RE: Suffolk County Route 48 Emergency Shoreline Protection Project

Attached are a draft resolution and duplicate copy authorizing the County Executive or his designee to enter into an agreement with the New York State Department of Environmental Conservation in conjunction with the above referenced project. Under this project the Army Corps of Engineers (ACOE) will construct erosion control measures along Hashamomuck Cove, Southold, to protect the portion of CR 48, North Road/Middle Road, near Long Island Sound from damage caused by wave action or similar natural forces.

At this time, the cost of the project has not been fully determined. The County share is estimated at approximately $60,000. An appropriating resolution will be prepared when a final cost has been determined. However, at this time, the New York State Department of Environmental Conservation is requesting a resolution authorizing the County’s participation in the project, separate from the County’s agreement with ACOE that was authorized under Resolution 729-2008.

An e-mail version of this resolution was sent to CE RESO REVIEW saved under the title “Reso-DPW-CR 48 Shoreline Protection.doc”.

Dear County Executive Levy:

After struggling with my decision for the past six months, it is with deep regret that I tender my resignation as Commissioner Suffolk County Planning Commission representing the Town of Islip. This decision is strictly for personal reasons. It was indeed a pleasure serving the County in this capacity.

I wish only the best for all the Commissioners on the Planning Commission; it was a great experience. With that said, I would like to recommend Matthew Chartrand, Business Agent representing Iron Workers Local #361. He resides in the Town of Islip, has the best interest for Suffolk County and would be well suited for the job. Any and all consideration on this matter would be well appreciated.

Best Wishes,

Respectfully,

OTDA 09-LCM-10
(Rev. 07/2009)
Section 2

I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to advise social services districts (districts) that the enacted State Fiscal Year (SFY) 2009-10 Budget contains funding for three new initiatives to support subsidized employment. This funding will be used to support services provided through the Green Jobs Corps, the Health Care Jobs program, and the Transitional Jobs program. The attached Subsidized Employment Programs Matrix provides a summary of each program model (see Attachment A). This LCM provides program instructions and funding award information for the Health Care Jobs program. LCMs are also being released concurrently to provide program instructions and funding information for the Green Jobs Corps program and the Transitional Jobs program.

A total of $7 million - $5 million Temporary Assistance for Needy Families (TANF) funds and $2 million State funds - will be distributed to districts to establish a Health Care Jobs Program, the purpose of which is to establish subsidized employment opportunities for up to one year in the health care sector, including community outreach positions. The appropriation language dictates priority be given to districts with over 1,500 active adults in receipt of public assistance in households with children, and therefore, funding is made available by OTDA to Erie, Monroe, Nassau, Onondaga, Suffolk, Westchester and New York City. Should funds become available, OTDA may redistribute funding, including making awards to additional districts. District allocations are included in Attachment B of this LCM.

II. Background

Subsidized employment can serve as an important component of any district’s employment services by offering an effective placement for individuals lacking an adequate or demonstrated work history, who have other barriers to employment, or when employment opportunities in the community are limited. The Health Care Jobs program can provide an effective mechanism for entrance into unsubsidized employment by permitting the participant to develop and demonstrate positive work skills to a current or prospective employer and may also provide the opportunity for participants to gain additional skills through on-the-job training. Additionally, paid employment provides participants financial and other incentives to participate fully in employment and training services. The fact that participants are paid for hours worked reinforces the message that “work pays” and enables participants to access earned income tax credits and other tax credits to further supplement their income.

III. Program Overview

Funds are made available to establish the OTDA Health Care Jobs program to provide temporary subsidized employment opportunities for TANF-eligible adults and Safety Net Assistance (SNA) adults. These subsidized employment opportunities may be provided for up to one year in jobs within the health care sector, including community health outreach and education positions.
Budget language encourages the creation of subsidized employment positions in community health outreach positions. These positions are encouraged to help increase access to public health insurance benefits and appropriate health services. The Health Care Jobs program budget language provides that employees supported by this program shall include, but not be limited to, individuals providing information and education (but not actual medical care) to:

- Assist low-income individuals to obtain and maintain eligibility for public health care programs;
- Reduce reliance on emergency rooms for basic care;
- Educate on topics including but not limited to, weight management, exercise and nutrition, stress management; and
- Access public health benefits and other work support programs.

Districts may also use funds to subsidize positions in other occupations within the health care sector such as, but not limited to: direct care positions such as health care aide and nurse, clerical and administrative positions; medical billing and records; maintenance positions in hospitals and nursing homes; medical transportation; dietary aide and nutrition positions.

Districts must submit a plan detailing the overall structure of the program, including the types of jobs to be targeted, the range of wages to be paid, and the length of the subsidy period. Plans should also identify prospective employers who are to be targeted to provide the subsidized employment opportunities.

