(The meeting was called to order at 9:30 a.m.)

**CHAIRMAN FLOTTERON:**

I'd like to begin the Budget and Finance Committee. Can we please all rise and, Dominick Thorne, lead us in the Pledge of Allegiance.

(Pledge of Allegiance)

Please remain standing and say a prayer for our military and also our first responders.

(Moment of Silence Observed.)

Please be seated. Clerk, if you'd please do roll call.

(The roll was called by Chief Deputy Clerk Clark.)

**CHAIRMAN FLOTTERON:**

Here.

**LEG. KENNEDY:**

Here.

**LEG. CARACAPPA:**

(No response.)

**LEG. GONZALEZ:**

Here.

**LEG. RICHBERG:**

Present.

**LEG. THORNE:**

Present.

**P.O. MCCAFFREY:**

Here.

**CHIEF DEPUTY CLERK CLARK:**

Six.

**CHAIRMAN FLOTTERON:**

Thank you. Also an excused absence for Legislator Caracappa. There's no correspondence. The public portion -- the first person is Dr. Jeffrey Reynolds. Please state your name for the record, and also you have three minutes.

**DR. REYNOLDS:**

Good morning. Happy to be here. It's great to see so many old friends still doing great work. I'm Reynolds. I have the privilege of being the president and CEO of Family and Children's Association, a 140-year-old organization serving all of Long Island. Germane to this conversation is we provide mental health services to around 400 kids and adolescents in any given month. We run two Oasis licensed treatment centers, three recovery centers, and a whole variety of addiction prevention and recovery service.

1 Here today on IR 1436, a bill that deals with the proceeds from  
2 cannabis taxes. I saw that there is a significant portion, 50  
3 percent, dedicated to I think what is probably one of our islands  
4 greatest natural resources, and that is the preservation of open  
5 space, but there's another equally if not more important resource,  
6 and that's our kids. I was someone who, while I served on the  
7 governor's task force to help draft the legislation to legalize  
8 cannabis, I was one of two people in that group that was invited to  
9 the table specifically because I thought it was a terrible idea  
10 because I worried a lot about the commercialization of cannabis and  
11 what would happen to our kids and how it would be marketed, and now  
12 we have a full blown mental health crisis among our kids, and the  
13 two converged together at a time when kids and families can't  
14 access psychiatric services in a ready kind of way which means that  
15 increasingly they are turning to other things in order to medicate  
16 away their anxiety, their depression, and everything else they are  
17 experience.

18  
19 The state rollout of the cannabis law has been an absolute  
20 disaster. If you ask folks in the industry, they will tell you  
21 exactly the same thing, but the point is we've already seen an  
22 uptick in cannabis use among young people. The state promised a  
23 public education campaign before a single cannabis store was  
24 opened; that didn't materialize, so that means that young people  
25 are out there as stores are opening, as illicit stores are  
26 operating using cannabis and under the impression that if it's  
27 legal, it must be safe. I would make a pitch here and say that  
28 Suffolk County should do its part and make sure that more of those  
29 proceeds are spent on those mental health and addiction services  
30 that we're struggling to provide in the community. At our agency  
31 and in every other organization in Suffolk and in Nassau, we have  
32 waiting lists. We have waiting lists because we don't have the  
33 funds necessary to do what we need to do, and we have waiting lists  
34 because the job market has become so competitive, we can barely get  
35 social workers to come and work what we're paying them. So again,  
36 no knock against open space, no knock against the sponsor of the  
37 bill, just would love to see more money dedicated to the  
38 prevention, treatment, and recovery side in dealing with cannabis.

39  
40 **CHAIRMAN FLOTTERON:**  
41 Legislator Richberg.

42  
43 **LEG. RICHBERG:**  
44 Hi, Jeff. Good to see you.

45  
46 **DR. REYNOLDS:**  
47 Likewise.

48  
49 **LEG. RICHBERG:**  
50 So quick question. So when you're talking about prevention,  
51 community groups, community organizations that do alternatives to  
52 or provide activities with inside the communities, would that be  
53 something you are interested in as well?

