point being South 84° 13' 00" East 296.50ft from the point of intersection of the easterly side of Lamb Avenue with the southerly side of Midland Street; Thence from the point of beginning the following two courses and distances along the southerly side of Midland Street to a point:

1) South 84° 13' 00" East 2.97 feet
2) South 89° 48' 00" East 37.27ft

Beck Jr. and now or formerly of the Quogue Cemetery Association Inc. to a point: Thence South 89° 48' 00" East 35.16ft along lands of now or formerly of the Quogue Cemetery Association Inc. to a point: Thence South 00° 12' 00" West 49.91ft across Marinold Way to a point: Thence North 89° 48' 00" West 94.96ft along lands now or formerly of John M. 6. The use of the lands now sought to be acquired and set apart for cemetery purposes will be entirely consistent with the public health and welfare. The lands are situated in a sparsely populated area. There are no public buildings in the vicinity.

7. Petitioner is willing to comply with any and all reasonable regulations which may be imposed in connection with the use of such lands for cemetery purposes.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A CHARTER LAW AMENDING THE MEMBERSHIP OF THE COUNTY FIRE, RESCUE AND EMERGENCY SERVICES COMMISSION

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010 a proposed local law entitled, "A CHARTER LAW AMENDING THE MEMBERSHIP OF THE COUNTY FIRE, RESCUE AND EMERGENCY SERVICES COMMISSION "; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW AMENDING THE MEMBERSHIP OF THE COUNTY FIRE, RESCUE AND EMERGENCY SERVICES COMMISSION

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that, every ten (10) years, a Charter Review Commission convenes to examine the Suffolk County Charter and provide recommendations to improve the document.

This Legislature also finds and determines that a Charter Review Commission was organized and convened on February 7, 2008.

This Legislature further finds and determines that the Charter Review Commission met eleven (11) times over the next fourteen (14) months to hear testimony and discuss possible changes to the Charter.

This Legislature finds that the Charter Review Commission submitted its report and recommendations to the County Executive and the County Legislature on June 12, 2009, outlining twelve (12) recommended changes to the County Charter.

This Legislature determines that among the recommendations made by the Commission was to increase the Ambulance Chiefs Association’s representation on the Fire, Rescue and Emergency Services Commission.

This Legislature also finds that the increased representation for Ambulance Chiefs will improve the balance of the Fire, Rescue and Emergency Services Commission, which is predominantly comprised of fire safety professionals.
Therefore, the purpose of this law is to increase the representation of the Ambulance Chiefs Association on the Suffolk County Fire, Rescue and Emergency Services Commission to two (2) members.

Section 2. Amendment.

Article 11 of the SUFFOLK COUNTY CHARTER is hereby amended to read as follows:

ARTICLE XI, DEPARTMENT OF FIRE, RESCUE AND EMERGENCY SERVICES

§ C11-4. Fire, Rescue and Emergency Services Commission.

A. There shall be a County Fire, Rescue and Emergency Services Commission pursuant to County Law § 225-a. The Commission shall be comprised of 19 members. Each member shall be appointed by the County Executive with approval of the County Legislature. The term of office for members shall be three years, except that of those members first appointed, six shall serve for three years, six shall serve for two years and five shall serve for one year. At such time that members are reappointed or new members are appointed, the term of office shall be three years.

B. The County Fire, Rescue and Emergency Services Commission shall include one member from each township and an alternate member, two members from the Suffolk County Fire District Officers Association, two members from the Fire Chiefs Council of Suffolk County, two members from the Suffolk County Volunteer Firemen's Association, one member from the Suffolk County Ambulance Chiefs Association and one member from the Fire Inspectors Association of Suffolk County and an alternate member. The alternate members shall vote in the absence of the appointed members. The members of the Commission shall be County officers and shall serve without compensation; however, members shall be reimbursed at standard County rates for travel expenses incurred for meeting attendance. The members of the Fire Advisory Board in office at the time of enactment of this legislation shall continue in office as members of the new Commission until expiration of their current terms of office.

Section 3. Applicability.

This law shall apply to actions occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.
This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

**Section 6. Effective Date.**

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. —2010, ADOPTING LOCAL LAW NO. — 2010, A LOCAL LAW TO RECODIFY, STRENGTHEN AND CLARIFY THE PROVISIONS FOR LICENSED OCCUPATIONS

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on , 2010, a proposed local law entitled, "A LOCAL LAW TO RECODIFY, STRENGTHEN AND CLARIFY THE PROVISIONS FOR LICENSED OCCUPATIONS," and said local law in final form is the same as when presented and introduced; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. —2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO RECODIFY, STRENGTHEN AND CLARIFY THE ENFORCEMENT PROVISIONS FOR LICENSED OCCUPATIONS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the Suffolk County Code contains various provisions that require licensing of certain occupations and that regulate those licensed occupations.

This Legislature finds and determines that provisions relating to licensed occupations are not currently codified in one coherent chapter and therefore the administration and enforcement of these licensed occupations is hampered.

This Legislature therefore finds and determines that in order to provide for better administration and enforcement of Chapter 275 of the Suffolk County Code, which applies to electricians and plumbers, such Chapter should be recodified to fall under Chapter 345 of the Suffolk County Code, which addresses all licensed occupations.
This Legislature also finds and determines that certain provisions in Chapter 275 of the Suffolk County Code need to be made consistent with the provisions of Chapter 345 which are applicable to all licenses.

This Legislature further finds that Sections 345-9 and 345-12 of Chapter 345 of the Suffolk County Code establish civil fines and criminal penalties to be imposed upon persons for violating certain licensing provisions of the Suffolk County Code and that the language of those sections of the Suffolk County Code needs to be clarified to ensure that such fines apply to all professions under the jurisdiction of the Department of Consumer Affairs and that all persons, as that term is defined in Chapter 345 of the Code, are subject to such civil fines and criminal penalties.

This Legislature further finds and determines that, in light of the time and administrative costs to the County in overseeing the licensing provisions of Chapter 345 of the Suffolk County Code, it is appropriate to authorize the Commissioner of the Suffolk County Department of Consumer Affairs to impose civil penalties on all persons who conduct businesses regulated by the County without a valid license, and the Code should reflect same.

This Legislature also finds that while Chapter 345 currently contains provisions that employees of certain government entities, as well as employees of certain electric, water, and telephone companies do not have to hold licenses in order to perform, among other things, septic work and commercial and industrial paint work on behalf of those entities and companies, as currently drafted private contractors of such entities would likewise not have to hold licenses.

This Legislature finds that in order to provide for consistent administration of county local laws, county resolutions and county ordinances pertaining to consumer affairs, as well as to better protect the residents of Suffolk County, the Suffolk County Administrative Code should be amended to require that non-employee contractors of government entities and electric, water and telephone companies must obtain the appropriate licenses before performing work on behalf of those entities.

This Legislature further finds that while Chapter 345 of the Suffolk County Code currently requires applicants for licenses to demonstrate good character and financial responsibility, there are currently no provisions which require the maintenance of good character standing and financial responsibility and that, in order to better protect the consumers of Suffolk County, good character standing and financial responsibility should be required throughout the duration of a license and/or certificate.

This Legislature also finds and determines that the New York State General Business Law grants concurrent jurisdiction for enforcement of the
provisions of Article 36-a of the New York State General Business Law (Home Improvement Contracts), including the provisions found in Section 771 of that Article (Contract Provisions), to the Commissioner of the Suffolk County Department of Consumer Affairs.

This Legislature finds and determines that Section 345-21 of the Suffolk County Code establishes prohibited acts regarding to licensed occupations, but does not specifically reflect a prohibition against violating the provisions of Section 771 of the New York State General Business Law.

This Legislature further finds that in order to better protect the public against harmful and dishonest home improvement contract provisions, the language of Section 345-21 of the Suffolk County Code needs to be clarified to include among prohibited acts a violation of Section 771 of the New York State General Business Law.

Therefore, the purpose of this law is to recodify and harmonize the provisions of Chapter 275 of the Suffolk County Code and Chapter 345 of the Suffolk County Code and to strengthen and clarify the application of the provisions Chapter 345 of the Suffolk County Code.

Section 2. Recodification

The provisions of Chapter 275 of the Suffolk County Code, entitled ELECTRICIANS AND PLUMBERS, shall be recodified as Article XI of Chapter 345 of the Suffolk County Code, entitled LICENSED OCCUPATIONS. All references to the current codified provisions of Chapter 275 of the Suffolk County Code shall be updated to reflect the recodification. Such recodification shall not be construed in any way to repeal any provision of Chapter 275 nor impact on Chapter 275 applicability or effectiveness.

This proposed local law would make several changes to County Code provisions applicable to Licensed Occupations. The proposed changes can be summarized as follows:

1. Recodifies Chapter 275 of the SUFFOLK COUNTY CODE as Article XI of Chapter 345, so plumbers and electricians are regulated under the same chapter as all other occupations licensed by the Department of Consumer Affairs.

2. Clarifies that plumbers and electricians are subject to civil penalties, as well as criminal penalties, for violations of the Code

3. Clarifies that while employees of federal, state and local governments are exempted from the county code requirements, non-employees performing work on behalf of these entities are not exempt from the law’s requirements.

4. Authorizes the Commissioner of Consumer Affairs to impose civil penalties upon persons who conduct a business without a required license. Presently, unlicensed operators are subject to criminal penalties only.

5. Broadens prohibited acts related to licensed occupations to include violations of § 771 of NEW YORK GENERAL BUSINESS LAW.

This law will take effective immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW TO ENSURE THE TIMELY REMOVAL OF DAMAGED UTILITY POLES ON COUNTY-OWNED ROADWAYS

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010, a proposed local law entitled, "A LOCAL LAW TO ENSURE THE TIMELY REMOVAL OF DAMAGED UTILITY POLES ON COUNTY-OWNED ROADWAYS" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO ENSURE THE TIMELY REMOVAL OF DAMAGED UTILITY POLES ON COUNTY-OWNED ROADWAYS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that utility companies are frequently required to replace damaged utility poles.

This Legislature also finds that this process often involves the installation of a new pole directly next to or in close proximity to the damaged pole, a practice known in the industry as a "double wood".

This Legislature further determines that double woods should be in place only temporarily to allow the various utility companies a reasonable amount of time to move their equipment to the new pole.

This Legislature determines that, increasingly, double woods are being left in place for long periods of time, sometimes for several years.

This Legislature also finds and determines that double woods have proliferated to the point where there are now hundreds, if not thousands, of aesthetically unpleasant damaged poles lining the county's roadways.

This Legislature determines that in addition to being eyesores, damaged poles left standing for unreasonably long periods of time pose a serious threat to the safety of Suffolk County residents.

Therefore, the purpose of this law is to incorporate into the Department of Public Works' utility pole permitting process a requirement that damaged poles be removed in a timely
manner and to authorize penalties against utilities when they fail to comply with this permit requirement.

Section 2. Definitions.

As used in this law, the following term shall have the meaning indicated:

"DOUBLE WOOD" shall mean a new utility pole that is attached, or placed in close proximity, to a damaged utility pole.

Section 3. Permit Requirements.

The Suffolk County Department of Public Works shall include in all permits for the installation of utility poles on County roadways the following provisions:

1. The permittee shall have ninety (90) days to remove a damaged pole following the installation of a new pole.

2. If a damaged pole remains as part of a double wood after the ninety (90) day period has expired, the Suffolk County Department of Public Works shall notify the permittee that the damaged pole must be removed within sixty (60) days of receipt of the notice or a penalty will be imposed.

3. If a damaged pole remains as part of a double wood sixty (60) days after the County’s notification, the permittee shall be assessed a penalty of two hundred fifty dollars ($250.00) for each day the damaged pole is left standing.

Section 4. Authority to Impose Penalties.

The Commissioner of the Department of Public Works is hereby authorized and empowered to impose the penalties described in Section 3 of this law for the violation of permit terms related to the removal of damaged poles.

Section 5. Applicability.

This law shall apply to all utility pole permits issued by the Department of Public Works on or after the effective date of this law.

Section 6. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 7. SEQRA Determination.
This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 8. Effective Date.

