4 **CHAIRPERSON HAHN:**

5 Welcome to the Legislature's Economic Development, Planning and

7 led by Legislator Richberg.
8

9 **SALUTATION**

10
11 Okay, thank you all. I'm going to just read these rules, Madam
12 Clerk. We do not have any speakers -- any correspondence before I
13 we get to the -- I read the part about the speakers?
14

15 **MS. ELLIS:**

16 No, we do not have any correspondence.
17

18 **CHAIRPERSON HAHN:**

19 No correspondence. So, in-person public comments will not be
20 permitted during this meeting. Those interested in addressing
21 Legislators may do so over Zoom by signing up at

33

34 **APPOINTMENT RESOLUTIONS**

35
36 And we'll move onto Appointment Resolutions. I see we have Brian
37 Beedenbender in the room. Welcome. We have **Introductory**

41 Berland.
42

43 **LEG. TROTТА:**

44 Motion to table.
45

46 **CHAIRPERSON HAHN:**

47 Motion to table from -- who was that?
48

49 **LEG. TROTТА:**

50 Trotta.
51

52 **CHAIRPERSON HAHN:**

53 Legislator Trotta made a motion to table.
54

55 **LEG. McCAFFREY:**

56 I'll second it.

1
2 **CHAIRPERSON HAHN:**

3 Second the motion to table by Legislator McCaffrey. On the motion,
4 we do have the appointee here. Brian, welcome.

5
6 **MR. BEEDENBENDER:**

7 Hello.

8
9 **CHAIRPERSON HAHN:**

10 Nice to see you. Hi.

11
12 **MR. BEEDENBENDER:**

13 Nice to see you as well.

14
15 **CHAIRPERSON HAHN:**

16 So, you know, I've worked with you over the years. But you're here
17 to speak to the Committee. Tell us about your background; tell
18 those who are listening at home about your background and for the
19 record and why you'd like to be a member of the Suffolk County
20 Industrial Development Agency.

21
22 **MR. BEEDENBENDER:**

23 Sure. Thank you and thank you to all the Legislators and everybody
24 on the phone. I think probably the political part of my career is
25 probably known and I'll talk about what I've been doing for the
26 past seven year plus years that I have not been involved in
27 politics. I've been working for the same company ever since I
28 left. It's a company named Tequipment. It's located in Huntington
29 Station and it is focused on education technology.

30
31 So our company sells education technology and professional
32 development to K to 12 schools all around the country. But our big
33 focus is in the New York, New Jersey area. And our largest group
34 of clients, as would not be surprised, is right here on Long
35 Island. I am the Vice President of sales for Tec and have been in
36 the sales capacity. Since I got here I've kind of moved up the
37 ladder a little bit. Primarily I run a team of about 35 people and
38 they focus on selling. I also help the company with its strategic
39 planning. It's a company of about 150 people that not all are here
40 in New York. Some -- we have field staff and professional
41 development, you know, those are teachers as well as install teams
42 throughout the tri-state area. But probably about 80% of the
43 company is New York based. And almost all of that is here on Long
44 Island.

45
46 The reason I'm before you here today is I reached out to some
47 people that I used to be friendly with in politics and I told them
48 that I wanted to be more involved. And I only gave them one set of
49 criteria of my involvement, which is that I did not want anything
50 that paid me anything. I love my job. I love the private sector.
51 I have a happy family and everything is great. I wanted to do
52 something that was volunteer because I don't need any government
53 money in my pocket. I have plenty that I found a way to earn on my
54 own, but I did want to be involved. And this came up and I always
55 had a passion for economic development. I'd love to see how I can
56 help.

1
2 So I'm happy to answer any questions from any of the Legislators.
3 I know that the IDA has been a topic of some renown lately and I'm
4 happy to share what I can.

5
6 **CHAIRPERSON HAHN:**

7 Thank you. Do we have any questions from the Committee? Do I see
8 any virtual hands? No virtual hands. Is that Rob Trotta waving at
9 me? Okay, Legislator Trotta, first.

10
11 **LEG. TROTТА:**

12 We usually get a resume which we didn't get, right? As far as I
13 know we didn't get.

14
15 **MR. BEEDENBENDER:**

16 I provided one beforehand. I can provide one again if you'd like,
17 sir.

18
19 **P.O. CALARCO:**

20 We had submitted a resume as part of the backup. It should have
21 been in the backup.

22
23 **CHAIRPERSON HAHN:**

24 Yeah, it's in the backup.

25
26 **MS. SIMPSON:**

27 Yeah, it's in there.

28
29 **LEG. BERLAND:**

30 It's in the backup, Rob. Page 214 of the packet if you get them in
31 paper.

32
33 **CHAIRPERSON HAHN:**

34 Can someone e-mail it to him?

35
36 **LEG. TROTТА:**

37 Anyway, so what does this company do that you work for?

38
39 **MR. BEEDENBENDER:**

40 So it's education technology. So if you're familiar with smart
41 boards, if you see behind me on the wall, that's -- we're the
42 largest reseller of those in the world and we provide professional
43 development for teachers. So schools use a lot of technology and
44 in many cases the technology is provided without the suitable
45 training and expertise that the teachers need to make best use of
46 it. So that's what our company does.

47
48 **LEG. TROTТА:**

49 You said you reached out to someone. Who did you reach out to?

50
51 **MR. BEEDENBENDER:**

52 I reached out to the Presiding Officer and said that I was
53 interested in being involved.

54
55 **LEG. TROTТА:**

56 Okay, I'm a huge critic of the IDA.

1
2 **MR. BEEDENBENDER:**

3 I'm aware, sir.
4

5 **LEG. TROTTA:**

6 A huge critic. And, you know, I said this before and this is going
7 is going to be my mantra, sort of, going on this year. When I was
8 in college, there was a quiet kid who sat in the back of the
9 classroom. And we had to give a little speech. And he got up. He
10 never said a word the whole semester. He got up and something that
11 stuck in my mind. He said to the class "raise your hand if you
12 would get on an airplane if it was going to be 99.9 percent going
13 to make it to its destination." And most of the class raised their
14 hand. And he said, "well, if 99.9 percent of the planes make it
15 to their destination, there would be no such thing as air travel.
16 Because 50 planes a day would crash into the ground and there'd be
17 nothing."
18

19 So my point is you have to be very good at what you do in order for
20 things to work and function properly; otherwise disastrous things
21 can happen. So let's extrapolate that to the IDA. I mean, I have
22 20 examples of disasters. The latest one is the Amazon Last Mile
23 Hub. Okay? Now, clearly it's the last mile hub, it's not a big
24 thing where they're going to have tons of employees and a corporate
25 headquarters. It's where they distribute the last mile.
26