54  
55 **DR. REYNOLDS:**  
56 It is, and, in fact, there's a model for doing this the right way.

1 The model was a distribution of the opioid settlement dollars,  
2 which includes traditional organizations that have dealt head on  
3 with the opioid crisis and provided treatment and recovery and  
4 those specific services, but the portfolio funded programs also  
5 includes organizations that deal with the sociodemographic things  
6 that contribute to kids using substances and also provide  
7 meaningful alternatives for kids in our community, so the short  
8 answer is yes, and we have a model for doing it the right way.  
9 The county has done it successfully.

10  
11 **LEG. RICHBERG:**

12 I just want to make sure that the county has done it successfully.  
13 Has anybody else released opioid dollars as of yet?  
14

15 **DR. REYNOLDS:**

16 To this date, Nassau County has not released opioid dollars. The  
17 state has started to release dollars, but some of you may know John  
18 Cayman was up in Albany yesterday talking about Suffolk County's  
19 experiences, and quite frankly, I think statewide we have done it  
20 probably better than any other county in the state.  
21

22 **LEG. RICHBERG:**

23 Than you. Thank you for putting that on the record too.  
24

25 **CHAIRMAN FLOTTERON:**

26 Legislator Gonzalez.  
27

28 **LEG. GONZALEZ:**

29 Hi. How are you? If I heard you correctly, you said there was an  
30 uptick of our youth because of the mental situation that they are  
31 in.  
32

33 **DR. REYNOLDS:**

34 Yes.  
35

36 **LEG. GONZALEZ:**

37 There's an uptick on that? Do you have any roundabout or specific  
38 numbers that you can explain to us a little bit?  
39

40 **DR. REYNOLDS:**

41 So it's really hard to put a number on it, and here's why: Most  
42 schools, including some in Suffolk County, have stopped doing the  
43 behavior health surveys because they contain questions that made  
44 some parents and students uncomfortable. Those had nothing to do  
45 with substance use and everything to with do with sex ed, but it  
46 meant that we lost a lot of survey data about what kids are  
47 actually doing.  
48

49 I will tell you among the folks we provide services to, the uptick  
50 is about 20 percent, so a 20 percent increase among kids using  
51 cannabis. The other thing that's worth noting, and we haven't been  
52 able to fully capture this because nobody tells the truth, is that  
53 kids who are chronic users are using more than ever before, and  
54 they also are using products that have a higher THC level, so when  
55 you think about edibles which are not detectable because they don't  
56 have an odor, kids are using more edibles. They have a higher THC

1 concentration in them, so, yes, there are more kids that are  
2 turning to cannabis in order to deal with anxiety, but the kids who  
3 are using are using more, and they are using higher THC-based  
4 products, which poses more significant challenges for them. The  
5 data has started to come out of other states that have moved  
6 forward with commercialization. We don't yet have good data here  
7 again because the schools have stopped doing some of the surveys  
8 that used to give us that information, but as one of the primary  
9 treatment providers on Long Island, we have seen a 20 percent  
10 increase.

11  
12 **LEG. GONZALEZ:**

13 Is there any way to try and curb those -- the information that you  
14 are trying to gather this data from, is there specific things in  
15 there that maybe won't pertain to helping us get this information  
16 that we need in the schools?

17  
18 **DR. REYNOLDS:**

19 Yeah. We would love to see the school districts sort it out and  
20 figure out, all right, what questions are controversial and what  
21 questions can we all agree on and still get good data. I will say  
22 in Nassau, as much as I take shots at them for the opioid dollars,  
23 they actually have funded some educational program focus  
24 particularly in low-income communities about the dangers of  
25 cannabis. There's an upside to legalization, and that includes a  
26 social justice aspect of legalization, but the potential downside  
27 is that we know where most of the stores will be located, we know  
28 which communities will be hit the hardest, and we know which  
29 communities are furthest away from the psychiatric services that  
30 they actually need. That creates a perfect storm. Thank you.

