RESOLUTION NO. -2009, ADOPTING LOCAL LAW NO. -2009,
A CHARTER LAW TO IMPOSE FURTHER CONTROLS ON COUNTY
DEBT AND DEBT SERVICE PAYMENTS

WHEREAS, there was duly presented and introduced to this County Legislature
at a meeting held on , 2009 a proposed local law entitled, "A CHARTER LAW
TO IMPOSE FURTHER CONTROLS ON COUNTY DEBT AND DEBT SERVICE PAYMENTS";
now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2009, SUFFOLK COUNTY, NEW YORK

A CHARTER LAW TO IMPOSE FURTHER CONTROLS ON
COUNTY DEBT AND DEBT SERVICE PAYMENTS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF
SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that Local Law 37-1989 (codified in
sections C4-13 and C4-21 of the SUFFOLK COUNTY CHARTER) established a policy which
required that any increase in the County's adopted capital budget and program during the fiscal
year be offset by a corresponding reduction in the capital budget.

This Legislature further finds that Local Law 37-1989 was designed to prevent
large, unplanned increases in the capital budget and program and maintain debt and debt
service expenditures at manageable and prudent levels.

This Legislature determines that the County of Suffolk tightened the requirements
of Local Law 37-1989 in 2006 by prohibiting the use of sewer district projects to offset increases
for non-sewer district projects.

This Legislature further finds and determines that Local Law 37-1989 needs to be
strengthened again to stop a fiscally unsound practice whereby federal and state aid included
in the capital budget for certain projects is utilized as the required offset for increases in other
capital projects.

This Legislature determines that using state and federal aid in this manner is
clearly inconsistent with the spirit and intent of Local Law 37-1989 in that it allows the County's
debt and debt service to increase without providing a genuine corresponding reduction in those
costs. The inevitable result is higher debt and bigger debt service payments.

Therefore, the purpose of this law is to amend the SUFFOLK COUNTY
CHARTER to prohibit the use of federal and state aid to offset increases in the County's
adopted capital budget and program.
Section 2. Amendments.

Section C4-13 of the SUFFOLK COUNTY CHARTER is hereby amended as follows:

* * * *

D. A resolution that increases the capital budget may not utilize federal and state aid included in the capital budget to achieve the corresponding reduction that is required by Subsection A of this section.

Section C4-21 of the SUFFOLK COUNTY CHARTER is hereby amended as follows:

C4-21. Modification of capital program.

* * * *

D. A resolution that increases the capital program may not utilize federal and state aid included in the capital program to achieve the corresponding reduction that is required by Subsection A of this section.

Section 3. Applicability.

This law shall apply to capital budget and program amendments occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.
Section 6. Effective Date.

This law shall take effect on the sixtieth (60) day immediately subsequent to filing in the Office of the Secretary of State.

Sections C4-13 and C4-21 of the SUFFOLK COUNTY CHARTER require that resolutions increasing the adopted capital budget and program during a fiscal year also provide a corresponding reduction or offset costs. This proposed law would amend those charter sections to prohibit using federal and state aid included in the capital budget to achieve the required offset.

This law will take effect sixty (60) days after its filing with the Secretary of State.

RESOLUTION NO. —2009, ESTABILISHING NEW PROCEDURES FOR HOUSING HOMELESS SEX OFFENDERS

WHEREAS, the devastating impact of sex crimes, particularly against children, and the high rate of recidivism among sex offenders has led Suffolk County to enact a series of laws to protect residents from the dangers posed by sex offenders; and

WHEREAS, Resolution No. 1237-2006 established a policy that Suffolk County would not place or facilitate the placement of multiple sex offenders at the same residence in areas zoned for residential use; and

WHEREAS, the Suffolk County Department of Social Services ("DSS") has placed a trailer in the parking lot of the County Correctional Facility in Riverhead to provide emergency housing for up to twenty (20) homeless sex offenders, with a second trailer to accommodate any overflow in Westhampton; and

WHEREAS, the homeless sex offenders residing at the DSS trailers come from all across Suffolk County; and

WHEREAS, the New York State Legislature has recently passed a law, going into effect January 2009, that requires local social services officers to consider the following factors when placing sex offenders: the concentration of sex offenders in certain communities, the number of sex offenders residing at a particular property, the proximity of entities with a vulnerable population and the sex offender's proximity to family, friends or other supporting services; and

WHEREAS, by gathering all the homeless sex offenders of Suffolk County at the trailer in Riverhead, DSS is failing to consider these factors; and

WHEREAS, homeless sex offenders throughout the County should have access to emergency housing in closer proximity to their hometowns, where they will have better access to supporting services, family and friends to aid in their transition back to society; and

WHEREAS, the homeless sex offenders residing at the DSS trailers are supposed to be transported each morning to their hometown for services and then are returned to the trailer in the evening; and

WHEREAS, some of the sex offenders residing at the DSS trailers are now remaining in Riverhead during the day after they are released from the trailers each morning, leaving them in close proximity to schools, libraries and other public places with vulnerable populations; and

WHEREAS, it is bad public policy to solve the difficult problem of providing emergency housing to homeless sex offenders throughout Suffolk County by concentrating facilities solely in Riverhead; and
WHEREAS, emergency housing facilities for sex offenders should be available within each police precinct so as not to overburden any one community with this responsibility; now, therefore be it

1st RESOLVED, a policy is hereby established whereby the Suffolk County Department of Social Services shall place sex offenders in need of emergency housing services in a facility located in the same police precinct they are in at the time services are requested; and be it further

2nd RESOLVED, pursuant to this policy, if a sex offender requests emergency housing while in any of the five east end towns, placement will be arranged at the existing trailer at the Suffolk County Correctional Facility in Riverhead; and be it further

3rd RESOLVED, that the restrictions on the placement of sex offenders in areas zoned for residential use established by Resolution No. 1237-2006 shall remain in full force and effect; and be it further

4th RESOLVED, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

RESOLUTION NO. -2009, AUTHORIZING THE COUNTY TREASURER TO BORROW CASH FUNDS FROM OTHER COUNTY FUNDS FOR 2009

WHEREAS, the County Treasurer recommends that moneys be borrowed from a variety of County Funds to meet a temporary shortfall of cash during the remainder of 2009; and

WHEREAS, in accordance with Section 9-a of the NEW YORK GENERAL MUNICIPAL LAW, moneys can be temporarily advanced between funds, but must be repaid with interest by the end of the fiscal year; and

WHEREAS, the original intent of the Suffolk County Legislature and New York State Laws in creating said funds will not be circumvented by the enactment of the resolution; and

WHEREAS, the Suffolk County Legislature has previously granted the County Treasurer approval to temporarily borrow cash in Resolution Nos. 62-2008; 609-2007; 1011-2006; 1097-2005; 800-2004; 711-2003; 878-2002; and prior years; and

WHEREAS, it is prudent fiscal management for the County to borrow from its own funds since the County will not incur borrowing fees, such as the cost of issuance from such action; now, therefore be it

1st RESOLVED, that the County Treasurer is hereby authorized and empowered to borrow available cash from individual County Funds to the extent this cash is not needed for budgeted expenditures of said funds; and be it further

2nd RESOLVED, that any moneys borrowed from any County Fund pursuant to this resolution shall be repaid to said fund with interest at the prevailing rate from subsequent revenues as soon as it is fiscally practicable, but no later than December 31, 2009; and be it further

3rd RESOLVED, that the County Treasurer is hereby directed to provide the County Legislature, the County Executive, the County Comptroller, the County Executive Budget Office, and the Legislative Budget Review Office with a report within five business days following any transaction that increases or decreases the fund balance in any County Fund through an internal transfer between funds.

RESOLUTION NO. -2009, ADOPTING LOCAL LAW NO. -2009, A LOCAL LAW TO INCREASE THE APPLICATION FEE FOR DRY-CLEANING ESTABLISHMENTS

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , 2009, a proposed local law entitled, "A LOCAL LAW TO INCREASE THE APPLICATION FEE FOR DRY-CLEANING ESTABLISHMENTS" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2009, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO INCREASE THE APPLICATION FEE FOR DRY-CLEANING ESTABLISHMENTS

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the Office of Consumer Affairs expends many man hours administering and reviewing applications for occupational licenses. As part of their review process, Consumer Affairs must conduct background checks for criminal convictions, child support judgments, and prior work experience. Consumer Affairs must also verify that applicants are financially responsible and possess all necessary insurance.

This Legislature also finds and determines that the application fee for occupational licenses in Suffolk County was increased in 2008, but, inadvertently, the application fee for dry-cleaning establishments was left unchanged.

This Legislature further finds and determines that the application fee for dry-cleaning establishments must be increased in order to maintain a uniform application fee process for occupational licenses in Suffolk County.

Therefore, the purpose of this law is to increase the application fee for the licensing of dry-cleaning establishments from $25 to $200 to reflect the costs incurred by the County of Suffolk in administering occupational licenses.

Section 2. Amendment.

Chapter 273 of the SUFFOLK COUNTY CODE is hereby amended as follows:

Chapter 273, DRY-CLEANING ESTABLISHMENTS

* * * *
§ 273-4. Issuance of license.

A. All applications for license shall be submitted in writing on forms furnished by the Office and shall be accompanied by a nonrefundable application fee in the amount of [$25] **$200.** The initial license fee to be paid upon issuance of the license, and the license fee to be paid every year thereafter, shall be $200.

* * * *

Section 3. Applicability.

This law shall apply to all applications for licensing of dry-cleaning establishments received by the Office of Consumer Affairs on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect on the sixtieth (60th) day immediately subsequent to filing in the Office of the Secretary of State.

WHEREAS: upon finalizing the site plan, it was determined that enhanced safety and aircraft maneuverability would be accomplished if a proposed hanger was shifted so that it would be in line with other hangars along the flight line and removed from the parking apron; and

WHEREAS: in order to shift the hanger to the proposed location, Shelt Air Westhampton, LLC has requested an additional 1.08 acres to be added to the leasehold; and

WHEREAS: this project is in compliance with the adopted 1990 Airport Master Plan Update, the 2008 Airport Master Plan Draft Update, the 1995 Central Pine Barrens Comprehensive Land Use Plan, the 1992 Long Island Comprehensive Special Groundwater Protection Area Plan, the 1999 Town of Southampton Comprehensive Update Implementation Strategies Plan and the Town of Southampton Aquifer Protection Overlay District requirements; and

Airport Conservation and Assessment Panel
Report of
October 3, 2008 Meeting

Sheltair Aviation Inc (formerly LI Jet Center East Inc.):

Airport Conservation and Assessment Panel Background:

On May 9, 2006, Suffolk County Executive Order No. 26-2006 created the Airport Conservation and Assessment Panel (ACAP). The panel is charged with evaluating applications for leases, lease renewals, extensions and modifications, licenses, and issuing recommendations to the County Legislature, the CEQ and County Executive on the environmental, economic and community impacts of a lease or license application at Gabreski Airport and to report it's advisory findings and recommendations to the above parties.

The scope of the ACAP review shall be limited to assessing applications and proposals for the environmental compatibility and economic benefit to the people of the County of Suffolk and are in the public interest as a support, advance, or enhancement of a specifically articulated public policy objective.

A meeting of ACAP was held at 10:00 AM on October 3, 2008 to review the LI Jet Center East Inc. application submitted on September 9, 2008.

Summary of SEQRA Recommendations/ACAP Findings:

Based on our assessment of the rules governing the implementation of SEQRA, we find the subject application to be a Type 1 Action.

SEQRA (State Environmental Quality Review Act) provides that any Unlisted Action that exceeds 2.5 acres of physical alteration on a parcel of property that is substantially contiguous with any publicly owned or operated parkland or designated open space constitutes a Type I Action consistent with [NYCRR 617.4(b)(10)]. According to the EAF (p.7) the proposed action will disturb 3 acres of vegetation.

ACAP has previously understood the adjacent holdings of the Quogue Wildlife Refuge and the surrounding Pine Barrens Core preservation areas to constitute such qualifying open space and previously recommended a Type I designation for project such as this.

A Negative Declaration is recommended.
ACAP Recommendations:

ACAP’s approval of this application is contingent on the applicant’s agreement to and/or meeting the following lease conditions:

The applicant agrees that the hangars to be constructed are for private owner operator use only; the applicant further agrees that no portion of the premises is intended to for sublease nor will it be subleased, for on-demand charter service or any other commercial use tenant.

Only stage three (3) or higher jets are to be used or stored on this site. LI Jet Center East, Inc. will not permit any long term commitments to use or storage of stage 2 jets.

Fuel storage area shall be modified to allow for storage of the deicing vehicle and deicing fluids/materials.

Any outstanding financial issues with the County of Suffolk must be resolved prior to the County entering into a lease agreement with the applicant.

Term of the lease is recommended to be 30 years. At the termination of the 30 years ownership of the buildings will revert back to the County. The tenant will then have the option to lease both the land and the existing buildings for an additional 30 year term based on market value at the time of renewal.

Any modification or alteration of this space must have the prior approval of ACAP, CEQ, the County of Suffolk and/or any other entity endowed in the future with oversight of airport lease applications.

Any proposed reassignment of the lease requires review and approval by ACAP, CEQ, the County of Suffolk and/or any other entity endowed in the future with oversight of airport lease applications.

Gabreski Airport Voluntary Noise Abatement Procedures – the applicant agrees to provide signage on site to inform users of their responsibility to conform to the current approved and any future voluntary noise abatement procedures. Documents informing users of voluntary noise abatement procedures must be provided to all subtenants and included in the applicant’s lease and any/all subsequent subleases of individual hangars. Applicant agrees to conform with and to see to it that subtenants conform to current and any future approved Gabreski Airport voluntary noise abatement procedures.

