8  
9

10  
11 A meeting of the Government Operations, Personnel, Housing,  
12 Information Technology & Diversity Committee of the Suffolk County  
13 Legislature was held in the Rose Y. Caracappa Legislative  
14 Auditorium of the William H. Rogers Legislature Building,  
15 725 Veterans Memorial Highway, Smithtown, New York, on  
16 March 11, 2020.

17  
18 **MEMBERS PRESENT:**

19 Legislator Samuel Gonzalez, Chairperson (Excused Absence)  
20 Legislator Tom Donnelly, Vice Chair  
21 Legislator Susan A. Berland  
22 Legislator Leslie Kennedy  
23 Legislator Kevin J. McCaffrey  
24 Presiding Officer Calarco  
25

26 **ALSO IN ATTENDANCE:**

27 Sarah Simpson, Counsel/Suffolk County Legislature  
28 Amy Ellis, Chief Deputy Clerk/Suffolk County Legislature  
29 Lance Reinheimer, Director of Budget Review  
30 Benny Pernice, Budget Review Office  
31 Derek Stein, Aide to Presiding Officer Gregory  
32 Guy Cala, Aide to Legislator McCaffrey  
33 Samantha Sarube, Aide to Legislator Berland  
34 Ali Nazir, Aide to Legislator Kennedy  
35 Karen Klafter, Aide to Legislator Donnelly  
36 Clay Wade, Aide to Legislator Berland  
37 Jack Nix, County Executive's Office  
38 John Kennedy, Suffolk County Comptroller  
39 Douglas Sutherland, Suffolk County Deputy Comptroller  
40 Scott Mastellon - Commissioner of Dept. of Information Technology  
41 John Becker - President/Suffolk County Deputy Sheriffs Police  
42 Benevolent Association  
43 Anthony Cibelli  
44 Daniel Rodgers  
45 Marie Tooker  
46 Glenn Svoboda  
47

1 (\*The meeting was called to order at 10:02 a.m.\*)

2  
3 **VICE-CHAIR DONNELLY:**

4 Good morning, everybody, and welcome to this March 11th meeting of  
5 the Suffolk County Legislature's Government Operations, Personnel,  
6 Information Tech Committee. I'd ask you to please rise for a  
7 salute to the flag, Legislator -- led by Legislator Kevin  
8 McCaffrey.

9  
10 (\*Salutation\*)

11  
12 Please remain standing for a moment of silence in honor of all  
13 those of Military and Armed Forces who are serving out nation both  
14 here and abroad.

15  
16 (\*Moment of Silence\*)

17  
18 Thank you. Be seated. Once again, welcome to this March 11th  
19 meeting of the Suffolk County Legislature's Government Operations,  
20 Personnel and Tech Committee. Before we get started, we do have a  
21 couple of housekeeping items just for the record.

22  
23 So the Chair, Legislator Sam Gonzalez, is not here. His wife,  
24 Aggie, is having surgery today, so we send our thoughts and prayers  
25 to them. I'll also give Legislator Gonzalez an excused absence,  
26 and as the Vice Chair, I will be pinch-hitting for him today.

27  
28 Going to our Public Portion, as we have no correspondence, we do  
29 have several folks who want to address this committee this morning.  
30 So I'll ask Anthony Cibelli to please step forward. And please  
31 state your name for the record, and you have three minutes, sir.

32  
33 **MR. CIBELLI:**

34 Good morning. My name is Anthony Cibelli. To start out with, the  
35 first order of business for you guys, consider this a verbal FOIL  
36 request, a comprehensive financial report, either a comprehensive  
37 annual financial report, CAFR, or a Court Registry Investment  
38 System, CRIS, for the following entities: Suffolk County Supreme  
39 Court, 234 Griffing Avenue, Riverhead, New York 11901; 400 Carleton  
40 Avenue, John P. Cohalan, Jr. Courthouse, Central Islip, New York  
41 11722; 1 Court Street, Riverhead, New York, 11901; 210 Center  
42 Drive, Arthur Cromarty Complex, Riverhead, New York 11901; 3105  
43 Veterans Memorial Highway, First Floor, Ronkonkoma, New York 11779,  
44 any others omitted; Suffolk County Family Court, 400 Carleton  
45 Avenue, John P. Cohalan Courthouse, Central Islip, New York 11722;  
46 210 Center Drive, Arthur Cromarty Complex, Second Floor, Riverhead,  
47 New York, 11901, any others omitted; Suffolk County Child  
48 Protective Services.

49  
50 Two, presentment of the legal structure, including type of entity,  
51 Certificate of Incorporation, tax status, capital structure,  
52 including identification of all shareholders/owners, articles of  
53 incorporation, bylaws for the following entities: Suffolk --  
54 Suffolk County Supreme Court, et. al, Suffolk -- Suffolk County  
55 Family Court, et. al, Suffolk County Child Protective Services.