31  
32 **CHAIRMAN FLOTTERON:**

33 Legislator Thorne.

34  
35 **LEG. THORNE:**

36 Good morning, sir. How are you?

37  
38 **DR. REYNOLDS:**

39 Good morning. Doing great.

40  
41 **LEG. THORNE:**

42 Good. You know, you bring up a very interesting point about the  
43 lack of services and how we are going to reach these kids to tell  
44 them that it's just not good for them, bottom line. And as far as,  
45 in my humble opinion, they say it's not a gateway drug, well, I  
46 know firsthand through some brothers that are now not with me  
47 anymore that it is a gateway drug. Is your agency working with the  
48 peer mediation group designed by EAC, which puts put the peers into  
49 a conversation with other folks that are maybe doing things that  
50 might be harmful to them?

51  
52 **DR. REYNOLDS:**

53 We are. We have a great working relationship with EAC, but we also  
54 have hired 60 peers that work out of our recovery centers, Thrive  
55 in Islandia and Westhampton Beach and Westbury, so the use of peers  
56 for us is absolutely critical. Quite frankly, and I've said it

1 here before, I think that people who look, act, and take like me  
2 and go talk to auditoriums full of kids don't really achieve very  
3 much. We try to scare them. We try to shake them up. All of the  
4 evidence says that it doesn't work very well. What works really  
5 well is kids that has have some lived experience who are natural  
6 opinion leaders who then can begin to talk with their peers but  
7 also come to trusted adults when they know that one of their  
8 friends is struggling either with a mental health issue or with a  
9 substance use issue.

10  
11 **LEG. THORNE:**

12 Are you finding that the schools want to -- and I'm not casting  
13 dispersion on any school district -- but are you find that they  
14 just kind of want to stick their head in the sand and not  
15 acknowledge that this is a problem? Is that why we're not getting  
16 the research and data necessary to properly educate our kids.

17  
18 **DR. REYNOLDS:**

19 I think the schools have multiple priorities. We beat them up for  
20 years over the opioid crisis and said, Look, your kids are dropping  
21 dead of overdoses. Let's put aside the standardized tests for five  
22 minutes and talk about saving lives. I think schools have a whole  
23 variety of priorities and in an era where fentanyl deaths are at a  
24 record high, sometimes when we talk to even them, when we talk to  
25 kids about weed, they're like, Really, weed? I'm not doing  
26 fentanyl, you should be happy. And parents are relieved that their  
27 kids are not using other drugs. I think the same goes for the  
28 schools, that they are trying their level best to provide the  
29 mental health services to deal with fentanyl and now deal with  
30 this, and I just think they have their hands full and so 10 years  
31 ago, a lot of the districts didn't want to associate with problems  
32 like this because it potentially was reflective on the communities  
33 that they serve or reflective on their lack of efforts. A lot of  
34 that has dissipated, and there's just so many things to tackle, not  
35 the least of which is an unprecedented mental health crisis among  
36 adolescents.

37  
38 **LEG. THORNE:**

39 And I guess my last question, last statement, is what are we doing  
40 to -- almost like a public relations type campaign to show people  
41 that this is not something that is only effective in a certain zip  
42 code or with a certain group of people, that this effects everybody  
43 and everybody should be onboard to correct the problem.

44  
45 **DR. REYNOLDS:**

46 We are doing almost nothing, and on the other side of it, the state  
47 set up what's called The Office of Cannabis Management, which is  
48 supposed to be the agency that goes out and roots out the illicit  
49 stores. If you've been to New York City recently, you know that's  
50 not going all that well, but they have become really a P.R. firm  
51 for cannabis and so their Twitter post on Sunday morning was about  
52 how weed is a perfect gift for mom for mother's day. And so we've  
53 got an entire state agency that spent \$7 million a year in staffing  
54 simply to promote cannabis, not to regulate the stores, not to make  
55 sure that we have a taxed and regulated system but to promote  
56 cannabis. That's what we're up against; meanwhile, you have small

1 community-based organizations like us going to talk to 20 kids at a  
2 time whereas the Office of Cannabis Management statewide, it's a  
3 tourism agency, is pushing cannabis day in and day out with a \$7  
4 million budget. That's why we're losing.