Noise abatement procedure documents must be provided to all subtenants and be included in the applicant’s lease and any/all subsequent subleases of individual hangars. Applicant further agrees to use their database
to dispense updated noise abatement information to their customers, and where possible provide updated materials to further educate customers on the avoidance of noise sensitive areas and recommended approaches and departures. Applicant agrees to actively market the noise abatement procedures both externally and internally.

Waste Oil Removal – the applicant is responsible to provide signage to outline the approved procedure for waste oil removal. Any instructions regarding the removal of waste oil from the site is to conform to regulations as determined by the NYSDEC and the County of Suffolk. Such language is to be included in the lease document.

Tenant will be required to connect to waste treatment lines when the system becomes available.

Lease boundaries are to provide for adequate setbacks. The County will inspect construction and insure the applicant meets all specifications.

Parking spaces - The number of parking spaces will be determined by Suffolk County and will conform to code and regulations to include appropriate handicapped access.

Tenants shall comply with Suffolk County Code Chapter 380 (L.L. 34-1999) which mandates the phase-out of pesticides in all County facilities, buildings and properties.

All storm water runoff must be contained on site and treated with best management practices as approved by the SCDPW.

All lighting on site must be dark skies compliant.

Further Considerations:

The review of this application raised an issue that is of growing concern to many members of the community whose enjoyment of their property is increasingly infringed upon by the presence of low-flying planes and helicopters.

As the CEQ and Legislature are aware, in written decisions and deliberations, ACAP demonstrated a commitment to striking a responsible compromise between the needs of general aviation airport users and the right of area citizens to enjoy the use of their property free from intrusion from noise pollution caused by aviation activities. However, the impact of the growing use and potential expansion of private helicopter usage at Gabreski airport is a long-range planning issue as that has yet to be brought to the attention of CEQ, County Planning Officials and the Legislature.
ACAP strongly recommends that the County undertake an exploration of mitigation measures to alleviate the growing noise pollution and associated problems resulting from the area's increasing exposure to these aircraft. As a beginning, we suggest that an assessment of landing fees, hangar capacity limitations, and enhanced compliance with the voluntary noise abatement program as well as an assessment of approach and departure routes be considered for further discussion and investigation. We believe the Gabreski CAB is uniquely positioned to serve a useful purpose and to facilitate a thorough examination of this increasingly troubling issue.

MEMORANDUM

TO: Honorable Steve Levy, Suffolk County Executive  
Honorable William J. Lindsay, Presiding Officer

FROM: R. Lawrence Swanson, Chairperson

DATE: October 20, 2008

On September 8th, 2008 the Department of Economic Development & Workforce Housing submitted an EAF regarding the Shelt Air Westhampton LLC Lease Amendment proposed at Francis Gabreski Airport which has an increase of 1.08 acres to enhance safety and security from the original project. Parts I and II of the EAF have also been revised to more clearly describe the extent of the proposed action and address environmental concerns.

At its October 15th, 2008 meeting, the CEQ reviewed the above referenced project. Pursuant to Chapter 279 of the Suffolk County Code, and based on the information received, as well as that given in a presentations by Mr. Anthony Ceglio, Gabreski Airport Manager, the council advises the Suffolk County Executive and Legislature, in CEQ Resolution No. 41-08, a copy of which is attached, that the project as proposed be considered an unlisted action under SEQRA that will not have significant adverse impacts on the environment as set forth in the EAF and the supporting materials submitted.

If the Legislature concurs with the Council on Environmental Quality’s recommendation that the project will not have a significant effect on the environment, the Presiding Officer should cause to be brought before the Legislature for a vote, a resolution determining that the proposed action is an unlisted action pursuant to SEQRA that will not have significant adverse impacts on the environment (negative declaration). However, if the Legislature has further environmental concerns regarding the project and needs additional information, then the Presiding Officer
should submit a resolution requiring a draft environmental impact statement (positive declaration), and authorize the initiating unit to prepare such a document.

Enclosed for your information is a copy of the EAF, Parts I, and II, associated information and the CEQ Resolution No. 41-08 setting forth the council’s recommendations. If the council can be of further help in this matter, please let us know.

RECOMMENDATION CONCERNING A SEQRA CLASSIFICATION AND DETERMINATION FOR THE PURPOSES OF CHAPTER 279 OF THE SUFFOLK COUNTY CODE FOR THE PROPOSED FRANCIS GABRESKI AIRPORT – SHELTER AIR WESTHAMPTON LLC LEASE AMENDMENT IN THE TOWN OF SOUTHAMPTON.

WHEREAS, at its October 15th, 2008 meeting, the Suffolk County Council on Environmental Quality reviewed the EAF and associated information submitted by the Suffolk County Department of Economic Development & Work Force Housing, Aviation Division of the Francis Gabreski Airport; and

WHEREAS, a presentation regarding the project was given at the meeting by Mr. Anthony Ceglio, Airport Manager of the Francis Gabreski Airport; and

WHEREAS, the project involves the redevelopment of the Shelter Air facility. Intended actions include demolition of the existing hangar/office building, removal of an underground heating oil tank, construction of a new 4,000 square foot FBO office building and customer lobby, removal of some asphalt surfaces, site grading, installation of one (1) new 22,800 square foot hangar (approximately 100 feet by 198 feet) which includes a 3,000 square foot lean-to entrance/office/storage area, new asphalt surfaces, and additional aircraft fuel storage capacity for servicing aircraft operations. The purpose of the project is to upgrade the outdated facility with improved structures and provide adequate service needs for aircraft that frequent the airport; now

Be It Therefore

RESOLVED, that in the judgment of the CEQ, based on the information received and presented, the above activity is an Unlisted action under the provisions of Title 6 NYCRR Part 617 and Chapter 279 of the Suffolk County Code; and

Be It Further

RESOLVED, that based on the information received, a quorum of the council recommends to the Suffolk County Executive and Legislature, pursuant to Chapter 279 of the Suffolk County Code, that the project will not have significant adverse impacts on the environment for the following reasons:

1. The proposed action will not exceed any of the criteria in Section 617.7 (c) of Title 6 NYCRR which sets forth thresholds for determining significant adverse impact on the environment;
2. The proposal does not appear to significantly threaten any unique or highly valuable environmental or cultural resources as identified in or regulated by the Environmental Conservation Law of the State of New York or the Suffolk County Charter and Code;
3. The parcel does not appear to suffer from any severe environmental development constraints (no poor soil properties, no high groundwater and no unmanageable slopes).
In fact, approximately 95% of the site consists of urban and cut and fill land indicating prior disturbance;

4. The proposed improvements are in conformance with the Gabreski Airport Master Plan which was previously reviewed by CEQ and approved by Suffolk County in 1990 after having undergone a SEQRA review which resulted in a Negative Declaration being issued;

5. The project is in conformance with the 1992 Long Island Comprehensive Special Groundwater Protection Area Plan adopted by the N.Y.S. Department of Environmental Conservation which directs new industrial development be allowed in such areas where such uses already exist including Suffolk County Airport;

6. The project is in conformance with the 1995 Central Pine Barrens Comprehensive Land Use Plan and standards within the CGA as demonstrated in Parts I, III and Appendix B of the EAF;

7. The project is in conformance with the 1999 Town of Southampton Comprehensive Update Implementation Strategies Plan; LI200 Zoning and Aquifer Protection Overlay District requirements. The plan update specifically notes that the Gabreski site “offers the unique potential for both aviation and non-aviation development;

8. As required by the Legislature in 1990, the facility will be hooked up to the existing on site sewage treatment plant which was built by the county to accommodate the future growth at the airport as called for in the 1990 Airport Master Plan;

9. All aspects of the proposal, including the removal of existing fuel tanks, the construction of the expanded fuel facility, storage of any toxic or hazardous materials and sewage discharge will meet the requirements of Articles 6, 7, and 12 of the Suffolk County Sanitary Code and obtain all necessary approval and permits from the Suffolk County Department of Health Services as called for by the Legislature in the 1990 Airport Master Plan. Suffolk County’s regulations to protect the sole source aquifer, the deep recharge areas and water supply sensitive areas are some of the most stringent in the United States and therefore minimize any potential impacts to groundwater;

10. All necessary N.Y.S. D.E.C. stormwater permits will be obtained;

11. Waste Oil Removal – the applicant is responsible to provide signage to outline the approved procedure for waste oil removal. Any instructions regarding the removal of waste oil from the site is to conform to regulations as determined by the NYSDEC and the County of Suffolk. Such language is to be included in the lease document;

12. All noise generated by planes at the airport currently meets the FAA standards and the Town of Southampton Noise Ordinance which does not regulate “noise of aircraft flight operations.” The Department of Economic Development & Workforce Housing has also implemented a Voluntary Noise Abatement Program to further mitigate any noise on the surrounding community. The applicant will make their best effort to conform with and to see to it that subtenants conform to current and any future approved Gabreski Airport voluntary noise abatement procedures. Noise abatement procedure documents must be provided to all subtenants and be included in the applicant’s lease and any/all subsequent subleases of individual hangars. Applicant further agrees to use their database to dispense updated noise abatement information to their customers, and where possible provide updated materials to further educate customers on the avoidance of noise sensitive areas and recommended approaches and departures;

13. The aspect of cumulative growth at Gabreski Airport has been considered within all of the duly adopted State, County and Town plans that have recommend channeling new growth into the previously disturbed and developed airport while preserving the
undisturbed, natural outlying areas to the west, north and east of the site. This is a "Smart Growth" concept;

Memorandum

To: Ben Zwirn, Assistant Deputy County Executive

From: Janet DeMarzo, Commissioner
      Department of Social Services

Date: December 18, 2008

Subject: REQUEST FOR LEGISLATION:
         Requesting Legislative Approval of a Contract Award

I am requesting that the attached legislative resolution be submitted to the Suffolk County Legislature at the first meeting of 2009:

"REQUESTING LEGISLATIVE APPROVAL OF A CONTRACT AWARD FOR LEGAL SERVICES FOR MEDICAID PROVIDER COMPLIANCE REVIEWS FOR THE DEPARTMENT OF SOCIAL SERVICES"

The Department of Social Services has issued an RFP for "Auditing, Investigative, and Legal Services for Medicaid Provider Compliance Reviews" for the Medicaid Fraud, Waste, and Abuse program. The RFP sought providers for Auditing, Investigation, and Legal Services. In response to the RFP, the law firm of DeProspo Petrizzo and Longo LLP with Levy Phillips Konigsberg LLP was the only submission for the provision of Legal Services. This resolution is necessary in order to comply with Local Law 3-1996, which requires the Suffolk County Legislature to approve the award of any contract in excess of $20,000, awarded pursuant to the Request for Proposals (RFP) process, in which only one party responds to the County's solicitation of proposals.

The Department of Social Services, as part of the Office of Medicaid Inspector General's Provider Fraud demonstration project, has retained the Bonadio Group for Auditing Services, and is in contract with Salient Corporation for Data Mining Services. Social Services and The Bonadio Group are analyzing data gathered from two completed pharmacy audits and are expecting preliminary findings within the next thirty days. Social Services is awaiting the approval for 15 additional audits from the Office of Medicaid Inspector General.

Attached please find the above referenced resolution, the introduction form (SCIN Form 175a), the fiscal impact statement (SCIN Form 175b), the grant approval letter from NYS and related back-up material. The e-copies relating to this resolution are titled "Reso-DSS-MA Fraud Legal Services Contract." If you have any questions, please contact Patricia Clark at 854-9939.

## Section 2

### I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to inform social services districts (districts) that $5.4 million in federal Temporary Assistance for Needy Families (TANF) funds are being made available to support services to noncompliant and other at-risk families in receipt of public assistance through the Intensive Case Services (ICS) program.
The ICS program seeks to provide enhanced outreach, case management and other services to help recipients of public assistance achieve economic independence and to ensure that program requirements appropriately address client circumstances. Intensive case services support district efforts to identify and address factors that may contribute to program noncompliance and to engage each individual in appropriate work or work-preparation activities to improve the economic well-being of families. Now beginning in its third program year, the ICS program has enhanced district’s efforts to implement creative strategies to more accurately identify and address barriers to full engagement.

The program end date for ICS2 is December 31, 2008, with final claims due by February 15, 2009. The end date for the ICS2 program will not be extended.

This LCM includes base allocations for the ICS3 program and includes instructions describing the plan submission and approval process for districts to receive their respective allocations, a description of program goals and expected outcomes, and program reporting requirements. Base ICS3 allocations will be made available to districts, contingent upon OTDA plan approval, for the program period beginning January 1, 2009 through December 31, 2009, with final claims due February 15, 2010. OTDA may use prior year unexpended ICS funds to provide supplemental ICS allocations to districts to assist supporting program services for the January 1, 2009 through December 31, 2009 program period. Additional information on the supplemental ICS allocation should be available in March 2009.

II. Background

A primary goal of public assistance employment programs is to help adults enter the workforce to improve the economic well-being of their families. Additionally, the employment-related changes authorized by the Deficit Reduction Act of 2005 (Public Law 109-171) and the final TANF rule published by the Department of Health and Human Services on February 5, 2008 require the State and districts to meet effectively higher federal work participation rate requirements as of October 1, 2006. Each of these goals is hindered when adults who are able to work or participate in appropriate treatment/rehabilitation services to restore the ability to work are not actively engaged in appropriate job preparation or rehabilitation services.