1 Three, detailed revenue report of all sources of income proceeds on  
2 case-by-case basis, names omitted, for Fiscal Year 2019 for the  
3 following entities: Suffolk County Supreme Court, Suffolk County  
4 Family Court, and Suffolk County Child Protective Services.  
5

6 As a veteran, a combat veteran, I am disgusted with the -- with how  
7 these courts are run, these Title IV venues, that being the Family  
8 Courts and the Divorce Courts, which handle matrimonial matters.  
9 This is totally the gateway to child trafficking, which means just  
10 changing custody of a child, human trafficking, putting parents  
11 through the pipeline of paying child support where the State's  
12 getting matching funds. And it is the gateway to child sex  
13 trafficking, as we know, and 88% of the foster care kids that go  
14 missing, they come from this system. No one cares. The FBI tells  
15 you it's a civil matter, they don't have funding. The people are  
16 protected by the Uniform Commercial Code, because, as it stands,  
17 this system and everything being private, our kids are considered  
18 commerce under the Uniform Commercial Code. So there's so many  
19 layers of protection.  
20

21 So what I think is -- what we should be looking at, since these  
22 courts, the Title IV venues are not du jour, no one should be in  
23 them in the first place. The Judges are in positions of  
24 emoluments, they're in contract as paid administrators with  
25 Title IV funding agencies.  
26

27 And, you know, let's take a look at the ridiculous excuses that  
28 John LoTurco brought up to defend Michael Valva and compare them to  
29 the frivolous reasons why the Family Court had kept Justyna Zubko  
30 Valva away from her children. And these criminal proceedings  
31 should include co-defendants, CPS, Judges, Attorneys.  
32

33 **VICE-CHAIR DONNELLY:**  
34 Sir, your time is up.  
35

36 **MR. CIBELLI:**  
37 Thank you.  
38

39 **VICE-CHAIR DONNELLY:**  
40 But if you have it in writing, you can submit it to the Clerk --  
41

42 **MR. CIBELLI:**  
43 Sure, thank you.  
44

45 **VICE-CHAIR DONNELLY:**  
46 -- the stuff in writing. Next up, we have Daniel Rodgers, and on  
47 deck is Marie Tooker.  
48

49 **MR. RODGERS:**  
50 Good morning, everybody. My name is Daniel Rodgers. Forty years  
51 ago a Family Court Judge in Suffolk County placed me in handcuffs,  
52 and I was dragged through an underground tunnel into Building  
53 Number 77, where I was thrown into an eight-by-ten-foot cell. I  
54 was 14 years old. Building 77 was also known as the Children's  
55 Shelter. Building 77 is right over there, it's across the parking  
56 lot. It's still there. Thank you.

1  
2 Six week later, that same Family Court Judge sentenced me to a  
3 maximum sentence at a State reform school. After that, I spent  
4 years in Suffolk County group homes and foster homes, never to  
5 return home again. You might think I had committed some crime,  
6 maybe hurt someone or stolen something. In fact, I had never been  
7 arrested. I was placed under the care of the Family Court after  
8 the unexpected death of my mother when I was 11. I was deemed a  
9 child who required the care and supervision of Suffolk County  
10 Family Court. So, yeah, I'm mad as hell. I'm mad as hell, because  
11 after 40 years nothing has changed.

12  
13 Recently, the Supervising Judge of Family Court issued a memorandum  
14 to all Family Court Judges pointing out that Suffolk County detains  
15 more children than any other county in the entire state. Some  
16 things never change.

17  
18 You see, Family Court is unique, the proceedings are closed to the  
19 public. Family Court operates with confidentiality, in secrecy, in  
20 darkness. We do that to protect the children. I, for one, can  
21 tell you very few good things happen to our children in the dark.  
22 And now we have a child who's dead, and I'm mad as hell.

23  
24 There's plenty of blame to go around. I don't give a good God damn  
25 about blame, I want solutions to the problem. So what's the  
26 problem? As a former Suffolk County Prosecutor and Criminal  
27 Attorney for over 25 years, I've seen a lot in Suffolk County.  
28 Let's talk about our courts. Suffolk County Courts are presided  
29 over by Judges. Judges are very powerful, even more powerful when  
30 they decide the fate of our children. And just what are the  
31 qualifications to be a Judge in Suffolk County? Wisdom?  
32 Intelligence? A desire to see justice served? No. We all know  
33 the big secret. Suffolk County Judges are not answerable to the  
34 public, they are hand-picked on loyalty. Certainly, there are good  
35 Judges in Suffolk County, but everyone knows there are far too many  
36 bad ones, and that's frightening when you think about it. And now  
37 we have all these groups with acronyms running around with their  
38 hair on fire, CPS, and OCFS, and CFRT, and they all want to do  
39 something, anything. But, you know what, in the end, they will do  
40 nothing. Changes will be nothing more than window dressing.

41  
42 Our County Executive is already throwing cold water on the idea of  
43 an Inspector General. He will never agree to oversight,  
44 particularly when it might involve powerful Police unions, and  
45 that's politics in Suffolk County. He wants more of the same, a  
46 committee, a review, a new law, etcetera, etcetera. Time will  
47 pass, people will move on, and absolutely nothing will change.