5  
6 **LEG. THORNE:**

7 Typical absurd behavior from the State of New York. Thank you for  
8 what you do, sir.

9  
10 **DR. REYNOLDS:**

11 My pleasure. Likewise.

12  
13 **CHAIRMAN FLOTTERON:**

14 Legislator Gonzalez.

15  
16 **LEG. GONZALEZ:**

17 Thank you, Mr. Chair. Just have one question when you said  
18 something about the schools and tackling everything that they are  
19 going through right now, I just have one question to ask: Do you  
20 also believe that a lot of these school districts don't want to  
21 fight this the way they should be because they are afraid of not  
22 receiving funding from the state?

23  
24 **DR. REYNOLDS:**

25 No. I think they are afraid to take this on because they are  
26 afraid of parents. I can't tell you how many parents have called  
27 me and said, *The school caught my kid with weed. Can you help me*  
28 *find a lawyer?* And I said, *No, but I can help you find services*  
29 *for your kid so perhaps they won't bring weed to school anymore,*  
30 and so no, I think most of the superintendents and most of the  
31 staff on the ground are doing their level best, but they are  
32 completely overwhelmed. I asked a room of full of superintendents  
33 two weeks ago, How many of you are dealing with school refusal?  
34 Every single hand went up. What do you do with a 14-year-old that  
35 says, *I'm not going to school?* Back in my day, and probably in our  
36 day, when you didn't go to school, someone came out and got you.  
37 There were people whose job it was to get you out of Burger King  
38 and to bring you back to high school. It's not happening these  
39 days, and so when we talk about weed, I think it's probably at this  
40 end of the playing field in terms of the list of concerns.

41  
42 **LEG. GONZALEZ:**

43 I think -- thank you for your answer. There is still something  
44 inside of me, and in speaking with some of these school districts,  
45 that down deep inside, they don't want to agitate because some of  
46 them are afraid of not receiving the full brunt of help from the  
47 state, you know, and funding their school money. They are afraid.  
48 They could put a great facade and give you great answers on -- but  
49 down deep, every school district struggles to receive funding from  
50 the state some more than others, and I think that behind the scenes  
51 when they're having a cup of coffee is a major topic of  
52 conversation. I'm just putting it out there, but thank you so  
53 much.

54  
55 **DR. REYNOLDS:**

56 Absolutely. I come from an organization that relies very heavily

1 on state funds, including from OASYS. That doesn't stop me from  
2 calling out people I consider friends and telling the truth.

3  
4 **LEG. GONZALEZ:**

5 God bless you. Thank you, Mr. Chairman.

6  
7 **CHAIRMAN FLOTTERON:**

8 Thank you, and also this will be upon public hearing next Tuesday.

9  
10 **DR. REYNOLDS:**

11 Great. Thank you very much. I appreciate the opportunity this  
12 morning.

13  
14 **CHAIRMAN FLOTTERON:**

15 Okay. The next is Irwin Isaan (ph).

16  
17 **MR. ISAAN:**

18 Good morning, Members of the Legislature. It's my first time  
19 appearing before you. Let me introduce myself. I'm Irwin Isaan.  
20 I'm here, and as the doctor spoke about before, something to do  
21 with tourism, I'm here because, as you are well aware, the hotel  
22 occupancy tax is set to increase June 1 to 5.5 percent here in  
23 Suffolk County. Secondly, is apparently through Granicus project  
24 and other things you are rolling out an enforcement against the  
25 VRBO and Airbnb platform owners without a true definition of  
26 whether this activity is taxable, and I'm trying to make that clear  
27 to you now before June 1 that the following scenario should be  
28 examined by the Suffolk County Legislature immediately.