Noncompliance with program requirements may be attributed to a number of factors. Research studies and outreach efforts conducted by some districts have indicated that certain individuals who are sanctioned for noncompliance with work requirements face barriers to participation that contribute to the lack of full engagement. For example, individuals may have work outcomes that are affected by cognitive functioning and physical or mental health conditions. In such instances, a referral for a vocational assessment or treatment may be highly beneficial to establish appropriate employment goals. In other instances, noncompliance may be due to factors such as lack of comfort relying on child care services, caretaker needs of household members, unreported employment or lack of motivation to secure financial independence.
Starting in SFY 2006-2007, New York has made a significant investment by providing a total of $32 million in federal TANF funds to support intensive case services, including enhanced outreach and case management for noncompliant and not fully engaged participants, to ensure program expectations address client specific needs and to help adults best contribute to their family's well-being. Supporting district efforts to secure full engagement in appropriate activities for all public assistance recipients continues to be a priority for OTDA.

The $5.4 million in federal TANF funds made available by this LCM includes $3 million dollars available by the SFY 2008-2009 enacted State Budget and $2.4 million in unspent ICS funds from SFY 2006-2007. OTDA may use prior year unexpended ICS funds to provide supplemental ICS allocations to districts to support services for the January 1, 2009 to December 31, 2009 program period and districts should refer to Section IV of this LCM for additional information on the methodology used to allocate funds.

These program awards are intended to allow districts to continue existing intensive case services and/or enhance current efforts to fully engage public assistance recipients through the provision of targeted services such as enhanced outreach efforts, comprehensive assessments, support services, home visits, and/or additional scheduled office visits to address individual and family issues. It is recommended that ICS service models emphasize the relationship between the case manager and client, have a high degree of face-to-face contact and use 'seasoned' staff members, as these approaches are useful in identifying and addressing factors contributing to an individual's inability to fully engage in work activities or other program requirements. Intensive case services also may include helping individuals access community services that may improve program participation.

III. Description of Services Sought

A. Eligible Participants

No changes have been made to the eligibility criteria required to be served through the ICS program. Participants served under the ICS Program must be eligible to receive TANF-funded non-assistance services and must be in receipt of TANF (case types 11 or 12) or Safety Net MOE (case type 16 or 17 with state charge code 63 or 64). This includes two-parent families eligible for TANF-funded non-assistance as described in 06 LCM-09. Eligible participants also must be:

- individuals who are noncompliant (subject to penalty or in sanction status for failure to comply) with work requirements, or

- individuals who are not fully engaged in countable work activities, including those employed part time (up to 20% of a district's allocation may be spent on efforts to target this population).
B. Program Goals

Services provided through the ICS program are intended to help identify the most appropriate set of activities and services for clients with the goal of helping adults who are capable of working to enter the workforce so they may improve the economic security of their families. Additionally, the services are intended to help each district and the State achieve the required work participation rates, which typically require full-time program engagement. Services funded under this initiative are intended to support these program goals by enabling districts to achieve contact with clients, identify the most appropriate service strategy for each client, and develop strategies to fully engage clients in appropriate work or work-preparation activities. For example, ICS funds may be used to enable districts or community-based organizations to conduct home visits or other enhanced outreach efforts that provide the opportunity to thoroughly explain program requirements, conduct in-depth assessments of family circumstances, and establish employment/self-sufficiency plans for families that are most appropriate.

Up to 20% of a district's allocation may be used to provide intensive case services to help eligible individuals who are not fully engaged in countable work activities to increase hours of program participation or work. For this population, ICS funds may be used to identify and address barriers to full-time participation and to develop strategies that will increase participation. For example, districts could elect to use up to 20% of the ICS allocation to support job development activities to help current part-time workers obtain full-time employment.

C. Services

All services provided with these funds must meet the definition of TANF non-assistance services (as described in 00 LCM-20 and federal TANF regulations at 45 CFR §260.31). Projects may continue to support services implemented under the SFY 2006-2007 and/or SFY2007-2008 ICS program, or to enhance or modify such services. At least 80% of each district's allocation must be used to support services targeting TANF-eligible, noncompliant participants and districts may use their entire allocation to serve this eligible population. Additionally, districts are permitted to use up to 20% of their allocation to serve eligible participants who are not currently subject to penalty, but who are not fully engaged in countable work activities, including recipients who may be working part-time.

Approvable program plans must include, but are not limited to:

- enhanced outreach to ensure that public assistance recipients fully understand work requirements, the impact of noncompliance on the family's ability to become financially stable, the reason(s) for sanction and the methods for curing the sanction, if any;

- enhanced assessments, such as in-home functional assessment, to investigate a family's barriers to program compliance, including unmet needs and how client/family barriers affect the individual's ability to engage in work or work-preparation activities; and
• enhanced case management services, including the development of or modification of employment plans that identify barriers to program participation, identify services including community resources recommended to help the family to address barriers to program participation and outline client expectations regarding program participation.

Other services that may help eligible participants increase participation in work or work-preparation activities include:

• specialized assessments, including vocational assessments such as a diagnostic vocational evaluation for individuals with work limitations and providing appropriate services for the ICS target population;

• helping eligible individuals navigate program requirements and address barriers which impact the individual's ability to participate in work activities, and to identify where there may be duplication of services or conflicting requirements and help coordinate program services;

• subsidized job opportunities, including supported work, for previously noncompliant individuals assessed to be ready to enter employment; and

• other services that support full participation in work or work-preparation activities. These services may include, but are not necessarily limited to: provision of a job coach; job development, including employer outreach; client mentoring to enable those who are working to increase hours of employment; and, expanded employability evaluations by a medical professional.

Intensive case services may be provided through a combination of home visits, office appointments, telephone contacts with families, mailed notices and the use of community-based organizations to support outreach and/or case management efforts. Districts should ensure that contact letters sent to noncompliant participants as part of the ICS program include information on the benefits of program compliance as well as the services that are available to help the individual address barriers and comply with employment requirements.

Districts are required to use two different methods for contacting families, including mail delivery, telephone contact attempts or home visit attempts before any action is taken to discontinue a family's public assistance benefits for failure to comply with an eligibility requirement that is included as a component of an ICS program plan. Districts that intend to use these funds to support home visits should review the requirements outlined in 18 NYCRR 351.28 and 95 ADM-24 to ensure the process that is developed is consistent with State requirements. For example, home visits should generally be scheduled in advance, consistent with the applicable requirements.

Note: The State appropriation language that authorizes the ICS program for the program period beginning January 1, 2009, specifically prohibits the use of ICS funds to support anti-fraud related activities. Therefore, ICS3 program plans and budget forms/narratives submitted in response to this LCM cannot include the use of ICS funds for anti-fraud related activities.
IV. Funding/Allocations

The base ICS3 allocations provided in Attachment A are based on a minimum allocation of $5,000 to each district with the balance allocated using the same percentages of each district’s share of noncompliant family cases receiving public assistance as compared to all such cases statewide used to allocate the SFY 2007-2008 ICS funds made available via 07 LCM-07. OTDA may use prior year unexpended ICS funds to provide supplemental ICS allocations to districts to assist supporting program services for the January 1, 2009 through December 31, 2009 program period. Additional information on the supplemental ICS allocation should be available in March 2009. However, the methodology used to develop supplemental ICS allocations may not provide an additional minimum allocation to all districts. For example, OTDA may use each district’s share of the noncompliant, TANF-eligible caseload as a percentage of all such cases statewide to allocate the unexpended prior year ICS funds. Additional information on the supplemental ICS allocation should be available in March 2009.

District allocations are available beginning January 1, 2009 to provide services consistent with a plan approved by OTDA. The deadline for expending ICS3 funds is December 31, 2009 and final claims must be submitted by February 15, 2010.

V. Plan Format

Districts must submit plans consisting of a Program Narrative(s), Budget Form(s) and Budget Narrative(s) to OTDA for approval. OTDA staff will review the submission to determine that services are directly related to the provision of allowable program services and activities to eligible participants and that the minimum required level of intensive case services are provided.

A. Program Narrative (Form 1 for Noncompliant/Form 2 for Not Fully Engaged)

A program narrative will need to be submitted for each targeted population (see Forms 1 and 2). Each program narrative should not exceed five pages in 12-pitch font using standard one inch margins. Additionally, each program narrative should be comprehensive and address each of the following:

- a listing of the specific goals of the project for TANF-eligible, public assistance recipients;

- a description of the process that will be used to identify and refer TANF-eligible, public assistance recipients targeted for intensive case services;

- an explanation of the methods of outreach that will be used to initiate contact with TANF-eligible, public assistance recipients targeted for services, and identification of the two different types of outreach that will be used;

- a description of the case management services and other activities that will be provided following successful client contact;
• an estimate of the number of participants to be served during the program period;

• a list of the project staff (including provider agency staff as well as district staff) and their duties under the ICS program; and

• a description of the process that the district will use to collect and report ICS program outcomes.

Districts that opt to serve TANF-eligible participants who are currently compliant, but are not fully engaged in countable work activities, with up to 20% of their allocation will need to complete the separate program narrative (Form 2) to describe the outreach, case management and other services to be provided to this population and the respective budget form/narrative (Forms 4 and 4A), as described below.

B. Budget and Budget Narrative Forms: Forms 3 and 3A (noncompliant), 4 and 4A (not fully engaged)

The budget and budget narrative forms (see Forms 3/3A and 4/4A) should identify staff and services to be funded through the project and the estimated cost (see Attachment B for instructions regarding budget preparation). Additionally, a district may use no more than 20% of the funds to provide services to eligible participants in families who are not subject to penalty, but who are not fully engaged in work activities. If districts opt to serve both eligible populations, a separate budget form must be completed for each. The combined budgets should not exceed the total allocations included in Attachment A.

VI. Project Submission Process and Deadline

Completed proposals must be submitted by December 20, 2008, to be eligible for funding under this initiative. District allocations are available beginning January 1, 2009, for completed and approved plans. Completed proposals should be e-mailed by December 20, 2008 to Libby McGinn at Elizabeth.McGinn@otda.state.ny.us or mailed to the following address:

Ms. Libby McGinn
NYS Office of Temporary and Disability Assistance
Employment and Advancement Services Bureau
40 North Pearl Street, 11th Floor
Albany, New York 12243-0001

VII. Outcome Measures and Reporting Requirements

Districts currently report ICS Program Outcomes via the TANF Reporting and Control System (TRACS). The ICS3 program will use the TRACS 2 system to report the number of participants served and other program related performance measures. Claiming information for districts receiving ICS3 funds is provided in Section VIII below.
OTDA will use the program outcomes and expenditures reported via TRACS2 to measure program performance and also may use such information to evaluate eligibility for additional funds that may become available. Furthermore, ICS program outcomes and expenditure data reported via TRACS2 also will be used to update the quarterly performance and expenditure data that is entered into the Performance and Accountability Matrices and posted on the OTDA website.

Districts participating in the ICS3 program will be required to report the following information on a quarterly basis to OTDA for each target population:

**Participants served during reporting quarter**
• Number of targeted participants successfully contacted (served).

**Participants successfully contacted during reporting quarter**
• Number of participants contacted by letter/call-in
• Number of participants contacted by phone call
• Number of participants contacted by home visit
• Number of participants contacted by other means

**Engagement outcomes for reporting quarter**
• Number of participants successfully engaged following contact
• Number of participants engaged in necessary treatment
• Number of participants that remain unengaged without good cause
• Number of participants with newly reported income
• Number of participants that remain engaged in work activities or necessary treatment in the quarter following placement

**Cases closed during the reporting quarter**
• Number of cases closed due to income from employment obtained during the reporting quarter
• Number of cases closed because district was unable to locate family
• Number of cases closed for failure to respond to outreach (excludes household’s district was unable to locate)
• Number of cases closed because of newly reported income prior to reporting quarter
• Number of cases closed at the request of the family
• Number of cases closed for any reason other than those listed

Districts will receive more detailed reporting instructions for ICS3 funds with plan approval.

VIII. Claiming Instructions

Those districts that have their ICS3 plan approved will claim reimbursement for their expenditures using the following instructions:

The Special Project name is ICS3. The administrative and/or contracted costs associated with approved projects under ICS3 should be reported as F-17 functional code expenditures and claimed in a column labeled ICS3 on the Schedule D-17, “Distribution of Allocated Costs to Other Reimbursable Programs (LDSS-3274).” The information
from the Schedule D-17 is entered into TRACS where an LDSS-3922 Reimbursement Claim for Special Projects will be completed.

District staff working only part time on ICS3 must be time studied and only those costs should be charged to ICS3.

The LDSS-3922 for ICS3 should be submitted on a monthly basis to the Bureau of Financial Services using the TRACS system. Districts must retain the signed LDSS-3922 which supports the ICS3 claims submitted via TRACS for audit purposes. Instructions for completing the Schedule D-17 are found in Fiscal Reference Manual (FRM) Volume 3, Chapter 18. Instructions for completing the LDSS-3922 are found in FRM, Volume 2, Chapter 3.

The costs should be reported on the LDSS-3922 in the “Administration Costs” and “Total Costs” columns and claimed at 100% federal share. Reimbursement for all expenditures is available up to the limit of the approved project budget.

The starting date for expending these ICS funds is January 1, 2009 and the deadline is December 31, 2009. Final claims are due by February 15, 2010.