48  
49 In my case, it's been 40 years and nothing has changed, and now a  
50 child is dead. Please, I'm begging you, won't one of you have the  
51 backbone to stand up and save our children? Which one among you  
52 will be the hero that Suffolk County needs? Thank you.

53  
54 **VICE-CHAIR DONNELLY:**  
55 Thank you, sir.

(\*Applause\*)

1  
2  
3 **MS. TOOKER:**

4 Thank you, Dan Rodgers. You are our hero.

5  
6 **VICE-CHAIR DONNELLY:**

7 Next, we have Marie Tooker.

8  
9 **MR. RODGERS:**

10 Thank you.

11  
12 **VICE-CHAIR DONNELLY:**

13 And on deck is Glenn Svoboda.

14  
15 **MS. TOOKER:**

16 Good morning. I nominate Dan Rodgers for the Attorney General for  
17 Suffolk County.

18  
19 We the People trust God. Tyranny has gobbled us up in Suffolk  
20 County. Corruption has poisoned us in Suffolk County. Obviously,  
21 we need a full investigation for the Department of Justice, but  
22 everyone's running around writing seven resolutions that are going  
23 nowhere.

24  
25 Although I do respect Trotta, Legislator Trotta, for trying to get  
26 an Inspector General, he was one of the only ones that stood up and  
27 made a phone call and wrote a letter, as I know, unless somebody  
28 else wants to tell me, to try to protect Justyna from CPS. If any  
29 one of yous have done it, then I'm going to thank you now before I  
30 know.

31  
32 This Government Committee has jurisdiction over abolishing,  
33 creating or transferring any County department, office or function.  
34 Why aren't you working on Family Court and finding out what's going  
35 on?

36  
37 This resolution is definitely needed, but it's needed to protect  
38 the independence of our -- of our rights. We're not sure if it's  
39 going to be independent. And, as we know, Tim Sini is now trying  
40 to convene a Grand Jury, which we all know that it's going to be  
41 protecting the establishment.

42  
43 You have your former Presiding Officer DuWayne Gregory calling Tim  
44 Sini "The Sopranos". Huh-huh, that's hilarious. You have  
45 Executive County (sic) Steve Bellone calling Spota a criminal  
46 enterprise. So you guys are aware that we have the Suffolk crime  
47 family here in Suffolk County, but, yet, none of yous have stood  
48 up.

49  
50 I commend Mr. Rodgers for standing up and asking you and begging  
51 you and pleading you. He knows, he's been in the court system for  
52 how long? He has watched our rights being violated. Why? Why  
53 can't you guys help? Why? It's been years. We need someone to  
54 protect us. We come to you for your -- for our protection.

55  
56 Steve Bellone was warned about James Burke's past will lead to a

1 scandal. Well, did he really do anything except just talk? All he  
2 did is talk, talk, talk, talk, talk. He's one of them, he's one of  
3 them. So you want to protect us? Start with getting Sini to  
4 prosecute Judge Spinner, prosecute Judge Rebolini, prosecute  
5 Judge Hinrichs, prosecute all of them that knew --

6  
7 **VICE-CHAIR DONNELLY:**

8 Ms. Tooker, your time is up.

9  
10 **MS. TOOKER:**

11 -- about the house of horrors. Start prosecuting the Judges. They  
12 knew. They did nothing to protect Justyna and her children,  
13 nothing. We beg you, do something, do something now.

14  
15 **VICE-CHAIR DONNELLY:**

16 Thank you, Ms. Tooker.

17  
18 **AUDIENCE MEMBER:**

19 Well said. Thank you. Thank you.

20  
21 **VICE-CHAIR DONNELLY:**

22 Next, we have Glenn Svoboda, and on deck is Christopher Loeb.

23  
24 **MR. SVOBODA:**

25 Good morning, Suffolk County Legislature. Again, I'm Glenn Svoboda  
26 with the Federal report investigating the Title IV-D abuses in  
27 Family Court and the Divorce Courts in Suffolk County. I think you  
28 people are on the map. We're going to take some of the victims  
29 from Suffolk County. New York is watching you guys to clean up  
30 your act.

31  
32 I am in support of the bill, 1099. I give Mr. Trotta my hats-off  
33 for finally -- decades of mass corruption in an industry made from  
34 Title IV-D and IV-E, because you guys are bank-rolling the pensions  
35 and monies coming in from Title IV-D and IV-E. It's clearly known  
36 where our top -- we got a full connect -- connected circle. You  
37 guys can't hire another employee in the Department of Social  
38 Services without crucifying victims and charging it back to the  
39 Federal Government of Title IV-D and IV-E. So be careful what you  
40 are doing, because we're watching you and the Federal Government.  
41 So, one way or another, this is going to get shut done, whether  
42 you do it yourself or you do it -- or going to do it through the  
43 Federal Government.