29  
30 Number one is the activity we speak about lodging and subsequently  
31 taxable under the proposed hotel/motel occupancy tax, and the  
32 increase in the tax set for June 1. Number two is where is this  
33 funding going. Is it going to promote tourism as the Suffolk  
34 County Legislature is directed by the law to promote tourism?  
35 Third, where is this money going in the promotion of tourism? Is  
36 it promoting cannabis tourism or regular tourism? And in the  
37 legislature, the law specifically states that tourism is to promote  
38 transient occupancy in the County of Suffolk. However, the  
39 municipalities are outlawing and prohibiting transient occupancy in  
40 the Airbnb, VRBO platforms, and, therefore, if you tax this  
41 activity, it is illegal in certain municipalities. How are you  
42 going to accept and collect this tax on activity that's presumed to  
43 be prohibited? I've been reaching out to certain legislators on  
44 this panel to make them well aware of this. This is taxation  
45 without representation.

46  
47 Secondly is I'm questioning the expenditure of \$6 million in the  
48 tourism that's going to Discover Long Island when the budget was \$2  
49 million up until this year. Okay, and I think that's a  
50 misappropriation of that money that could be spent better places in  
51 particular. In particular, it could be spent to fund cultural arts  
52 and film promotion programs or anything from that budget directive,  
53 and that's my position, and I want to make the legislature aware of  
54 that today.

55  
56 **CHAIRMAN FLOTTERON:**

1 Thank you.

2

3 **MR. ISAAN:**  
4 Any questions?

5

6 **LEG. RICHBERG:**  
7 I know we are going to be meeting later on, so we can discuss it  
8 then.

9

10 **MR. ISAAN:**  
11 I ask the legislature is the definition of this activity legal and  
12 taxable specifically set forth and available to the people in  
13 Suffolk County so they know what they are conducting is legal,  
14 taxable, and what activity is prohibited or not prohibited.

15

16 **LEG. RICHBERG:**  
17 So, if I may, Mr. Chair.

18

19 **CHAIRMAN FLOTTERON:**  
20 Legislator Richberg.

21

22 **LEG. RICHBERG:**  
23 We are allowed to tax on hotel occupancy, and we're also allowed to  
24 tax on VRBO, vacation, residential rentals. If a town outlaws it,  
25 the town has outlawed it, but that doesn't mean that we can't  
26 collect tax on it the same that marijuana, as we just discussed  
27 with the previous speaker, is not legal federally but on the state  
28 level it's legal, which is why we are able to take taxes from it.

29

30 **MR. ISAAN:**  
31 So you're going to tax this activity as a VRBO transient host at  
32 the county level despite the fact that the municipality, the Town  
33 of Islip, would prohibit this activity? So you're condoning a  
34 prohibiting activity by taxing it? That's unconstitutional.  
35 Sorry.

36

37 **LEG. RICHBERG:**  
38 I don't see how it's unconstitutional, but I'm sure we could have a  
39 discussion later on so we can discuss how you feel it's  
40 unconstitutional.

41

42 **MR. ISAAN:**  
43 And secondly, I've asked for a copy of the Granicus contract, and I  
44 believe there's a short-term rental compliance contract that's  
45 going to be done with them subsequent to them of being awarded this  
46 contract. I've asked for the purchase order, and I've asked why  
47 this cannot be made available to me as a citizen of Suffolk County,  
48 and to this date, I've yet to receive it, so I'm not sure what's  
49 been rolled out June 1 by this legislature, but I believe there's  
50 some serious privacy issues and the taxpayers have to be aware of  
51 it.

52

53 **LEG. RICHBERG:**  
54 Have you filed a FOIL request with the comptroller's office?