Questions of a fiscal nature can be directed to the OTDA Bureau of Financial Services by contacting:

Regions 1-4, James Carroll at 1-800-343-8859, extension 4-7549.
Email: James.Carroll@otda.state.ny.us

Region 5, Michael Borenstein at (631) 854-9704.
Email: Michael.Borenstein@otda.state.ny.us

Region 6, Marian Borenstein at (212) 961-8250.
Email: Marian.Borenstein@otda.state.ny.us

IX. Additional Information

Districts that intend to change the services supported by ICS funds must submit a plan modification to OTDA for approval within 30 calendar days of implementing such changes. The reimbursement of costs incurred under the ICS program continues to be contingent on OTDA’s approval of the district’s ICS plan in accordance with the requirements outlined in this LCM.

Memorandum

To: Ben Zwirn, Assistant Deputy County Executive
    Brendan Chamberlain, County Executive Assistant

From: Janet DeMarzo, Commissioner, Department of Social Services

Date: December 18, 2008

Subject: REQUEST FOR LEGISLATIVE RESOLUTION:
Sanction Intervention Program

I am requesting that the attached legislative resolution be submitted to the Suffolk County Legislature at the first meeting of 2009:

"ACCEPTING AND APPROPRIATING $104,947 IN 100% GRANT FUNDING FROM THE NEW YORK STATE OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE FOR INTENSIVE CASE SERVICES FOR THE CONTINUATION OF THE INTENSIVE CASE SERVICES COMPONENT OF THE SANCTION INTERVENTION PROGRAM IN THE DEPARTMENT OF SOCIAL SERVICES."

The purpose of this resolution is to accept $104,947 in 100% grant funding to continue the intensive case services component of the Sanction Intervention Program, which is currently under contract to the Education & Assistance Corporation, Inc (EAC). The funding must be used to provide intensive case services to assist TANF eligible recipients who are non-compliant with Federal work requirements become fully engaged in appropriate work or work preparation activities. Non-compliant individuals will be referred to EAC by DSS staff. EAC addresses individual and family barriers by providing coordinated community based services that will support compliance in work or work preparation activities.

Continuation of this grant and the intensive care provided under the Sanction Intervention Program is important to meet the TANF participation rate.

Attached please find the above referenced resolution, the introduction form (SCIN Form 175a), the fiscal impact statement (SCIN Form 175b), and the allocation letter from the state. If you have any questions, please contact Patricia Clark at 854-9939.

Thank you.

f. If the SPCA is a town or other municipal corporation and has a self-insurance program under which it acts as a self-insurer for any of such required coverage, it may provide self-funded coverage and certificates or other evidence of such self-insurance in lieu of insurance issued by insurance companies.

Such subcontracts shall be subject to all of the provisions of this Agreement and to such other conditions and provisions as the County may deem necessary, provided, however, that notwithstanding the foregoing, unless otherwise provided in this Agreement, such prior written approval shall not be required for the purchase of articles, supplies, equipment and services which are incidental to, but necessary for, the performance of the work required under this Agreement. No approval by the County of any subcontract shall provide for the incurrence of any obligation by the County in addition to the total agreed upon price. The SPCA shall be responsible for the performance of any subcontractor for the delivery of service.

14. No Intended Third Party Beneficiaries

RESOLUTION NO. -2009, ESTABLISHING AN EQUESTRIAN TASK FORCE

WHEREAS, equestrian activity has been an established part of Suffolk County's culture and economy for generations; and

WHEREAS, according to the Long Island Farm Bureau, the equine industry represents nearly $1 billion in the Long Island economy and Suffolk County ranks eighth (8th) among the counties of New York in horse population size; and

WHEREAS, while the equestrian community is a large economic force in Suffolk County, many of its members maintain small properties for their equestrian businesses and activities with high operating costs, which has led to difficulties in maintaining these companies as economically viable; and

WHEREAS, many individual equestrian businesses in Suffolk County are located on properties less than ten (10) acres in size, preventing them from qualifying as farms; and

WHEREAS, the problems attendant to running small and medium size stables and equestrian businesses within Suffolk County are compounded by local zoning boards, which have individualized standards as to how many horses may be allowed per acre of property; and

WHEREAS, in order to address the variety of issues facing the average member of the equestrian industry in Suffolk County, representatives from local government, equestrian organizations, and County officials need to come together to discuss the problems faced by this community and devise possible solutions; now, therefore be it

1st RESOLVED, that a special Suffolk County Equestrian Task Force is hereby created to study and analyze issues relating to the benefits of maintaining the equine industry in Suffolk County, as well as the economic and zoning issues associated with said maintenance, including, but not limited to: the creation of horse intensive zoning, the expansion of government preservation programs that consider the size and location of the property as well as the number of horses maintained there, the feasibility of developing shared or cooperative programs to reduce the costs of necessary purchases, and to examine ways to allow horses easier and access to various parks and trail systems; and be it further

2nd RESOLVED, that this Equestrian Task Force shall consist of the following ten (10) members:

1.) a representative from the County Legislature, to be selected by the Presiding Officer;

2.) the Suffolk County Planning Commissioner, or his designee;
3.) the Suffolk County Environment and Energy Commissioner, or his designee;

4.) the Suffolk County Parks Commissioner, or his designee;

5.) a representative from the Suffolk County Supervisors Association representing the five (5) west end towns;

6.) a representative from the East End Supervisors Association;

7.) two (2) representatives of the equestrian community, to be selected by the Suffolk County Legislature, with one (1) of those representatives recommended by the Nassau Suffolk Horsemen's Association;

8.) a representative of the Suffolk County Village Officials Association; and

9.) a representative from the Long Island Farm Bureau, to be selected by the Suffolk County Legislature.

3rd RESOLVED, that the chairperson of the Equestrian Task Force shall be selected by a majority of the membership of said Task Force; and be it further

4th RESOLVED, that the Equestrian Task Force shall hold its first meeting no later than thirty (30) days after the oaths of office of all members have been filed, which meeting shall be convened by the chairman of the Task Force, for the purpose of organization and the appointment of a vice chairperson and a secretary; and be it further

5th RESOLVED, that the members of said Task Force shall serve without compensation and shall serve at the pleasure of their respective appointing authorities; and be it further

6th RESOLVED, that the Equestrian Task Force shall hold regular meetings, keep a record of all its proceedings, and determine the rules of its own proceedings with special meetings to be called by the chairperson upon his or her own initiative or upon receipt of a written request therefor signed by at least three (3) members of the Task Force. Written notice of the time and place of such special meetings shall be given by the secretary to each member at least four (4) days before the date fixed by the notice for such special meeting; and be it further

7th RESOLVED, that six (6) members of the Task Force shall constitute a quorum to transact the business of the Task Force at both regular and special meetings; and be it further

8th RESOLVED, that the Task Force may submit requests to the County Legislature for approval for the provision of secretarial services, travel expenses, or retention of consultants to assist the Task Force with such endeavors, said total expenditures not to exceed Five Thousand ($5,000.00) per fiscal year, which services shall be subject to Legislative approval; and be it further
9th RESOLVED, that the Task Force may conduct such informal hearings and meetings at any place or places within the County of Suffolk for the purpose of obtaining necessary information or other data to assist it in the proper performance of its duties and functions as it deems necessary; and be it further

10th RESOLVED, that the Task Force may delegate to any member of the Task Force the power and authority to conduct such hearings and meetings; and be it further

11th RESOLVED, that the Task Force shall cooperate with the Legislative Committees of the County Legislature and make available to each Committee’s use, upon request, any records and other data it may accumulate or obtain; and be it further

12th RESOLVED, that said Task Force shall issue a written report, after a comprehensive study and analysis of the impact of the equestrian industry in Suffolk County, the potential for losses associated with the gradual disbanding of the local equestrian community, the problems facing the equine industry and the potential solutions and costs associated with aiding the equine industry to ensure their continued existence and prosperity in Suffolk County; and be it further

13th RESOLVED, that this Task Force shall submit a written report of its findings and determinations together with its recommendations for action, if any, to each member of the County Legislature and the County Executive no later than one hundred eighty (180) days subsequent to the effective date of this Resolution for consideration, review, and appropriate action, if necessary, by the entire County Legislature; and be it further

14th RESOLVED, that the Task Force shall expire, and the terms of office of its members terminate, as of December 31, 2009 at which time the Task Force shall deposit all the records of its proceedings with the Clerk of the Legislature; and be it further

SUBJECT:   Resolution Authorizing the County Executive to enter into a
           Memorandum of Agreement with the Federal Aviation Administration

The FAA currently provides and maintains two (2) Navigational Aids at Francis S. Gabreski Airport; the Visual Approach Slope Indicator (VASI) and the Airport Surface Observation System (ASOS). These NAVAIDS assist the airport in operating efficiently and enhance the facility for aircraft use in optimum conditions. The current agreement with the FAA for the VASI expired on September 30, 2008 and the ASOS expires in 2021. The FAA has requested that both NAVAIDS be included into one MOA extending the term of agreement for both to September 30, 2028.

The attached resolution authorizes the County Executive to execute the agreement with the FAA.

Dear Mr. Ceglio:

A current review of our records shows that this agency has installed two (2) facilities
(NAVAIDS) which are covered under separate lease agreements (see Clause # 11 and List
of Facilities) at Francis S. Gabreski Airport, West Hampton Beach, State of New York.

In the interest of saving both time and money, the FAA has decided to use the new format of
a Memorandum of Agreement (MOA) which covers NAVAID facilities installed by this
agency and contains similar terms and conditions provided under the existing no-cost land
leases. There are many sound reasons for this decision. The airports are in constant flux
and it is very labor intensive for both the airport and the FAA to attempt to keep the
paperwork up. The current lease process requires legal descriptions of the property the
government is leasing. Those legal descriptions are many times inaccurate or quickly
outdated. The FAA does not have the resources to continually update and redo legal
descriptions, hence the burden often times falls on the airport sponsor. The new
Memorandum of Agreement (MOA) process eliminates the use of legal descriptions and
relies on a List of Facilities and the Airport Layout Plan to identify where our facilities are
located. If available please provide this office a copy of your most recent ALP (Airport
Layout Plan).

It is our belief that the airport sponsor will benefit from the new process as much as the FAA
does. It will no longer be necessary for the airport sponsor to ensure that the legal
descriptions are accurate, thus saving time and money. Many airports have a very
cumbersome process for lease approvals, airports that are currently under the new system
find that their approvals go through much quicker.

Our national legal counsel has reviewed and approved the MOA document and has assured
us that this document is legal and binding. Rest assured that you are as protected by using
this document as you are using a land lease.
Remember that this document will only apply to Navigational Aids that are currently addressed under on airport no-cost land leases. It in no way affects other cost leases you may have with the FAA.

A proposed new MOA bearing Contract No. DTFAEA-09-L-00013 is enclosed. If it meets with your approval, please execute all copies and return three copies to this office. The remaining copy may be retained for your reference, pending receipt of a copy accepted on behalf of the Government. We require the original for our records.

We wish to express our appreciation for your willingness to work with us on this new process. If you have questions or concerns please feel free to contact Mrs. Anabell Soto, FAA Contractor Representative, NetStar-1, at the above address, email Anabell.CTR.Soto@FAA.gov or telephone (718) 553-3422.

Sincerely,

Re:         Selective Traffic Enforcement (STEP) Grant program, Request for Legislation

The Sheriff’s Office is a successful applicant for the New York State, Governor’s Traffic Safety Committee [GTSC], Local Grant Program With 100% Support for Sheriff’s Traffic Safety Initiative. The GTSC has made $26,600 in funds (GTSC FFY2009) available for the Sheriff’s Office STEP Program.

Fatalities and personal injuries resulting from motor vehicle crashes continue to be a serious societal problem. A large percentage of these traffic crashes can be directly attributed to speeding, aggressive driving and distracted driving behaviors. While public information and education efforts help prevent some of these incidents, directed traffic law enforcement is the proven key to reducing these behaviors and their resulting crashes.

The Sheriff’s Office agrees to participate in the Governors Traffic Safety Committee FFY 2009 “STEP” To Reduce Unsafe Driving Behaviors Program. The STEP program targets identified crash causing violations including but not limited to speeding, aggressive driving, and distracted driving.

The Sheriff’s Office will use a portion of the funding to participate in the statewide Operation Safe Stop (School Bus Safety) program. This will be carried out by highly visible enforcement including traffic details, checkpoints, saturation patrols, dedicated roving patrols, and corridor enforcement to reduce the crash problem.

An e-mail version of the resolution was sent to CE RESO REVIEW, saved under the title “Reso-Sheriff-Step Grant Jan ’09”.

Thank you for your consideration in reviewing this draft resolution.

In accordance with General Municipal Law §108, this Agreement shall be void and of no effect unless the Bureau shall provide and maintain coverage during the term of this Agreement for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

b. The Bureau shall be wholly responsible for the entire performance of this Agreement, whether or not subcontractors are used. Any subcontract which the Bureau enters into with respect to performance under this Agreement shall not relieve the Bureau in any way of responsibility for performance of its duties. Further, the County shall consider the Bureau to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the Agreement.

14. Set-Off Rights

The County shall have all of its common law, equitable, and statutory rights of set-off. b. No waiver shall be inferred from any failure or forbearance of the County to enforce any provision of this Agreement in any particular instance or instances, but the same shall otherwise remain in full force and effect notwithstanding any such failure or forbearance.

18. Merger; No Oral Changes

It is expressly agreed that this Agreement represents the entire agreement of the parties, that all previous understandings are merged in this Agreement, and that no modification of this Agreement shall be valid unless written and executed by both parties.

I. Mission Statement

The core mission of the Long Island Convention and Visitors Bureau and Sports Commission is to promote Suffolk and Nassau Counties as a region to stimulate economic growth by attracting meetings, conventions, sporting events and tourists to Long Island.