27 On their application, question number eight, "is the requested
28 financial assistance reasonably necessary to prevent the applicant
29 from moving out of New York State?" They answered "yes." Now,
30 immediately what would you do if you saw that?
31

32 **MR. BEEDENBENDER:**

33 So what I can say, Legislator Trotta, is that I have -- I don't
34 know if I have as many questions as you, but I've shared those
35 questions with the staff and asked for a lot of answers.
36

37 **LEG. TROTTA:**

38 Would you vote for it or you wouldn't vote for it? Would you say
39 "are you lying on your application?"
40

41 **MR. BEEDENBENDER:**

42 So, what I will say specifically and generally, sir, is that if I
43 believed that somebody was untruthful on an application, it would
44 be very unlikely that it received my approval.
45

46 **LEG. TROTTA:**

47 Now would you think that when they asked the question "is the
48 requested information -- financial assistance reasonably necessary
49 to prevent the applicant from moving out of state?" And they said
50 "yes", would that be an indication to you that the last mile
51 distribution point really can't move out of state?
52

53 **MR. BEEDENBENDER:**

54 Yes, it would, sir. However, my understanding of this particular
55 application, and I am neither defending it nor saying that I would
56 have voted for it, but my understanding is that this approval by

1 the IDA was in concert with the County of Suffolk from an agreement
2 about 10, 12 years ago. And as a result this tenant chose space on
3 a plot of land that had been previously approved. That's my
4 understanding of how that happened.

5
6 **LEG. TROTТА:**

7 That's -- see that's the crux of the problem. I know these board
8 members. They're given the stuff like an hour before. They don't
9 even read it. It's a rubber stamp. Now, do you still live in the
10 same district that you represented?

11
12 **MR. BEEDENBENDER:**

13 I do not, sir.

14
15 **LEG. TROTТА:**

16 Because I got an unbelievable example to that, that's mind
17 boggling.

18
19 **MR. BEEDENBENDER:**

20 My parent do. So, what I will say, sir, is I view this as a
21 legislative appointment. And there are 18 Legislators. And I view
22 this as being a way to listen to you. And I had a conversation
23 with Legislator Krupski who shared a concern about the same thing.
24 And he asked me a question and Legislator actually got the answer
25 to that so I can provide it to you. But I have a lot of questions.
26 I think there should be a lot of due diligence. And I know, sir,
27 we never worked together nor did we ever serve together, but I ask
28 a lot of questions and I'm doing this for volunteer. If one day
29 people decide I shouldn't be there, that's fine with me. But
30 nothing will get my vote unless I think it's right. And I don't do
31 well with an hour before because I've read all of them.

32
33 **LEG. TROTТА:**

34 How do you explain every vote -- every vote is approved.

35
36 **MR. BEEDENBENDER:**

37 I can't explain how people vote. I only know one of the people on
38 this panel personally. And I can't explain how they vote. I can
39 talk to you about how I vote, sir.

40
41 **LEG. TROTТА:**

42 Who do you know there?

43
44 **MR. BEEDENBENDER:**

45 I'm familiar with Josh Slaughter because he was an aide to the
46 Legislature when I was a Legislator.

47
48 **LEG. TROTТА:**

49 I mean, it's literally a disaster. That's a little one. There's
50 going to be a scandal -- another scandal of epic proportion with
51 the IDA. It's literally -- your parents are -- let me tell you
52 about that one. The apartment complex on Jericho Turnpike, all
53 right, let's get right to the nitty gritty. They donated \$150,000
54 to -- majority of it went to the current County Executive. And lo
55 and behold, they got a \$7 million tax break, *oh, we can't build*
56 *condos, you have to build apartments, the only way the bank will*

1 do. They get a \$7 million tax break. The place isn't even totally
2 98% finished, what do they do? They sell it to Fairfield.
3 Fairfields are billionaires. What do they get? The same tax
4 break. And guess -- in that district at that time there were 299
5 pending foreclosures. So they're paying \$150,000 a year in taxes,
6 a one hundred which goes to the school district. It pays for five
7 kids. They said on their application, "oh, we're only going to
8 have four or five kids."

9
10 Then when they sold it to Fairfield and Fairfield reapplied, they
11 said there were six kids there. Right? And all six of them were
12 previously in the district. Well, guess what? I called the school
13 district. Do you know how many kids go there? Forty-nine. So
14 guess who's paying more? Your parents and that entire
15 neighborhood. That is the plane crashing into the ground. Period.

16
17 **CHAIRPERSON HAHN:**

18 So we can debate --

19
20 **LEG. TROTТА:**

21 These are facts. There's aren't debatable. There are facts;
22 they're numbers.

23
24 **CHAIRPERSON HAHN:**

25 No, we can debate --

26
27 **LEG. TROTТА:**

28 I don't think coming from the political background you have the
29 fortitude to say no. Because based upon every single person I've
30 seen come in, they all say yes.

31
32 **CHAIRPERSON HAHN:**

33 Okay. Well, we have a list. Thank you, thank you, Legislator
34 Trotta. I don't know, Brian, if you wanted to respond?

35
36 **MR. BEEDENBENDER:**

37 Yeah, I'm happy to.

38
39 **CHAIRPERSON HAHN:**

40 There are three Legislators waiting to ask questions, so.

41
42 **MR. BEEDENBENDER:**

43 And, listen, Legislator Trotta, I appreciate the diligence that it
44 took to get all that information and --

45
46 **LEG. TROTТА:**

47 I'm out. It took nothing. It took me five minutes. No one does
48 anything. No one looks at it. Five minutes. One phone call to
49 the school district.

50
51 **MR. BEEDENBENDER:**

52 I'm not disagreeing with you at all. What I was going to say, sir,
53 is that I would agree with you on many things that there things
54 that should be changed about the IDA and that there are things that
55 they should not be able to consider; that state law should be
56 amended. And I'm happy to learn more and answer any questions.

1 And I appreciate that you believe I don't have the fortitude, but I
2 don't have anything I need from anybody in politics. I don't have
3 anything I need. I am happy in the private sector. I am not
4 coming back. I make a a great living. I'm a happy person and I
5 don't work on weekends. So I understand why you believe that and
6 I'm not asking for your vote. I'm going to tell you what I'm going
7 to do and I'm open to your criticism if I get approved and I'm open
8 to your questions and conversations through the entire time.