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

SPONSOR: LEGISLATOR EDDINGTON

This proposed local law would require that the Suffolk County Department of Public Works include in permits issued to utility companies for the installation of utility poles on County roadways a provision addressing the issue of “double woods”. A double wood is defined as a new utility pole attached, or placed in close proximity, to a damaged utility pole.

Under this law, permits issued for the installation of new utility poles will require that the permittee remove damaged poles within ninety (90) days of installing a new pole. If a damaged pole remains as part of a double wood after the ninety (90) day period, the Department of Public Works will notify the permittee that the damaged pole must be removed within sixty (60) days of receipt of the notice or a penalty will be imposed. If a damaged pole remains standing past the sixty (60) notice period, the permittee will be assessed a penalty of two hundred fifty dollars ($250.00) for each day it is left standing. The Commissioner of the Department of Public Works shall be authorized to impose penalties for violations of the permit conditions.

This law will take effect immediately upon its filing in the Office of the Secretary of State.

Dear Leslie:

The Care Center will be having its annual fundraising Walkathon at Blydenburgh County Park on Saturday, May 22nd, 2010 from 8:00 am-12:00pm. All proceeds to benefit The Care Center.

The Care Center is a not for profit organization that offers compassionate, confidential, caring assistance to women in unplanned pregnancies. Our services include pregnancy testing, counseling, material aid and referrals to resources. All our services are free to single or married women in need. We have served the Suffolk County area for over 19 years.

Thank you for your consideration.

Yours truly,

Dear Leslie,

The Care Center, Inc. in Islandia, NY is a 501C3 women's resource center. We have had our annual walk fundraiser in Blydenburg Park for a number of years. We have been informed that the requirements for insurance have been raised from $1,000,000 to $2,000,000 per occurrence. Our insurance company does not offer this coverage, and in order to obtain it, we would need to purchase an additional policy at further expense.

As a faith based organization we try very hard to use our financial resources wisely. We receive no government monies, and all our funding comes from churches and individuals that share our vision. This event provides a substantial part of our annual budget. Would it be possible for the additional insurance requirement be waived for us for this event? Any help that you could give us pertaining to this matter would be greatly appreciated.

To the extent permitted by law, we shall indemnify and hold harmless the County of Suffolk, its consultant (if any), employees, agents and other persons from and against all claims, costs, judgments, liens, encumbrances and expenses, including attorneys' fees, arising out of the acts or omissions or negligence of this organization, its officers, agents, servants or employees in connection with the services described or referred to The Care Center 2010 Event.

Sincerely,

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Mr. John Pavacic, Commissioner
Suffolk County Parks Department
PO Box 144
West Sayville, New York 11796

Dear Commissioner Pavacic,

The Babylon Breast Cancer Coalition is hoping to hold a mountain biking fundraiser at Cathedral Pines Park on March 14th from 8:00 a.m. to approximately 11:30 a.m.

I have submitted a permit fee, application, a copy of our advertising and proof of our liability insurance, as instructed. However, I was just informed that while our organization does have $2,000,000 worth of liability insurance, we only have $1,000,000 of insurance for each occurrence.

Commissioner Pavacic, I am respectfully requesting that the Coalition be exempt from purchasing additional insurance for this event. We are a small, grass roots organization and we do not have the funds to purchase more insurance, no matter how nominal the cost.

To the extent permitted by law, we shall indemnify and hold harmless the County of Suffolk, its consultant (if any), employees, agents and other persons from all claims, costs, judgments, liens, encumbrances and expenses, including attorney’s fees, arising out of the acts or omissions or negligence of this organization, its officers, agents, servants or employees in connection with the services described or referred to in the Babylon Breast Cancer Coalition permit.

I hope you will consider the above request. I can be reached at 631.893.4110 should you require additional information or have any questions.

Sincerely,

Donna Jurasits

Summary Description of Project
Funds will be used to assign a much needed paralegal assistant to the Suffolk County DWI Unit in District Court. As a result of stricter enforcement and prosecution of violators of the Suffolk County Driving While Intoxicated laws a paralegal is needed to assist the prosecutors in processing these cases. Due to the current recession and resulting fiscal constraints it would not be possible to hire and assign a paralegal to perform these duties without these funds. The Paralegal Assistant will provide assistance to the ADA's on DWI and other related VTL violations.

$64,750 was allotted for police department detective investigators overtime; we would like to reallocate these funds instead to fund the ADA position and the paralegal assistant position together with the related fringe benefits for an additional 6 months and one year respectively bringing the allotted time for these two position to two years. The reason being, this is a one time award; we do not anticipate getting this funding renewed, and there is a real need to have a prosecutor and paralegal focused on this grant goal of investigation and prosecution of the illegal use and transporting of illegal firearms; we feel a two year program is required for a successful outcome. The police department overtime will be funded from other sources.
B. Fringe Benefits - Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed in budget category (A) and only for the percentage of time devoted to the project. Fringe benefits on overtime hours are limited to FICA, Workman's Compensation, and Unemployment Compensation.

DATE: January 5, 2010

SUBJECT: INTRODUCTORY RESOLUTION REQUEST

In 2009, a Patrol Special Operations Team Bureau was established to assist and support Patrol Division Commands in actively suppressing violent crimes, assaults, illegal weapons possession and other crimes that adversely affect the quality of life within communities. This bureau has proven to be extremely beneficial. Currently, the Street Crime Section has two leased vehicles that are used with great success. However, it has been found that two additional undercover vehicles are now needed to successfully conduct fixed and mobile surveillance of gun and gang related targets and would positively impact the effectiveness of the Gang Team Section. The Department is, therefore, requesting approval for an increase in fleet for this purpose.

Copies of a draft resolution, impact statement, introduction form and copy of current County contract are attached. An e-mail version was also sent to CE RESO REVIEW under the titles “Reso-POL-FLEET INCREASE-2010”; “Backup-POL-FLEET INCREASE-SCIN 175A”; and “Backup-POL-FLEET INCREASE-SCIN 175B”; Backup-POL-FLEET INCREASE –cover letter 2010.

Re: MV2009/10 Award for Motor Vehicle Theft and Insurance Fraud Prevention Program

Dear Ms. Furey:

I am pleased to advise you that Suffolk County Police Department has been awarded $127,400 in SFY 2009/10 grant funds with agreement by the New York State Motor Vehicle Theft and Insurance Fraud Prevention Board (the Board). This funding is available through the Motor Vehicle Theft and Insurance Fraud Demonstration Program (MVTIFDP) to support the program proposal described in your recent grant application.

Over $6.3 million in grant funding was requested as compared to the $3.9 million available for awards in this cycle. As a result of this overwhelming response, the Board was able to recommend funding for only a limited number of programs. The significant competition for program funding necessitated award reductions from requested levels. We will work with you to help structure your proposed program consistent with the award amount.

Since the Board meeting of November 18th, an agreement between the Governor and the Legislature enacted a deficit reduction plan for the remainder of 2009-10 state fiscal year via Chapters 502 and 503 of the Laws of 2009. This includes a 12.5% reduction against the 2009-10 MVTIFDP grants. We already anticipated a 10% reduction when we made the initial award recommendations, therefore the 2009-10 awards need to be adjusted by approximately 2.8%. The award you are receiving reflects that reduction. Please be aware, in these times of serious fiscal crisis in New York State there is no guarantee of future funding for this program. All grantees should make every effort to manage funds efficiently and seek ways to sustain in their program with other resources wherever possible. We are pleased to have been able to provide funding assistance this year for your program.
The Statewide Plan of Operation for motor vehicle theft and insurance fraud, as legislated by Article 36-A of the Executive Law, requires a coordinated approach to detect, prevent, deter and reduce motor vehicle theft and insurance fraud. The Division of Criminal Justice Services (DCJS) utilized the Plan in its assessment of the applications. DCJS requires that all MVTIFP grantees develop a strategy that included a threat assessment describing the scope of the motor vehicle theft and insurance fraud problem and the coordinated efforts that would be utilized to effectively combat these crimes. An evaluation of these efforts will be incorporated into the project work plan for the 2009/2010 grant period.

All grant recipients are required to enter investigative targets in the Secure Automated Fast Event Tracking Network (SAFETNet) as a special condition of the award. During the 2009/10 funding cycle, grantees will be expected to produce substantiated information, both statistical and programmatic, on the effectiveness of the initiatives implemented by the grant program. This information is essential to demonstrate the success of your program and may influence the continued support of your program initiatives in future funding cycles.

The primary contact for your project will receive a contract preparation package from the DCJS Office of Program Development and Funding (OPDF) Criminal Justice Program Representative assigned to this project. The Criminal Justice Program Representative will assist your office in the development of the 2009/2010 MVTIFP grant contract. If you have any questions related to the Motor Vehicle Theft and Insurance Fraud Prevention Program, please call the MVTIF Program staff at (518) 457-8404. On behalf of the Board and DCJS, congratulations on your award. We look forward to continuing to work with you to reduce motor vehicle theft and insurance fraud in New York State.

Very truly yours,

Denise E. O'Donnell

Re: Green Innovation Grant Program (GIGP) Award Commitment:
College-wide Water & Energy Conservation Initiative Project

Dear Mr. Gatta:

Congratulations! The New York State Environmental Facilities Corporation (EFC) is pleased to inform you that your project is eligible to receive up to $675,000 in funding under the American Recovery and Reinvestment Act of 2009 (ARRA) through the GIGP. With almost 300 applications representing approximately $470 million in grant requests, selection of projects to receive some $40 million in GIGP funds was extremely competitive.

At present your GIGP Application lacks certain critical information necessary to ensure compliance with the requirements of the GIGP, ARRA and the New York State Clean Water or Drinking Water State Revolving Funds (SRF). EFC will be contacting you very soon to schedule a conference call to discuss your project and identify needed information. Once requested, it is important that you move quickly to provide EFC with the required information and documents to maintain your eligibility. Fulfillment of these conditions and receipt by EFC of this material in proper form will enable us to prepare a Grant Agreement for your signature, enabling you to access federal stimulus funds for your project.

Remember, in order to receive the ARRA funding, you must be in full compliance with all applicable ARRA and GIGP requirements, including fully executing all construction contracts for the approved project no later than January 1, 2010. Failure to achieve this goal may disqualify your project from receiving ARRA funding through the GIGP. Please note that no disbursements will be made (e.g. for eligible planning and design costs) until all project construction contracts have been fully executed, which must occur no later than January 1, 2010.

We look forward to working with you. Please call 1-800-882-9721 and ask to speak with a GIGP representative if you have any questions.

Sincerely,

Frederick McCandless

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A CHARTER LAW REQUIRING SOUND BUDGET PRACTICES TO ENSURE FISCAL RESPONSIBILITY

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010 a proposed local law entitled, "A CHARTER LAW REQUIRING SOUND BUDGET PRACTICES TO ENSURE SOUND FISCAL RESPONSIBILITY"; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW REQUIRING SOUND BUDGET PRACTICES TO ENSURE FISCAL RESPONSIBILITY

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the County of Suffolk has enacted many budgetary reform measures for the purposes of controlling spending and debt, insuring transparency in the budget process and maintaining the County's fiscal stability.

This Legislature also finds that the Suffolk County Charter requires that any spending increase in the County's operating or capital budget during a fiscal year be offset by a corresponding reduction in other appropriations. This requirement helps the County control spending and debt and avoid mid-year budget deficits.

This Legislature also recognizes that the elimination or reduction of budgeted revenues in the middle of a fiscal year can be just as damaging to the County's fiscal health as unplanned increases in spending. Accordingly, this Legislature enacted Local Law 16-2000 which requires that any resolution that proposes to reduce or eliminate county-generated revenue mid-year "must have appended thereto a written statement as to how the loss of revenue shall be accommodated....for a period of at least three years."

This Legislature determines that while revenue impact statements help expose the serious consequences of irresponsible mid-year revenue reductions, stronger legislation is required to prevent mid-year revenue reductions that have the potential to damage the County finances and bond rating.
Therefore, the purpose of this local law is to require that any proposed mid-year reduction or elimination of county revenue be offset by corresponding cuts in appropriations and/or increases in other revenues.

Section 2. Amendments.