44  
45 So we're going to bring Justyna's mother, hopefully, to D.C., and  
46 we have all the books, all the pamphlets, pallets of them. And we  
47 talk constantly every famous politician that you could think of.  
48 So I would have to say, listen, it's decades overdue. Let's try to  
49 do the right thing, and we're expecting you to come forward on it.  
50 Thank you very much.

51  
52 (*\*Applause\**)

53  
54 **VICE-CHAIR DONNELLY:**

55 Thank you, sir. Next, we have Christopher Loeb.

1 **MR. LOEB:**

2 Yeah, I'm going to pass.

3  
4 **VICE-CHAIR DONNELLY:**

5 Okay. I have no other cards from the public. Would anybody else  
6 like to address this committee this morning? Okay. Seeing none,  
7 we'll continue on with the agenda for the Government Operations  
8 Committee. We're going to move into our resolutions. We have  
9 several Tabled Resolutions.

10  
11 **TABLED RESOLUTIONS**

12  
13 ***Resolution 1016 - Adopting Local Law of 2020, a Local Law to expand***  
14 ***language access laws in Suffolk County. (Gonzalez)*** I'm going to  
15 make a motion to table for a public hearing.

16  
17 **LEG. BERLAND:**

18 Second.

19  
20 **LEG. MC CAFFREY:**

21 (Raised hand)

22  
23 **VICE-CHAIR DONNELLY:**

24 Seconded by Legislator Berland. All in favor? Opposed?  
25 Abstentions? Motion is carried. (Vote: Tabled for Public Hearing  
26 5-0-0-1/Absent: Chairman Gonzalez)

27  
28 ***Resolution 1019 - A Local Law of 2020, a Local Law to amend Chapter***  
29 ***528 of the Suffolk County Code to ensure Fair Employment Screening***  
30 ***in Suffolk County. (Berland)***

31  
32 **LEG. BERLAND:**

33 Motion.

34  
35 **VICE-CHAIR DONNELLY:**

36 Legislator Berland, motion to approve.

37  
38 **LEG. MC CAFFREY:**

39 Second.

40  
41 **VICE-CHAIR DONNELLY:**

42 Seconded by Legislator McCaffrey. All in favor? Opposed?  
43 Abstention? Motion is carried. (Vote: Approved 5-0-0-1/Absent:  
44 Chairman Gonzalez)

45  
46 ***Resolution 1099 - A Local Law of 2020, a Charter Law to establish***  
47 ***an Independent Office of Inspector General (for Suffolk County).***  
48 ***(Trotta)*** I'm going to make a motion to table for a public hearing.

49  
50 **LEG. BERLAND:**

51 (Raised hand)

52  
53 **VICE-CHAIR DONNELLY:**

54 Seconded by Legislator Berland. All in favor? Opposed?  
55 Abstentions? Motion is carried for a public hearing. (Vote:  
56 Tabled for Public Hearing 5-0-0-1/Absent: Chairman Gonzalez)

1  
2 **Resolution No. 1191 - Authorizing the County Executive to execute**  
3 **an agreement with the Suffolk County Deputy Sheriffs Police**  
4 **Benevolent Association covering the terms and conditions of**  
5 **employment for the period of January 1, 2019 through December 31st,**  
6 **of 2024. (Co. Exec.)**

7  
8 **LEG. KENNEDY:**  
9 Motion.

10  
11 **LEG. BERLAND:**  
12 (Raised hand)

13  
14 **VICE-CHAIR DONNELLY:**  
15 I'll take a motion to approve by Legislator Berland, second by  
16 Legislator Kennedy.

17  
18 **P.O. CALARCO:**  
19 On the motion.

20  
21 **VICE-CHAIR DONNELLY:**  
22 On the motion, Presiding Officer, Legislator Calarco.

23  
24 **P.O. CALARCO:**  
25 Thank you, Mr. Vice-Chair, for hosting today's meeting for us in  
26 Legislator Gonzalez' absence. I think it would be prudent if we  
27 asked the Union, and I see Jen McNamara from Labor Relations here,  
28 if they could come forward and just kind of give us the rough broad  
29 strokes of the contract, and let BRO give us their cost estimates.

30  
31 **MS. MC NAMARA:**  
32 Good morning. So the brief summary is that it's a 10% increase  
33 over ten years. There are additional steps when you hit an  
34 Investigator status, when you get that tag. It's a six-year  
35 contract. It's in line with the Correction Officer contract that  
36 was recently settled.

37  
38 The total cost is approximately 12.2 million, which includes a  
39 savings of 2.4 million. Some of the savings that we achieved were  
40 that all Deputies are now required to work an extra day per year in  
41 order to qualify at the range. Unlimited sick has been removed for  
42 all employees who have been hired since 2017. Personal days are  
43 prorated in the last year, and the Deputy Sheriffs have agreed to  
44 not join other and more costly benefit funds.

45  
46 **P.O. CALARCO:**  
47 Good. Thank you, Ms. McNamara.

48  
49 **MS. MC NAMARA:**  
50 You're welcome.