9
10 **LEG. TROTTA:**

11 It's not even about you, by the way.

12
13 **MR. BEEDENBENDER:**

14 I know.

15
16 **LEG. TROTTA:**

17 It's not personal, it's just that -- look, it doesn't work.

18
19 **CHAIRPERSON HAHN:**

20 So, I do want to ease a little bit, Legislator Trotta. I mean,
21 Brian only mentioned talking to Legislator Krupski, but he did talk
22 to a number of us. And I remember my conversation was mostly my
23 concerns about the IDA. And, you know, about how I wanted someone
24 like Brian, who was diligent, who did comprehensive research, who
25 was a strong enough personality to ask the questions and to say no
26 when necessary. So, he's the kind of person, I believe, we need on
27 the IDA. And I, too, share some of your concerns.

28
29 The next person on the list was Legislator Richberg followed by
30 Legislator Piccirillo and then Presiding Officer.

31
32 **LEG. RICHBERG:**

33 Thank you, Madam Chair. And thank you, Mr. Beedenbender. I've
34 heard a lot of stories about you in the past.

35
36 **MR. BEEDENBENDER:**

37 I don't know if that's good.

38
39 **LEG. RICHBERG:**

40 You brought up some (laughter) -- I didn't say they were bad
41 stories, but -- so I guess my first question to go off some of what
42 Legislator Trotta was saying is, so what are some of the things
43 that you'd like to see differently? You know, Legislator Trotta
44 said something about, you know, an hour before meetings or
45 something like that. So what are some of your ideas? Because it
46 sounds like you've been thinking about this since this idea came
47 forward.

48
49 **MR. BEEDENBENDER:**

50 I have. So when I spoke with Legislator Hahn, one thing she
51 brought up and then I dug in afterwards because I was -- that was
52 relatively early on in the process, was, I guess, in the past
53 there's been some storage facilities that have been approved. And,
54 again, I'm not going to say that people on the IDA did something
55 wrong, there's a lot that I still have to learn about the process,
56 but my general intention for this would be for things like -- Canon

1 is the big example of where you get a large company that hired a
2 lot of people and was paying decent wages. But I think more of
3 that seems to make sense to me. I've had a long debate with -- a
4 long exchange, not debate, I would say, with the staff about some
5 of the recent approvals that are available on the website. There's
6 been some warehouse facilities that have been approved.

7
8 And I think warehousing is an essential part of the larger chain.
9 Like we happen to have a warehouse at my company on-site, but we
10 frequently use other ones. And our whole business and the people
11 that we pay pretty well here don't work without a warehouse. But,
12 again, like I think it's a matter of understanding what's happening
13 and asking a lot of questions.

14
15 One of the things that I want to learn more about and I've asked
16 some questions and gotten a few answers is, when companies make an
17 assertion that they're going to move out of state, I'd like to
18 really dig in more and understand how real those assertions are
19 because I'm sure that it's definitely a thing and we all know
20 companies that have left. But it's used sometimes as the lever to
21 say, "well, you know, you don't do this or I'm going to leave," but
22 how real is it that somebody would actually leave? And I don't
23 want to talk specifically, but there's an example recently of a
24 company that I don't really think was going to leave, I think they
25 needed help, but it said they were going to leave and I'm not so
26 sure they would have knowing a little bit about the company.

27
28 So, again, I think there's a role for this agency to do some real
29 good. I think with assistance of you guys and your colleagues at
30 the State, there are probably some things that may need to be
31 changed about this, but I'll know more when I'm in, inside if you
32 guys grant me that opportunity. And, again, I'm happy to share
33 with you, sir, and the rest of your colleagues what I found. I'm a
34 legislative appointment. And I view it that way and I view it as
35 years at the Legislature since I used to be one of you for just a
36 brief period of time.

37
38 **LEG. RICHBERG:**

39 Well, thank you for that. And I'm happy to hear that you're going
40 to be open to reach out. Unfortunately we didn't get a chance to
41 schedule a meeting, but I'd love to talk to you in further detail.
42 And I'm glad to hear that you want to sort of shake things up. I
43 think that's definitely needed. And I think there's been some
44 questions, right, there's been some wanted questions from, you
45 know, I have folks in my district who, you know, have conversations
46 about what IDAs do and their purpose. And so I think we need to
47 look at things differently.

48
49 So one of the things that we've seen some IDAs do is focus on
50 community-type investment, you know, focusing on disadvantaged
51 communities, poor communities and the like, you know. And I know
52 there's been conversations about, you know, equity and, you know,
53 if we're giving -- you know, you gave the warehouse example, if
54 we're giving money to that warehouse, what about the guy in, you
55 know, in Legislator Piccirillo's district who wants to do a think
56 tank, right, or something like that, you know. So what are your

1 thoughts on that; in changing the way we really look at how IDAs
2 are ran or managed or even work with communities?
3

4 **MR. BEEDENBENDER:**

5 So the current -- so to the question of equity, sir, I think that
6 -- I'm struggling with, get a good analogy here, but the IDA can
7 only act on what is applied to. So I think there's work that needs
8 to be done to make sure that communities that may not be aware of
9 these resources or communities that may not have gotten as much
10 investment in the past, receive the information so they're aware
11 that the opportunity is there.
12

13 In terms of the types of projects, sir, the IDA's current policy
14 allows -- has a uniform policy for ten different areas.
15 Manufacturing warehouse, agriculture and food, and I'm reading off
16 a list, I didn't memorize these, adaptive re-use, tourism, retail,
17 back office, energy production, affordable housing, senior housing
18 and market rate housing.
19

20 Now I think those are good questions, and Legislator Trotta asked
21 questions about housing, I think that's a legit question, too,
22 because there are a bevy of programs the County has for housing.
23 There's a lot out there for seniors, for low income, for all that.
24 There's a lot of programs for housing. So I think there's
25 questions about, you know, does that make sense. And Legislator
26 Trotta had asked me where I live. I live in Legislator Kennedy's
27 district now and I live about a mile and a half from the senior
28 center in Nesconset that was just approved by the IDA.
29

30 So, again, I have questions about where the housing is. But I
31 think to your initial question, there has to be work with you and
32 the Legislature and others to make sure that communities are aware;
33 and I also think, because it's fragmented, like in your district,
34 sir, I believe you're all Babylon so the Town of Babylon's IDA
35 would cover that. So I think the fragmentation makes it hard for
36 people to be aware of all the resources that are available to them.
37 Thank you.
38

39 **LEG. RICHBERG:**

40 Thank you. And, you know, I look forward to having a further
41 conversation with you in the near future.
42

43 **MR. BEEDENBENDER:**

44 No problem, sir.
45

46 **LEG. RICHBERG:**

47 Thank you.
48

49 **CHAIRPERSON HAHN:**

50 Okay, next we had Legislator Piccirillo.
51

52 **LEG. PICCIRILLO:**

53 Thank you, Madam Chair. Good afternoon, Mr. Beedenbender, and
54 thank you for appearing today and thank you for your willingness to
55 serve on the IDA. I also, as Legislator Trotta, I don't want to
56 use the word critic, but I think Legislator Trotta, myself and a

1 few other of our colleagues maybe on a lower scale level, really
2 want to see legislative oversight over the IDA. I know it's a
3 state function. I've spoken to Counsel and we don't have the
4 authority to do that now, but I really feel that our main purpose
5 as a legislative body is oversight. In my opinion, unelected
6 members of a board that can dole out millions of dollars of tax
7 money with no oversight from an elected board of the Legislature is
8 not good in my opinion. I think it sends the wrong message to the
9 public, that their taxpayer money is going to projects that don't
10 come in front of the people that they elected to watch those
11 monies. And I just hope that as I write a letter to the state and
12 my colleagues will sign that letter, to give us oversight over the
13 IDA.