Section C4-31 of the SUFFOLK COUNTY CHARTER is hereby amended as follows:

C4-31. Modifications to budget after adoption.

* * * *

E. For purposes of this section, a budget modification shall consist of any of the following which shall occur after adoption of the annual budget; or for those matters which pertain to the capital program, any that occur after adoption of the capital program:

* * * *

11) The enactment of a resolution or local law that decreases or eliminates revenue included in the expense budget.

* * * *

F. During a fiscal year and after adoption of the annual expense budget, any budget modification to the annual expense budget may be effectuated by the adoption of an appropriate resolution introduced by any Legislator in accordance with C2-11 of this Charter and this subsection and approved by at least a majority of the entire membership of the County Legislature, even though the head of the pertinent county department has not submitted a request for such budget modification, as long as the purpose of such budgetary modification is to reduce, lower, terminate or cancel appropriations; to abolish positions of employment; to terminate contract agencies; to terminate or reduce the size of county programs or departments; [or] to make transfers of appropriations that are offset by reductions in other appropriations; or to decrease or eliminate revenues that are offset by a corresponding reduction of appropriations and/or increase of other revenues. Resolutions incorporating such budget modifications introduced by any Legislator may only be laid on the table at the first regular legislative meeting in February, April, June or September of any fiscal year. Any resolution[s] introduced by any Legislator in accordance with these provisions may then be acted upon by the full County Legislature whenever eligible for consideration pursuant to the Rules of the County Legislature and subject to the laws of Suffolk County.

Section 3. Applicability.

A) This law shall apply to resolutions and local laws laid on the table on or after the effective date of this law.

B) This law shall not be construed to affect the revenue impact statement requirements set forth in § C2-11(E) of the SUFFOLK COUNTY CHARTER.
Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

DATED:

APPROVED BY:
RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW TO ENSURE THE INTEGRITY OF PRESCRIPTION LABELS IN SUFFOLK COUNTY

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010, a proposed local law entitled, "A LOCAL LAW TO ENSURE THE INTEGRITY OF PRESCRIPTION LABELS IN SUFFOLK COUNTY"; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO ENSURE THE INTEGRITY OF PRESCRIPTION LABELS IN SUFFOLK COUNTY

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that many Suffolk County residents rely on prescription medications to address a wide variety of health needs.

This Legislature also finds and determines that many of these medications are essential for the survival of individuals with serious medical conditions.

This Legislature finds that the labels affixed to prescription medications dispensed from pharmacies provide patients with important information, including the directions for taking a medication, potential side effects, drug warnings, and a medication’s expiration date.

This Legislature finds that, frequently, prescription labels are printed on materials that are susceptible to fading or obfuscation from the sun, water, or simple wear and tear.

This Legislature determines that when a prescription label becomes illegible, the chances of a patient taking the wrong medication or an incorrect dosage of medication increase.

This Legislature also finds that the County of Suffolk has a responsibility to protect the health and safety of its residents.

This Legislature further finds that prescriptions dispensed in Suffolk County should have prescription labels that are protected from the elements and resistant to fading, wear and tear or other forms of damage.

Therefore, the purpose of this law is to require pharmacies operating in Suffolk County to cover their prescription labels with materials that will protect the labels from degradation.
Section 2. Definitions.

As used in this law, the following term shall have the meaning indicated:

Re: N.Y.S. Office of Homeland Security 2009 Explosive Detection Canine Team Grant Program with 100% Support

As you are aware, the N.Y.S. Office of Homeland Security has made $50,000 in funds available to Suffolk County for the 2009 Explosive Detection Canine Team Grant Program with 100% support for the Sheriff's Office. This program provides funds for the creation of an Explosive Detection Canine Team and an additional Canine ready vehicle. This will provide a visible deterrent and enhance capabilities to respond, detect and identify potential explosive/improvised explosive device type incidents. The Explosive Detection Canine Team is a critical component to the system to keep Suffolk County residents’ lives, property and critical infrastructure safe. The operational period is from August 1, 2009 through July 31, 2012.

An e-mail version of the resolution was sent to CE RESO REVIEW, saved under the title “Reso–Sheriff - Grant for 2009 Explosive Detection Canine Team Grant Program”.

We request that this resolution be laid on the table at your earliest convenience.

Thank you for your consideration in reviewing this draft resolution.

WHEREAS, the County of Suffolk contracts with Capital Market Advisors (CMA) for municipal financial advisory services, which contract is currently in effect (the Agreement); and

WHEREAS, the Agreement obliges CMA to advise the County of pertinent market factors and expected trends in interest rates and to make recommendations, when appropriate, for alternative financing methods; and

WHEREAS, in fulfillment of its obligation under the Agreement, CMA presented an opportunity to the County whereby if the County conducted two refunding sales to acquire the Cohalan Court Complex it would realize significant savings of ~ $10 million during the term of the Cohalan transaction; and

WHEREAS, CMA also advised that if the Cohalan transaction could be timed to meet the October 15, 2009 call date inherent in the issues to be refunded then the County would realize a significant amount of the savings (~ $5.2 million) in the 2009 fiscal year; and

The Cohalan Transaction

WHEREAS, this Legislature approved Legislative Resolution No. 273-2004, "Authorizing The Issuance Pursuant To Section 90.10 Of The Local Finance Law Of Refunding Bonds Of The County Of Suffolk, New York, To Be Designated "Public Improvement Refunding (Serial) Bonds", And Providing For Other Matters In Relation Thereto And The Payment Of The Bonds To Be Refunded Thereby" on March 23, 2004 which included the $30,595,000 Public Improvement (Serial) Bonds 1999 Series B financing of the County owned portion of the John P. Cohalan Court Complex; and

WHEREAS, this Legislature approved Legislative Resolution No. 541-2009, "Establishing Intention Of The Legislature To Move Forward With The Purchase Of The John P. Cohalan Court Complex" on June 23, 2009; and

WHEREAS, this Legislature approved Legislative Resolution Nos. 637-2009, "Amending The 2009 Capital Budget And Program And Appropriating Funds In Connection With The Acquisition Of The Partial Interest In The John P. Cohalan Court Complex, Constituting The Portion Of Facility Not Currently Owned By The County, From The Suffolk County Judicial Facilities Agency (CP 1137)," and 642-2009, "Bond Resolution Of The County Of Suffolk, New York No. -2009, Authorizing The Issuance Of $66,000,000 Bonds To Finance A Part Of The Cost Of The Acquisition Of A Partial Interest In The John P. Cohalan Court Complex Constituting The Portion Of The Building Not Currently Owned By The County (CP 1137)" on August 4, 2009; and
WHEREAS, Bond Counsel review of the proposed refundings determined that a major portion of the sale would have to be structured as a federally taxable, rather than as a tax-exempt issue; and

WHEREAS, a federally taxable issue would yield a higher interest cost to the County than the interest cost that would be realized from a tax-exempt issue; and

WHEREAS, to offset the higher interest cost of a federally taxable issue and maximize potential savings, CMA recommended the alternative financing method of conducting the tax exempt and taxable refundings as competitive, rather than negotiated direct placement sales; and

WHEREAS, the refunding of the tax exempt issue in the sum of $15,435,000 closed on September 3, 2009 and the refunding of the taxable issue in the sum of $64,900,000 closed on October 29, 2009; and

WHEREAS, the two refundings on the Cohalan transaction has yielded ~ $10 million savings to the County; and

WHEREAS, all financial advisory services on the refundings have been satisfactorily provided by CMA; and

THE CMA CONTRACT

WHEREAS, the Agreement was compiled based on the County’s prior borrowing history which typically consisted of four (4) transactions per year issued as two (2) bond sales to fund capital projects and two (2) note sales for cash flow purposes; and

WHEREAS, the Agreement provides for an annual retainer fee to serve as compensation for financial advisory services related to the County’s typical annual bond and note issues which are normally conducted as competitive and tax-exempt sales; and

WHEREAS, the Agreement provides usual and ordinary compensation to CMA for non-competitive transactions which fall outside of the County’s typical annual bond and note issues at a per bond rate of $0.95 per each $1,000 of par amount of the bonds; and

WHEREAS, at the time the Agreement was originally executed, the idea of the County conducting transactions outside of the County’s typical annual bond and note issues as competitive issues hadn’t been envisioned; and

WHEREAS, the financial services rendered by CMA in connection with the Cohalan transaction were considered extraordinary since they fell outside of the County’s typical annual bond and note sales and,

WHEREAS, it was the understanding of this Legislature and CMA that CMA would be compensated according to the per bond rate of $0.95 per $1,000 of par
amount of the bonds, as testified at the August 4, 2009 General Meeting of this Legislature; and

WHEREAS, it was the intention of the Department of Audit and Control (the Department) to compensate CMA for financial services rendered in connection with the Cohalan transactions according to the per bond rate of $0.95 per $1,000 of par amount of the bonds; and

WHEREAS, all other costs of issuance related to the $15,435,000 and $64,900,000 issues have been or will be paid, and consist of $25,000 and $75,000, respectively, for Bond Counsel services, $10,000 for JFA Counsel services, $21,000 for building appraisal costs and $20,076 and $44,374, respectively for Rating Agency fees; and

WHEREAS, it is customary to write the costs of issuance into the proceeds from a refunding transaction, the funds for payment of the financial advisory services related to the two refundings are currently available without need for additional County appropriation; now, therefore be it

1st

RESOLVED, that payment to CMA for the provision of financial advisory services related to the acquisition of the Cohalan Court Complex according to the per bond rate of $0.95 per each $1,000 of par amount of the bonds sold amounting to $14,663 relative to the $15,435,000 refunding issue and $61,655 relative to the $64,900,000 federally taxable issue is hereby approved and authorized; and be it further

2nd

RESOLVED, this Legislature, being the State Environmental Quality Review Act (SEQRA) Lead Agency, hereby finds and determines that the adoption of this law is a Type II action pursuant to Title 6 NYCRR Section 617.5(c) (20) and (27) since it constitutes a local legislative decision in connection with routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment. As a Type II action, the Legislature has no further responsibilities under SEQRA.

Dear Mr. Davidson:

After reviewing your proposal for a Local Government Records Management Improvement Fund (LGRMIF) grant, the New York State Archives, a unit of the NYS Education Department (SED) is pleased to inform you it has tentatively awarded your organization a grant in the amount of $74,965. This was a highly competitive year for grants, with only $5,579,929 in funding available. Please be aware that the Governor has proposed cuts to local assistance, including the LGRMIF, which may or may not affect the final amount of your grant award.

All grants, regardless of type or dollar amount, are subject to further review, monitoring, and audit to ensure compliance. SED has the right to recoup funds if the approved activities are not performed and/or the funds are expended inappropriately.

You will receive payment for this grant as follows:

1. 50% of the award, which you should receive in approximately four weeks. Note that the Archives no longer requires the submission of a Grant Acceptance Form to begin this process.
2. Up to 40% of the grant will be released when you submit form FS-25 Request for Funds for a Federal or State Project to SED’s Grants Finance Unit. Please note applicants must submit these requests now based on anticipated expenditures for the next month only, as the State Education Department can no longer accept requests based on anticipated expenditures for the next quarter.
3. The remaining 10% will be released when the project is completed and the Grant Project Final Report Form (FR-1) and the Final Expenditure Report (FS-10-F) Short Form have been submitted to the Grants Administration Unit of the New York State Archives and approved by SED’s Grants Finance Unit.
4. You must complete all project work and expend all funds no later than June 30, 2010, as extensions are not allowed in this program.

If you have any questions regarding this offer, you may contact the Grants Administration Unit at (518) 474-6926.

Sincerely,

Christine W. Ward

Please use the Quarterly Status Report to reconcile your grant records. Report fields are defined as follows:

- **Project #**: The # assigned by SED at the time of project approval.
- **Contract #**: For projects running through the grant contract process, the New York State contract number will be listed.
- **Funding Source**: The name of the Federal or State grant program under which the project is funded.
- **Budget**: The current approved budget (FS-10) including all approved amendments.
- **Scheduled/Paid to Date**: The total amount of payments processed including scheduled but not paid. An asterisk (*) indicates that the Final Expenditure Report (FS-10-F) has been received. If the FS-10-F has been audited and closed, the Paid-to-Date will equal the Budget.