II. Introduction

Marketing
The LICVB began 2008 focusing its limited resources and efforts on programs that had proven successful in 2007 in:
- Driving off-Island business and overnight visitation;
- Stimulating increased occupancies, expenditures and hotel tax revenues;
- Generating awareness of Long Island as a domestic leisure travel destination choice among targeted audiences within a 250-mile drive radius, and
- Building on the foundations laid in 2007 to generate more awareness and visitation from international markets.

In 2007, the Bureau’s $530,000 in consumer advertising expenditures generated a record of 39,147 requests for the Long Island Travel Guide. In the spring of 2008, the LICVB contracted with the independent research firm, Campbell Rinker, Inc., to conduct a conversion study and analysis of those results. Campbell Rinker, Inc. conducted telephone interviews with 400 consumers who had responded to the Bureau’s advertising and requested a copy of the travel guide to determine the percentage of conversions and identify the return-on-investment. With a statistical probability of +/- 4.9%, Campbell Rinker, Inc. concluded that the Bureau’s consumer advertising expenditures generated 39 times more in visitor spending.

As in the past, the LICVB began 2008 by continuing to employ a number of marketing strategies with integrated disciplines to extend a brand awareness of the Long Island product to potential visitors. These marketing strategies included providing key support to the Bureau’s sales initiatives. However, facing a dramatically different and continually changing travel environment combined with a transition in its sales staff, the LICVB has adopted a flexible approach to its marketing initiatives to better adapt to this changing landscape. Critical to the future success of the Bureau’s marketing initiatives is the development of a stronger online presence and the employing of a significantly more aggressive interactive strategy. To better undertake this endeavor, the LICVB contracted with Aristotle, Inc. to assist the Bureau in the development of a comprehensive online and interactive marketing plan for 2009.

Sales
Fully staffed with four sales managers throughout 2007, the Bureau was able to aggressively implement a significantly expanded program of sales activities including attendance at additional trade shows, increased sales calls, familiarization tours, client e-blasts and well attended client luncheons and receptions in Albany and Manhattan. The returns on these investments were reflected in increased sales lead development and definite client bookings.
However, at the onset of 2008, the Bureau had to adjust its sales programs and re-deploy its resources when its staffing was reduced to three sales managers. The staffing situation has had an unquestionable impact on sales productivity through the first half of 2008. Despite this, the Bureau’s sales team has continued its aggressiveness in the market place in an attempt to attain its sales goals by the end of the year.

As with all effective marketing plans, this plan cannot, nor should it be considered a static document. It is intended to be a roadmap providing focus and direction to the bureau’s collective marketing efforts. As such, it must remain a flexible document to better take advantage of unforeseen opportunities that present themselves – or address unanticipated challenges.

**Marketing and Sales Challenges**

Three major challenges will continue to confront Long Island’s tourism industry as a whole in 2009:

- Spiraling gasoline prices;
- The national economy, and
- The continued expansion of hotel rooms to Long Island’s inventory without a major new product to drive demand.

Quantifiable objectives represent targets for progress and as with all elements of the marketing plan, will be monitored regularly to enhance successful attainment.

**2008 Mid-Year Business Indicators**

Insofar as the 2009 Marketing and Sales Plan is developed for approval in September of 2008, it’s important to review the efficacy of the Bureau’s programs and strategies through the first seven months of the current Fiscal Year compared to the same timeframe of the previous year. In line with this, we focus on the pace comparisons of three primary work disciplines: advertising fulfillment, website visitation and sales activities.

III. Positioning Statement

As a site for meetings, conventions and sporting events and as a destination for leisure travelers, Long Island offers a wide array of quality meeting venues, sports facilities and lodging properties surrounded by a wealth and depth of easily accessible, unique, and quality natural and manmade attractions that provide enriching experiences year-round with exceptional value and broad-based appeal.

V. Market Segment Overview

Meetings and Conventions
In 2007, Meeting Planners International’s (MPI) reported trends toward more meetings, increased budgets and higher attendance rates. Additionally, while attendance rates were expected to climb, the length of those meetings would remain the unchanged.

Planners credited competitive pricing and flexibility in contracts, clauses and attrition as the number one motivator in developing vendor loyalty. RFP responsiveness was no longer viewed as value-added, but rather timely responses, consultative relationships and reward programs had become an expectation.

That was 2007. In 2008, the landscape had changed dramatically with the national economy firmly, if not arguably in a recession. The latest MeetingNews survey of 344 corporate and association meeting planners showed that a majority of planners are now having their budgets slashed. At the same time, attendance was likewise dropping sharply according to almost half of the meeting planners surveyed. Today’s corporate environment is trending towards fewer meetings being conducted with cutbacks on the remaining programs.

Third party meeting planning companies are likewise feeling the crunch as corporations rein in their travel and meeting budgets. According to MeetingNews interviews with DMCs, the volume of meetings may remain somewhat steady, but many will shorten with less planning lead times.

In a May report, Travel Industry Association of America identified that one quarter of all airline passengers said they had cancelled at least one trip during the past year – a number that equates to 12 million business trips not taken.

Some elemental trends from 2007 appear to remain:
- the average duration of a typical meeting was three days across all meeting segments.
- the median planning cycle was reported to be four to six months for corporate and independent meeting planners, and seven to 12 months for association planners.
- More planners overall are using boutique hotels, conference centers, independent hotels and special venues.
Promotion of Tourism, Convention and Sports Event Business

- Rates were sourced as the leading factor in hotel selection with meeting room technology remaining steady and guestroom technology falling slightly.
- Both surveys expect hotel rates to continue to rise resulting in meeting planners adjusting the duration of their programs, reducing catering budgets and booking less expensive properties to offset the higher rates.

In 2008 the bureau significantly increased its sales programming and Internet advertising to increase market share and leverage the Island’s assets. Despite the need to re-deploy its sales resources with the staffing transition encountered early in 2008, the Bureau will continue its aggressive posture in the market place in 2009. Emphasis will continue to be placed on positioning the Island as an “affordable alternative to New York City” with competitive hotel room rates and a host of value related benefits to meeting planners.

Sports Events
For over a decade, the LICVB has been the single entity responsible for proactively developing sports travel to the Long Island region. In 2008, Nassau County decided to focus resources on a country-centric sports development program and hired the Bureau’s primary sports development specialist. While the loss of an experienced specialist in this field created a unique void in the Bureau’s sales program, the LICVB nevertheless continues to maintain an aggressive and proactive program addressing this important market segment for the Long Island region.

The impact of the recessive national economy on sports development cannot be understated. Long the most popular of amateur sporting events, high school and college sports are being severely impacted rising fuel costs. School districts have found the price of diesel fuel for their school buses has more than doubled during the past year and spiraling energy costs are also hitting district heating costs especially hard. Additionally, as spectators account for 84% of sports event travelers and a quarter of all sports events-travelers attend events to watch their children or grand-children play, the cost of gasoline is impacting travel decisions by this segment of the market as well.

Long Island maintains a rich tradition of hosting quality domestic and international sports events – a tradition that continues due to
- the Island’s close proximity to New York City;
- a diverse selection of quality sports venues and
- an assortment of hotel properties available at varying price points.

Despite this, and primarily because of the current national economy compounded by runaway energy costs, it should be anticipated that growth of the sports business on Long Island in the coming year will be modest at best. Even under the best of economies, Long Island has – and continues to face challenges posed by
- a lack of facility availability,
- increased competition from destinations with significant capital growth in facilities and venues, and
- price sensitivity to lodging rates and facility costs associated with doing business in the New York Metro area.

Group Tour & Travel - Domestic
As directed by the Board of Directors, the Bureau significantly reduced the programs targeting the domestic tour and travel market segment in 2007. The LICVB has maintained a minor presence in this market through its participation in the Heartland, U.S.A. trade show, the American Bus Association’s annual market place and through minor advertising in Group Tour Magazine.

The resources previously allocated to developing the domestic tour and travel market were re-allocated to a new program targeting the development of international market segment that represents the only market segment affording an opportunity for potential significant growth.

Tour & Travel – International
The LICVB’s efforts to initiate international tourism development in late 2006 proved to be fortuitous as the U.S. dollar continued to decline in value to the British Pound Sterling and the European Euro. While the United States as a whole suffered a 17% decrease in overseas visitors since 9/11, New York City has enjoyed significant gains with over 17.5 million overseas visitors in 2007 alone.

As New York City’s nearest neighbor, Long Island’s products match up well with experiences sought most especially by both United Kingdom and German travelers, whose travel patterns include longer stays and more exploration than domestic leisure travelers. More importantly, their expenditures are almost three times that of their domestic counterparts and Europeans are unfazed by the current increased prices for U.S. gasoline as it remains far below the cost of their own petrol prices.

In 2007, the LICVB translated its website, www.discoverlongisland.com into German and Spanish. The Bureau’s 2008 international strategies included
- Translation of its website into French;
- Extending and/or expanding its strategic partnerships with NYC & Co. and ILOVENY;
- Increased exposure of Long Island to overseas consumers through the generation of positive editorial treatment of Long Island as an international destination and attendance at two international travel trade shows:
  - Travel Industry Association’s (TIA) International POW WOW
  - World Travel Mart in London

An indicator of the Bureau’s success in generating awareness and interest in Long Island as an “add-on” destination among potential international visitors can be seen in the increased visitation to the LICVB website during the first half of 2008 over all of 2007. During the first six months of 2008, visitors to the website from the United Kingdom increased 32% over the whole of 2007 while visitors from Germany increased 28% and French visitation increased 25%.

General Leisure Traveler
In July 2007, gasoline prices averaged $3.19 a gallon nationwide. By July 2008, the price of a gallon had increased to over $4.08 a gallon and AAA reported that for the first time in a decade, the number of Americans traveling during the Fourth of July holiday would drop. The reduction in holiday travelers was expected to be most felt in the Northeast with an expected decline of 1.6% - the second largest decline in the United States according to AAA.
Promotion of Tourism, Convention and Sports Event Business

Meanwhile, the domestic airline industry is suffering staggering losses due to spiraling oil prices. Most airline business models were predicated on $50/barrel oil prices – not $140/barrel. By May 2008, seven airlines had already gone out of business. Those carriers still in business have significantly increased fares, reduced capacity and worked to generate revenue through a plethora of esoteric charges for everything from seat assignments to check baggage – all in an effort to remain financially afloat in some capacity. The combination of security measures with increased costs and dramatically poor service has turned off the traditional traveling public. Travel Industry Association of America reported that in 2007, 41 million air trips were avoided because of the hassle of flying alone.

Despite these challenges, it is still anticipated that the majority of leisure travelers will still travel at least twice during the year for short getaway vacations that allow them to re-charge their batteries or reconnect with family and friends or significant others. For the most part however, they will make frugal choices in lodging, dining out and other discretionary expenditures. Price and value will be the most important drivers in their decision-making processes.

More than 38 million potential visitors reside within a 250-mile drive radius of Long Island and almost 23 million of these consumers reside in the New York Metropolitan Statistical Area. As such, Long Island is uniquely positioned in many ways to continue to target these leisure travel consumers. The LICVB will continue to generate image awareness of Long Island while seeking ways to target potential overnight visitors within the New York metro area.

Long Island will once again host the U.S. Open Championship at Bethpage Black in 2009. This four day event will provide the Island with the ability to showcase Long Island to a global audience of golf enthusiasts. The LICVB will look for ways to leverage this event to better generate awareness of Long Island as a leisure travel destination.

**Business Partnerships**

As a private, non-profit business corporation, the LICVB serves as a business resource for conventions and meetings and leisure travelers to Long Island. Revenue generated through the partnership allows the bureau to conduct normal business activities utilizing private sector funds unencumbered by the intense scrutiny afforded public funds.

In 2009, the Bureau will provide two educational opportunities for its member partners and seek to develop new services tied to the interactivity of the new website as key components of membership development and retention.
Promotion of Tourism, Convention and Sports Event Business

Goals & Objectives

The overall goal of the LICVB & Sports Commissions’ marketing and sales efforts will be to maximize Long Island’s return on its investment by positioning Long Island as a preferred site for meetings and conventions, sporting events and as a leisure travel destination and driving overnight visitation.

Domestic Leisure Travel Consumer Objectives

Objective A:
Influence off-Island consumer travel-making decisions by implementing aggressive and cost-effective integrated marketing strategies and programs.

SITUATION:
Since 2005, the LICVB has focused its marketing strategies on creating image awareness of Long Island as a leisure travel destination and stimulating travel consumers to seek more and in-depth information about the Island’s tourism assets and experiences. These steps are essential to driving incremental overnight visitation. Traditional advertising strategies were focused on audiences within a 250-mile drive radius of Long Island and were combined with interactive initiatives that significantly increased fulfillment inquiries for the Bureau’s travel guides and driving visitation to the website, www.discoverlongisland.com. In 2008, the LICVB contracted with an independent research firm to conduct a conversion study of the Bureau’s consumer advertising expenditures based on 2007 programs and expenditures. The results of this study identified the Bureau’s consumer advertising expenditures generated 39 times more in visitor spending.

Driving visitors to the Bureau’s website, www.discoverlongisland.com has also been a marketing priority since 2005. In addition to identifying a return-on-advertising investment, two other key marketing findings came out of the recent conversion study:

➢ Visitors to Long Island who had visited www.discoverlongisland.com
  ♦ stayed longer and
  ♦ spent more
  than those visitors who hadn’t visited the website.

In 2009, the Bureau’s marketing program will feature a major emphasis on enhancing Long Island’s online presence and leveraging Interactive marketing to better drive awareness, brand extension and ultimately, visitation.