51  
52 **P.O. CALARCO:**  
53 Mr. Becker, are you guys -- have you sent it to your membership  
54 yet, or is that something that you will be doing following our  
55 vote?

1 **MR. BECKER:**

2 Legislator Calarco, good morning. Yes, we had our ratification  
3 vote last night and it was approved by our membership.  
4

5 **P.O. CALARCO:**

6 Congratulations. I think this is a really fair contract, and I  
7 think it serves both your members well, as well as the County. I  
8 do have to ask the question to BRO if they concur with the cost  
9 projections of the contract.  
10

11 **MR. PERNICE:**

12 Yeah. So we have kind of the same issues we did with the COA  
13 contract, whereas, in general, we're in complete agreement with the  
14 County Executive's fiscal as far as costs. We interpreted the  
15 savings a little bit differently, because, currently, the agreement  
16 allows the DSPBA to joining other benefit funds. They've had seven  
17 years to do that, they haven't chosen to do it. So we didn't  
18 necessarily assume that they would have done that, you know, in  
19 2020 immediately, so that cost avoidances, we didn't subtract from  
20 our total cost. But when we adjust from the fact that the  
21 different methodology for handling that, there's virtually no  
22 difference between what calculate the cost to being what the  
23 Executive does.  
24

25 **P.O. CALARCO:**

26 Good, very good. Thank you very much to everyone, and  
27 congratulations. Again, I look forward to supporting this  
28 contract.  
29

30 **MR. BECKER:**

31 Thank you for your support.  
32

33 **VICE-CHAIR DONNELLY:**

34 Thank you, John. Thank you, Jennifer McNamara. So we have a  
35 motion to approve from Legislator Berland, seconded by Legislator  
36 Kennedy. All in favor? Opposed? Motion is carried.  
37 Congratulations once again. (*Vote: Approved 5-0-0-1/Absent:*  
38 *Chairman Gonzalez*)  
39

#### 40 **INTRODUCTORY RESOLUTIONS**

41  
42 Moving along in our agenda. We have Introductory Resolution **1236**,  
43 ***that's appropriating funds in connection with the Fiber Cabling***  
44 ***Network and WAN Technology Upgrades (CP 1726).*** (*Co. Exec.*) That's  
45 introduced by the County Executive's Office. Can I ask Mr. Nix if  
46 he could step forward and just give us a brief overview of this.  
47

48 **P.O. CALARCO:**

49 And Mr. Mastellon.  
50

51 **VICE-CHAIR DONNELLY:**

52 Okay, as well as Mr. Mastellon. Thank you. Thank you for coming  
53 as well.  
54

55 **MR. NIX:**

56 Yes, I have Commissioner Mastellon here to answer questions.

1  
2 **COMMISSIONER MASTELLON:**

3 Good morning, everybody.

4  
5 **VICE-CHAIR DONNELLY:**

6 Good morning. If you can just kind of give us a little bit of a  
7 Reader's Digest version of this, I guess.

8  
9 **COMMISSIONER MASTELLON:**

10 I'll do my best. So, basically, you know, just this project is  
11 critical towards continuing to maintain the County's Wide Area  
12 Network, commonly referred to as a WAN, infrastructure in a state  
13 of good repair, as well as ensuring the network circuits are  
14 provided -- are providing the required band width to service all  
15 County departments.

16  
17 Ultimately, we have about 500 network devices that are scattered  
18 throughout the entire County, all of which are connected through a  
19 Wide Area Network. And this particular project supports the  
20 replacement of end-of-life equipment. So, as you would expect,  
21 over a period of five to seven years, the equipment itself goes  
22 end-of-life, it is no longer supported by the vendors, so what's  
23 required is that we need to replace those. So this, the majority  
24 of the funds associated with this project is in support of that.

25  
26 In addition to that, it also provides for wireless access. So in  
27 many buildings throughout the County, about 200 buildings all  
28 together in the County, we have wireless within about 30, in  
29 addition to about 25 other parks that have wireless capabilities.  
30 So this is -- there's network equipment that's required to  
31 effectively support that, wireless communications. So as, again,  
32 either -- whether it be new equipment that needs to be to expand  
33 out the network or the wireless capacity, we will go ahead and use  
34 the funds here to support that, or if it's equipment that  
35 ultimately goes end-of-life.

36  
37 **VICE-CHAIR DONNELLY:**

38 Great. Thank you for your good work on this. It's such a --  
39 critical and important.

40  
41 **LEG. BERLAND:**

42 (Raised hand)

43  
44 **VICE-CHAIR DONNELLY:**

45 Legislator Berland has a question.

46  
47 **LEG. BERLAND:**

48 Good morning. How are you doing?

49  
50 **COMMISSIONER MASTELLON:**

51 Good.

52  
53 **LEG. BERLAND:**

54 Is any of this including the County Seat in Riverhead, where the  
55 internet is just like bizarrely awful?

1 **COMMISSIONER MASTELLON:**

2 Yes, that is -- yes, it is. We are looking at some -- we are  
3 looking at some issues, and I understand that there are things that  
4 we are trying. There are some limitations that we have with regard  
5 to the building itself, especially when it comes to wireless.  
6 There's some issues that -- you know, that ultimately are inherent  
7 within the location and/or the building itself that prevent us from  
8 easily solving and providing, you know, widespread capabilities  
9 from a wireless standpoint. So I am aware of that situation, I've  
10 been made aware of that situation, and we are trying to do things.  
11 Unfortunately, we haven't come -- it doesn't appear as if we have  
12 come up with a successful solution to this date, but we are working  
13 towards that.