Projects listed as **UNDER REVIEW** have been received and logged by the program office but have not been forwarded to Grants Finance for processing. The project will continue to show as **UNDER REVIEW** until (1) the program office approves the application and forwards the budget to Grants Finance or (2) the application is disapproved by the program office. Disapproved projects do not appear on this report.

- **Start/End**: The funding dates of the project, including any extensions. Funding dates are the dates in which project encumbrances can be made.

If you have any questions about the Quarterly Status Report, please contact Grants Finance.

MEMORANDUM

TO: Ken Crannell, Deputy County Executive

FROM: Thomas LaGuardia, P.E., Chief Deputy Commissioner

DATE: January 12, 2010

Attached are a draft resolution and duplicate copy to appropriate the sum of $1,000,000 for construction in connection with the above referenced project. The project was bid and additional funding is required to complete the job. We anticipate no additional Federal or State funding will be available for the additional costs to complete this work.

When this project was originally funded in 2009 the FWHA provided the County with 87.7% Federal funding and 9.2% State funding and 3.1% County funds. This Resolution will change the Federal aid contribution for construction to 83%, the State contribution for construction to 8.75% and the County contribution to eight and seventy five hundredths 8.75%.

There are no funds included in the 2010 Capital budget and program for this project. However, pursuant to the Suffolk County charter, Section C4-13, an offsetting authorization is not required on amendments which are financed in an amount of at least fifty percent (50%) by Federal or State aid.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title “Reso-DPW-CR67 Motor Parkway Bridge Reconstruction.doc”.

RESOLUTION NO. -2010, REQUIRING HOMELESS SEX OFFENDERS TO WEAR GPS TRACKING DEVICES

WHEREAS, sex offenders in New York State are required under the Sex Offender Registration Act ("SORA") to provide their permanent residence address to the State Division of Criminal Justice Services; and

WHEREAS, homeless registered sex offenders are more difficult for the State and County to track, as they have no permanent address on file; and

WHEREAS, Suffolk County houses homeless sex offenders in trailers on the campus of the County Jail in Riverhead; and

WHEREAS, the County Executive has announced plans to discontinue the use of the trailers and move to a system whereby the Department of Social Services will provide homeless sex offenders with ninety dollars ($90.00) per night to secure their own overnight accommodations; and

WHEREAS, by discontinuing the use of the trailers, homeless sex offenders will be housed in sites across the County with no oversight, supervision or security; and

WHEREAS, GPS tracking devices provide detailed information about a person’s location and are currently being used by law enforcement agencies across the country to track certain individuals on parole or probation to ensure they are meeting the conditions of their release; and

WHEREAS, since homeless sex offenders in Suffolk County will be scattered throughout the community under the County Executive’s new policy, requiring homeless sex offenders to wear GPS tracking devices would supplement the residence information provided to the State under SORA and allow for more effective tracking of these individuals; now, therefore be it

1st RESOLVED, that all homeless registered sex offenders residing in Suffolk County and placed in temporary emergency housing by the Department of Social Services shall be provided with, and must wear, a GPS tracking device for the duration of their stay in emergency housing; and be it further

2nd RESOLVED, the Department of Social Services shall provide homeless registered sex offenders with the GPS tracking device required pursuant to this resolution; and be it further

3rd RESOLVED, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency
administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

RESOLUTION NO. 2010, DIRECTING THE DEPARTMENT OF PUBLIC WORKS TO HOLD PUBLIC HEARINGS ON NEW BUS FARES IN ORDER TO IMPLEMENT SUNDAY BUS SERVICE

WHEREAS, the County of Suffolk wishes to introduce Sunday bus service for its residents; and

WHEREAS, Sunday bus service would allow residents dependent on public transportation to travel, recreate and shop, and thereby stimulate the local economy; and

WHEREAS, a consultant’s report on the Suffolk County transit system has recommended offering Sunday service on 23 routes; and

WHEREAS, the County’s bus fares have not been increased in many years and are significantly lower than regional standards; and

WHEREAS, an increase in bus fares to a level commensurate with those charged by the MTA/Long Island Bus would produce revenues needed to implement bus service on Sundays; now, therefore be it

1st RESOLVED, that the Director of Transportation Operations in the Department of Public Works is hereby directed to hold, as soon as possible, public hearings to consider raising bus fares so they are identical to those of the MTA/Long Island Bus. Such hearings should specifically address increasing fares as follows: Full fare - $2.25; Reduced fare - $1.10 and S.C.A.T. $3.75 ($7.50 round trip); and be it further

2nd RESOLVED, that transfer fees should be eliminated in tandem with the proposed fare increases; and be it further

3rd RESOLVED, that the Director of Transportation Operations written report on the findings of the public hearings and recommendations regarding an increase in bus fares shall be submitted to the County Executive and each member of the Suffolk County Legislature no later than ninety (90) days subsequent to the effective date of this resolution; and be it further

4th RESOLVED, that any increase in bus fares shall be enacted by a separate, duly enacted resolution of the County of Suffolk; and be it further

5th RESOLVED, that the Department of Public Works, Division of Transportation is hereby authorized, empowered and directed to use the increased revenue generated by the new fares, if approved, to implement Sunday bus service to the fullest extent practicable in accordance with the recommendations of the interim report issued by Abrams-Cherwony and Associates; and be it further

6th RESOLVED, that any revenues generated by the increased bus fares in excess of the amount that is necessary to provide Sunday bus service, shall be designated for the further improvement of the County’s public transportation services; and be it further
RESOLVED, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

RESOLVED, that Patricia McMahon is hereby appointed as a member of the Board of Trustees of the Suffolk County Community College, pursuant to Section 6306(1) of the NEW YORK EDUCATION LAW, to fill the unexpired term, said term to expire on June 30, 2016.

DATED:

EFFECTIVE PURSUANT TO SECTION 2-15(A) OF THE SUFFOLK COUNTY CHARTER AND SECTION 6306(1) OF THE NEW YORK EDUCATION LAW.
Patricia McMahon, as deputy to the sector vice president for the Battle Management and Engagement Systems Division of Northrop Grumman Aerospace Systems, helps lead an organization comprising more than 4,500 employees in three major sites along the east coast and several others across the nation. Her day-to-day responsibilities also include the operations and community involvement of the Bethpage facility. She oversees major programs, including the E-2 Hawkeye airborne early warning and battle management system, the E-8C Joint Surveillance Target Attack Radar System (Joint STARS), and Northrop Grumman’s Information Operations and Electronic Attack (IO/EA) programs.

McMahon joined Northrop Grumman in 2003 as vice president responsible for managing and growing the company’s IO/EA business. In this capacity she directed approximately 600 employees working in Bethpage, N.Y.; St. Augustine, Fla.; Hollywood, Md.; and Camarillo, Calif. Best known of Northrop Grumman’s airborne electronic attack (AEA) products is the Northrop Grumman EA-6B Prowler aircraft with its ICAP (Improved Capability) III weapon system. The same system flies on board the Navy’s newest AEA plane – the EA-18G Growler, a derivative of the F/A-18E/F Super Hornet fighter.

A graduate of the New York Institute of Technology and the State University at Farmingdale, McMahon began her career in program management as a program administrator for what was then Hazeltine Corporation in 1981 after spending three years with the Defense Logistics Agency in Garden City, N.Y. In 1988, Emerson Electric Corporation acquired Hazeltine Corporation, and McMahon was promoted to director of manufacturing programs and planning. Immediately before taking her Northrop Grumman post, McMahon worked for BAE Systems’ Communication, Navigation, Identification and Reconnaissance line of business. She was the vice president and general manager of its electronic identification/display systems/antenna systems programs, and was based in Greenlawn, N.Y.

McMahon is currently the chairman of the Town of Babylon Planning Board, former member of the Town of Babylon Zoning Board of Appeals, and former chairman of the Town of Babylon Industrial Development Agency Board. She was the first woman to chair the Planning and Industrial Development boards. McMahon also received the 2006 Town of Babylon Women in Government award. McMahon is currently on the boards of the Long Island Software and Technology Network (LISTnet), Long Island Philharmonic, and the Farmingdale College Foundation, and is a director of the New York State Business Council. She received the LISTnet Diamond Award in 2006. In addition, in 2004 and 2006 McMahon was chosen as one of Long Island’s 50 most influential women and in 2007 was named to its hall of fame.

Northrop Grumman Corporation is a leading global security company whose 120,000 employees provide innovative systems, products, and solutions in aerospace, electronics, information systems, shipbuilding and technical services to government and commercial customers worldwide.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW TO STREAMLINE PROCEDURES FOR SELECTING THE COUNTY LEGISLATURE’S PRESIDING OFFICER AND DEPUTY PRESIDING OFFICER

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010, a proposed local law entitled, "A LOCAL LAW TO STREAMLINE PROCEDURES FOR SELECTING THE COUNTY LEGISLATURE’S PRESIDING OFFICER AND DEPUTY PRESIDING OFFICER" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO STREAMLINE PROCEDURES FOR SELECTING THE COUNTY LEGISLATURE’S PRESIDING OFFICER AND DEPUTY PRESIDING OFFICER

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the procedures for selecting a Presiding Officer and Deputy Presiding Officer of the Suffolk County Legislature, and the filling of vacancies in these offices, are set forth in the SUFFOLK COUNTY ADMINISTRATIVE CODE and the Rules of the County Legislature.

This Legislature determines that the existing provisions for the selection of the Presiding Officer and Deputy Presiding Officer and for filling vacancies in these offices are confusing, incomplete and inadequate to ensure that these offices are filled in a timely and efficient manner.

This Legislature also determines that to the extent practicable, the Legislature’s leadership positions should be filled by the members of the County Legislature. While it may be necessary in certain limited instances for the County Clerk to select a Presiding Officer in the event of a deadlock to ensure that the Legislature can organize and function, no similar rationale exists for the Clerk selecting a Deputy Presiding Officer.

This Legislature further finds and determines that a mid-year vacancy in the offices of the Presiding Officer or Deputy Presiding Officer has the potential to ignite a protracted political battle and bring County government to a grinding halt. Accordingly, a new procedure should be established that will allow such vacancies to be filled quickly so that the Legislature can continue to function without interruption.

Therefore, the purpose of this local law is to clarify the process for the selection of the County Legislature’s Presiding Officer and Deputy Presiding Officer and for the filling of vacancies in these offices.
Section 2. Amendments.

I. Section A2-2 of the SUFFOLK COUNTY ADMINISTRATIVE CODE is hereby amended to read as follows:

* * * *

§A2-2. Organization of County Legislature.

A. The members of the County Legislature shall hold an organization meeting on the first business day in January of each year unless the first business day in January falls on a Friday, in which case the County Legislature shall hold its organization meeting on the following Monday.

B. At the organization meeting the County Legislature shall elect from its own members a Presiding Officer as its first order of business, in accordance with the provisions of section A2-3 of this Administrative Code.

C. At the organization meeting, the County Legislature shall also elect from its own members a Deputy Presiding Officer in accordance with the provisions of section A2-3 of this Administrative Code, adopt the rules of its own proceedings and conduct such other business as may be authorized under the Legislature’s rules.

II. Section A2-3 of the SUFFOLK COUNTY ADMINISTRATIVE CODE is hereby amended to read as follows:

§A2-3. Election of Presiding Officer and Deputy Presiding Officer.

A. The Presiding Officer and Deputy Presiding Officer shall be elected by not less than a majority of the total membership of the County Legislature.

B. The Legislator serving as Presiding Officer at the end of the preceding calendar year shall preside at any organization meeting until such time as the Presiding Officer has been elected, whereupon such newly elected Presiding Officer shall preside. In the event that such former Presiding Officer is unable to preside at such meeting due to death, disability, incapacity or any other cause, the Deputy Presiding Officer of the preceding year shall preside at the organization meeting until such time as the Presiding Officer has been elected. In the event that such former Deputy Presiding Officer is unable to preside at such meeting due to death, disability, incapacity or any other cause, then the most senior member of the Legislature, calculated on the basis of total number of years of service as a member of the County Legislature, consecutive or otherwise, shall preside at the organization meeting until the Presiding Officer has been elected.