14
15 My question is more what do you see the role of the Suffolk County
16 IDA; your opinion of what that role is over our economy in general.
17

18 **MR. BEEDENBENDER:**

19 So, I mentioned the fragmentation before, sir, and I don't know if
20 I'm stepping on a rail here, I might be, but it wouldn't be the
21 first time, I think, it's a little silly that we have multiple IDAs
22 both in Suffolk and Nassau in different towns because competing to
23 move something from Nassau to Suffolk or Suffolk to Nassau when --
24 you know, especially for -- I think your district is pretty close
25 to the border if I remember correctly, sir, of the counties or
26 maybe not?
27

28 **LEG. PICCIRILLO:**

29 No, no, I'm in the middle.
30

31 **MR. BEEDENBENDER:**

32 Oh, I'm sorry, sir, sorry, sir.
33

34 **LEG. PICCIRILLO:**

35 That's okay, it's okay.
36

37 **MR. BEEDENBENDER:**

38 It's been a while. And I think that doesn't make much sense, but I
39 I do think -- like I said, there's a couple projects when you look,
40 like these are small -- I think there's a food processing company
41 that started very small, I forget which town it started in, and
42 they're looking to purchase more space in the Hauppauge Industrial
43 Center and it's triple the size and they're look to add people and
44 it's a homegrown, that to me is the core of -- that's exciting.
45 This is somebody who created something; they're getting bigger;
46 they have an FDA -- they're approved and all that. And that to me
47 is the core for the IDA because I don't think it should be about
48 give-outs; it should be about hand-ups.
49

50 Like I have a company -- we built a company and, you know, food is
51 not a large margin business.
52

53 **LEG. PICCIRILLO:**

54 Right.
55
56

1 **MR. BEEDENBENDER:**

2 So finding a way to get them and keep them here and keep a home
3 grown company is what, I think -- now would it be great if those
4 were all tech jobs? Yes.

5
6 **LEG. PICCIRILLO:**

7 Right.

8
9 **MR. BEEDENBENDER:**

10 I mean I have little kids and I want them to have an economy where
11 they grow up here and they can stay.

12
13 **LEG. PICCIRILLO:**

14 Right. Just one second. Just stay on that point.

15
16 **MR. BEEDENBENDER:**

17 Sure.

18
19 **LEG. PICCIRILLO:**

20 So you mentioned this food company and they want to expand their
21 space. And here's my issue with the IDA. If the tax code wasn't
22 working against business in New York, they would have to be able to
23 keep the money that they have already earned to reinvest in their
24 company to hire more workers without the taxpayers having to
25 subsidize it while they're already being taxed and they can't
26 afford to live here.

27
28 So the IDA is really intervening in a way where it's making --
29 giving away taxpayer money instead of the state saying "we have an
30 untenable business climate in New York, it's chasing businesses
31 away, and instead of dealing with the tax code, we've created these
32 IDAs to come in and give out taxpayer money to make up the
33 difference." To me it's double taxation without representation.
34 And I think it's just a very bad precedent to set.

35
36 **MR. BEEDENBENDER:**

37 So, I agree with your sentiment if not some of the specifics, sir.
38 But what I will say, yes, the IDA is a tool that has been created
39 to address a situation. But it can't by itself address the root of
40 the problem. I agree with you. So I view the IDA as a tool. And
41 to use your example, I've said to some people in the past, like, if
42 I ran a non-for-profit that was focused on helping the homeless,
43 the goal of my non-profit would be to go out of business because we
44 solved the problem. And, you know, I think in a perfect situation,
45 an IDA would not be necessary. But it is necessary. And given the
46 current climate, and I'm not making critical comments about
47 anything, but I think there are challenges.

48
49 My business, I'll tell you -- it's not mine, but the one that I
50 work for, we are owned by a married couple and have been for the
51 past 49 years. We own our land, our building and we don't owe
52 anybody any money. And just in case anybody has any questions, we
53 do no business with the County of Suffolk. It would not really fit
54 into our business model so there's nothing there. And we would
55 never, ever come before the IDA because we don't need it. But
56 there are many companies that would.

1
2 **LEG. PICCIRILLO:**

3 Right. Yeah, I just really hope that maybe you could bring to the
4 board when you're selected about legislative oversight. I think
5 it's just very important that these projects come in front of a
6 duly elected co-equal branch of government. So, I really hope that
7 you can express that to the other board members.
8

9 **MR. BEEDENBENDER:**

10 I can certainly -- like I said, as a legislative appointment, I'm
11 happy to share that with the other members and I know they are as
12 well. I don't know -- I hear what you're saying, but Legislator
13 Trotta made a point before where he suggested that, you know,
14 there was one politician who got a donation and then a project
15 happened, and he tied those two things together. And I would just
16 say I believe in oversight and I agree with you. But I would also
17 ask questions and, you know, how does it make sense to have the
18 same group of people that the elected officials approving tax
19 breaks while elected officials have to raise money as well. And
20 I'm not suggesting that about any individual. I'm just saying that
21 in general, sir.
22

23 **LEG. TROTTA:**

24 If I may, I will. I mean, the Amazon deal, Bellone got \$200,000
25 from the builder. This is a money laundering organization. That's
26 all it is. I used to arrest people --
27

28 **CHAIRPERSON HAHN:**

29 Rob. Come on, Rob.
30

31 **LEG. TROTTA:**

32 Come one, it's the truth.
33

34 **CHAIRPERSON HAHN:**

35 Legislator Piccirillo, are you --
36

37 **LEG. PICCIRILLO:**

38 Thank you, Madam Chair, for the floor. I appreciate it. Thank
39 you, Mr. Beedenbender, for your responses. I appreciate it.
40

41 **MR. BEEDENBENDER:**

42 Thank you, sir.
43

44 **CHAIRPERSON HAHN:**

45 Okay, Legislator Presiding Officer Calarco was next followed by
46 Legislator Gonzalez and then Legislator Krupski.
47

48 **P.O. CALARCO:**

49 Thank you, Madam Chair. So I don't have any questions for Brian.
50 He and I have spoken a couple of times. So, I'm just going to say
51 my pitch and, you know, when Brian reached out to me to say "I want
52 to find ways to be involved in the community again," and I knew we
53 had the appointment open on the IDA, I thought he was a perfect fit
54 because Brian has an extensive understanding of county government;
55 he spent many years working first for the County Executive in the
56 Levy administration; and then he became a county Legislator in his

1 own right for two years. And then he had extensive experience
2 working in the Town of Brookhaven when he was working for
3 Supervisor Lesko. And so he understands local government both on
4 the county and the town level, but he spent the last ten years, so
5 I guess that's about right, right, Brian, in the private sector
6 working in totally separate and apart from government and just
7 looking at how and what kind of things and challenges businesses
8 face in the current climate.