14  
15 **LEG. BERLAND:**

16 Thank you.

17  
18 **COMMISSIONER MASTELLON:**

19 Sure.

20  
21 **VICE-CHAIR DONNELLY:**

22 Thank you, Commissioner. Anybody else? Just once again, thank you  
23 for your -- for your work on this critical stuff. If I could just  
24 ask you to just stay there, because we have another resolution --

25  
26 **COMMISSIONER MASTELLON:**

27 Yep, no problem.

28  
29 **VICE-CHAIR DONNELLY:**

30 -- after we kind of move with this one. So I'll make the motion to  
31 approve *Resolution 1236*, seconded by Legislator McCaffrey.

32  
33 **LEG. MC CAFFREY:**

34 Yes.

35  
36 **VICE-CHAIR DONNELLY:**

37 All in favor? Opposed? Abstention? Motion is carried. (*Vote:*  
38 *Approved 5-0-0-1/Absent: Chairman Gonzalez*).

39  
40 *Resolution No. 1237 (Appropriating funds in connection with the*  
41 *Acquisition of a Disaster Recovery Project (CP 1729). (Co. Exec.)*  
42 Same motion, with the same second. But on the motion, if you could  
43 give us a, again, basic overview of this.

44  
45 **COMMISSIONER MASTELLON:**

46 So, yet, another critical project used to maintain the hardware and  
47 the software required to protect critical applications currently  
48 running in the County's three major data centers in an architecture  
49 that supports disaster recovery. So we have three major data  
50 centers that are in Hauppauge, Riverhead and Yaphank. Okay. They  
51 have approximately 1,000 servers that are -- that are basically in  
52 each one of those areas. There's software and hardware that's  
53 ultimately required to support that, and to ensure that it's up on  
54 a regular basis. And, God forbid, if there's an issue with a  
55 particular server and/or a location and it goes down, we need to be  
56 able to recover from that. So this, this particular project

1 supports all the various components, hardware, software,  
2 technology, if you will, to ensure that we are protected to the  
3 best of our ability in the event of a worst case scenario, where we  
4 lose various aspects of a particular data center.

5  
6 **VICE-CHAIR DONNELLY:**

7 So this is really important. And I want to, once again, thank you  
8 for your work, and particularly trying to protect, you know, our  
9 critical infrastructure, and how vulnerable it could be, you know,  
10 in a widespread disaster.

11  
12 We saw in the report yesterday that came through, the report  
13 commissioned by former Presiding Officer DuWayne Gregory, on the  
14 Super Storm Sandy's County response. This was one of the areas  
15 that was listed and highlighted as one of the recommendations for  
16 improvement. So I just wanted to thank you once again.

17  
18 **COMMISSIONER MASTELLON:**

19 Absolutely.

20  
21 **VICE-CHAIR DONNELLY:**

22 Any questions? So we have a motion and a second on *Resolution No.*  
23 *1237*. All in favor? Opposed? Abstentions? Motion is carried.  
24 (*Vote: Approved 5-0-0-1/Absent: Chairman Gonzalez*)

25  
26 Thank you so much for coming today, very much appreciate it.

27  
28 **COMMISSIONER MASTELLON:**

29 Thank you.

30  
31 **LEG. BERLAND:**

32 Don't go anywhere.

33  
34 **VICE-CHAIR DONNELLY:**

35 And I think we have one more that we're going to ask you to stay.

36  
37 **LEG. KENNEDY:**

38 Two more.

39  
40 **VICE-CHAIR DONNELLY:**

41 Oh, two more. I'm sorry. Thank you, Legislator Kennedy. So  
42 moving along, if it's okay with the body, *Resolution No. 1238*  
43 *(Appropriating funds in connection with Globally Managed Network*  
44 *Protection and Security (CP 1807). (Co. Exec.)* We'll stay with the  
45 same motion, same second. And on the motion, if you can give us an  
46 overview.

47  
48 **COMMISSIONER MASTELLON:**

49 Sure. So here's, yet, another critical project ultimately in  
50 support of security. So this is used to replace end-of-life  
51 security equipment, as well as enhance and improve security  
52 infrastructure, a technology used to maintain high level of  
53 security to protect against cyber security and other security  
54 related attacks.

55  
56 So, currently, right now, we are in the process of doing a major

1 upgrade on our overall security technology stack, if you will, and  
2 this, this particular project is ultimately supporting that effort.  
3 And this is to, obviously, combat the increased amount of cyber,  
4 you know, attacks that are occurring, specifically in the  
5 government space.