Each district establishing a Health Care Jobs program will be required to (either directly or through agreements or contracts with other organizations):

**Identify employment opportunities** that exist or that can be created in the Health Care sector. Districts may subsidize the job for up to one year with funds made available through the OTDA Health Care Jobs program. Districts will determine the length of the subsidy period, the hours of subsidized employment, whether to provide full or partial subsidy and the subsidy value, which may vary by employer or position. In all instances, program participants must be paid at least minimum wage.

Districts are encouraged to target services and/or contract with organizations that:

- Target impoverished, limited-English proficiency communities;
- Have demonstrated expertise in community-based health education and broader program outreach;
- Have existing relationships with facilitated enrollment sites and community-based education and training;
- Have demonstrated experience with peer-based community education and outreach programs; and
- Have existing collaboration or partnerships with health care providers.

Districts may also wish to consider partnerships with local community colleges and other local training providers in the health care sector to combine a training program with a subsidized job placement at the end or concurrent with the training period. These
relationships would be particularly valuable to provide employment opportunities for individuals who may also be participating in related training, such as within the field of nursing. Similarly, districts are encouraged to consider partnerships with staffing agencies that specialize in job placement for positions in the health care field.

Districts are encouraged to collaborate with their local Medicaid facilitated enrollment organizations to establish subsidized employment positions in the area of community outreach. Priority should be given to targeting services to areas of high poverty and limited English proficiency. A listing of the facilitated enrollment organizations by county is included as Attachment C of this LCM.

Subsidized employment positions may not replace existing funding or replace staff doing equivalent work consistent with Social Services Law sections 336-e and 336-f.

**Provide Support Services and Retention Services** to program participants as needed to permit program participation and completion. Such support services may include, but are not limited to, child care, transportation, case management and other necessary services. In developing program models, districts are encouraged to provide necessary case management services that will support job placement and retention, including avenues to help program participants resolve or cope with factors that may interfere with continued employment (such as housing difficulties, child care concerns, and adapting to work).

Districts are expected to provide job retention services that will help individuals placed in subsidized positions secure permanent jobs, either with the employer that provides the subsidized employment or with other employers. Jobs subsidized through the Health Care Jobs program are not required to be permanent positions, however permanent employment is the goal for every participant and many positions within the health care sector should provide opportunities for permanent employment.

Districts are expected to ensure that program participants are provided information on the availability of earned income tax credits and other credits that they may access once working. Additionally, as with all individuals who go to work, districts are expected to facilitate access to transitional benefits including health insurance and transitional child care and Supplemental Nutrition Assistance benefits.

Districts are encouraged to explore combining grant diversion along with funding made available through the Health Care Jobs program as one option to increase the number of individuals served with the district allocation (for more information see 09-ADM-11).

### IV. Program Implications

#### A. Eligible participants

Program participants may include both TANF eligible individuals and Safety Net Assistance recipients in households without children (i.e., Safety Net Singles).

TANF eligible individuals who may participate in the Health Care Jobs program are:
- Individuals in receipt of TANF/Family Assistance (case types 11 or 12) and Safety Net MOE Assistance (case types 16 or 17 with state charge code 63 or 64);
• Individuals in two-parent cases with children receiving Safety Net Assistance (as described in 06-LCM-09); and
• Individuals not in receipt of public assistance but who are determined TANF eligible based on TANF 200% of Poverty guidelines included in 00-LCM-20. Safety Net Assistance recipients in households without children may be eligible for TANF funded services due to being a noncustodial parent of a minor child as outlined in 00-LCM-20 and districts are strongly encouraged to determine such eligibility when doing so would permit additional Safety Net adults in households without children to participate in the Health Care Jobs program.

Safety Net adults in households without children are eligible to participate in the Health Care Jobs program. Districts are expected to target the State General Funds to provide services to non-TANF eligible Safety Net Assistance recipients in households without children.

In all instances, districts are expected to target services to individuals with barriers to placement in unsubsidized employment including long term public assistance recipients, formerly incarcerated individuals, and individuals with limited job skills or work histories.

B. **Funding**

A total of $7 million is available to fund Health Care Jobs program projects, consisting of $5 million in TANF funds and $2 million in State General Funds. Funds are being allocated to districts with over 1,500 active adults in receipt of public assistance in households with dependent children based on monthly average counts for the period October 2008 - March 2009. As such, counties eligible to receive an allocation are limited to the following districts: Erie, Monroe, Nassau, Onondaga, Suffolk, Westchester counties, and New York City. District allocations are included in **Attachment B**.