55

56 **MR. ISAAN:**

1 Yes, I have, and through the I.T. department in specific, which  
2 have you tried to get in touch with the I.T. department here in  
3 Suffolk County recently?  
4

5 **LEG. RICHBERG:**

6 Well, have you tried to file it with the comptroller's office or  
7 the county executive?  
8

9 **MR. ISAAN:**

10 And was told to give it directly to the I.T. department, and that  
11 was done on Friday the 12.  
12

13 **LEG. RICHBERG:**

14 The law of the FOIL is that they have a certain amount of days to  
15 get back to you and a certain amount of days to not only respond,  
16 Counsel, you can help me with the FOIL law, but and then they can  
17 let you know if they are able to provide whatever you FOILED.  
18

19 **MR. ISAAN:**

20 Legislator Richberg, my point is I reached out to Granicus myself  
21 to see the software program, to see the demonstration, to see what  
22 they are rolling out allegedly with your permission. I was told  
23 it's a public document. Theoretically speaking, I can, as a  
24 taxpayer, get a demo.  
25

26 **LEG. RICHBERG:**

27 Well, the contract, yes, but I mean to see their files or what have  
28 you, that's proprietary.  
29

30 **MR. ISAAN:**

31 Again, as a proprietor, asked them to show me a demo. I was told  
32 by the county comptroller's office I can get a demo from them  
33 directly, and I've since tried. So whatever this program is that's  
34 been rolled out --  
35

36 **LEG. RICHBERG:**

37 What we can do is we can reach out to the comptroller's office and  
38 see if we can have this conversation, okay?  
39

40 **MR. ISAAN:**

41 And secondly, if I may, if you're rolling out a tax enforcement as  
42 of June first against activity that people do not know is taxable  
43 as of now, I think there should be some clarification before the  
44 law is rolled out. Thank you.  
45

46 **CHAIRMAN FLOTTERON:**

47 Counsel has some clarification.  
48

49 **COUNSEL DUFFY:**

50 Just to follow up on what Legislator Richberg said, the towns  
51 prohibiting transient rentals is a zoning ordinance essentially.  
52 It still does not prevent us from taxing it. If you opened up any  
53 type of store in the wrong area that is not zoned for it and you  
54 are violating a zoning ordinance, we could still, of course,  
55 collect tax on whatever that store is selling.  
56

1 **MR. ISAAN:**

2 Any example you can give?

3  
4 **COUNSEL DUFFY:**

5 I thought I just gave one. I mean, if --

6  
7 **MR. ISAAN:**

8 Selling marijuana being legal/illegal, is that the example you're  
9 going to use?

10  
11 **COUNSEL DUFFY:**

12 If any business opened up in an area that it was not zoned for,  
13 they'd be violating a town's zoning ordinance.

14  
15 **MR. ISAAN:**

16 They would not be able to operate; is that correct?

17  
18 **COUNSEL DUFFY:**

19 That's up to the town to enforce, but if somebody opened a store in  
20 an area that they were not permitted to under that town zoning,  
21 whatever taxable items they were selling, of course, they would  
22 still have to pay the tax on that.

23  
24 **MR. ISAAN:**

25 Well, to the extent that the county is imposing an occupancy tax  
26 and hotel occupancy tax that goes up to 5.5 percent on people that  
27 are social platform hosts, VRBO, Airbnb, as of June 1 with  
28 occupancy tax going up from three to 5.5 percent, I think the  
29 activities should be defined. I think, furthermore, the county  
30 should step forward and license the activity if they want the tax  
31 money.

32  
33 **LEG. RICHBERG:**

34 So if I may, Counsel. So it's already been on the books for more  
35 than 20 years; am I correct? It's been on the books for more than  
36 20 years for hotel occupancy tax. So anyone who's been running a  
37 hotel -- for more than 20 years, I'm 100 percent sure -- is  
38 supposed to be collecting a tax so technically, if anyone is  
39 operating any resident, any area that's being run as a hotel, you  
40 should've been charging this tax at least within the last 20 years.  
41 So if someone is operating a VRBO, they've been skirting the law,  
42 just like the folks who were operating Uber and Lyft before were  
43 not paying certain taxes, right? That was a caveat. So the state,  
44 part of the hotel/motel tax, closed that loophole, so the state is  
45 already saying this has to be taxable.