C. In the event no Legislator is elected Presiding Officer and/or Deputy Presiding Officer by a majority of the total membership of the County Legislature, the Legislature shall continue in session and conduct as many roll call votes as shall be necessary to elect a Presiding Officer and Deputy Presiding Officer.

D. In the event the County Legislature is unable to elect a Presiding Officer on or before January 15 of any given year, the County Clerk of the County of Suffolk shall appoint a
member of the County Legislature as Presiding Officer, who shall serve until the end of the calendar year in which he or she is appointed. The County Clerk shall appoint a Presiding Officer no later than January 22 of the subject year.

E. If the County Legislature is unable to elect a Deputy Presiding Officer of the County Legislature on before January 25 of any given year, the Presiding Officer shall appoint a member of the County Legislature as the Deputy Presiding Officer, who shall serve until the end of the calendar year in which he or she is appointed.

III. Section A2-5 of the SUFFOLK COUNTY ADMINISTRATIVE CODE is hereby amended to read as follows:

§ A2-5. Filling Vacancy in offices of Presiding Officer and Deputy Presiding Officer.

A. In the event the office of Presiding Officer becomes vacant due to death, disability, resignation or any other cause, the Deputy Presiding Officer shall assume the office of Presiding Officer and serve in that capacity for the unexpired term of his predecessor.

B. In the event the office of Deputy Presiding Officer becomes vacant due to death, disability, resignation or any other cause, the Presiding Officer shall appoint a member of the County Legislature as the Deputy Presiding Officer, who shall serve in that capacity for the unexpired term of his predecessor.

Section 3. Applicability.

This law shall apply to the election of the Presiding Officer and Deputy Presiding Officer and the filling of vacancies in such offices occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.
Section 6. Effective Date.

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

This proposed local law would amend Sections A2-2, A2-3 and A2-5 of the SUFFOLK COUNTY ADMINISTRATIVE CODE to clarify the procedures for electing the County Legislature’s Presiding Officer and Deputy Presiding Officer and for filling vacancies in these offices.

The law’s major changes can be summarized as follows:

1) Under current law, in the event the Legislature is unable to elect a Presiding Officer by a majority vote of the entire membership of the body by January 15 in any given year, the Suffolk County Clerk selects the Presiding Officer and Deputy Presiding Officer of the Legislature. Under the proposed law, the County Clerk will continue to select the Presiding Officer if the Legislature is deadlocked as of January 15. However, the proposed law would require that the Clerk make his or her Presiding Officer selection by January 22 of the subject year and allow the Legislature the opportunity to elect a Deputy Presiding Officer by January 25. In the event, a majority of the Legislature’s membership is unable to agree on a Deputy Presiding Officer by January 25, the Presiding Officer is empowered to make the selection.

2) The proposed law would eliminate an existing provision that states in the event of a “tie vote” for the election of the Deputy Presiding Officer – nine votes in favor of a candidate and either nine votes against or nine votes in abstention – the Presiding Officer selects the Deputy Presiding Officer.

3) The proposed law provides that in the event the office of Presiding Officer becomes vacant, the County Legislature shall fill such vacancy at a
regular meeting within sixty days. If the Legislature is unable to elect a new Presiding Officer by majority vote within sixty days of a vacancy occurring, the Deputy Presiding Officer will assume the office of Presiding Officer. The law further provides that the Deputy Presiding Officer shall exercise all the powers, duties and functions of the Presiding Officer until the vacancy is filled.¹

4) In the event the Office of Deputy Presiding Officer becomes vacant, the County Legislature shall fill such vacancy within sixty days. In the event no Legislator is elected by a majority vote within that sixty day period, the Presiding Officer shall appoint the Deputy Presiding Officer.²

This law will take effect immediately upon its filing in the Office of the Secretary of State and apply to the elections of the Presiding Officer and Deputy Presiding Officer and the filling of vacancies in such offices occurring on or after the effective date.

¹ The current Rules of the Suffolk County Legislature state that the Legislature shall fill a Presiding Officer vacancy within sixty days but makes no provision for filling the vacancy if the Legislature is deadlocked on the issue. Further, the Rules do not state who shall function as Presiding Officer until the vacancy is filled.
² The current Rules of the Suffolk County Legislature provide that the Legislature shall fill a Deputy Presiding Officer vacancy within sixty days but, again, no provision is made for filling the vacancy in the event the Legislature fails to act within the sixty day period.
RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A CHARTER LAW TO GUARANTEE CONTINUITY AND STABILITY IN COUNTY LAW ENFORCEMENT AND ENSURE ADEQUATE RESOURCES FOR PUBLIC SAFETY

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2010 a proposed local law entitled, "A CHARTER LAW TO GUARANTEE CONTINUITY AND STABILITY IN COUNTY LAW ENFORCEMENT AND ENSURE ADEQUATE RESOURCES FOR PUBLIC SAFETY"; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW TO GUARANTEE CONTINUITY AND STABILITY IN COUNTY LAW ENFORCEMENT AND ENSURE ADEQUATE RESOURCES FOR PUBLIC SAFETY

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that Suffolk County government’s top responsibility and duty is to protect the health and safety of County residents.

This Legislature also finds that pursuant to the SUFFOLK COUNTY CHARTER, the Suffolk County Legislature is the policy-making arm of County government.

This Legislature further finds that in recent years, the Commissioner of the Suffolk County Police Department has executed major policy changes that affect law enforcement in Suffolk County without advising, much less seeking input or approval from, members of the Suffolk County Legislature. The most significant policy change was the reassignment of highway patrol duties on the Long Island Expressway and Sunrise Highway from the Suffolk County Police Department to the Suffolk County Sheriff in September 2008.

This Legislature determines that in the summer of 2009, the Police Department considered other major policy changes including the dissolution of long established police units and the further transfer of public safety functions to the Sheriff.

This Legislature also finds that the Legislature’s Public Safety Committee has conducted an investigation to determine the rationale underlying the above described policy shifts. Based on the Police Department’s response to legislative subpoenas, it appears that the policy changes and proposals described above were not subjected to rigorous review, analysis and discussion within the Police Department.
This Legislature determines that while the Legislature does not wish to micromanage the day-to-day operations of the Suffolk County Police Department, it has become apparent that the Legislature must act affirmatively to reassert its charter derived policy-making authority in the area of public safety.

This Legislature further finds that before the Police Department transfers a public safety function to another law enforcement agency or simply eliminates a function, command or responsibility, the Department should and must obtain legislative approval.

The Legislature further determines that requiring legislative approval for fundamental public safety policy changes will ensure that such changes are adequately reviewed, analyzed and debated before they are enacted.

This Legislature also determines that additional scrutiny and debate of policy change will reassure the public that its safety is, in fact, adequately protected.

Therefore, the purpose of this charter law is to require that any proposed transfer of a public safety function from the Police Department to another law enforcement agency or the elimination or diminution of a police department function, command or responsibility, be approved by the County Legislature before it is enacted.

Section 2. Amendment.

Article XIII of the SUFFOLK COUNTY CHARTER is hereby amended to read as follows:

ARTICLE XIII, Department of Police

* * * *

C13-13. Transfer or Elimination of Police Department function

A. No public safety function performed primarily by the Police Department shall be transferred to another law enforcement agency without the prior approval of the County Legislature pursuant to a duly enacted resolution.

B. The Police Department shall not eliminate a public safety function, command or responsibility without the prior approval of the County Legislature pursuant to a duly enacted resolution.

C. The Police Department shall not reduce police officer personnel assigned to a public safety function, command or responsibility by more than fifty percent (50%) without prior approval of the County Legislature pursuant to a duly enacted resolution.

Section 3. Applicability.

This law shall apply to actions occurring on or after the effective date of this law.
Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management, and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect upon its filing in the Office of the Secretary of State.

Courses in advanced photography, 1980s: Parsons School of Design

Employment History:
2005- Present: Retired from service with Suffolk County.
1974-2005: Employed as a transportation planner with the SC Department of Planning
and the SC Department of Public Works in the areas of regional planning, Suffolk
County Transit capital improvements, and the promotion of alternative forms of
transportation. Served as Suffolk County representative to the eastern Suffolk County
SEEDS initiative and represented DPW on the SC Transportation Advisory Board.
Retired as a Principal Transportation Planner.
1972-1974: Employed as a Planning Aid with the Town of Huntington in the area of site

Historic Preservation Experience:
Beginning in 1980, purchased and restored a circa 1873 double-bracketed Italianate
Victorian house in Bayport hamlet. Particular attention was paid to restoring and
preserving such interior details as plaster walls and ceilings, ceiling medallions, original
wall coverings, original window glass, porcelain window locks and door locks and knobs.
On the exterior, decorative wooden moldings needing replacement were custom milled to
the specifications of the original. The porch lattice was reproduced to the same
dimensions as the original as well. The house was painted in colors appropriate to the
period, based on examination of layers of original paint. Half round rather than
contemporary gutters were used along the roof line.
In 1983, was an original member of the Bayport Heritage Association, the historical
society for the Bayport area. Later served multiple terms as president of the organization
and member of the Board of Trustees. Shortly after the founding of BHA, the
organization took on as its primary project, the restoration of the John E. Roosevelt
Meadow Croft Estate, located on the Bayport-Sayville border. Over time, which
included my tenure as president and trustee, worked with the Suffolk County Department
of Parks, Division of Historic Services, in securing hundreds of thousands of dollars in
restoration grants, both for the main building, as well as outbuildings. Meadow Croft is
now considered the premier Suffolk County historic restoration site and house museum
on the South Shore.

Other Significant Accomplishments:
Co-wrote and received a $250,000 CMAQ grant for the restoration of the automobile
house at Meadow Croft.
Wrote and received a grant for $5,000 from the Federal Small Business Administration to restore historic trees at the Meadow Croft Estate.

1993 Prepared planting plan and assisted in the construction and restoration of the Meadow Croft 1910 Kitchen Garden. Did extensive research in identifying and obtaining plants that would have been available circa 1910.

1990 to present: Created slide programs and lectured on gardening topics including the titles Creating a Victorian Garden and The History of the Meadow Croft Landscape and Garden. For the Victorian Garden program, photographs of Victorian homes and gardens were taken throughout the United States, Canada and England and presentations were made at garden clubs, libraries and historical societies throughout Nassau and Suffolk Counties.

Appeared on the Home and Garden Network program Homes Across America discussing the restoration of the Meadow Croft Kitchen Garden.

Other Community Involvement:
Founding member and past president of the Bayport-Blue Point garden club, known as Neighbors and Gardeners of Bayport-Blue Point. Under my presidency, the organization became involved in community beautification and received several legislative grants for that purpose.

If these new boundaries are accepted by the New York State Department of Economic Development, the above properties would be granted an exemption from real property taxes, special ad valorem levies, and certain other taxes by the County of Suffolk pursuant to State law.

This local law would be effective immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A LOCAL LAW IMPOSING A SURCHARGE ON WIRELESS COMMUNICATIONS SERVICE IN THE COUNTY OF SUFFOLK

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on , 2010, a proposed local law entitled, "A LOCAL LAW IMPOSING A SURCHARGE ON WIRELESS COMMUNICATIONS SERVICE IN THE COUNTY OF SUFFOLK"; and said local law in final form is the same as when presented and introduced; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW IMPOSING A SURCHARGE ON WIRELESS COMMUNICATIONS SERVICE IN THE COUNTY OF SUFFOLK

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the New York Legislature has recently added section 308-x of the County Law authorizing the County of Suffolk to implement a wireless surcharge to help fund an enhanced emergency telephone service system.

Therefore, the purpose of this law is to implement section 308-x of the NEW YORK COUNTY LAW by imposing a wireless surcharge of thirty cents per month on wireless communication service within the County of Suffolk as a means to assist the County in paying the costs associated with wireless 911 service.

Section 2. Definitions.