9
10 And so to me that's like the perfect candidate for an IDA board
11 because the IDA does have a role in granting tax breaks and other
12 things and facilitating business growth. And you want somebody who
13 understands the business side of things and understands potentially
14 the governmental side of things as well. And that was really why I
15 felt it was a perfect fit.

16
17 As to Brian's character, I know he's a guy who's going to be asked
18 tough questions. He's going to do what he thinks is right. He's
19 not going to be influenced by anybody and he wasn't influenced by
20 anybody when he was here in the Legislature. And he's going to do
21 what is the right thing to do by the way he sees it. And honestly
22 he reached out to me at one point in time after we first talked
23 about maybe this appointment and he offered some questions he was
24 going to ask of the IDA staff about some past projects, and I'm not
25 going to get into what those questions were, and he just said "I
26 want you to be aware these are the types of questions I'm going to
27 ask, and they're tough ones." And I think my response to him was
28 "I trust you. I know that you're going to do the right thing and
29 so that's why I'm putting you forward."

30
31 And it wasn't the question -- the questions he was asking; it's the
32 fact that I know he's going to ask hard questions and he's going to
33 hold people accountable and he's going to make sure that if we're
34 trying to do a deal through the IDA that there's going to be a
35 benefit to the County as a result of it. And that's what the IDAs
36 are for, is to create business opportunities and create jobs in our
37 region. And I know that that's the function that Brian's going to
38 see the IDA through on.

39
40 And I know that some have questions about whether we should have
41 IDAs or not have IDAs and those are legitimate and good debates to
42 have. But at the moment we have one; we have a Suffolk County IDA
43 that does all the work that IDAs do in the parts of the County that
44 don't have their own respective IDAs like the Babylon Town IDA,
45 what have you. And, you know, until the state takes that away or
46 changes that process, we need to have good members of that board
47 who are willing to go out and work and make sure that the deals
48 that the IDA is entering in are the best deals for the County. And
49 I am sure Brian's going to be somebody who's going to do that.
50 He's going to bring his expertise from both the governmental as
51 well as the private sector side to do that work. And I've always
52 had a lot of respect for Brian and I think that this is -- we're
53 privileged to be able to get him. And I think if anybody has
54 questions, as you know, as you just heard, he's not going to shy
55 away from the tough questions. And I think that's what makes him a
56 good candidate here. So, I am thoroughly supportive of Brian and

1 hope everybody supports him.

2

3 **CHAIRPERSON HAHN:**

4 Thank you, Presiding Officer. Next we have Legislator Gonzalez.

5

6 **LEG. GONZALEZ:**

7 Thank you, Madam Chair. Brian, reporting onto the things that I

8 have -- can you hear me?

9

10 **MR. BEEDENBENDER:**

11 Yes, sir.

12

13 **LEG. GONZALEZ:**

14 Okay. I am very happy. It's kind of refreshing to actually hear
15 the type of individual that you are, that you're going to ask these
16 hard questions because God knows as of late I've been very, very
17 uptight, very upset and not believing, especially in the local
18 IDAs. I'm not going to mention anything else, but I will say that
19 I think having someone like yourself on this board is so important.
20 Again, the only reason I'm saying this is because I am just fed up
21 with the local IDAs that act independently. And so I think your
22 knowledge is something that we can always tap into, especially when
23 we have questions on the local town levels. And, listen, I'm with
24 it. I'm with you.

25

26 **MR. BEEDENBENDER:**

27 Thank you, sir.

28

29 **LEG. GONZALEZ:**

30 So, I think one question I'd like to ask, and maybe it's out of,
31 you know, the conversation pieces that we're talking about, what do
32 you feel right now about the current IDA and how it's running and
33 how things are? I know it's a question. You're looking out the
34 window. I could see it.

35

36 **MR. BEEDENBENDER:**

37 Yeah, the window's right here.

38

39 **LEG. GONZALEZ:**

40 Can you answer that question because I agree; I agree with
41 Legislator Piccirillo and, of course, the passion of Legislator
42 Trotta about the oversight. But what do you believe, what do you
43 feel and think about the current IDA; Suffolk IDA?

44

45 **MR. BEEDENBENDER:**

46 Well, I've looked through on their website, you can see the recent
47 ones and I've read through. And as Presiding Officer Calarco
48 mentioned, I asked a lot of questions about things that have
49 already been approved, what's the policy, how do I understand it.
50 So what it does appear to me from my limited knowledge, and I've
51 spoken with the staff and we've had a bunch of conversations, I
52 reached out to them at the beginning to just try to get as many
53 resources as I could to prepare for today and prepare to serve, it
54 seems as though they have a lot of policies in place and there's
55 not a lot of applications. It doesn't seem like the deal flow is
56 significantly high right now. And it seems like it's run well at

1 the staff level.

2
3 I'm not sure if -- what I want to learn more about is what are the
4 incentives for the IDA as an entity? And I'm not talking about a
5 person, but, like, it has a small staff; it exists just to exist.
6 It doesn't exist to make any money. It seems like it's run well
7 but I don't know -- I want to learn more and ask questions and get
8 more that I don't have access to right now to understand if I agree
9 with all the decisions. I'm not saying I do, I'm not saying I
10 don't. There are some that I have a lot of questions with. And I
11 could be wrong. There were several things they pointed out to me
12 that I thought were foolish and they said, well, they explained it
13 to me and it made sense to me. There were some where they didn't.

14
15 So, I don't know if it's run well yet, sir. I've spoken to the
16 staff but I haven't been at a meeting and served and reviewed an
17 application and spoken with the other members. So I don't want to
18 say that it's bad or it's good before I know. I'm happy to give an
19 opinion once I've had some experience with it.