46  
47 **MR. ISAAN:**

48 If I may, the state has given the legislature of Suffolk County  
49 authority to increase the tax, to assess the tax, to hotel/motel  
50 tax. That's what the legislature has the authority under the tax  
51 law. That law specifically says to promote tourism. To promote  
52 tourism is to attract transient guests to your Suffolk County, to  
53 this county. I being a guest in any VRBO, Airbnb I attend, I'm a  
54 guest. Whether that host pays and -- collects, rather -- and pays  
55 the occupancy tax is why the legislature is rolling out this  
56 program June 1 for increased revenue, so my point is rather than

1 come after the taxpayers who are doing this, let's put a voluntary  
2 compliance model in place.

3  
4 **LEG. RICHBERG:**

5 It is voluntary. Sir, just you know, the hotel/motel tax was  
6 raised to a certain amount, but prior to June 1 -- so if someone is  
7 in a VRBO right now, you should be collecting the 3.5 percent.

8  
9 **MR. ISAAN:**

10 Are you sanctioning activities being legal then? Are you  
11 sanctioning activities being legal? If I'm a host and I collect my  
12 occupancy tax, and I remitted to the County of Suffolk like the  
13 people of Montauk were doing --

14  
15 **LEG. RICHBERG:**

16 May I answer your question since you -- do you have a VRBO or --

17  
18 **MR. ISAAN:**

19 No. I'm a taxpayer and a property owner, and I'm trying to make a  
20 business model that works for the county so that we can get a  
21 business model that works so that you don't have to go ahead and  
22 come after the taxpayers with the Granicus program that's being  
23 rolled out June 1 for an increased revenue so you can fund the  
24 tourism budget of \$6 million to Discover Long Island and put the  
25 money back into the towns that it deserves. That's what should be  
26 done with this tax.

27  
28 **LEG. RICHBERG:**

29 So just so you know, there's a lot to the hotel/motel tax, okay,  
30 and I understand you're you're very passionate about this, but the  
31 hotel/motel tax goes towards cultural organizations, historical  
32 organizations. Each legislator here funds organizations in their  
33 legislative districts with that, and it also goes to our county  
34 park. It goes to our county museums. So this legislature here,  
35 and I think we're all in agreement, the state put forward the  
36 hotel/motel tax breakdown. We do not have the ability to amend  
37 that. The state put forward that number. So they said whoever is  
38 awarded the contract as the travel and tourism agency, which in  
39 this case is Discover Long Island will get awarded the \$6 million,  
40 okay, so the breakdown of it -- the moneys that are being  
41 collected, the idea is to spur tourism and to make sure to help and  
42 fund community and cultural organizations and museums in our  
43 county. There are a number of organizations that are funded  
44 through that. So we hear you and I know we will be meeting later  
45 on and we can have a further discussion, but I know the committee  
46 has other work that we have to attend to.

47  
48 **MR. ISAAN:**

49 I've asked for the \$6 million Discover Long Island contract request  
50 for proposal, whatever's been submitted that that has been awarded.  
51 I asked for that to be FOI'd as well, okay. From two million to  
52 six million to increase tourism, I want to know where that money is  
53 being proposed to be spent to increase tourism in this county, in  
54 this county not New York State. The legislature and the law says  
55 Suffolk County. Thank you. I look forward to meeting later on.

1 **CHAIRMAN FLOTTERON:**

2 Thank you. Our next speaker is Elana Marino (ph).

3  
4 **MS. MARINO:**

5 Hi, there. Good morning. My name is Elana Urvat-Marino, and I'm  
6 the director of community engagement for HUGS, Inc. or Human  
7 Understanding and Growth Services. We're a prevention agency  
8 funded by Suffolk County and New York State, and we do a lot of  
9 work. We work with Dr. Reynolds and FCA to run the Thrive east end  
10 community center in Westhampton Beach, and I'm here today to talk  
11 about the cannabis tax funds, and I'm really grateful that Dr.  
12 Reynolds went first because I can really just say like what he said  
13 because he's always got everything going on, and he knows exactly  
14 what our field really needs in terms of this funding.