As used in this law, the following terms shall have the meanings indicated:

"WIRELESS COMMUNICATIONS SERVICE" means all commercial mobile services, as that term is defined in section 322(d) of title 47 of the UNITED STATES CODE, as amended from time to time, including, but not limited to, all broadband personnel communication services, wireless radio telephone services, geographic area specialized and enhanced specialized mobile radio services, and incumbent-wide area specialized mobile radio licenses, which offer real time, two-way voice or data service that is interconnected with the public switched telephone network or otherwise provides access to emergency communications services.

"WIRELESS COMMUNICATIONS DEVICE" means any equipment used to access a wireless communication service.
“PLACE OF PRIMARY USE” means the street address that is representative of where the customer’s use of the wireless communications service primarily occurs, which address must be: (a) the residential street address or the primary business street address of the customer; and (b) within the licensed service area of the wireless communications service supplier.

“WIRELESS SERVICE SUPPLIER” means any commercial entity that operates a wireless communications service within the County of Suffolk.

Section 3. Establishment of Suffolk County Wireless Surcharge.

A.) There is hereby imposed in the County of Suffolk a wireless surcharge of thirty (30) cents each month on wireless communications service. Said surcharge shall be imposed on each wireless communications device and shall be reflected and made payable on bills rendered for wireless communications service that is provided to a customer whose place of primary use is within the County of Suffolk.

B.) Any wireless communications service supplier within the County of Suffolk imposing a surcharge pursuant to the provisions of this law shall be given a minimum of forty-five days written notice prior to the date the service supplier shall begin to add such surcharge to the billings of its customers or prior to any modification to or change in the surcharge amount.

Section 4. Collection of Surcharge.

A.) Each wireless service supplier serving the County of Suffolk shall begin to add such surcharge to the billings of its customers commencing May 1, 2010.

B.) Each such wireless service supplier shall act as a collection agent for the County of Suffolk and shall remit surcharge monies collected pursuant to this law to the Suffolk County Treasurer every month, no later than thirty days after the last business day of each month.

C.) Each wireless service supplier shall be entitled to retain, as an administrative fee, an amount equal to two percent of its collections of the surcharge imposed under the provisions of this law.

D.) Any surcharge required to be collected by a wireless service supplier pursuant to this law shall be added to and stated separately in its billings to customers.

E.) No wireless service supplier shall have any legal obligation to enforce the collection of any surcharge. At the time a wireless service supplier remits monies as provided in this law, it shall also provide the name and address of any customer refusing or failing to pay the surcharge imposed by this law and shall state the amount of such surcharge remaining unpaid.

F.) Each wireless service supplier shall annually provide to the County of Suffolk an accounting of the surcharge amounts billed and collected.

Section 5. Liability for Surcharge.

Each wireless communications service customer who is subject to the provisions of this law and section three hundred eighty-x of the NEW YORK COUNTY LAW, shall be liable to the County of Suffolk for the surcharge established in section 3 herein until such surcharge has
been paid to the County of Suffolk, except that payment to a wireless service supplier is sufficient to relieve the customer from further liability for such surcharge.

Section 6. Expenditure of Revenues.

All surcharge monies remitted to the County of Suffolk pursuant to this law shall be expended only upon authorization of the Legislature and shall only be used for payment of eligible wireless 911 service costs, as defined within subdivision sixteen of section three hundred twenty-five of the NEW YORK COUNTY LAW. No less than eight percent (8%) of such surcharge monies remitted to the County of Suffolk in any fiscal year shall be allocated to qualified Public Safety Answering Points (PSAP’s), excluding the Suffolk County Police Department PSAP, and shall only be used for payment of eligible wireless 911 service costs, as defined within subdivision sixteen of section three hundred twenty-five of the NEW YORK COUNTY LAW. All surcharge monies collected by the County of Suffolk shall be separately accounted for, with an adequate record of the amounts and source of all such monies received, and an adequate record of the amounts and purpose of the expenditures made thereof. If at the end of any fiscal year the total amount of all such monies exceeds the amount necessary for payment for allowable costs in such fiscal year, such excess shall be reserved and carried over for the payment of allowable costs in the following fiscal year.

Section 7. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder hereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 8. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c) (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 9. Effective Date.

This law shall take effect immediately upon filing with the Secretary of State.

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on , 2010, a proposed local law entitled, "A CHARTER LAW REPEALING ARTICLE III OF CHAPTER 294 OF THE SUFFOLK COUNTY CODE AND ENACTING STRENGTHENED AND IMPROVED REGULATION OF THE INSTALLATION AND SERVICING OF PORTABLE FIRE EXTINGUISHERS AND AUTOMATIC FIRE EXTINGUISHING SYSTEMS," and said local law in final form is the same as when presented and introduced; now, therefore, be it

1\textsuperscript{st} RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW REPEALING ARTICLE III OF CHAPTER 294 OF THE SUFFOLK COUNTY CODE AND ENACTING STRENGTHENED AND IMPROVED REGULATION OF THE INSTALLATION AND SERVICING OF PORTABLE FIRE EXTINGUISHERS AND AUTOMATIC FIRE EXTINGUISHING SYSTEMS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that it has recognized that portable fire extinguishers and automatic fire extinguishing systems are the first line of defense in the control and extinguishment of fires, and therefore it is essential that these devices be properly installed, regularly inspected, tested, serviced, and repaired to ensure their usefulness and effectiveness when discharged on incipient fires.

This Legislature further finds and determines that the best way to ensure the effectiveness of these devices is to establish professional standards for persons authorized to install and service these devices and the manner in which the installation and servicing must be done.

This Legislature further finds and determines, based upon input from the fire safety community, the code enforcement community, consumers and businesses that nationally recognized industry standards have not been consistently adhered to by all of those involved in the installation and servicing of portable and automatic fire extinguishing systems.
This Legislature further finds that Local Law 18-2004, now codified in Article III of Chapter 294 of the Suffolk County Code, controls the servicing of portable fire extinguishers and automatic fire extinguishing systems, but the Department of Fire, Rescue and Emergency Services has recommended that these Code provisions be repealed and replaced with a new law that will better regulate the installation and servicing of these systems in order to better protect the health, safety, and welfare of the residents of Suffolk County.

Therefore, the purpose of this legislation is to repeal Article III of Chapter 294 of the Suffolk County Code and add a new Article III of Chapter 294 of the Suffolk County Code which strengthens and improves the regulation of the installation and servicing of portable fire extinguishers and automatic fire extinguishing systems and to amend other related sections of the Suffolk County Charter and Suffolk County Code.

B. The fee for a License, and for each renewal of License, shall be four hundred ($400.00) dollars. The fee for a Certificate of Registration, and for each renewal of a Certificate of Registration, shall be eight hundred ($800.00) dollars. The fees are payable after approval of an application and prior to issuance of the License, Renewal License, Certificate of Registration or Renewal Certificate of Registration.

C. Failure to make application and pay the required annual fee for renewal of a License or Certificate of Registration prior to the expiration date shall render the License or Certificate of Registration null and void on the expiration date and require the License holder or Certificate of Registration holder to submit a new application for an original License or Certificate of Registration. Compliance with the provisions of this law shall entitle the License or Certificate of Registration holder to renewal, provided such License or Certificate of Registration has not been suspended or revoked by the Commissioner prior to the expiration date.

D. The death of an individual License holder or Certificate of Registration holder shall terminate such License or Certificate of Registration.

E. A License may not be assigned or transferred. A Certificate of Registration may not be assigned or transferred except as provided in Section 294-19 (K).

H. All advertising by a License or Certificate of Registration holder shall include a Suffolk County Department of Fire, Rescue and Emergency Services License and Registration number.

Section 294-21. Duplicate and supplementary License and Certificate of Registration.

A. A duplicate License or Certificate of Registration may be issued by the Department for a License or Certificate of Registration which has been lost, destroyed, or mutilated, upon application therefor on a form prescribed by the Commissioner and the payment of a Twenty Dollar ($20.00) fee. Each such duplicate License or Certificate of Registration shall have the word "duplicate" stamped across the face thereof and shall bear the same number as the one it replaces.

B. A License holder shall request from the Department a supplementary License for each of his/her places of employment within the County of Suffolk upon application therefor on a form prescribed by the Commissioner and the payment of a Twenty Dollar ($20.00) fee. Each such supplementary License shall have the word "supplementary" stamped across the face thereof, shall bear the same number as the original and shall be conspicuously posted in each additional place of employment.

To conduct meetings and, after a hearing at which all interested parties are afforded a sufficient opportunity to be heard, submit recommendations to the Commissioner relating to the suspension, revocation, or non-renewal for cause of a License or Certificate of Registration authorizing the Installation and Service of Portable Fire Extinguishers and Automatic Fire Extinguishing Systems. Such hearing shall be on at least seven business days' notice to the holder of the License or Certificate of Registration. Such notice shall be served either personally or by certified mail, return receipt requested, to the last known address of the holder of the License or Place of Business of the holder of the Certificate of Registration and shall state the date and place of the hearing as well as enumerate the grounds constituting the allegations against the holder of the License or Certificate of registration. The holder of the License or Certificate of Registration may be represented by counsel and may produce witnesses in its behalf. A record of the hearing shall be taken and preserved.

Before making such rules and regulations, the Board may confer and meet with representatives of the industry, and shall hold a public hearing on the proposed rules and regulations. Reasonable prior notice of the time and place of such hearing shall be given by publication in the official newspapers of the County. Attached for your review is a draft introductory resolution seeking the repeal of the current Article III of Chapter 294 of the Suffolk County Code and replacing it with a new strengthened and improved Article III that builds upon the program currently in place for the licensing of those involved in the servicing and installation of portable fire extinguishers and automatic fire extinguishing systems in Suffolk County.

The current Article III lacks certain provisions that experience has demonstrated over the past several years must be added, strengthened and/or improved upon. Despite the present licensing requirements, several businesses and individuals continue to operate in a manner that skirts the law's requirements through the use of questionable business practices and misrepresentation. The current law further does not license the individuals performing the servicing but rather just the business and the entire aspect of installing automatic fire extinguishing systems is not addressed. It's also deficient in the absence of criminal penalties and the authority to issue field appearance tickets and the lack of application fees and inspection fees for out-of-county servicing companies.

The intent of the proposed introductory resolution is to remedy the aforementioned deficiencies through incorporation of the new or expanded principles as detailed in SCIN Form 175a accompanying this memo. To reach this point the County Attorney's office has actively participated with FRES in re-drafting the law to address the deficiencies.

I respectfully request that this Introductory Resolution be laid on the table at the Organizational Meeting of the Suffolk County Legislature in January.

An e-mail copy of the resolution has been sent to CE Reso Review under the title of "Reso-FRES-Strengthen & Improve Chapter 294 Art III".

Summary of Problem: (explanation of why this legislation is needed.)

Article III of Chapter 294 was first enacted in 2004. Since its passage, experience over the past few years has demonstrated that it lacks certain provisions and there is the need to augment, strengthen and improve the law. Despite the present licensing requirements, several businesses and individuals have continued to operate in a manner that skirts the law’s requirements through the use of questionable business practices and misrepresentation. The current law further does not license the individuals performing the servicing, but rather just the business or corporate entity, and the entire aspects of installing automatic fire extinguishing systems is not addressed. It’s also deficient in the absence of criminal penalties, the authority to issue field appearance tickets and the lack of application fees and inspection fees for out-of-county servicing companies. A substantial amount of time is presently expended by Suffolk County fire marshals in performing these inspections without sufficient reimbursement for expense incurred.

The County Attorney’s office actively and directly participated with FRES in re-drafting the law to address these problems.

Proposed Changes in Present Statute: (Please specify section when possible.)

The proposed local law would build upon the program currently in place and strengthen and improve it with implementation of the following principles:

- Expand the scope of the law to include the need for a license to install fixed extinguishing systems.
- License each individual performing servicing, rather than the business or corporate entity (294-13 and 294-14).
- Establishing a registration process for the facilities out of which the businesses operate (similar to what the New York State Department of Motor Vehicles does) (294-19)
- Establish criminal penalties in addition to civil penalties and the authorization to issue field appearance tickets (294-28 and 294-29).
- Establish application fees (294-17).
- Establish facility inspection surcharges for out-of-county servicing companies to cover the cost of travel expenses and time needed to reach the premises.
- Establish grounds for license and/or facility registration suspension or revocation.
- Delineate the separation of responsibilities of the licensing board and the commissioner as the permit issuing authority.