OTDA established a $75,000 floor for the TANF funds and $30,000 for the state funds, and allocated the remainder of the funds to each of the seven districts as their proportional share of the TANF/SNA MOE or SNA Non-MOE non-exempt individuals in those seven districts using the monthly average individual counts for the October 2008 - March 2009 timeframe.

Districts must ensure that these funds are used for increased costs associated with operating a new or expanded subsidized employment program. These funds may not be used to supplant costs associated with current subsidized employment programs operated by or currently funded by local districts.

Approved projects are expected to begin on or after August 15, 2009 and operate through August 13, 2010, with final claims due by September 30, 2010. However, availability of funds after September 15, 2010 is contingent upon reappropriation in the SFY 2010-11 State Budget. In the event these funds are not reappropriated in the SFY 2010-11 State Budget, final claims for this program will be due by August 15, 2010.
V. Plan Format

Districts must submit plans consisting of a Program Narrative, Budget Form, and Budget Narrative to OTDA for approval (see Attachments E, F and G). OTDA staff will review the submission to determine that services are directly related to the provisions of allowable program services and activities to eligible participants.

Program Narrative:

Plans must detail the overall structure of the program. The program narrative should not exceed five pages in 12-pitch font using standard one inch margins. The program narrative should be comprehensive and address each of the following:

- a listing of the types of jobs targeted within the health care sector, including prospective employers who will be targeted to provide the subsidized employment opportunities;
- an estimate of the range of wages to be paid, the number of hours to be subsidized each week, and the expected length of the subsidy period;
- a description of the pre-employment, concurrent or on-the-job education or training provided program participants (if any);
- an estimate of the number of participants to be served during the program period;
- a description of expectations at the end of the subsidy period, including job placement services that will be offered to secure unsubsidized employment once the timeframe for the subsidized employment has expired;
- an indication of whether or not the district will utilize grant diversion as an option to enhance the number of individuals to be served; and
- a description of supportive services, including child care and transportation supports and job retention/case management services, that will be provided to program participants.

Budget and Budget Narrative Forms:

The budget and budget narrative forms (see Attachments F and G) should identify staff and services to be funded through the program and the estimated cost (see Attachment D for instructions regarding budget preparation).

VI. Submission of Plans

Completed plans must be submitted no later than August 14, 2009, to be eligible for funding under this initiative. District allocations are available beginning August 15, 2009 for completed and approved plans. Completed plans should be e-mailed by August 14, 2009 to Kathryn DeBella at KathrynM.DeBella@otda.state.ny.us or mailed to the following address:

OTDA 09-LCM-10
(Rev. 07/2009) 6
VII. Reporting Requirements

Districts will be required to report on an individual basis (Client Identification Number and name), case type (if applicable), age, the date of enrollment, the date of placement in subsidized employment, the rate of hourly pay, scheduled average weekly hours of employment and indicate if the individual transitions unsubsidized employment following the subsidy period, including those that transition to unsubsidized employment with the same employer or with another employer following the subsidized job.

OTDA will provide the reporting format upon plan approval.

VIII. Claiming Instructions

All expenditures against the Health Care Jobs allocation should be claimed in accordance with the local social services district’s Health Care Jobs approved plan. Local districts may claim reimbursement for Health Care Jobs expenditures made from August 15, 2009 through August 13, 2010. Final claims must be received by September 30, 2010. These deadlines are contingent upon re-appropriation authority in the SFY 2010-2011 budget. If not reappropriated, final claims must be submitted by August 15, 2010.

The administrative and/or contracted costs associated with approved plans should be reported in the F-17 function (Other Reimbursable Programs) on the Schedule D, DSS Administrative Expenses Allocation and Distribution by Function and Program (LDSS-2347). These costs will carry forward to the Schedule D-17, Distribution of Allocated Costs to Other Reimbursable Programs, (LDSS-3274), and be reported in a column labeled Health Care Jobs. These expenditures will support Form LDSS-3922, Reimbursement Claims for Special Projects. The LDSS-3922 project name box label should be entitled Health Care Jobs.

Local district staff not working fulltime on Health Care Jobs must be time studied and only those related costs should be charged to Health Care Jobs. These costs would then be claimed for Federal or State reimbursement in proportion to the percentage of TANF and Safety Net clients served as reported on the monthly program report submitted to CEES. (See Section VII above for reporting requirements.)