20
21 **LEG. GONZALEZ:**

22 Thanks, Brian. Thank so much. And, once again, I think one of the
23 things that we really, really need is exactly what Legislators
24 Piccirillo and Trotta were talking about. There has to be some
25 type of oversight, you know, going into the future. We need to
26 really look at this. Go ahead.

27
28 **MR. BEEDENBENDER:**

29 And, sir, I was just going to say I'm happy to share separately my
30 phone number, my cell phone number so you can all call. I almost
31 said it here but I realized the folly that might bring. So, I will
32 share with all you individually. So if you ever want to call me,
33 it's always with me, I'm happy to talk to you.

34
35 **LEG. GONZALEZ:**

36 Absolutely I would love to.

37
38 **MR. BEEDENBENDER:**

39 Sure.

40
41 **LEG. GONZALEZ:**

42 Yes. Thank you. Thank you, Madam Chair.

43
44 **CHAIRPERSON HAHN:**

45 Thank you, Legislator Gonzalez. Next we have Legislator Krupski
46 followed by -- Legislator Spencer was on the list. Followed by
47 Legislator Spencer then Legislator Trotta again.

48
49 **LEG. KRUPSKI:**

50 Thank you, Madam Chair, for the indulgence. So, Brian you and I
51 spoke the other day. And I don't come from a town that has an IDA
52 so --

53
54 **LEG. GONZALEZ:**

55 Good bless.

1 **LEG. KRUPSKI:**

2 (Laughter) So, I'm not as fluent as some other Legislators on how
3 IDAs function. I did have a couple of questions, though. As a
4 member, would you be concerned with a competitive disadvantage;
5 you're working for a company, you said, and they're privately
6 owned. Giving someone a competitive advantage or putting someone
7 else at a competitive disadvantage as someone who's in business
8 because now your direct competitor is not paying mortgage tax,
9 sales tax, you know, full ride property tax and all that, how would
10 you handle that scenario?

11
12 **MR. BEEDENBENDER:**

13 It's a great question. I think there are a lot of things that
14 result in people getting competitive advantages that are given out
15 by the government. I think the IDA certainly would be one of them.
16 I think if you can ensure that the opportunity is available to all,
17 then, you can help. But just from my perspective here, and I can
18 only talk about the company that I work for, we own everything.
19 Like we own all of our property and all of our buildings and we
20 have no debt. But we have a lot of competitors. And even though
21 this is a lot of money, and I don't want to underscore the amount
22 of money that the taxpayers are saving -- excuse me -- are giving
23 and that companies are saving, in most cases the amount of money
24 that the company saves would be insufficient to create that
25 competitive advantage. And I'm not, please don't misinterpret me,
26 I'm not saying that the company -- that the taxpayers are not
27 giving out a lot of dollars. But a company of my size, if we
28 didn't have to pay sales tax on our equipment, it would definitely
29 be a savings, but it wouldn't create a competitive advantage.

30
31 So, I think your question is correct, if we're thinking about, like
32 the food service industry which I mentioned before, where you're
33 generally talking about razor-thin margins and they're not
34 operating on a lot of dollars where it could. At the same time the
35 company is growing. So I think it's a delicate balance. It could
36 definitely be an impact. But, like I said, you know, with the
37 housing, there's a lot of programs for housing where the housing
38 incentives that the government gives could give one developer an
39 edge over another. So I think -- I don't want to hedge because I'm
40 not a hedging person. I think the right answer here is, as an
41 instrument the IDA can do what it can do and it can say no if it
42 thinks it's wrong; but I think inherently you're right, that giving
43 somebody a tax incentive, or reducing their taxes, gives them a
44 market place advantage.

45
46 **LEG. KRUPSKI:**

47 And I know it's not going to be an advantage in all applicants the
48 IDA, but where it will be an advantage, will you consider that as
49 -- because if you've got an existing business already that's
50 functioning, you don't want to hurt that business. To some of the
51 Legislators' points about it's difficult enough being in business
52 with all the other layers of government regulation and taxation, to
53 put them at an additional disadvantage where they're operating.

54
55 **MR. BEEDENBENDER:**

56 Yeah, I think -- so, I want to say yes but I need to say yes with a

1 caveat, I think, sir. What I mean by that is if an application is
2 duly before the IDA and it meets the criteria under the law, I
3 think rejecting that application because maybe another company that
4 was not before the IDA said it would negatively impact them, I
5 think that gets a little bit more into the picking winners and
6 losers than I would be comfortable with. And I realize that by
7 giving a tax break for an IDA, you are technically picking a
8 winner. But if it's a duly authorized government program -- I hope
9 we're getting into political philosophy here too much -- but if
10 it's a duly authorized government program and IDA is allowed to do
11 it and they applied, I think it should stand on its own merits.
12 Because I think there's some moral hazard for, *well, that company*
13 *over there might be better*, so it's a great question and one that I
14 want to spend some more time thinking about, sir, but that would be
15 my gut reaction that choosing somebody who didn't -- not doing it
16 because somebody who didn't apply expressed some concerns is a
17 little bit of picking winners and losers that I'm not sure would be
18 appropriate.

19
20 **LEG. KRUPSKI:**

21 Thank you. So, I've got another question. And it is because this
22 is a -- basically the benefit is a public funded benefit. So do
23 you think that these benefits should be transferrable or do you
24 think that they should have to go back for review before an IDA so
25 you can't trade these on an open market?

26
27 **MR. BEEDENBENDER:**

28 Can I ask you a clarifying question, sir, just to make sure I
29 understand?

30
31 **LEG. KRUPSKI:**

32 Yeah.

33
34 **MR. BEEDENBENDER:**

35 Are you suggesting -- so I think -- I think, Legislator Trotta,
36 used an example before --

37
38 **LEG. TROTТА:**

39 You have to go back.

40
41 **MR. BEEDENBENDER:**

42 Is that the current -- that's the current law? Okay, yeah.

43
44 **LEG. KRUPSKI:**

45 Okay. All right, thank you. I feel -- Legislator Trotta's given
46 me great comfort. Thank you.

47
48 **MR. BEEDENBENDER:**

49 And, Legislator Krupski, you had asked me a question about sales
50 tax when we spoke --

51
52 **LEG. KRUPSKI:**

53 Yes.

54
55 **MR. BEEDENBENDER:**

56 -- about whether or not the IDA was empowered to grant partial

1 sales tax instead of the entire sales tax.