15  
16 But I'm here today as another member of the workforce in the field  
17 of substance use disorder here in Suffolk County. We represent  
18 prevention, treatment, recovery across the entire county, and we  
19 work with youth, adults, communities, folks in recovery. We do  
20 this on an individual level, environmental level. We try and work  
21 with everybody to educate and reduce stigma, reduce risk of  
22 substance misuse and get the people the help that they need.

23  
24 And so we we're here to advocate that the proceeds from the county  
25 portion of the taxes from cannabis sales go directly back into our  
26 field, and like Dr. Reynolds was saying, there are a number of  
27 reasons why our field is doing -- we're doing the most work that we  
28 possibly can, and we don't have the workforce to sustain exactly  
29 what we're doing. Dr. Reynolds was speaking about education in  
30 schools. There are evidence-based programs that agencies like ours  
31 and agencies across the county go into schools and speak with young  
32 people as young as in kindergarten and all the way up through 12th  
33 grade, and these are evidence-based proven curricula that will  
34 reduce the risk of substance use and reduce the likelihood that  
35 young people are going to engage in these substances by building  
36 healthier coping skills, and these programs should be in every  
37 single school and every single building, every single classroom  
38 across the entire county, across the entire country, really, but  
39 we're here in Suffolk County, and it's not because we don't have  
40 the workforce, we don't have the funds to pay enough people to do  
41 it.

42  
43 The statewide tests and things like that are incredibly important  
44 for young people for their future, and they are not going to have a  
45 future if they are -- they're not going to have a future that they  
46 can sustain if they are going to go down a difficult path because  
47 of substance use, and we know that the younger somebody is when  
48 they start using substances, and it's alcohol and cannabis when  
49 they are in middle school and high school -- medical schoolers are  
50 now getting high in bathrooms by using vape pens, and so we know  
51 that the younger that they are when they start using these  
52 substances, the more likely they are to sustain issues with  
53 substance use and throughout their entire lives. And so as the  
54 adult-use cannabis retail industry is set to open and set to really  
55 kick off in off in Suffolk County, we are bracing for this impact,  
56 and we have been, and this entire field knew what we would be

1 expecting once the legalization really went forward.

2  
3 (Buzzer sounds)

4  
5 **CHAIRMAN FLOTTERON:**

6 If you could please wrap up.

7  
8 **MS. MARINO:**

9 Yeah, sure. So as the policymakers, you have the authority to  
10 allocate where these funds go, and in prevention and treatment and  
11 recovery, this is where it's really needed. There are a lot of  
12 other needs across the county for sure, and we need to have the  
13 people to go into school so that we can reduce the likelihood that  
14 young people are going to use substances when they're young and  
15 grow older and sustain longer-term challenges with substance use.  
16 Thank you.

17  
18 **CHAIRMAN FLOTTERON:**

19 Thank you.

20  
21 **LEG. KENNEDY:**

22 Thank you for coming out, and thank you for what you do. We are  
23 aware that the field needs more counselors. We are aware that they  
24 are not around. We are aware that you need more finances. I love  
25 this bill. This bill is a start. We are aware that we have to,  
26 any new funding stream that comes in, share with the community. So  
27 we're looking out for you. It's not perfect, but it's a good  
28 start. Thank you.

29  
30 **MS. MARINO:**

31 Absolutely, and I really appreciate you saying that, and we know  
32 that. We know that we have the support of the county and we  
33 receive funds as well, and it's a matter of when we're taking  
34 proceeds from legal adult-use cannabis sales to be able to take  
35 that money and put it back in so that we can sustain it, so that  
36 adults who are 21 and older can choose to use cannabis on their  
37 own, and we can still reduce risk among the rest of the population.  
38 Thank you so much.

39  
40 **CHAIRMAN FLOTTERON:**

41 Thank you. Okay. I'm going to close the public portion. There's  
42 no appointment resolutions, no presentations today, no tabled