The LDSS-3922 for Health Care Jobs should be submitted on a monthly basis to the Bureau of Financial Services using the TRACS system. Districts must retain the signed LDSS-3922 which supports the claims submitted via TRACS for audit purposes. Instructions for completing the Schedule D-17 are found in the Fiscal Reference Manual (FRM) Volume 3 (Volume 4 for New York City), Chapter 18. Instructions for completing the LDSS-3922 are found in FRM, Volume 2, Chapter 3. The expenditures should be entered in the non-Administration/ Administration Costs columns based on the guidelines below.
According to TANF regulations, costs considered to be program are:

- Direct costs, including salaries and fringe benefit costs for staff providing program services;
- Direct administrative costs associated with providing these services (e.g., supplies, equipment, travel, postage, utilities, rental costs, and maintenance); and
- Contracts devoted entirely to program activities.

According to TANF regulations, administrative costs include:

- Contract costs that are not excluded totally or in part as program activities;
- All indirect or overhead costs (i.e., A-87 costs); and
- Activities related to eligibility determinations.

See Chapter 10 of Volume 3 (Volume 4 for New York City) of the Fiscal Reference Manual for detailed information on TANF administrative expenditure requirements.

Under these guidelines the local districts should enter their expenditures in the proper column of the LDSS-3922. Most of the activities incurred under this program should be reported in the Non-Administration Costs column. Overhead and A-87 costs should be entered in the Administration Costs column. There is no available state funding for A-87 costs. Expenses should be reported on the appropriate lines of the LDSS-3922, with the amount of the actual work subsidy entered on line 12, Assistance Direct to Client.

Costs associated with TANF eligible clients should be claimed at 100% Federal and costs associated with Safety Net should be claimed at 100% State.

Costs in excess of the allocation may be claimed on the Schedule D-3 Allocation and Claiming of Administrative Costs for Employment Programs (LDSS-2347-B1) as Direct Charge Costs (Line 7) under TANF Program (Column 2) for TANF eligible clients or under Non-Federal Employment Program (Column 8) for Safety Net recipients.

SPECIAL INSTRUCTIONS
Let's Make History: Half-Century Bicycle Event
Sunday, September 20, 2009
8:30 a.m. to 2:30 p.m.

This event is a program of the Suffolk County Historical Society, a private-not-for-profit institution, chartered by the NYS Board of Regents. The historical society is an Authorized Agency of Suffolk County, and receives support for some of its programs from the county under the terms of an annual contract.

The historical society’s purpose is the collection, preservation and interpretation of the on-going history of Suffolk County and its people. The society owns and operates a history museum and research library, and offers a wide variety of educational programs for visitors of all ages.

The half century bicycle event is a 50 mile bicycle ride that starts in the parking lot behind the museum in Riverhead, travels east along Peconic Bay Boulevard, crosses over to the sound shore in Mattituck and returns to Riverhead via Middle and Oregon Roads. Light refreshments will be offered to participants at four rest stops along route, and at the beginning/end location. Volunteers will man the rest stops, and at least two vehicles will be on the route to assist participants at all times. Cell phones will be used for communication. Ideally the society wishes to have access to restrooms at each stop and trash pick-up at the end of the day. SCHS volunteers will be responsible for clean up at each location.

Each rider will pay a registration fee to participate and sponsors will be sought to support the event. The sponsors will be listed on a tee shirt that each rider will receive. Nothing will be sold or solicited at the rest stops.

The planned rest stops are:

Parking lot at the intersection of Osborne Ave. and Court St. in Riverhead. (Start)
Veterans Beach in Mattituck
Cedar Beach County Park, Southold
Peconic Dunes County Park, Southold
Iron Pier Beach, Riverhead
Parking lot at the intersection of Osborne Ave. and Court St. in Riverhead (End)

To Whom It May Concern:

Almost Home Animal Rescue and Adoption, Inc. is hoping to raise donations by hosting a walkathon on October 17, 2009 at Blydengurgh Park. People will collect sponsorships to be a part of the walk and the money collected will be donated to Almost Home. There will be some small activities before the walk kicks off. These will include contests with prizes awarded for the best costume, most original costume, cutest pair, etc. Almost Home will have a table set up with literature and animals for adoption for the people to view. All animals will be leashed and people will be expected to follow the rules and regulations of the park. The people will then walk down a marked path and back to the dog run area. This event will provide a great opportunity for our organization.

The registration for the walk would begin at 10am. We would be expecting approximately 100 people.

Thank you,

Dear Ms. Keller,

I have forwarded your email to Felicia.

Sincerely,
Kristine Harkins
Suffolk County Parks

--

Hello Felicia

I wanted to touch base with you and see exactly what it is you need from us in the letter of intent for the request of Meschutt Beach Park for a Special Olympic New York Long Island fund raiser that we would like to do on September 26, 2009.

Special Olympics New York would like the opportunity to utilize Meschutt Beach to host our 1st Annual Hampton Bays Polar Plunge! This is not a typical Polar Plunge as the date we are requesting is Saturday, September 26, 2009.