6  
7 **VICE-CHAIR DONNELLY:**

8 Any questions? Do we -- are you the -- as the Commissioner of  
9 I.T., are you the point person for basically combating cyber  
10 security attacks?

11  
12 **COMMISSIONER MASTELLON:**

13 So we have a Chief -- well, we have a Security Coordinator that  
14 resides inside of the Information Technology Department. That  
15 being said, you know, he handles most of the day-to-day as it  
16 relates to that. But, you know, ultimately, the responsibilities  
17 will fall on my -- on my shoulders as --

18  
19 **VICE-CHAIR DONNELLY:**

20 But that's the -- that's the -- that's the point person --

21  
22 **COMMISSIONER MASTELLON:**

23 Correct.

24  
25 **VICE-CHAIR DONNELLY:**

26 -- on that. Very good. Okay. So we have a motion and a second on  
27 **Resolution No. 1238**. All in favor? Opposed? Abstention? Motion  
28 is carried. (Vote: Approved 5-0-0-1/Absent: Chairman Gonzalez)

29  
30 And we have one more, **Resolution No. 1239 - Appropriating funds in**  
31 **connection with Countywide Replacement of Computer Equipment and**  
32 **Infrastructure (CP 1816)**. (Co. Exec.) If it's okay with the body,  
33 we'll stay with the same motion, same second. And on the motion,  
34 if you can give us a brief overview.

35  
36 **COMMISSIONER MASTELLON:**

37 So here, another critical project, funds used to replace older  
38 computers and computer-related office equipment such as scanners,  
39 printers, plotters, tablets, monitors, docking stations for all  
40 departments within the County.

41  
42 You know, just to -- you know, we made a real big push last year  
43 with the end-of-life of Windows 7. So you guys are -- many of you,  
44 I'm sure, have been upgraded to the Windows 10 environment. There  
45 was a significant push last year to upgrade to the Windows 10  
46 environment. This particular project was used to fund that, those  
47 upgrades, due to the fact that the operating system when end of  
48 life no longer being supported in mainstream support by Microsoft  
49 as of January 14th of this year.

50  
51 So we replaced about 1500 desktops last year. We expect to do  
52 another 800 this year, given the fact that, again, with the --  
53 there's approximately 7,000 computers that reside throughout the  
54 entire County. This particular capital project is used to fund the  
55 replacement of those older computers. And we're running into the  
56 eight, nine and 10-year-old computers and has -- we're basically

1 picking off the oldest of those computers to ensure that we're  
2 somewhat within reason have, you know, decent computing power at  
3 the desktop level.

4  
5 **VICE-CHAIR DONNELLY:**

6 I just had one question for you. Maybe you can just give me like a  
7 quick education. So many of us here have been advocating for the  
8 use of tablets in the field by various departments. Can you kind  
9 of just give us like a quick, you know, synopsis of that?

10  
11 **COMMISSIONER MASTELLON:**

12 So absolutely. We are certainly, you know, looking at -- and more  
13 and more people are demanding mobile, you know mobile capabilities,  
14 whether it be through laptops, whether it be through tablets. So  
15 we are certainly supporting those efforts in such a way that  
16 enables you, the individual, to work remotely via a tablet or a  
17 laptop, as well as being able to continue to conduct operations  
18 within your desktop or within their office environment. So it is  
19 something that we are certainly moving with and pushing for as  
20 people are asking for it. We're certainly honoring that, as well  
21 as trying to encourage people, as they have older computers, you  
22 know, here's a couple of other options. You know, if there are  
23 things that you want to be able to do from a -- from a remote or a  
24 mobile standpoint, we can -- we can encourage that and we can  
25 support that.

26  
27 **VICE-CHAIR DONNELLY:**

28 Okay, very good. Legislator Berland has a question.

29  
30 **LEG. BERLAND:**

31 Yes, thank you. Given, you know, what's happening in the world  
32 with the Coronavirus, and what Governor Cuomo just put out the  
33 other day, you know, allowing people to participate in meetings via  
34 Skype and via, you know, the internet, and all the computers that  
35 were purchased for the Legislature, none of them have web cams. So  
36 it's defeating, you know, the purpose of, you know, helping us  
37 communicate, if, you know, God forbid, we have to self-quarantine  
38 and we have to, you know, participate. So are you anticipating  
39 with this like either purchasing web cams, or purchasing some, you  
40 know, kind of computers that will accommodate that, so if it comes,  
41 you know, down to it and we do have to Skype into meetings, that we  
42 have the capabilities, and we're not told, you know, at the  
43 eleventh hour, well, yes, okay, now we can do it, but we don't have  
44 any, you know, capability to do it? Are we going to try to  
45 anticipate some of that in this, in these appropriations?