PROPOSED LOCAL LAW YEAR 2010

SPONSOR: THE PRESIDING OFFICER, ON REQUEST OF THE COUNTY EXECUTIVE

DATE OF RECEIPT BY COUNSEL: 1/27/10 PUBLIC HEARING: 3/2/10
DATE ADOPTED/NOT ADOPTED: CERTIFIED COPY RECEIVED:

This proposed charter law will repeal Article III of Chapter 294 of the SUFFOLK COUNTY CODE and enact a new Article III to regulate the installation and servicing of portable fire extinguishers and automatic fire extinguishing systems.

This law will establish the Portable Fire Extinguishing and Automatic Fire Extinguishing Systems Licensing Board ("Board"). The Board will be comprised of two permanent members, the designee of the Commissioner of the Department of Fire, Rescue and Emergency Services ("Commissioner") and the Suffolk County Chief Fire Marshal, as well as two members nominated by the National Association of Fire Equipment Distributors, and one member nominated by the Fire Marshal's Association of Suffolk County. The three appointed members must be confirmed by the Commissioner. All appointed members will serve a term of four years. The Board will:

1. Evaluate applicants for licenses and certificates of registration to install or service portable fire extinguishers and automatic fire extinguishing systems.

2. Make recommendations and authorize the Commissioner to issue such licenses or certificates of registration.

3. Make recommendations to the Commissioner relating to the suspension, revocation or non-renewal for cause of licenses and certificates of registration.

4. Prepare a manual of rules and regulations with the Commissioner relating to provisions that are necessary for the proper enforcement of this law.

5. Formulate and update a code of rules and regulations governing the installation and servicing of portable fire extinguishers and automatic fire extinguishing systems.
This law will require that all portable fire extinguishers and automatic fire extinguishing systems be serviced at a registered facility, with the exception of clean agent automatic fire extinguishing systems which are serviced on-site. To qualify as a registered facility, a person or corporate officer must apply for registered facility designation ("designation") for their place of business and pay a $200.00 application fee. The application must contain information regarding the applicant, the businesses engaged in by the applicant, locations where servicing or installation is to be conducted, and tax identification materials. A location for which an application is made must have a valid certificate of occupancy, meet all of the Board’s space and facility requirements, contain and maintain all equipment required by law and will be subject to visual inspection by the Commissioner or the Board. The fee for the certificate of registration is $800.00. The certification is valid for two years and must be displayed at the registered facility. Applications to renew certification are subject to a $50.00 application fee as well.

Under current law, an employer can obtain a license to install and service portable fire extinguishers and automatic fire extinguishing systems and hire unlicensed employees to perform these duties. This law will require that any person engaged in this trade be licensed. Employees or individuals acting on behalf of any federal, state or local government remain exempted from this requirement. To apply for a license, applicants must submit all necessary forms and documentations with a $100.00 application fee. License applicants must pass both a written and practical exam, submit manufacturer’s certifications for specific systems they have been certified to service and/or install and may be required to appear before the Board. Once an application is approved, the applicant must work at a registered facility. The fee for the license is $400.00. The license is valid for 2 years and must be displayed at the licensee’s place of employment. Applications to renew a license are subject to a $50.00 application fee as well.

Any person holding himself out as authorized to, or who actually installs or services, portable fire extinguishers or automatic fire extinguishing systems without the requisite license and/or certificate of registration or violates any other provision of this law shall be guilty of a misdemeanor and upon conviction may be subject to a fine not to exceed $5,000.00 and/or up to 1 year in prison. Each violation shall be a separate offense. Violations of this law are also subject to a separate civil penalty of up to $5,000.00 per violation.

This law also sets forth servicing standards and procedures for portable fire extinguishers and automatic fire extinguishing systems that must be adhered to as a condition of maintaining a license or certificate of registration.

This law will amend Section C11-3 of the SUFFOLK COUNTY CHARTER and Section A11-1 of the SUFFOLK COUNTY ADMINISTRATIVE CODE to add coordinating the regulation and licensing of the installation and servicing of portable fire extinguishers and automatic fire extinguishing systems to the responsibilities of the Department of Fire, Rescue and Emergency Services ("FRES").

This law will be enforced by FRES and the Fire Marshal.

This law will take effect immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. YEAR 2010, A LOCAL LAW AMENDING CHAPTER 8 OF THE SUFFOLK COUNTY CODE

WHEREAS, there was duly presented and introduced to this County Legislature, at a regular meeting held on , 2010, a proposed local law entitled, “A LOCAL LAW AMENDING CHAPTER 8 OF THE SUFFOLK COUNTY CODE,” now therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW AMENDING CHAPTER 8 OF THE SUFFOLK COUNTY CODE

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent

This Legislature hereby finds that the County of Suffolk (“county”) has had a long history of agricultural production, dating back to the 17th Century.

This Legislature further finds that the county is number one out of 62 counties in the State of New York in terms of value of agricultural products sold according to the 2007 Census of Agriculture.

This Legislature further finds and determines that the agricultural industry is an essential component of the county’s current economy.

This Legislature further finds that the county has more than 34,000 acres of land in active commercial agricultural production according to the 2007 Census of Agriculture.

This Legislature further finds and determines that the county has had a long, successful history of farmland preservation evidenced by the more than 9,000 acres of viable farmland permanently protected since 1974 through this nation’s first purchase of development rights program.

This Legislature further finds and determines that it continues to be in the best interests of the county and its residents to preserve farmlands pursuant to the Suffolk County Purchase of Development Rights Program (“program”).

This Legislature further finds that the county’s residents demonstrated their support for farmland preservation pursuant to this program by extending the Suffolk County Drinking Water Protection Program in 2007 through 2030.

This Legislature further finds and determines that the agricultural industry on Long Island has evolved since the inception of this program and that it is necessary to clarify the
program’s purpose and the policies and procedures the county will employ to administer and enforce it.

Therefore, the purpose of this local law is to amend Suffolk County Administrative Local Law Chapter 8, “Development Rights to Agricultural Lands,” to ensure the county’s ability to conserve and protect viable farmlands and active agricultural operations that will serve current and future generations of county residents.

Section 2. Amendments

§8-1. Statutory policy; legislative intent.
§8-2. Definitions.
§8-3. Applicability.
§8-4. Farmland Committee.
§8-5. Development rights; acquisition.
§8-6. Development rights; alienation.
§8-7. Notification requirements.
§8-8. Permits.
§8-9. Permit conditions.
§8-10. Structures; farm stands.
§8-11. Structures; alternative energy systems.
§8-12. Prohibitions.

§ 8-1. Statutory policy; legislative intent.

A. The State of New York, by various legislative enactments, has emphatically stated it to be a most important policy to conserve and protect viable farmlands and to encourage the improvement of such lands both for the production of food and for the preservation of such lands as valued natural and ecological resources. It has further stated that the expenditure of county funds to acquire legal interests and rights in such lands is in furtherance of such policy and is a proper expenditure of public funds for public purposes.

B. The county is in complete accord with such policy, and it is the goal of the county to conserve and protect viable farmlands, open spaces, open areas and the various natural and ecological resources associated with such lands, particularly soil and water. It is the intent of this chapter to establish the policies and procedures that will be employed by the county in its pursuit of this goal.

C. The Suffolk County Legislature finds that adequate fresh, local food supplies are critical to the health and economy of the county, that best management practices are essential to ensure that the benefits associated with land preservation are not realized at the cost of the county’s natural and ecological resources, that working farms and a diversity of agricultural practices are necessary to secure the future of the business of agriculture and that a minimum threshold of acreage must be in active agricultural production to sustain the industries that support agricultural production. The Suffolk County Legislature
further finds that conservation and protection of farmlands associated with viable agricultural operations that use best management practices will ensure that such lands are available to serve future generations.

A. Cease and desist order.

(1) Where a violation of this chapter, the contract of sale and/or the deed of development rights is suspected, the department shall cause an investigation to be conducted. If the department determines by clear evidence that a violation of this chapter, the contract of sale and/or the deed of development rights has been committed or exists, the department may issue a cease and desist order. The
cease and desist order shall be served in person or by certified mail to the agricultural land owner at the address on file with the department and, if the property is leased, the agricultural land lessee. The cease and desist order may direct restoration of the property, removal of structures that are in violation of this chapter, the contract of sale and/or the deed of development rights and such other corrective actions and terms as the department finds necessary to protect the county’s interest in the agricultural land.

(2) A cease and desist order may be lifted by the department upon a finding that the violation has been abated and/or when an application to bring the activity into compliance has been filed and a permit has been issued by the department.

B. Violations. Where it is determined by a court that a violation of any of the provisions of this chapter has been committed or exists, the agricultural land owner, the agricultural land lessee and any other person who takes part or assists in such violation shall each be deemed guilty of a violation of this chapter.

C. Temporary restraining order and/or injunction.

(1) The county may obtain a temporary restraining order and/or injunction to enforce the provisions of this chapter.

(2) Violation of a temporary restraining order and/or injunction may be punishable as contempt under state laws.

(3) Violation of a temporary restraining order and/or injunction shall constitute a separate violation of this chapter, punishable by penalties in addition to those imposed for the underlying violation for which the temporary restraining order and/or injunction was obtained.

D. Restoration.

(1) The court may compel the agricultural land owner and/or agricultural land lessee to restore agricultural land to a condition suitable for agricultural production where a site disturbance has occurred in violation of this chapter.

(2) Where a violation has resulted in damage to the agricultural resource on agricultural land, the court may order restoration of the agricultural land to the greatest extent possible, regardless of cost.

E. Removal.

(1) The court may compel the agricultural land owner and/or the agricultural land lessee to remove any and all unauthorized structures on agricultural land.

(2) Where a violation has resulted in the erection, relocation, modification or demolition of a structure or the operation of an alternative energy systems and/or farm stand on agricultural land, the court may order the removal of said structure or remains, regardless of cost.
F. Damages. Where a violation of the provisions of this chapter results in damage to the county's interest in the development right(s) and/or the underlying value of the land, the court may award damages to the county equal to the development right(s) purchase price plus compounded interest and an additional amount as would be necessary to purchase the development right(s) to a similar agricultural property, as determined by the county.

G. Civil Penalties.

(1) A violation of § 8-12 shall be punishable by a civil penalty of up to five thousand dollars ($5,000) per day, with each day constituting a separate violation.

(2) Any violation which causes a substantial reduction in the viability of the agricultural resource shall be punishable by a civil penalty not more than ten thousand dollars ($10,000) per day, with each day constituting a separate violation. The viability of the agricultural resource may be determined by any reasonable means, including, but not limited to, testimony from any person with demonstrated agricultural expertise.

H. Costs and disbursements. The court may award costs of investigating and enforcing this chapter.

I. Attorneys' fees. The court may award attorneys' fees.

J. No waiver. Failure to take an action to enforce the provisions of the contract of sale, the deed of development rights, this chapter and/or any rules and/or regulations promulgated thereunder shall neither constitute a waiver nor constitute an agreement to allow the prohibited activity nor constitute permission to engage in the activity without first obtaining applicable permits.

K. Other remedies. The county reserves the right to pursue any and all legal and equitable remedies herein mentioned or otherwise available at law including administrative, civil and criminal actions to enforce the provisions of this chapter and to satisfy the intent and spirit of the Purchase of Development Rights Program.

L. Cost no defense. Cost shall not be a defense to the imposition of remedies.

Notwithstanding the provisions of any special law, charter law, local law or resolution which may be inconsistent herewith, in whole or in part, this chapter shall in all respects control in the matter of the acquisition or alienation of development rights in agricultural lands.

Should any provision of this chapter be adjudged invalid by a court of competent jurisdiction, such adjudication shall not affect the validity of any other provision of this chapter.

Section 3. Applicability
This law shall apply to all agricultural lands to which the county has acquired interests or rights, in whole or in part, under the Purchase of Development Rights Program. This law shall not apply to nonagricultural lands acquired as open spaces or open areas for the purpose of preserving active parkland, passive parkland, woodlands and/or wetlands and shall not apply to farmlands to which the county does not own any interest or right.