Special Olympics New York has seen tremendous success with our Polar Plunge program across the state. More than $700,000 was raised in our 2008-2009 Plunge Series with eight Plunge venues across the state! We are looking to grow that number again, adding three new locations!

Polar Plunge are a nationwide initiative that is making a splash across the country! Plungers are asked to raise a minimum of $100 to take a quick dip into the chilly waters to raise money and awareness for the athletes of Special Olympics. With this donation plungers will receive an official Plunge shirt and admission into our post-plunge party immediately following at the Boardy Barn. Plungers are able to form teams and create their own Personal Plunge Page to raise funds through family and friends.

Special Olympics New York has been putting on Polar Plunges for over 11 years
across the state. We work closely with area law enforcement and rescue personnel to make sure all safety requirements are met. For this particular event our timeline would be:

11am – registration begins
12pm – PLUNGE

The Application for Parkland has been submitted and I am aware that the county has received it. Please either email me or call me with all of the specifics that we need to submit to you.

I am looking forward to hearing from you.

To Whom It May Concern:

The purpose of the Walk on October 4, 2009 is to raise money for the Carol M. Baldwin Breast Cancer Research Fund, Inc. The Fund provides grants to Stony Brook University and Stony Brook University Medical Center researchers that have new and innovative ideas. These grants allow them to explore their ideas to determine if they are viable and can produce preliminary results. If the results are significant, they then have the basis to apply to the government for additional research funding. The $4 million in grant money given to the University and Medical Center to date has resulted in $45 million of funding for breast cancer research.

Last year we had about 30 people join us for the walk and raised over $2,000 for research. We thought the park would be a perfect place to walk this year.

SUBJECT:  
Calling for a Public Hearing for the Purpose of Considering the Increase and Improvement of Facilities for Sewer District No. 7 – Medford (CP 8129)

DATE:  
July 13, 2009

Attached is a draft resolution, SCIN Form 175a and 175b, and backup for the referenced capital project filed as Reso DPW CP 8129 – SD 7 – Medford Improvements Hearing 7-13-09 and backup filed as Backup DPW CP 8129 – SD 7 – Medford Improvements Hearing 7-13-09. The resolution calls for a public hearing to provide funds for the improvements of the wastewater treatment facility. Funds requested total $1,000,000. Sewer district serial bonds will be used per the adopted capital budget and the annual rate increase will not pierce the State Comptroller’s cap of $17 per typical property, thus an application is not needed. We appreciate the draft resolution being laid on the table as soon as possible.

Il-bw7-13-09 sd5-Strathmore Huntington Improvements Hearing Reso Submittal Sheet CP 8115
TO: Ben Zwirn, Deputy County Executive
FROM: Tom LaGuardia, P.E., Chief Deputy Commissioner
SUBJECT: Calling for a Public Hearing for the Purpose of Considering the Increase and Improvement of Facilities for Sewer District No. 5 – Strathmore Huntington (CP 8115)
DATE: July 13, 2009

Attached is a draft resolution, SCIN Form 175a and 175b, and backup for the referenced capital project filed as Reso DPW CP 8115 – SD 5 – Strathmore Huntington Improvements Hearing 7-13-09 and backup filed as Backup DPW CP 8115 – SD 5 – Strathmore Huntington Improvements Hearing 7-13-09. The resolution calls for a public hearing to provide funds for the improvements of the wastewater treatment facility. Funds requested total $750,000. Sewer district serial bonds will be used per the adopted capital budget and the annual rate increase will pierce the State Comptroller’s cap of $17 per typical property, thus an application is needed. We appreciate the draft resolution being laid on the table as soon as possible.

TAX ANTICIPATION NOTE RESOLUTION NO. -2009

RESOLUTION DELEGATING TO THE COUNTY COMPTROLLER THE POWERS TO AUTHORIZE THE ISSUANCE OF NOT TO EXCEED $113,000,000 TAX ANTICIPATION NOTES OF THE COUNTY OF SUFFOLK, NEW YORK, IN ANTICIPATION OF THE COLLECTION OF TAXES LEVIED FOR COUNTY PURPOSES OR RETURNED TO THE COUNTY FOR COLLECTION FOR THE FISCAL YEARS COMMENCING JANUARY 1, 2006, 2007, 2008 AND 2009, AND TO PRESCRIBE THE TERMS, FORM AND CONTENTS, AND PROVIDE FOR THE SALE AND CREDIT ENHANCEMENT OF SUCH NOTES

THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, NEW YORK, HEREBY RESOLVES AS FOLLOWS:

Section 1. Pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (herein called the "Law"), the power to authorize the issuance of Tax Anticipation Notes (herein called the “Notes”) of the County of Suffolk, in the State of New York (the “County” and “State”, respectively), in the aggregate principal amount of not to exceed $113,000,000, and any notes in renewal thereof, is hereby delegated to the County Comptroller, as chief fiscal officer of the County.