46  
47 **COMMISSIONER MASTELLON:**

48 Absolutely. You know, we actually have some mobile cameras or  
49 cameras themselves that we are using in other locations that are  
50 interested in doing it, but don't have a camera on their P.C. or  
51 their laptop. So we have ones that work very well, and we have the  
52 ability to scale up on those, if necessary. There's a significant  
53 amount, and I want to stress significant amount, of planning that's  
54 going on right now with relation to Coronavirus, specific on the  
55 tech side, to understand exactly, you know, what are the things  
56 that we need to do, God forbid that we're in a situation where we

1 do have a significant amount of the work staff that is going to be  
2 acting remotely and operating remotely.

3  
4 So we're planning for these types of things. We're doing as much  
5 as we can within the short period of time that we've had the  
6 availability to work with this to ensure that these things are in  
7 place for us.

8  
9 **LEG. BERLAND:**

10 Yeah, I appreciate that, because it seems that we're kind of  
11 totally behind the eight ball on that. You know, I mean, my kids,  
12 their companies are telling them stay home and work, and they're  
13 using their computers. They're having meetings with people over  
14 the phone through Skype, and they're doing everything that --  
15 they're not going into their offices, but they're fully able to  
16 function, you know. And I just hope that, you know, that we have  
17 that capability, and that we don't, you know, come to a total  
18 standstill because we're not ready.

19  
20 **COMMISSIONER MASTELLON:**

21 That is -- certainly, that's part of the plan right now, is to try  
22 to acquire the necessary resources technology-wise to support that  
23 type of activity. That being said, you know, we obviously have --  
24 there's a large workforce here, you know, close to 10,000 employees  
25 over -- across 25 different departments and across 20 different  
26 buildings. So, you know, there's a significant amount of  
27 technology that needs to be incorporated to support that. So it  
28 may be something that we may, you know, kind of start small and  
29 scale out to, but we want to be able to provide this. We're  
30 actually engaged with a few vendors right now to try to understand  
31 how we can support that.

32  
33 **LEG. BERLAND:**

34 Great. Thank you very much.

35  
36 **VICE-CHAIR DONNELLY:**

37 Just had one question of -- one more question for you. So the  
38 Executive Branch of government is managing the current response to  
39 this virus. So, in terms of technology, are you able to  
40 communicate pretty steady and readily with, say, CDC or the various  
41 other entities that are involved in this response? Are you  
42 comfortable with where you're at in terms of networking and  
43 equipment, and things of that nature? Do you see an additional  
44 need within that, because it's -- I think that many of us have been  
45 in on the conference calls, you know, with the Executive Branch of  
46 government, and they're doing a good job in responding to the  
47 current situation. But if there's a need for additional upgrades  
48 in terms of being able to communicate with various other levels of  
49 government, is that something that we should be -- have on our  
50 radar, so to speak?

51  
52 **COMMISSIONER MASTELLON:**

53 You know, there's a lot on the radar, to be honest with you, and  
54 there's a lot of things that are -- you know, is evolving on an  
55 everyday basis that's putting a strain on, obviously, us from a  
56 resource standpoint and from a technology standpoint. So, you

1 know, we're looking at all these different types of things. And,  
2 at this point in time, we're doing everything we can to support the  
3 needs of the Health Department as they're taking, you know, the  
4 lead on many of the interactions with CDC and the State, and  
5 supporting them every which way we can, and we actually have a  
6 hotline for them specifically as it relates to technology. If  
7 there's any issues they have 24/7, they have an ability to call and  
8 we will try to respond as quickly as possible. That being said,  
9 you know, we're looking at everything, and we're trying to respond  
10 as quickly as we can when we begin to identify where there might be  
11 breakdowns and issues.

12  
13 **VICE-CHAIR DONNELLY:**

14 So you play a critical role in this. And I just, again, want to  
15 thank you. That is, you know, an unusual kind of all-hazard kind  
16 of response, so to speak.

17  
18 **COMMISSIONER MASTELLON:**

19 Correct.

20  
21 **VICE-CHAIR DONNELLY:**

22 And the networking and infrastructure capability certainly is never  
23 more needed than now.

24  
25 **COMMISSIONER MASTELLON:**

26 Absolutely.

27  
28 **VICE-CHAIR DONNELLY:**

29 So, once again, thank you.

30  
31 **COMMISSIONER MASTELLON:**

32 No problem.

33  
34 **VICE-CHAIR DONNELLY:**

35 So if it's okay with the body, we'll stay with the same motion and  
36 same second for **Resolution 1239**. All in favor? Opposed?  
37 Abstention? The motion is carried. (*Vote: Approved*  
38 *5-0-0-1/Absent: Chairman Gonzalez*).

39  
40 Once again, thank you for attending this morning.

41  
42 **COMMISSIONER MASTELLON:**

43 Thank you.

44  
45 **VICE-CHAIR DONNELLY:**

46 We have no Procedural Motions in front of us. Unless anybody else  
47 has any further business, I'll take a motion from Legislator  
48 Kennedy, seconded by Legislator Mc Caffrey, to adjourn. All in  
49 favor? Opposed? Abstentions? This committee is adjourned. Thank  
50 you all for attending.

51  
52 (*\*The meeting was adjourned at 10:36 a.m.\**)  
53  
54  
55  
56