2
3 **LEG. KRUPSKI:**

4 Yeah.

5
6 **MR. BEEDENBENDER:**

7 So, if you don't mind, I'm going to read the answer I got because
8 it's very specific. There's a limited cap on the amount of sales
9 tax for a project. And it's determined by a calculation using the
10 project costs. So there's an upper, like, count of dollars. So
11 there's a maximum amount of dollars that could be exempted in sales
12 tax. But what the IDA staff has said is that they're not aware of
13 any instance either Suffolk or a local IDA where instead of giving
14 the entirety of the sales tax, which if I remember correct is
15 8.625, I may have that wrong, I forget, where they gave 4% or
16 something like that. They're not aware of any instance.

17
18 It could happen, but that would have to be prorated across all
19 portions. So there's the county tax; there's the water quality tax
20 and the state tax. So if it was a 50% tax exemption, it would have
21 to be 50% of the state, 50% of the county, 50% of the water
22 quality, and forgive me, I'm not sure if anything else has been
23 added to the mix. So it's possible, but as I understand has not
24 been done before.

25
26 **LEG. KRUPSKI:**

27 Thank you for that. Thank you for that answer. And could I ask
28 you something if you are, in fact -- you do join the IDA that you
29 keep in mind that Suffolk County government is largely funded
30 through sales tax; and that we need sales tax to keep all of our
31 programs and all of our government services operating.

32
33 **MR. BEEDENBENDER:**

34 Yes, sir.

35
36 **LEG. KRUPSKI:**

37 Thank you. Thank you, Madam Chair.

38
39 **CHAIRPERSON HAHN:**

40 Thank you. And thank you for that reminder especially now when
41 we've had so little of it for so long and it's starting to come
42 back. But it's important to note. Legislator Spencer, you had had
43 a question? Did you change your mind?

44
45 **LEG. SPENCER:**

46 Yes, I do.

47
48 **CHAIRPERSON HAHN:**

49 Go ahead.

50
51 **LEG. SPENCER:**

52 Thank you, Brian, for answering all of our questions. And I wanted
53 to follow up on something earlier that I agree with where you were
54 speaking about competing IDAs. And if there was ideal situation of
55 what would be a nice structure, would you see a Long Island-wide
56 IDA or one -- how would you structure it that it would be the most

1 effective for Long Island?
2

3 **MR. BEEDENBENDER:**

4 Well, what I would say is in general my personal preference would
5 be a larger more regional view of things is better. I think Nassau
6 and Suffolk both have competitive advantages over New York City
7 with the tax structure that's in New York City. And I'm not
8 talking about policy. I'm just talking about the current tax
9 structure. And, listen, I think it's hard -- like our business is
10 in your district, sir, you know, I'm sitting in your legislative
11 district right now at work. And half our employees are from
12 Nassau, half our employees are from Suffolk. And we benefit
13 greatly from all of them.
14

15 And, you know, if our company moved a mile and a half, two miles to
16 the west into Nassau, we would still be the same company. So I
17 think you want to attract more people to Nassau and Suffolk because
18 I don't know that there's is a direct benefit besides the property
19 taxes from the commercial buildings to having an entity in
20 Huntington versus having an entity in Islip or Smithtown or
21 Babylon. Certainly it's great. We all want great businesses close
22 to where we are, but from a Suffolk County taxpayer to Legislator
23 Krupski's point, it matters not whether it's in Huntington or
24 Islip. We may argue that it would be better if it's in Suffolk
25 than Nassau. And certainly I'd be on your team with that.
26

27 But I think a larger regional approach would be more beneficial.
28 But as a member of the IDA, I don't have that decision. I think if
29 the state or this Legislature wished to advocate, that would be an
30 interesting move.
31

32 **LEG. SPENCER:**

33 Thank you very much. And I reviewed your resume and your history
34 and it's an honor to have this opportunity to speak with you.
35

36 **MR. BEEDENBENDER:**

37 That's just 'cause you haven't met me. (Laughter)
38

39 **LEG. SPENCER:**

40 But I look forward to meeting you soon. Thank you. Thanks, Madam
41 Chair.
42

43 **CHAIRPERSON HAHN:**

44 Thank you, Legislator Spencer. Next was Legislator Trotta; then
45 Legislator Berland; then Presiding Officer Calarco. And then
46 hopefully we can wrap this up.
47

48 **LEG. TROTТА:**

49 You mentioned that you were briefed on some of these things and
50 there were some that you were against. Which ones were you
51 against?
52

53 **CHAIRPERSON HAHN:**

54 Oh, come on, Rob.
55
56

1 **MR. BEEDENBENDER:**

2 Well, you know what, no, I'm happy to --

3
4 **LEG. TROTТА:**

5 Kara, with all due respect, he's here asking for a job. Come on?
6 We have a responsibility to our taxpayers to find out what's going
7 on.

8
9 **CHAIRPERSON HAHN:**

10 How is he going to be able to talk about being in favor of one or
11 another that's already passed, that's like --

12
13 **LEG. TROTТА:**

14 Never mind, never mind, never mind. No further questions.

15
16 **MR. BEEDENBENDER:**

17 I can't say what I'm against. I can tell what you what I asked
18 questions about.

19
20 **LEG. TROTТА:**

21 Don't worry, don't worry, I have no further question.

22
23 **MR. BEEDENBENDER:**

24 Okay.

25
26 **CHAIRPERSON HAHN:**

27 Next Legislator Berland.

28
29 **LEG. BERLAND:**

30 Love following you, Rob Trotta, always a pleasure. Okay, so I have
31 always been interested in housing being affordable in perpetuity.
32 And we've passed the piece of legislation at the Legislature that a
33 percentage of projects that get county funding, that a percentage
34 of those numbers have to stay affordable in perpetuity. I always
35 get the push back from, you know, projects before the IDA, *well,*
36 *you can't get funding if it's in perpetuity, and you can't get this*
37 *and you can't that, you can't build studios because of the volume,*
38 *you gotta build this or that.* So I just want to know your opinion
39 personally on the affordability in perpetuity component. Because I
40 don't have a problem per se giving, you know, tax breaks to, you
41 know, the building of housing because I think we need more
42 affordable housing. I do have a problem when it's, you know, 25
43 years affordable and then, you know, the builder who's going to
44 leave this, you know, because they're rentals most likely and
45 they're going to leave this new development to their, you know,
46 grandchildren and their grandchildren's grandchildren and they're
47 going to take this affordable stuff and all of a sudden it's going
48 to be market rate and it's a win fall that I think personally is
49 unfair. So what do you think about that?