While the Bureau’s past marketing practices have proven their value, the uncertainty of the national economy combined with out-of-control petroleum prices and an uncertain future of the nation’s airline industry dictate the need to be flexible with future marketing endeavors. In addition to initiating a stronger online interactive marketing program, the LICVB will continue to employ traditional marketing strategies to generate greater awareness of the Bureau’s website and drive requests for the Long Island Travel Guide. However, the Bureau will also look to the possibility, as may be necessary, of further consolidating its limited marketing to a radius that includes the boroughs of New York City. In line with this The LICVB will continue to seek
Promotion of Tourism, Convention and Sports Event Business

**Tactic**: Interact directly with the public to provide information and direction to Long island attractions and accommodations.

**Objective B:**
Influence consumer travel-making decisions by implementing an aggressive Interactive Marketing Plan to significantly increase Long Island’s online presence.

**SITUATION:**
In 2005, the LICVB launched a newly designed website that more effectively aided visitors in planning a visit to Long Island through advanced features and enhanced content. Website traffic grew dramatically along with average time spent on the site and pages viewed. In the three years since that re-launch, both technology and consumer attitudes towards it has continued to evolve dramatically. Leveraging a destination’s online presence is critical to the success in attracting visitors.

In 2008, the LICVB contracted with Aristotle Inc., a well-known web consulting firm in the travel and tourism industry, for a comprehensive analysis of its website design and its online marketing efforts. Aristotle was expected to spend up to four months analyzing, researching and developing a strategic plan to aid the Bureau in developing a comprehensive interactive and online marketing plan for 2009. Included in this plan of action will be the redesign and re-development of the Bureau’s current website to act as a more effective portal on Long Island’s tourism assets and influence consumer travel decisions.

Objective C:
Secure additional grant funding to continue and expand on the niche salt-water fishing campaign resultant from a thematic New York State Empire Development matching grant received in 2008. **Program objective is contingent upon securing additional grant in 2009.**

**SITUATION:**
In 2008, the LICVB received a $50,000 matching grant through New York State Empire Development to develop a thematic marketing concept promoting Long Island’s boating and deep-water fishing industry. The LICVB developed a micro-website, [www.fishonlongisland.com](http://www.fishonlongisland.com), as well as an advertising and marketing program to promote Long Island saltwater fishing. Expecting a similar grant will be made available in 2009, the LICVB will continue this program.

**Strategy: Advertising**
Focusing on Long Island’s salt water fishing attributes, develop a print and online advertising campaign in select markets that will match the LICVB’s overall goal of driving overnight visitation to Long Island.

**Tactic (Print Advertising):** Develop and place limited advertising in print media targeting saltwater fishing travel enthusiasts.

**Tactic (Online):** Identify online mediums targeting saltwater fishing enthusiasts for limited advertising placement.

**Strategy: Interactive**
Leverage the Bureau’s website [www.discoverlongisland.com](http://www.discoverlongisland.com) and a separately created micro-site to provide greater awareness of the Island’s outdoor fishing and boating leisure activities and assets.

**Tactic (Website Enhancement):** Continue to make limited enhancements to the [www.fishonlongisland.com](http://www.fishonlongisland.com) website to further drive interest in Long Island salt water fishing opportunities.

Meetings & Conventions Objectives

Objective:
Drive overnight visitation through the procurement of meetings, conventions and sports on state, regional, national and international level. Increase lead generation from a projected 2008 year-end total of 240 leads by 5% to 252 leads in 2009.

SITUATION:
The meetings and events industry has changed dramatically from 2007 to 2008. In 2007, attendance at meetings was high, the trend was to have more meetings and budgets were increased. Due to the general economy and the significant increase in fuel costs in 2008, budgets for meetings and events have been cut significantly and attendance is down. Rate negotiation has become the deciding factor in choosing a venue for 2008 and is predicted to continue in 2009.

Long Island should remain a competitive destination for the corporate meetings, government and association markets due to a number of attributes including its close proximity to New York City and competitive hotel rates compared to NYC; air accessibility; parking amenities, etc. However, the continued lack of a convention center prohibits Long Island from gaining substantial share in this area. Additionally, the Island continues to experience new hotel development with little meeting and convention space.

In 2009, the LICVB will continue to aggressively pursue corporate meetings business through a high level of trade show activity and integration of sales and marketing disciplines while continually evaluating market segments for productivity.

Sports Development Objectives

Objective:
Drive awareness and demand for Long Island as a site for national and international sporting events through marketing, sales and public relations strategies and tactics targeting sports event rights holders.

SITUATION:
Long Island continues to have an excellent reputation in the sporting events industry as one of the leading sports destinations in America. The Island is home to a unique collection of exceptional athletic facilities that meet the standards for domestic and international sport events, a strong volunteer data base, experienced event professionals and its proximity to the number one media market in the nation – New York City.

Despite these attributes, Long Island continues to face the challenge of venue availability. Although the Island has a variety of public and private sporting venues, availability for prospective events is not abundant. Additionally, price sensitivity to Long Island’s hotel rates has impacted decision-makers over the years, especially in the youth sports market.

Unquestionably, the national economic environment combined with endless spiraling gas prices will certainly have a negative impact on travel in the sports market. Considering that 84% of sports travelers are spectators; friends and family of the athletes, room night production for amateur and youth sports is predicted to be negatively impacted nationwide.

With these considerations, the LICVB will continue to position Long Island in the forefront for event consideration for regional, national and international sports events through continued participation in tradeshow and industry events. Direct sales activities will be augmented through select print and internet advertising, as well as, interactive marketing to event-rights holders.

Domestic and International
Tour & Travel Trade Objectives

Objective A: Domestic Tour Operator
Maintain an awareness of Long Island as a destination for inclusion in overnight tour packages through limited sales and marketing strategies targeting key domestic tour operators.

SITUATION:
The Bureau will maintain a reduced program and efforts to develop the domestic tour operator market and focus the bulk of its resources on expanding its international tourism development programs. The price of fuel will impact domestic travel as it never has in the past. The surrounding 200 mile radius will be the area of concentration for Long Island with primary concentration in the New York City metropolitan areas and Connecticut. Considering the fuel increase, motor coach should be the alternative travelling option however the motor coach travel industry will need to market their product around culinary and winery tours, eco tours, green tours, nature tours, “experiential” tours in order to capture the next generation of baby boomers and/or generation X segment, who are notoriously known to be independent and prefer customized itineraries. The senior market will decline a bit which could hurt the motor coach industry unless they reinvent their tour packages.

Strategy: Direct Sales
Generate awareness of Long Island’s group tour product offerings through direct sales contacts at key industry programs targeting North American and Canadian group tour operators.

Tactics (Trade Shows): Attend the key group travel trade shows to generate awareness and develop sales leads for member partners catering to the group tour market segment.
- American Bus Association
- New York Times Travel Show

Strategy: Public Relations
Create awareness of Long Island as a destination for motor coach tour operators through the generation of positive editorial content targeting travel trade media and highlighting Long Island’s tourism assets.

Strategy: Industry Associations and Subscriptions
Maintain awareness of group tour industry trends; provide for participation in sales development opportunities, and development of key tour operator relationships through select and targeted trade association memberships.

Objective B: International Travel
Expand and build on opportunities established in 2008 to develop the international long-haul travel markets, specifically the United Kingdom and Germany.

SITUATION:
The weak dollar is driving demand for “new” U.S. product, specifically for New York City’s surrounding areas. This surge allows Long Island to leverage its proximity to NYC. In the past
Promotion of Tourism, Convention and Sports Event Business

year, NYC has seen an explosion of tourists from the international arena. New York City is predicting 9 million international visitors by December 2008 as the U.S. exchange rate continues to be unsurpassed. In addition, the direct air service from major European cities, will keep JFK as the number one destination for foreign travelers.

In 2009, the Bureau will continue pursuing the UK and German markets since Long Island’s products match up well with experiences sought by both. Their travel patterns include longer stays and more exploration than domestic leisure travelers. More importantly, their expenditures are almost three times that of their domestic counterparts. We will monitor the demand from other markets such as Italy, France and Eastern Europe in order to determine our position. As the threat of an economic recession looms in the U.S., more hoteliers will open their inventory to the international leisure traveler.

With the aforementioned in mind, in 2008 the LICVB implemented a number of strategies that allowed the Bureau to tap into this significant market of opportunity. These included

- Attendance at two international travel trade shows: Travel Industry Association’s (TIA) International POW WOW, and World Travel Market in London;
- Long Island product being marketed overseas by three of the top international receptive operators resulting in an increase demand from other international operators/receptive.
- Development of strategic partnerships with NYC & Company – travel agent training academy launched in the UK and Germany – March 2008
- Continued partnership with Division of New York State Tourism
- Conducted a familiarization tour in conjunction with New York State Division of Tourism for winners of the I Love NY competition (England and Scotland)

The program for 2009 will work to build on the successes of 2008 in developing a foothold in the international marketplace by branding Long Island as the complementary destination to New York City.

Strategy: Partnership Marketing
Continue to leverage existing alliances and form new strategic partnerships with existing industry affiliates that are interested in exploring international opportunities.

Tactic: Partner with British Airways Holidays and promote Long Island at their reservations headquarters in London. Continuously partner with the airline carriers international tour operators overseas to promote Long Island.

Tactic: Leverage partnership with Empire State Dept. of Economic Development and New York City and Company to increase direct awareness of Long Island products among international travel producers.

Strategy: Public Relations

Tactic: Continue to work with the Marketing Communications Department and identify possible international trade to provide press releases.

Strategy: Direct Sales
Continue to engage international tour producers and advance overall awareness of Long Island as an international leisure travel destination.
Promotion of Tourism, Convention and Sports Event Business

Suffolk Specialty Tourism
Marketing Plan

Objective A:
Create a greater awareness of Suffolk County as a premier leisure travel destination and site for corporate meetings and sporting events within the Long Island region.

SITUATION:
Growth in hotel tax revenue collected by Suffolk County since 2002 has been erratic and ranged from a high of 12% in 2004 to no growth between 2004 and 2005. Since 2005, growth in revenue has been continuously positive but inconsistent. On the other hand, Nassau County has enjoyed consistent average growth of 5% per year since 2005. Despite the overall challenges created by the national economy and petroleum prices, the LICVB is projecting Suffolk County will generate approximately $543,100 more annual hotel tax in 2009 than Nassau County. This projected differential will be the basis of the 2009 Suffolk Specialty Tourism Marketing Strategy and Budget.

Positioning: As in the past, the LICVB will continue to position Suffolk County within the framework of the stronger Long Island regional brand. This approach leverages the overall financial resources invested in the regional plan’s creative concepts and media placement. This has been achieved through the use of the same creative advertising images, tone and manner of the regional ads, but with the addition of a headline in the Suffolk advertisements that reads, “Long Island’s Suffolk County”. Further, this concept has been incorporated in both print and television advertising.

With the aforementioned in mind, the Bureau will continue to execute the following strategies in line with its obligations to Suffolk County.

Strategy: Integrated Marketing
Utilize a combination of marketing disciplines to generate awareness of Suffolk County’s diverse product offerings and events.

Tactic (Advertising): Raise awareness of Suffolk County as a Long Island county destination within the Long Island region and leverage the resources invested in the regional concept and media placement. While the creative concept replicates the regional ads, the body copy will be Suffolk-centric emphasizing only those visitor products or experiences to be found in Suffolk County.

Advertising objectives:
- Generate consumer inquiries resulting from advertising media placement.
- Develop awareness of Suffolk County as a Long Island destination within a regional destination.
- Drive traffic to website, www.discoverlongisland.com.

Media objective:
- Maximize reach and frequency against best opportunity markets within a 250-mile radius of central Long Island.
- Seek opportunities to communicate the affordability of get-away vacations on Long Island to New York metro residents.
Promotion of Tourism, Convention and Sports Event Business

Media strategies:
➢ Elevate image of Suffolk County as a travel destination within the Long Island region through selection of quality media venues with response oriented media designed to bolster inquiry levels.

Tactics (Media Placement): Utilize a print media mix of women’s service, family, travel, lifestyle and special interest magazines. Select from regionally targeted editions.
• Utilize a mix of electronic media (cable television) targeting consumers with a propensity to travel within the northeastern region.
• Consider low cost media mix targeting New York metro residents.

Tactic (Creative Development): Develop a creative platform that works in conjunction with the familial continuity of the Long Island regional creative – but differentiates Suffolk County.
• Develop consumer, advertising creative to generate awareness of Suffolk County as a separate segment of the Long Island vacation experience.

Tactic (Internet): Incorporate elements within the new re-design/re-development of the DiscoverLongIsland.com web site that provides direct information on Suffolk’s many product offerings. Such enhancements will represent one third of the total annual investments in the LICVB’s website and Internet presence.

Tactic (Research): Conduct research studies and/or obtain such market intelligence to better inform marketing decisions. This tactic will be a shared endeavor and the investment will represent one third of a comprehensive Long Island market research study.

Strategy: Corporate Group, Sporting Event and Film Production Sales:
Drive overnight visitation through the procurement of meetings, conventions, sports events and film and commercial production.

Tactic (Sales Activities): Feature Suffolk County meeting and sport facilities in all regional sales programs and activities targeting corporate meeting planners, sports events-rights holders and film and commercial film production companies.