Section 2. The following matters are hereby determined and declared:
(a) The Notes shall be issued in anticipation of the collection of real estate taxes levied for County purposes or returned to the County for collection for the fiscal years commencing January 1, 2006, 2007, 2008 and 2009.

(b) No notes have heretofore been authorized or issued in anticipation of the collection of said taxes, other than the $310,000,000 Tax Anticipation Notes-2009 (Series I), dated and issued on January 5, 2009.

(c) Said Notes shall mature within the period of one year from the date of their issuance, and may be renewed from time to time in accordance with the provisions of the Law.

Section 3. The Notes shall contain the recital of validity prescribed by Section 52.00 of the Law and shall be general obligations of the County, and the faith and credit of the County shall be pledged to the punctual payment of the principal of and interest on the Notes and, unless the Notes are otherwise paid or payment provided for, an amount sufficient for such payment shall be inserted in the budget of the County and a tax sufficient to provide for the payment thereof shall be levied and collected.

Section 4. Subject to the provisions of this resolution and the Law, and pursuant to Sections 50.00, 56.00, 60.00, and 168.00 of the Law, inclusive, the powers to prescribe the terms, form and contents, and all other powers or duties pertaining or incidental to the sale and issuance of the Notes authorized pursuant hereto, or any renewals thereof, including the powers

2. Title of Proposed Legislation

Delegating to the County Comptroller of the County of Suffolk, New York, the power to authorize the issuance of and to sell not exceeding $113,000,000 Tax Anticipation Notes of said County in anticipation of the collection of real estate taxes levied for County purposes or returned to the County for collection for the fiscal years commencing January 1, 2006, 2007, 2008 and 2009 and to prescribe the terms, form and contents, and provide for the sale and credit enhancement of such notes.

3. Purpose of Proposed Legislation

To issue delinquent tax anticipation notes for cash flow purposes, as we have done for the past number of years. The current 2009 cash flow anticipates revenue of $95,000,000 in such tax anticipation notes. The resolution has been written, and the fiscal impact has been calculated, to provide sufficient latitude in principal should revenue trends continue to decline resulting in the cash flow requiring a larger infusion of funds.

4. Will the Proposed Legislation Have a Fiscal Impact?  **Yes**

5. If the answer to item 4 is "yes", on what will it impact? (circle appropriate category)

6. If the answer to item 5 is "yes", Provide Detailed Explanation of Impact

Since these notes will be issued to mature in September 2010 impact would be to the County’s 2010 operating budget. TANs will be issued during November 2009 for the four most current fiscal tax years. The estimated “gross” interest cost for the maturing note is estimated to be approximately $2,825,000. ($113,000,000 x 3.00% gross coupon for 10 months.)

It is anticipated that a premium may be bid by the underwriters. Thus, it is currently expected that the net interest cost for the notes could be approximately 1.5%.

7. Total Financial Cost of Funding over 5 Years on Each Affected Political or Other Subdivision.

Gross Interest cost in 2010 for the notes = $2,825,000.

SUFFOLK COUNTY FARMLAND RATING SYSTEM
FOR THE PURCHASE OF DEVELOPMENT RIGHTS (PDR)

This rating system was developed for the evaluation of farmland for the potential purchase of its development rights (PDR) and inclusion in the County’s Purchase of Development Rights Program under Chapter 8 of the Suffolk County Code. The system considers four major factors: contiguity, vistas, soils, and value. The first two factors seek to preserve large blocks of farmland, thus protecting the land from nonagricultural intrusions and preserving the scenic vistas. Soils which are better for farming, such as Bridgehampton and Haven associations, are assigned higher point values. Slope also plays a part in the soil type and its desirability for use as farmland. The estimated price of the farmland is also considered in the evaluation. Bonuses are given for farms within Agricultural Districts or within high population density areas. Negative points may be given for negative impacts such as excavations.

This rating system was developed for the evaluation of farmland for the potential purchase of its development rights (PDR) and inclusion in the County’s Purchase of Development Rights Program under Chapter 8 of the Suffolk County Code. The system considers four major factors: contiguity, vistas, soils, and value. The first two factors seek to preserve large blocks of farmland, thus protecting the land from nonagricultural intrusions and preserving the scenic vistas. Soils which are better for farming, such as Bridgehampton and Haven associations, are assigned higher point values. Slope also plays a part in the soil type and its desirability for use as farmland. The estimated price of the farmland is also considered in the evaluation. Bonuses are given for farms within Agricultural Districts or within high population density areas. Negative points may be given for negative impacts such as excavations.