Section 4. Severability

If any clause, sentence, paragraph, subdivision, section or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c) (20) and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date

This law shall take effect immediately upon filing with the Secretary of State.

**§8-3 Applicability. (New)**
- Created to differentiate between farmlands from which the county has purchased the development rights, farmlands in which the county has no legal interest and lands in which the county has an interest but were not preserved by a development rights acquisition

**§8-4 Farmland Committee. (Amended, renamed, relocated)**
- Reconstituted the committee
- Designated a chairman
- Established term lengths

The annual review period creates a comparative evaluation process that enables
the county to maximize its financial resources by preserving the most viable
agricultural properties first

- Accepting applications for inclusion during the month of September 1) enables
  the committee to review the parcels at the first meeting of the new year (after the
  budget has been adopted) and 2) does not conflict with the Agricultural Districts
  Open Enrollment Period (January)

- Authorizes acquisition partnerships and management agreements with not-for-profit
  conservation organizations, which is in addition to those currently permitted with
  municipalities

§8-6 Development rights; alienation. (Amended, renamed, relocated)

    agricultural production (special events)
- Outlined permit application process
- Specified permit criteria
- Instituted fees
- Modified pursuant to comments received

§8-9 Permit Conditions. (New)

- Granted the committee authority to require deed covenants and restrictions be declared

     - Continued competitiveness despite fluctuating energy prices
     - Environmental protection
   • Limited the size of alternative energy systems permitted
   • Restricted the use of the energy generated to agricultural production activities

PROPOSED LOCAL LAW YEAR 2010

TITLE: I.R. NO. -2010; A LOCAL LAW AMENDING CHAPTER 8 OF THE SUFFOLK COUNTY CODE

SPONSOR: THE PRESIDING OFFICER, ON REQUEST OF THE COUNTY EXECUTIVE

DATE OF RECEIPT BY COUNSEL: 1/27/10  PUBLIC HEARING: 3/2/10
DATE ADOPTED/NOT ADOPTED: ___________  CERTIFIED COPY RECEIVED: ___________

This proposed local law would amend Chapter 8 of the SUFFOLK COUNTY CODE to establish a more comprehensive structure for the conservation and protection of agricultural lands in Suffolk County.

This law will provide more specific requirements for the composition of the membership of the Farmland Committee ("Committee"). Currently, the County Executive appoints the Committee's nine members and there are no criteria for membership. Under the proposed law, the Commissioners of the Departments of Economic Development and Workforce Housing, Environment and Energy, Health Services, and Planning, or their respective designees will serve on the Committee. The Commissioner of the Planning Department, or his designee, will serve as chairman of the Committee as of January 1, 2011. This law also allows for the appointment of three advisors to the Committee, to participate in a non-voting capacity, from the following organizations: the Natural Resources Conservation Service, Cornell Cooperative Extension and a farm advocacy group. All committee members, excepting the four appointees from County departments, must meet eligibility requirements and the membership must include individuals from a variety of disciplines, including, but not limited to, agriculture, citizen advocacy, municipal planning, ecology and real estate. Members shall be appointed to a term of four years and no member may serve more than three terms.

This law will also expand the Committee's functions to include the review of permit applications made under this law (discussed below) and establishing and adopting written guidelines and property rating systems.

This law will require land owners interested in having the County purchase their development rights to submit an application to the Department of Planning ("Department") in September of each year. Only under extenuating circumstances may an application be made outside of this period and will only be considered if funding is available. To be considered for acquisition by the County, a property must be an active
farm operation, or part of one, and must produce average gross sales of at least $10,000 for a property of seven or more acres, or at least $50,000 for a property less than seven acres in size. Preference will be given to farm operations that protect groundwater, soil and view sheds while promoting agricultural production.

This law will also establish a permitting process for agricultural development, special uses, and special events for farms participating in the County program. Agricultural development permits will be necessary for the installation, erection, location, modification, rebuilding, or removal of a structure on agricultural land, as well as for the operation of an alternative energy system or a farm stand on agricultural land. Special use permits will be necessary for any site disturbances on agricultural lands. Such disturbances can only be associated with standard agricultural practices, drainage improvement or agricultural development permits. Special event permits will be required to conduct any special event on agricultural land. Only one special event per farm operation will be approved each year and cannot exceed two days in length. Such events cannot impact the viability of the agricultural operation.

All permits described above must be obtained by the land owner prior to engaging in the regulated activity. Applications for permits must be submitted to the Department two weeks prior to the Committee meeting where it will be heard and must contain all requisite information regarding the planned use for the permit. An application fee of $100.00 shall be submitted with each permit application. Permits shall expire within 1 year of issuance, with a possible 1 year extension, if requested by the land owner. Permits may be conditioned upon the execution of a restrictive covenant by the land owner. Modification of a permit or restrictive covenant may be requested by application.

This law will also establish specific requirements for farm stands. In addition to the permitting requirement, farm stands may only sell agricultural products and processed agricultural products (i.e. cheese, wine, and jam). If some goods offered for sale are not grown on premises, the products must be locally grown and cannot exceed forty percent (40%) of the total square footage of the stand’s retail space. Farm stand structures may not exceed 500 square feet, with a total display area not to exceed 1,000 square feet. Farm stands may only be used during growing seasons.

Requirements will also be established for alternative energy system structures. In addition to the permitting requirement, alternative energy systems cannot have a capacity that exceeds one hundred ten percent (110%) of the farm operation’s average annual consumption. Electricity generated by the alternative energy system cannot be consumed by any residential or non-agricultural land uses, or may it be consumed by any activity prohibited on agricultural lands.

This law also establishes numerous activities that are prohibited on agricultural lands, including, but not limited to, mining, dumping, non-agricultural uses, storage of waste, and the use of all terrain vehicles and aircraft.

Persons violating this chapter’s requirements may be subject to civil remedies, including, but not limited to, a cease and desist order, a temporary restraining order
and/or injunction, a compelled restoration of the property, removal of unauthorized structures, and damages equal to the purchase price of the development rights plus interest. Persons conducting prohibited activity on farm property will be subject to a penalty of up to $5,000.00 per day. Violations causing a substantial reduction in the viability of the property’s agricultural resources will be subject to a civil penalty of up to $10,000.00 per day.

This law will take effect immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2010, ADOPTING LOCAL LAW NO. -2010, A CHARTER LAW TO REPEAL THE SUFFOLK COUNTY ENERGY TAX VIA PUBLIC REFERENDUM

WHEREAS, there was duly presented and introduced to this County Legislature at a regular meeting held on June 10, 2010 a proposed local law entitled, "A CHARTER LAW TO REPEAL THE SUFFOLK COUNTY ENERGY TAX VIA PUBLIC REFERENDUM," and said local law in final form is the same as when presented and introduced; now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2010, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW TO REPEAL THE SUFFOLK COUNTY ENERGY TAX VIA PUBLIC REFERENDUM

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the current recession has caused enormous economic dislocation in Suffolk County as people have lost jobs, savings have been lost; foreclosures have risen to record levels, land values have plummeted, and lending has dried up.

This Legislature further finds and determines that the New York Tax Law authorizes counties to reduce the sales and compensating use tax rate on residential energy sources and services.

This Legislature further finds and determines that this tax is one of the most regressive taxes imposed on its residents because it bears no correlation to ability to pay since it relates to a necessity of life.

This Legislature further finds and determines that by repealing the unfair sales and use taxes on residential energy sources and services, at a time when the cost of fuel oil and gasoline has skyrocketed all across Long Island, that such a tax cut will ensure affordable residential energy sources and services.

This Legislature further finds and determines that, since the loss of revenue from such a repeal may not be fully offset by the revenues generated by such a tax cut, thereby requiring other budget actions to be taken to accommodate such a tax repeal, a fiscal policy decision of this magnitude should be made by the public after a robust, rigorous, and informed debate via public referendum.
This Legislature further determines that approval by the electorate of this law at public referendum will form a public mandate to balance Suffolk County budgets without resort to any tax on residential energy sources and services.

Therefore, the purpose of this law is to completely eliminate the 2.5% sales and use tax on residential energy sources and services subject to the approval of the electorate.

Section 2. Energy Tax Repeal.

B.) Section 6 of Resolution No. 745-1968, as amended by Resolution No. 973-1999, is hereby amended by adding a new subdivision (i) to read as follows:

(i)(1) Receipts from the retail sale or use of fuel oil and coal used for residential purposes, the retail sale or use of wood used for residential heating purposes, and the sale, other than for resale, of propane (except when sold in containers of less than one hundred pounds), natural gas, electricity, steam and gas, electric and steam services used for residential purposes and the use of gas or electricity used for residential purposes shall be exempt from the taxes imposed by this Resolution. The provisions of this paragraph shall not apply to a sale or use of (i) diesel motor fuel which involves a delivery at a filling station or into a repository which is equipped with a hose or other apparatus by which such fuel can be dispensed into the fuel tank of a motor vehicle and (ii) enhanced diesel motor fuel except in the case of a sale or use of such enhanced diesel motor fuel used exclusively for residential purposes which is delivered into a storage tank which is not equipped with a hose or other apparatus by which such fuel can be dispensed into the fuel tank of a motor vehicle and such storage tank is attached to the heating unit burning such fuel, provided that each delivery of such fuel of over four thousand five hundred (4,500) gallons shall be evidenced by a certificate signed by the purchaser stating that the product will be used exclusively for residential purposes.

(2) The exemption set forth in this subdivision shall apply to receipts from all retail sales and uses described in paragraph (1) of this subdivision made, rendered or arising therefrom on or after March 1, 2011, although made on or rendered under a prior contract, if delivery or transfer of possession of such property or services is made after such date. Where such property or service is sold on a monthly, quarterly, or other term basis, and the bills for such property or service are based on meter readings, the amount received on each bill for such property or service for a month, quarter or other term shall be exempt, but such exemption shall be applicable to all bills based on meters read on or after September 1, 2011, only where more than one-half of the number of days included in the month or other period billed are days subsequent to August 31, 2011.
(3) Where a residence is part of a multiple dwelling or other premises consisting of residential and nonresidential units, or where a portion of a residence is used for nondwelling purposes, including the conduct of a trade or business, the same rules and regulations shall be applicable that have been established by the Commissioner of Taxation and Finance in order to allocate to such residence the portion of the sale of energy sources or services attributable to the residential portion.

(4) If the Commissioner of Taxation and Finance has prescribed a certificate to be taken by the vendor of the energy sources or services specified in paragraph (1) of this subdivision from the purchaser of such energy sources or services, such certificate shall be applicable for the purposes of this section. Where a certificate is required, unless such vendor shall have received such certificate in such form as the Commissioner may prescribe, signed by the purchaser and setting forth the purchaser’s name and address, together with such other information as the Commissioner August require, stating that the premises, for which such energy sources or services are purchased, are used solely as a residence or identifying the residential portion of premises, for which such energy sources or services are purchased including instances where a multiple dwelling unit or other premises consists of residential and nonresidential units or where a portion of a residence is used for nondwelling purposes, such as the conduct of a trade or business, the provisions of this subdivision shall not apply and the tax shall be imposed at the rate provided for in Sections 2 and 4 of this Resolution. No further certificate need be furnished for any subsequent purchase for such premises if the information set forth in the certificate last furnished the vendor has not materially changed, except that in the case of exempt purchases of enhanced diesel motor fuel in amounts of over forty-five hundred (4,500) gallons, a separate certificate must be furnished for each purchase.

Section 3. County Implementation of Energy Tax Repeal.

This proposed charter law would repeal the County's sales and compensating use tax or residential energy sources and services, effective March 1, 2011.

The proposed law would also amend the SUFFOLK COUNTY CHARTER to bar the County Executive from including in his proposed operating budget revenues that would require the reinstatement of the home energy tax. Similarly, the County Legislature would be prohibited from amending a proposed operating budget to include revenues that would require the reinstatement of the home energy tax.

Additionally, the proposed law would require that any future resolution or local law that seeks to reinstate sales tax on home energy sources would require a super majority vote of fourteen (14) County legislators.

This law is made subject to a mandatory voter referendum. The law also includes a provision that the law can only be repealed or modified in the future through another voter referendum.