Strategy: Matching Grants Program
Continue to leverage limited financial resources through a bureau administered Matching Grants program, following Empire State Economic Development Commission (ESEDC) guidelines, to provide tourism marketing assistance to Suffolk County DMOs (destination marketing organizations) and other regional tourism promotion organizations within the county. This program is not available to private sector, for-profit commercial interests, but rather to chambers of commerce, tourism councils and other like-destination marketing organizations and will require accountability in generating hotel tax revenues through overnight visitation.

Tactic: Work with Suffolk County Department of Cultural Affairs and Film Commission to identify potential grant applicants.

Tactic: Notify potential grant applicants in January and provide criteria for qualification, application and accountability.

Objective B: Cultural Tourism Enhancement
Leverage limited financial resources to generate better travel consumer awareness of Suffolk County’s cultural attributes.

Situation:
The LICVB is contractually obligated to set aside 3.3% of the hotel taxes generated in Suffolk County and paid to the LICVB to develop and implement an annual cultural tourism marketing
program. Based on projected tax revenues to be paid to the LICVB in 2008, the value of this program is estimated to be approximately $44,372.

Cultural Tourism Promotion: Suffolk County possesses a depth of unique and diverse cultural and historical product offering ranging from performing arts and historic mansions and museums to world-renowned festivals and events. Although travel decisions are predicated on the broader appeal of a destination, potential visitors want to know of the varied products and activities available to enhance their overall experience and travel. While the cost to advertise to niche audiences is extremely expensive, advertising will be among the mix of marketing disciplines utilized to fulfill this obligation.

Film Production Promotion: Attracting on-location film, television and video production to Suffolk County provides an opportunity to stimulate a significant niche segment of the tourism industry. While the LICVB is neither a member of nor directed by the Suffolk County Film Commission, the Bureau provides marketing and sales services to attract this niche segment as part of its cultural tourism marketing programs.

Strategy: Long Island Culture & Wine Winterfest Promotion
Utilize a combination of marketing disciplines to support 2008 Winterfest activities that attract visitors during a traditionally low-visitaiton time period.

Tactic (Public Relations): Generate positive editorial support in local/regional media through press releases, press invitations, direct-to-consumer e-newsletter and other informational materials.

Tactic (Interactive/Website): Create a Winterfest home page promotion on the LICVB website for incorporation in traditional marketing messages.

Tactic (Partner Participation): Promote development of special Winterfest packages and rates among LICVB partners in Suffolk County.

Strategy: Film Production Sales
Assist Suffolk County Film Commission in the generation and development of direct relationships with key decision-makers of location film, television and video production companies by co-operatively participating with Suffolk County at select targeted tradeshows.

Tactic (Direct Sales): Co-operatively attend two tradeshows/conferences targeting representatives of on-location film, television and video production companies.

- Association of Film Commissioners’ Locations Trade Show, Santa Monica, CA, April.
- American Film Market, Santa Monica, CA, October

Strategy: Cultural and Historic Advisory Committee
Work with the Suffolk County Department of Cultural Affairs and Film Commission to create a Cultural and Historic Advisory Committee to seek quality input into the marketing needs of the cultural and historical communities and further program development.
Membership Development

Objective A:
Initiate a proactive program of work to increase awareness of the benefits and services the LICVB offers to the tourism community with the goal of increasing membership retention and attracting new members.

SITUATION:
LICVB membership and dues collected year-to-date 2008 were on par with expectations, following a substantial decline in 2007 from 2006 when the LICVB purged inactive/unpaid members from its records. For several years prior, inactive members had remained on the LICVB roster. In 2008, retention efforts were made to contact recent unpaid/inactive members with limited results. Efforts are currently underway to increase paid membership and this will remain a primary objective of the Bureau Membership Department in 2009.

Strategy: Membership Retention
One of the most logical areas where the LICVB can actively pursue membership is through local tourism businesses that once held membership in the LICVB and for various reasons became inactive. An effort to update the contact information of these prior members followed by an active solicitation through phone calls and mailings will be a priority for 2009.

Tactic (Data Search): Complete a full search query of all past LICVB members to obtain prospects for renewals.

Tactic (Update Prior Membership List): Undertake an effort to call all prior members on the query list with the goal of updating contact information and initiating a first contact to determine interest level and willingness to receive LICVB membership information.

Tactic (Follow-up): All contacted interested businesses will receive personalized follow-up mailings emphasizing the urgency of re-joining the LICVB and the immediate benefits the Bureau offers to membership businesses, along with the membership kit.

Tactic (Closing): Initiate final calls to make certain that materials were received and to answer questions. Request that prospects return as LICVB members.

Tactic (Membership Renewal Drive): Use the opportunity presented by the annual membership renewal drive to re-educate and re-emphasize importance of LICVB membership to the tourism industry.

Strategy: Membership Education
One of the main goals of 2009 is to effectively communicate to the LICVB membership the value of their association with the Bureau and the immediate and urgent benefits they receive, especially during uncertain economic times. This will be accomplished through direct staff contact with members to keep them updated on opportunities available, through organized membership programs and direct communications via organized mailings.

Tactic (Direct Communication): All staff will be encouraged to meet with members to discuss ways that the LICVB can benefit their business and to discuss marketing and sales initiatives and how they can best leverage their LICVB membership.

Tactic (E-Newsletter): Communicate upcoming programs and initiatives, as well as industry statistics and Bureau activities and benefits through the tri-annual member newsletter.

Tactic (Educational Program): Develop a one-day educational program for membership in the off-season to educate members about relevant tourism-related business topics.
Promotion of Tourism, Convention and Sports Event Business

**Tactic (Annual Networking Event):** Offer membership the opportunity to meet at an annual event where they can network with other tourism-related businesses and discuss issues related to the industry.

**Tactic (New Member Orientation):** Invite new members to visit with Bureau staff to gain a better understanding of LICVB functions and to discuss membership benefits and activities.

**Tactic (Government Action Day):** Provide members the opportunity to be involved in the state legislative process in Albany through Government Action Day in February.

---

**Objective B:**
Attract new membership to the LICVB by actively seeking out potential members and effectively communicating to them the value of membership in the LICVB and the programs and services it offers to the tourism community.

---

**SITUATION:**
From January to June of 2008, the LICVB added a dozen new members to its roster totaling $2900 in new dues. Attraction of new membership will be a priority in 2009 and the Membership Department will initiate several new programs to ensure that new membership continues to increase.

**Strategy: Direct Sales**
Attract new membership to the LICVB through direct sales, networking, mailings and one-on-one communications with potential new members.

**Tactic (Prospecting):** Develop a quarterly new prospect list in various categories of the tourism industry. These could include golfing, restaurants, wineries, boating, catering, transportation or other categories.

**Tactic (Cold-Calling):** Develop an in-house program of cold-calling to the prospect list with a dedicated script provided to in-house staff or a college intern and follow-up with new member materials and closing calls.

**Tactic (Networking):** Seek opportunities for attracting new membership through networking at trade shows and other events sponsored by organizations in which the bureau is a member or in which potential exists to attract new members.

**Tactic (Membership Committee):** Following the virtual dissolution of the Membership Committee in 2008, as nearly all committee members left their tourism-related jobs, the Membership Department will look to re-engage a new Membership Committee to assist in strategies and plans for increasing value to members.

**Tactic (Membership Dues):** Review current member dues scales to ensure that LICVB member dues are in line with current and equivalent CVB dues.

**Tactic (Outreach):** Encourage staff to meet directly with new members to discuss marketing and sales initiatives and how they can best leverage their LICVB membership.

the designated tourism promotion agency in Suffolk County.

Section 2. Amendments.

Section 327-13(A) of the SUFFOLK COUNTY CODE is hereby amended to read as follows:

SCIN FORM NO. 175b (10/95)
Ms. Sarah Furey  
Grants Analyst  
Suffolk County Police Department  
30 Yaphank Avenue  
Yaphank, NY 11980

Re: MV08464023 - Operations Hot Wheels V

Dear Ms. Furey:

I am pleased to advise you that the Suffolk County Police Department has been awarded $154,000 in SFY 2008/09 grant funds upon the recommendation of the New York State Motor Vehicle Theft and Insurance Fraud Prevention Board (the Board). This funding is available through the Motor Vehicle Theft and Insurance Fraud Demonstration Program (MVTIFDP) to support the program proposal described in your recent grant application.

Over $7 million in grant funding was requested as compared to the $4.9 million available for awards in this cycle. As a result of this overwhelming response, the Board was able to recommend funding for only a limited number of programs. The significant competition for program funding necessitated award reductions from requested levels. We will work with you to help structure your proposed program consistent with the award amount.

Please be aware, in these times of serious fiscal crisis in New York State there is no guarantee of future funding for this program. All grantees should make every effort to manage funds efficiently and seek ways to sustain in their program with other resources wherever possible. We are pleased to have been able to provide funding assistance this year for your program.

The Statewide Plan of Operation for motor vehicle theft and insurance fraud, as legislated by Article 36-A of the Executive Law, requires a coordinated approach to detect, prevent, deter and reduce motor vehicle theft and insurance fraud. The Division of Criminal Justice Services (DCJS) utilized the Plan in its assessment of the applications. DCJS requires that all MVTIFP grantees develop a strategy that included a threat assessment describing the scope of the motor vehicle theft and insurance fraud problem and the coordinated efforts that would be utilized to effectively combat these crimes. An evaluation of these efforts will be incorporated into the project work plan for the 2008/2009 grant period.
All grant recipients are required to enter investigative targets in the Secure Automated Fast Event Tracking Network (SAFETNet) as a special condition of the award. During the 2008/09 funding cycle, grantees will be expected to produce substantiated information, both statistical and programmatic, on the effectiveness of the initiatives implemented by the grant program. This information is essential to demonstrate the success of your program and may influence the continued support of your program initiatives in future funding cycles.

The primary contact for your project will receive a contract preparation package from the DCJS Office of Program Development and Funding (OPDF) Criminal Justice Program Representative assigned to this project. The Criminal Justice Program Representative will assist your office in the development of the 2008/2009 MVTIFP grant contract. If you have any questions related to the Motor Vehicle Theft and Insurance Fraud Prevention Program, please call the MVTIF Program staff at (518) 457-8404.

On behalf of the Board and DCJS, congratulations on your award. We look forward to continuing to work with you to reduce motor vehicle theft and insurance fraud in New York State.

Very truly yours,

Denise E. O’Donnell

MEMORANDUM

To: Humayun J. Chaudhry, D.O., M.S.
Commissioner Department of Health Services

From: Shaheda Iftekhar, MD
Acting Division Director, Patient Care Services

Date: December 29, 2008

Subject: Request for Introductory Resolution Amending the 2009 Adopted Budget to Transfer $9,033.50 of non-Omni money from the Department of Health Services – Peconic Bay Medical Center (Pseudo Code JAL1) to Good Samaritan Hospital (4100-4980, Pseudo Code JDX1)

The New York State Department of Health notified the County on March 13th, 2008 that they would now be running their Breast Program Partnership out of both Peconic Bay Medical Center and Good Samaritan Hospital. The original intent was split the total $113,209 between Peconic Bay Medical Center and Good Samaritan Hospital. This was requested for the 2009 budget, however, the monies were still awarded unevenly. Patient Care will still be using the two Patient Navigators listed in the budget at each location. Since Peconic Bay Medical Center was awarded $65,638, and Good Samaritan Hospital was awarded $47,571, we now request that $9,033.50 from the budget for the Peconic Bay Medical Center be transferred to Good Samaritan Hospital so that both programs are equally funded.

Thank you.

RESOLUTION NO. -2009, MAKING A SEQRA DETERMINATION IN CONNECTION WITH THE PROPOSED REHABILITATION OF CR 17, WHEELER ROAD, FROM CR 100, SUFFOLK AVENUE, TO VICINITY OF BRETON ROAD, TOWN OF ISLIP

WHEREAS, the Suffolk County Council on Environmental Quality (CEQ) has reviewed a project designated as the "Proposed Rehabilitation of CR 17, Wheeler Road, From CR 100, Suffolk Avenue, to Vicinity of Breton Road, Town of Islip", pursuant to Section 6 of Local Law No. 22-1985 which project proposes to improve vehicular and pedestrian safety along CR 17, Wheeler Road, corridor. This project includes roadway widening on CR 17 for approximately 1.3 miles to accommodate a two-way left turn lane resulting in a complete 3-lane roadway section. The existing roadway will be widened approximately 2.0’ on both the east and west sides of CR 17 with new 5 foot wide sidewalks, curbing, and traffic control devices throughout the project area. All work will be performed within the existing Suffolk County right-of-way; and

WHEREAS, an Environmental Assessment Form (EAF) was prepared and submitted to the CEQ office by the Suffolk County Department of Public Works and a presentation was made by a representative from RBA Associates and subsequently sent out to all concerned parties; and

WHEREAS, at its January 21, 2009 meeting, the CEQ reviewed the EAF and information submitted by the Suffolk County Department of Public Works; and

WHEREAS, the CEQ recommended that the above activity be considered an unlisted action, pursuant to the provisions of Title 6 NYCRR, Part 617 and Chapter 279 of the Suffolk County Code; and

WHEREAS, the CEQ has advised the County Legislature and the County Executive by memo dated January 22, 2009 of said recommendations; and

WHEREAS, Section 279-5(H) of the SUFFOLK COUNTY CODE requires the Presiding Officer to introduce legislation for an appropriate SEQRA determination; and

WHEREAS, the Suffolk County Legislature has reviewed the EAF and the CEQ recommendations; now, therefore, be it

1st RESOLVED, that this Legislature hereby determines that the Proposed Rehabilitation of CR 17, Wheeler Road, From CR 100, Suffolk Avenue, to Vicinity of Breton Road, Town of Islip, constitutes an unlisted action, pursuant to the provisions of Title 6 NYCRR, Part 617 and Chapter 279 of the Suffolk County Code, which project will not have significant adverse impacts on the environment for the following reasons:

1.) The proposed action will not exceed any of the criteria in Section 617.7 of Title 6 NYCRR, which sets forth thresholds for determining significant effect on the environment, as demonstrated in the Environmental Assessment Form;
2.) The proposal does not appear to significantly threaten any unique or highly valuable environmental or cultural resources as identified in or regulated by the Environmental Conservation Law of the State of New York or the Suffolk County Charter and the Suffolk County Code;

3.) The parcel does not appear to suffer from any severe environmental development constraints (limiting soil properties; no high groundwater and no unmanageable slopes); and

4.) Traffic safety will be improved in a high accident location and traffic congestion mitigated;

and be it further

2nd RESOLVED, that a copy of this Resolution shall be filed with the Suffolk County Clerk, the initiating unit of said project, and with the CEQ; and be it further

3rd RESOLVED, that in accordance with Section C1-4(1)(d) of the SUFFOLK COUNTY CHARTER and Section 279-5(C)(4) of the SUFFOLK COUNTY CODE, the CEQ is hereby directed to prepare and circulate a SEQRA notice of determination of non-significance in accordance with this Resolution.