RE: RESCIND Resolution No. 348-2009

Dear Mr. Zwirn:

I request the introduction of the enclosed Resolution authorizing that Resolution No. 348-2009 be rescinded which appropriated 100% State aid from the New York State Office of Mental Health to Brookhaven Memorial Hospital Center. Further communication with the NYS Office of Mental Health resulted in a funding stream conversion for Brookhaven Hospital from Disproportionate Share (DSH) to Comprehensive Outpatient Program Services (COPs). This conversion will now require that Brookhaven Hospital bill Medicaid directly as opposed to contracting with the County.

I have enclosed back-up documentation for this Resolution. If you have any questions on the enclosed, please call Margaret Bermel at 3-3153. Also, an e-mail version of this Resolution was sent to CE RESO REVIEW and the file name is “Reso-HSV-RESCIND Reso. 348-09.doc”.

Re: 2008 & 2009 Brookhaven DSH to State Aid

Dear Ms. Krajewski:

Please accept this correspondence as formal objection to the OMH decision to restore funding for Brookhaven Hospital’s mental health clinic within the 001A Local Assistance code during the second half of 2008 and full year 2009. This funding category stipulates a 50-50 local match and Suffolk County was not informed in advance of this financial expectation, nor have we agreed to participate under these fiscal terms.

It is unknown to us when the Department of Health determined that the Disproportionate Share (DSH) for Brookhaven had reached its cap, but if this situation had been discussed with us prior to the issuance of the August, 2008 State Aid letter, we would have made it clear that a local match is not an option, particularly given current fiscal constraints. The first written notification that Brookhaven Hospital had reached its DSH threshold level was through the State Aid Letter Remarks section. At that point, while the funding amount had not been added to the actual State Aid allocation, the remark stated that the return of State Aid from DSH would be a dollar for dollar match. Please see the remarks section below from the 8/21/08 letter:

"Addition of $632,912 due to return of funding to State aid from DSH effective 7/1/08. We have been notified by the NYS Department of Health that Brookhaven Memorial Hospital Center has no room under its DSH cap to receive DSH funding. This funding is distributed to the following program codes in the following amounts: PC 2100, $632,912. The local fiscal year impact of this change is an increase of $316,456. The annualized value impact of this change is $632,912."

As the dollar amount was not added to the actual fund source at the time of the letter issuance, communication was necessary with OMH to confirm the amount in writing for the contract process to be initiated. Within days, however, communication between Angelica Torres of my staff and Lee Aiezza of the Central Office (September 19, 2008) revealed that the explanation on the State Aid letter was
incorrect, the State Aid dollar amount was halved and the following statement was added: “As this is a return of State aid to the Local Assistance funding code, it is expected that the LGU will begin to provide it local match as was done prior to DSH conversion”.

It is unacceptable to assume that we could (or would) provide funding for a service that has been supported through DSH dollars since 1997. As it presently stands, we are unable to provide the $158,228 match for the 2008 State Aid allocation. Our concern and the concern of our Cost Reporting & Expenditures Units, center around the fact that since this is funded through 001A, Local Assistance Funding, the State will automatically remove the match from our State Aid Allocation during the closeout process. Likewise, the full calendar year funding of $316,456 is expected to be matched locally during 2009 and a failure to do so exposes the county to an equal State Aid reduction during closeout.

While Suffolk County is supportive of the continuation of Brookhaven Memorial Hospital’s clinic program, local dollars are not available at this time. We request an amendment to the State Aid letter which either includes the full annualized dollar amount or moves the funding to a category which does not assume a local match. It is also acceptable to us if the provider is formally notified that their ongoing funding has been lowered to 50% of the former amount, or if the OMH opts to enter into a direct contract with Brookhaven Hospital.

Until this situation is resolved we will not be finalizing Brookhaven’s 2008 agreement nor will we be developing a contract for 2009. Accordingly, we appreciate your assistance in expediting this request and please don’t hesitate to contact us if you have any questions or require clarification.

Sincerely,

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on , a proposed local law entitled, "A LOCAL LAW TO AMEND RESOLUTION NO. 673-2009, A LOCAL LAW REQUIRING FAIRNESS IN COOPERATIVE HOME OWNERSHIP," now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2009, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO AMEND RESOLUTION NO. 673-2009, A LOCAL LAW REQUIRING FAIRNESS IN COOPERATIVE HOME OWNERSHIP

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that the County of Suffolk enacted Resolution No. 673-2009, known as "A Local Law Requiring Fairness in Cooperative Home Ownership" to, among other things, require cooperative boards or associations to give potential buyers written notice of the grounds for a rejection of a potential buyer's application for purchase.