50
51 **MR. BEEDENBENDER:**

52 So, it's been a while since I was familiar with affordable housing,
53 the nitty gritty of it, Legislator. But what I will say, I guess,
54 to you and to some of the other questions that the Legislators had,
55 I think changing the way IDAs are allowed to do something is a
56 absolutely legitimate and good discussion to have. I don't know

1 that it necessarily makes sense whether it's affordable housing,
2 prevailing wage or anything else, that making -- and I'm not
3 against prevailing wage to be clear. But making the IDA the
4 instrument of public policy outside of what it's designed to do, I
5 think it creates a bunch of things; whether it's picking winners or
6 losers. I understand the state has changed the law with regard to
7 prevailing wage. That goes into effect in 2022. But if affordable
8 housing is advisable and it's allowable and it's a good project,
9 then, the IDA should approve it. But I guess if it required the
10 IDA to add additional caveats, I'm not sure that that its'
11 responsibility. However correct I might think you are, I don't
12 know that it's the IDA's responsibility to do that. But I want to
13 think about it more to be honest. That's my gut reaction.

14
15 **LEG. BERLAND:**

16 Okay. I would say that's fair on some level but --

17
18 **MR. BEEDENBENDER:**

19 Yep.

20
21 **LEG. BERLAND:**

22 But as the legislative representative, you know, you can take the
23 lead that the Legislature is in favor of the perpetuity of these
24 units. And, you know, just by bringing that up in the discussion
25 and asking well, you know, you want to have this project and you
26 want to have the tax breaks, you know, what is the -- you know, how
27 long are they going to be affordable; are they affordable in
28 perpetuity; and can the applicant come back to us with some, you
29 know, amendment, maybe, to, you know, provide for some units that
30 will be affordable in perpetuity. I mean you can -- you know, you
31 can ask those questions.

32
33 **MR. BEEDENBENDER:**

34 Yeah.

35
36 **LEG. BERLAND:**

37 You don't have to, you know, create new legislation through the IDA
38 but you can certainly, you know, now that you're aware of it
39 specifically, you know, ask those kind of questions. Because once
40 they come -- once they come back to us, rest assured I'll be asking
41 those questions. So, you know, it'll be nice if the questions are
42 asked well before it comes to us. So, but --

43
44 **MR. BEEDENBENDER:**

45 Understood, Legislator.

46
47 **LEG. BERLAND:**

48 But thank you very much, Brian, for your willingness to serve and
49 you have my support. Thank you.

50
51 **MR. BEEDENBENDER:**

52 Thank you.

53
54 **CHAIRPERSON HAHN:**

55 Okay, Presiding Officer Calarco had his hand up.

1 **P.O. CALARCO:**

2 I think we can call the vote.

3
4 **CHAIRPERSON HAHN:**

5 Okay. All right. So we have a motion and a second to table and
6 tabling goes first. Roll call.

7
8 (Roll call by Ms. Ellis, Clerk of the Legislature)

9
10 **LEG. TROTТА:**

11 I'm going to pull it out. I'm not going to -- withdraw it. I'm
12 withdrawing the motion to table.

13
14 **CHAIRPERSON HAHN:**

15 So the motion to table is withdrawn. We have a motion and a second
16 to approve, roll call.

17
18 (Roll call by Ms. Ellis, Clerk of the Legislature)

19
20 **CHAIRPERSON HAHN:**

21 Yes.

22
23 **LEG. BERLAND:**

24 Yes.

25
26 **LEG. GONZALEZ:**

27 Yes.

28
29 **LEG. TROTТА:**

30 No.

31
32 **LEG. McCaffrey:**

33 Abstain.

34
35 **LEG. RICHBERG:**

36 Yes.

37
38 **LEG. SPENCER:**

39 Yes.

40
41 **P.O. CALARCO:**

42 Yes.

43
44 **MS. ELLIS:**

45 Six. (6-1-1-0. PO CALARCO INCLUDED IN VOTE)

46
47 **CHAIRPERSON HAHN:**

48 Okay. That is approved. And, of course, my computer during that
49 time shut down, so, sorry, with my agenda.

50
51 **MR. BEEDENBENDER:**

52 Before I go, Legislator, is it necessary -- do you need me to be at
53 the General Meeting as well?

54
55 **LEG. BERLAND:**

56 You have another appointment resolution.

1
2 **CHAIRPERSON HAHN:**

3 There is one more resolution because --

4
5 **MR. BEEDENBENDER:**

6 Yes.

7
8 **CHAIRPERSON HAHN:**

9 -- the IDA and the Economic Development Corporation are separate.

10
11 **MR. BEEDENBENDER:**

12 Yep.

13
14 **CHAIRPERSON HAHN:**

15 So let's just take this next one. So 2018 of 2020 was approved.
16 And now 2019 of 2020, **Appointing Brian Beedenbender as a member of**
17 **the Suffolk County Economic Development Corporation. (Pres. Off.).**
18 I'll make a motion to approve that; seconded by Legislator Berland.
19 Is there any discussion on this piece for anyone? Okay, we have a
20 motion and a second, roll call.

21
22 **(Roll call by Ms. Ellis, Clerk of the Legislature)**

23
24 **CHAIRPERSON HAHN:**

25 Yes.

26
27 **LEG. BERLAND:**

28 Yes.

29
30 **LEG. GONZALEZ:**

31 Yes.

32
33 **LEG. TROTTA:**

34 No.

35
36 **LEG. McCAFFREY:**

37 Abstain.

38
39 **LEG. RICHBERG:**

40 Yes.

41
42 **LEG. SPENCER:**

43 Yes.

44
45 **P.O. CALARCO:**

46 Yes.

47
48 **MS. ELLIS:**

49 Six. (6-1-1-0. PO CALARCO INCLUDED IN VOTE)

50
51 **CHAIRPERSON HAHN:**

52 2019 of 2020 is approved. So these both, as you know, go onto the
53 General Meeting which is next Tuesday. And usually we say, you
54 know, if it goes through the Committee smoothly, you don't have to
55 attend. You know, because there are --

1 **MR. BEEDENBENDER:**
2 I'm happy to be there.

3
4 **CHAIRPERSON HAHN:**
5 I think we should -- what we'll do is I think we're going to take
6 two -- we're taking another one out of order so maybe we'll work
7 with you for a time when --

8
9 **MR. BEEDENBENDER:**
10 If that would be at all possible, that would be fantastic.

11
12 **P.O. CALARCO:**
13 We'll schedule a time on Tuesday to pull you out of order, Brian.

14
15 **MR. BEEDENBENDER:**
16 Thank you, sir.

17
18 **CHAIRPERSON HAHN:**
19 All right. So, there are no presentations, no tabled resolutions,
20 introductory resolutions, no executive session. So with no further
21 business before the Committee, thank you, Brian, we are adjourned.

22
23 **MR. BEEDENBENDER:**
24 Thank you everybody.

25
26 **CHAIRPERSON HAHN:**
27 Thanks everybody.

28
29 **LEG. BERLAND:**
30 Bye everybody.