1st RESOLVED, that the use of County-owned property, i.e. the Makamah Preserve in Northport, in consideration of the payment of Two Hundred Fifty and 00/100 ($250.00) Dollars, for the purpose of a 5K race on Saturday, April 11, 2009, between the hours of 8:30 a.m. and 11:00 a.m., is hereby approved pursuant to Section 215(1) of the NEW YORK COUNTY LAW, subject to the County’s receipt of a Certificate of Insurance naming the County of Suffolk as an additional insured from the Northport Running Club, and subject to such additional terms and conditions as may be required by the Risk Management and Benefits Division in the County Department of Human Resources, Personnel, and Civil Service; and be it further

4th RESOLVED, that this Legislature, being the lead agency under the State Environmental Quality Review Act ("SEQRA"), New York Environmental Conservation Law, Article 8, hereby finds and determines that this resolution constitutes a Type II action, pursuant to Volume 6 of New York Code of Rules and Regulations ("NYCRR") §617.5(c)(15), (20), and (27), in that the resolution concerns minor temporary uses of land having negligible or no permanent impact on the environment, routine, or continuing agency administration and management, not including new programs or major reordering of priorities, and adoption of a local legislative decision in connection with the same, and, since this is a Type II action, the County Legislature has no further responsibilities under SEQRA.

RESOLUTION NO. -2009, ADOPTING LOCAL LAW NO.
-2009, A LOCAL LAW TO AMEND LOCAL LAW 1-2000 TO
INCREASE CIVIL PENALTIES FOR ACTS OF BIAS IN
SUFFOLK COUNTY ("MARCELO LUCERO’S LAW")

WHEREAS, there was duly presented and introduced to this County Legislature
at a meeting held on , 2009, a proposed local law entitled, "A LOCAL LAW
TO AMEND LOCAL LAW 1-2000 TO INCREASE CIVIL PENALTIES FOR ACTS OF BIAS IN
SUFFOLK COUNTY ("MARCELO LUCERO’S LAW")" now, therefore, be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2009, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO AMEND LOCAL LAW 1-2000 TO INCREASE
CIVIL PENALTIES FOR ACTS OF BIAS IN SUFFOLK COUNTY
("MARCELO LUCERO’S LAW")

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF
SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that Local Law 1-2000 was enacted
to impose civil penalties against persons who commit acts of bias based on an individual’s race,
color, gender, religion, national origin, age, ancestry, sexual orientation, disability, handicap or
health-related condition that are committed in Suffolk County.

This Legislature also finds and determines that the purpose of this law was to
deter the commission of acts of bias and protect the public health and safety of the residents of
Suffolk County.

This Legislature further finds that recent events in Suffolk County, brought to light
by the tragic murder of Marcelo Lucero, have shown that the acts of bias that Local Law 1-2000
sought to eradicate are still occurring and with alarming consequences.

This Legislature also determines that the Suffolk County Police Department is
currently investigating thirteen (13) bias related crimes that have been brought to their attention
in recent months.

This Legislature finds that the civil penalties established in Local Law 1-2000 are
insufficient to provide the deterrent effect sought by the enactment of this law.

This Legislature determines that increasing the civil penalties that can be levied
for committing acts of bias will send a clear, strong message that such hateful and outrageous
behavior will not be tolerated in Suffolk County.
Therefore, the purpose of this law is to amend Local Law 1-2000 to increase the civil penalties for the intentional commission of acts of bias in Suffolk County.

Section 2. Amendments.

Section 4 of Local Law 1-2000 is hereby amended as follows:

Section 4. Civil Penalties

A) Any person who intentional violates any provision of this law shall be liable for a civil penalty of [one thousand dollars ($1,000)] five thousand dollars ($5,000) for a first offense; [two thousand dollars ($2,000)] ten thousand dollars ($10,000) for a second offense, and [five thousand dollars ($5,000)] twenty thousand dollars ($20,000) for a third offense. In addition, any person who intentionally violates any provision of this law shall, in the discretion of the Court, also be subject to a requirement to participate in Diversity Training conducted by or through the Suffolk County Human Rights Commission, on such terms and conditions as may be imposed by the Court.

B) Civil penalties collected under this article shall be deposited with the Suffolk County Human Rights Commission to be used to fund the Junior Human Rights Day Program ("Day Program"); with the balance of the funds to be deposited in the General Fund.

C) Any civil penalty may only be assessed by the Court following a hearing and opportunity for an alleged violator to be heard and upon clear and convincing evidence that the alleged violation occurred.

Section 3. Applicability.

This law shall apply to all acts occurring on or after the effective date of this law.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or constitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section 617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK
ENVIROMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection. The Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this law.

Section 6. Effective Date.

This law shall take effect immediately upon its filing in the Office of the Secretary of State.

RESOLUTION NO. -2009, TO ENHANCE EFFICIENCY IN THE SELECTION AND LEASING PROCESS FOR COUNTY BUILDINGS

WHEREAS, the Suffolk County Comptroller conducted an audit of Suffolk County’s operating leases for buildings and office space (Report No. 2008-07), which was issued December 22, 2008; and

WHEREAS, the audit could not determine if formal procedures relative to the selection of space to lease offices and other purposes existed and were consistently followed; and

WHEREAS, the audit indicated that the process of selecting space to lease was not adequately documented, lacked transparency, and had significant flaws; and

WHEREAS, the audit stated that the space selection process lacked adequate centralized oversight; responsibility for various aspects of the process was spread among three County departments; and

WHEREAS, the audit pointed out that the space selection process may not have always adequately considered the variable costs associated with each lease arrangement, such as whether related costs such as property taxes, utilities, maintenance construction costs, etc. would be the responsibility of the County or the landlord; and

WHEREAS, the audit further indicated that internal control weaknesses in the processing of lease-related expenses may have resulted in unnecessary costs being incurred by the County; and

WHEREAS, the audit further stated that the Department of Public Works’ procedures for reviewing and approving construction costs, which are based on negotiated estimates and included in many monthly lease payments, may not have been adequate to prevent significant overpayments to landlords; and

WHEREAS, the audit further pointed out that twenty-four of fifty-three lease agreements reviewed (45%) did not contain a provision requiring the contractor/vendor to submit a Contractor’s/Vendor’s Public Disclosure Statement prior to being awarded a contract; and

WHEREAS, several lease agreements lacked sufficient relevant information in the payment provisions and on the landlord/tenant responsibility sheet to ensure that the lease payments were proper; and

WHEREAS, twenty-five percent (25%) of the lease files examined by this audit did not contain the Contractor/Vendor Public Disclosure Statement required by the lease agreement and Section A5-7 of the Suffolk County Administrative Code; and
WHEREAS, Certificates of Occupancy and/or other documentation supporting satisfactory completion of construction/build out associated with certain leases could not be provided by the Department of Public Works; now, therefore be it

1st RESOLVED, that the database used for tracking the status of leased sites shall include or provide links to, information regarding the process of locating potential sites, site inspections, rental surveys, and justification for the selected site. The County department(s) responsible for the site selection and leasing process shall have the responsibility to initiate document retention relevant to the space selection process and shall provide the Space Management and Steering Committee (SMSC) all necessary documents to ensure sufficient information is available for the selection and approval process; and further be it

2nd RESOLVED, that the County's process for selecting space to lease shall be accomplished by a bid or Request for Proposal (RFP) process that is adequately advertised to provide the County with an opportunity to obtain leased space at competitive prices in a transparent environment; and further be it

3rd RESOLVED, that prospective landlords will be required to submit a statement summarizing the total estimated cost to the County including all related costs, such as property taxes, utilities, etc., that are to be assumed by the County; and further be it

4th RESOLVED, that the County Department of Public Works is authorized, empowered, and directed to institute and strictly enforce a policy whereby all lease-related payments, such as utilities, that are designated as the County’s responsibility, must be supported by a written agreement in order for payments to be processed; and be it further

5th RESOLVED, that the County Department of Public Works is authorized, empowered, and directed to perform an annual review of all leases for the purpose of verifying that the County is not paying for services or providing services, such as maintenance/cleaning, that are designated as the landlord’s responsibility, and submit such to the County Comptroller’s Office; and be it further

6th RESOLVED, County Department of Public Works is authorized, empowered, and directed to, within thirty (30) days of the adoption of this resolution, develop a procedure for certification of square footage. Such procedure will be filed with the County Comptroller’s Office; and be it further

7th RESOLVED, a committee is hereby established consisting of the Presiding Officer, the leader of the minority caucus, and the Director of the Budget Review, to adopt formal policies governing various aspects of lease agreements for Legislative offices, such as the maximum size and cost of offices, location of offices, and construction costs associated with leases; and be it further

8th RESOLVED, that lease payments shall not be made based on verbal agreements. Payment of utility bills shall only be processed for which the County’s responsibility to do so is established pursuant to formal contract amendments; and be it further

9th RESOLVED, that Space Management Steering Committee, in conjunction with the County Department of Public Works is authorized, empowered, and directed to develop a formal policy that addresses retroactive lease payments; the policy shall identify those situations
in which retroactive lease payments are permissible and shall also establish time and monetary limits for holdover leases; and be it further

10th RESOLVED, that all lease agreements contain a provision requiring the landlord to submit on an annual basis a verified public disclosure statement pursuant to Section A5-7 of Suffolk County Administrative Code; and be it further

11th RESOLVED, that the County Department of Public Works is authorized, empowered, and directed to request verified public disclosure statements from all landlords on an annual basis. DPW staff shall review the statements for completeness and file a copy of the statement with each lease agreement; the original disclosure statements shall be forwarded to the Department of Audit and Control. Lease payments shall be withheld for any landlord that fails to submit the required statement; and be it further

12th RESOLVED, that the County Department of Public Works is authorized, empowered, and directed to request insurance certificates from landlords on an annual basis. Payments shall be withheld from landlords who fail to submit the required insurance certificates. Copies of the insurance certificates shall be sent to the County’s Insurance and Risk Management Unit for their assessment of the landlords’ compliance with the insurance requirement contained in the lease agreements; and be it further

13th RESOLVED, that the County Department of Public Works is authorized, empowered, and directed to develop a written certification for the acceptance of construction build-outs. PROCEDURAL MOTION NO. 2-2009, TO RETAIN OUTSIDE COUNSEL IN MATTERS RELATING TO THE SUFFOLK COUNTY VANDERBILT MUSEUM

WHEREAS, William K. Vanderbilt provided in his Will a maintenance fund for the Suffolk County Vanderbilt Museum; and

WHEREAS, for six decades income from the maintenance fund and admissions was sufficient to fund the day-to-day operations of the Vanderbilt Museum; and

WHEREAS, in recent years $1.2 million was drawn annually from the maintenance fund to support the Museum's operations; and

WHEREAS, the sudden and precipitous decline in the stock market during 2008 reduced the Vanderbilt Museum's maintenance fund to an amount just above the original endowment. As a result, the Vanderbilt Museum will receive little or no income from the maintenance fund in 2009; and

WHEREAS, the Vanderbilt Museum's inability to draw income from the maintenance fund threatens the Museum's very existence; if the County of Suffolk does not provide monies from its operating budget the Museum may be forced to close its doors; and

WHEREAS, when the County of Suffolk accepted the Vanderbilt property it made a commitment to operate it as a park and museum in perpetuity but under current conditions the County may be unable to keep this commitment; and

WHEREAS, several proposals are being promoted to save the Museum including using the principal of the maintenance fund to sustain operations or transferring the Museum to a different entity; and

WHEREAS, the County of Suffolk must seek court approval to pursue these or other alternatives; and

WHEREAS, it is appropriate for this Legislature to retain the services of legal counsel which specializes in the area of Trusts and Estates to provide assistance as it considers the future of the Vanderbilt Museum; now, therefore be it

1st RESOLVED, that the Parks and Recreation Committee of the Suffolk County Legislature shall interview at least three (3) qualified attorneys and/or law firms which specialize in Trusts and Estates and recommend to the full Legislature the selection of an attorney or law firm to advise and represent the County of Suffolk and this Legislature in matters relating to the future operation and/or disposition of the Vanderbilt Museum; and be it further

2nd RESOLVED, that no contract shall be executed with an attorney and/or law firm until a separate procedural motion authorizing said contract and an appropriation of funds to pay outside counsel is approved by this Legislature.