This Legislature further finds that section 89-12 of Chapter 89 of the Suffolk County Code prohibits unlawful discriminatory practices in the sale, lease or rental of real property, including residential cooperatives, and governs the procedure with respect to adjudicating complaints initiated pursuant to said law.

This Legislature also finds that section 89-12 of Chapter 89 of the Suffolk County Code identifies a larger group of individuals than those included in Resolution No. 673-2009, known as "A Local Law Requiring Fairness in Cooperative Home Ownership," which may lead to confusion in the operation of said law, and that said resolution also did not make clear that failure by a cooperative to comply with said law shall be used in any action or proceeding commenced pursuant to section 89-12 of Chapter 89 of the Suffolk County Code.

Therefore, the purpose of this law is to amend Resolution No. 673-2009, "A Local Law Requiring Fairness in Cooperative Home Ownership," to be consistent with section 89-12 of Chapter 89 of the Suffolk County Code, and to clarify that enforcement of this law shall be in accordance with said provision of the Suffolk County Code.

Section 2. Amendments.

I. Section 1 of Resolution No. 673-2009 is hereby amended to read as follows:

Section 1. Legislative Intent.

****
This Legislature finds that in many instances, a cooperative board or association rejects a potential buyer, that is seemingly well qualified, without advising the potential buyer of the reasons for said rejection and the concern of the potential buyer has been that the cooperative board or association has rejected the potential buyer unlawfully, based [either] upon actual or perceived race, creed, color, sex, ethnicity, disability, religion, gender, age, sexual orientation, national origin, alienage, citizenship, marital or family status, including segregation.

This Legislature further finds that both federal, [and] state, and local laws protect Suffolk County residents from unfair housing practices which include discrimination based upon actual or perceived race, creed, color, sex, ethnicity, disability, religion, gender, age, sexual orientation, national origin, alienage, citizenship, marital or family status, including segregation.

This Legislature also finds that presently there are no [such] measures in place that adequately protect] require potential buyers [from] to receive written notice of the reasons for unlawful rejection by a cooperative board or association.

****

II. Section 3 of Resolution No. 673-2009 is hereby amended to read as follows:

Section 3. Requirements.

****

B.) Action Upon Applications.

1.) Within ten days of receipt of a completed application, the cooperative shall provide the applicant with written acknowledgement of receipt of the application, and, if applicable, provide the applicant written notice of any defects with the application that make the application incomplete and an opportunity to cure.

2.) Within forty-five days of receipt of an application, the cooperative shall either reject or approve the application and provide the applicant with written notice thereof.

3.) Whenever any cooperative shall reject an application, such cooperative shall provide the applicant with the written notice rejecting such application, of the grounds for such rejection.

4.) Failure by a cooperative to take action on a completed application within forty-five days of receipt thereof by either notifying the purchaser of its approval or rejection: may be considered as part of the investigation of any complaint filed with the Suffolk County Human Rights Commission pursuant to section 89-12 of Chapter 89 of the Suffolk County Code; and may be evidence admissible in any action or administrative proceeding commenced pursuant to section 89-12 of Chapter 89 of the Suffolk County Code.

****

Section 3. Applicability.

The amendments contained within this law shall take effect immediately upon the effective date of this law.

Section 4. Reverse Preemption.

This law shall be null and void on the day that Statewide or Federal legislation goes into effect, incorporating either the same or substantially similar provisions as are contained in this
law, or in the event that a pertinent State or Federal Administrative Agency issues and
promulgates regulations preempting such action by the county of Suffolk. The County Legislature
may determine via mere resolution whether or not identical or substantially similar statewide
legislation has been enacted for the purposes of triggering the provisions in this section.

Section 5. Severability.

If any clause, sentence, paragraph, subdivision, section, or part of this law or the
application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance
shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such
order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be
confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this
law, or in its application to the person, individual, corporation, firm, partnership, entity, or
circumstance directly involved in the controversy in which such order or judgment shall be
rendered.

Section 6. SEQRA Determination.

This Legislature, being the State Environmental Quality Review Act (SEQRA) lead
agency, hereby finds and determines that this law constitutes a Type II action pursuant to Section
617.5(c)(20), (21), and/or (27) of Title 6 of the NEW YORK CODE OF RULES AND
REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK
ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies,
procedures, and legislative decisions in connection with continuing agency administration,
management and information collection. The Suffolk County Council on Environmental Quality
(CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-
applicability or non-significance in accordance with this law.

Section 7. Effective Date.

This law shall take effect immediately upon filing with the Secretary of State.
